INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Benchling, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Benchling, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Benchling, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Benchling, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Benchling, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Benchling, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Benchling, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Benchling, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Benchling, Inc. (the "Company", "Plan Sponsor" or "Employer"), and qualified under Section 401(k) of the Internal Revenue Code ("IRC"), was established effective September 30, 2016, and restated effective January 1, 2022. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and the IRC.

The SECURE 2.0 Act of 2022 ("SECURE 2.0"), which expanded the Setting Every Community Up for Retirement Enhancement Act of 2019, was signed into law on December 29, 2022. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until December 31, 2026 to amend the Plan for the changes related to SECURE 2.0.

Plan administration

The Company is responsible for the operation and administration of the Plan. The Company has delegated certain of these responsibilities. Trustee services are provided by Fidelity Management Trust Company (the "Trustee"), while recordkeeping services are provided by Fidelity Workplace Services, LLC (the "Recordkeeper"), an affiliate of the Trustee. The Trustee manages the Plan's investments and executes investment transactions while the Recordkeeper manages participant accounts and participant initiated transactions.

Eligibility

Employees, except interns, become eligible to participate in the Plan on the first day of the month after attaining age 18. Interns become eligible to participate in the Plan on the first day of the month after attaining age 21 and completion of 1,000 hours of service. All employees, except leased employees, employees covered by a collective bargaining agreement, and non-resident employees, unless the agreement requires the employees to be included under the Plan, are eligible.

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 92% of their eligible annual compensation, as defined in the Plan document, on pre-tax, after-tax, or Roth basis, up to the maximum amount allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the IRC limit. Participants may also contribute amounts representing distributions from other qualified retirement plans and certain individual retirement accounts.

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions (continued)

The Plan contains an automatic enrollment feature in which eligible employees who have not made an elective deferral election will be automatically enrolled at 6% of their eligible compensation in pre-tax deferrals. The amount of such automatic enrollment will increase by 1% annually, up to a maximum of 15%.

Employer contributions

The Company may elect to make discretionary non-elective employer contributions or matching employer contributions to the Plan. No non-elective employer contribution was made for the 2025 Plan year. The Company made a matching employer contribution equal to the lesser of 3% of a participant’s annual eligible compensation or 100% of the participant’s annual elective pre-tax and Roth deferrals, in each case not to exceed $3,000 per participant.

For the year ended December 31, 2025, the Company made discretionary matching employer contributions of $1,675,170.

Participant accounts

Each participant's account is credited with the participant's contributions, rollovers, and allocations of Plan earnings, and charged with investment losses and administrative expenses not paid by the Company. Allocation and deduction of earnings and losses are based on a participant's account balance in the various investment options as a percentage of the total of the participants' account balances or on the change in fair value of the individual units held in the Plan's investments. Participants may direct their contributions into any of the investment options offered under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Vesting

Participants are immediately 100% vested in their elective, rollover, employer matching, and employer discretionary non-elective contributions plus earnings thereon.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Notes receivable from participants ("participant loans" or "loans") must be repaid within 5 years, unless the loan is for the purchase of a principal residence, in which case the repayment term may exceed 5 years. Participant loans are secured by the remaining balance in the participant's account and bear interest at a rate commensurate with local prevailing rates plus 1% at the time the loan was made. The maximum number of loans outstanding at any time is 2. The repayment of principal plus interest is required by the Plan to be made through payroll deductions. If a participant is terminated, the loan becomes immediately payable in full. As of December 31, 2025, the rates of interest on outstanding notes ranged from 4.50% to 9.50% and have various maturity dates through December 2033.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability, or death. In-service withdrawals are permitted under the Plan and require that the participant be age 59 1/2 and be fully vested in order to be eligible. Upon termination, if a participant's account balance does not exceed $7,000, the balance is immediately distributed in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. If the account balance is over $7,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or postpone payment to a later date and remain in the Plan as described in the Plan document.

Upon attaining the age of 59 ½ the participant may, while still employed by the Company, request a withdrawal from their account balance. Participants with an immediate and heavy financial need may be eligible for a hardship distribution, subject to certain restrictions as described in the Plan documents.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the Plan Administrator, be paid by the Plan. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. The Plan is not required to reimburse the Company for expenses paid on its behalf.

1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

The Plan permits amounts held in the forfeiture account to be used to reduce future employer contributions or to pay Plan administrative expenses. Amounts included in the forfeiture account primarily represent employer contribution reversals and other contribution corrections made in accordance with the terms of the Plan, rather than forfeitures of nonvested participant account balances. At December 31, 2025 and 2024, forfeiture account balances totaled $18,026 and $16,929, respectively. During the year ended December 31, 2025, $19,217 of forfeiture account balances were applied against employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and the changes therein, and disclosures of contingent liabilities. Actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contribution receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Company's matching contributions and discretionary non-elective contributions, if any, are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in its general ledger. The Plan records receivables for contributions based upon the contributions due, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Trustee.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through October 2, 2026, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the Plan Administrator, certifies to the completeness and accuracy of:

- Investments and notes receivable from participants as shown on the accompanying statements of net assets available for benefit as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, as shown on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investments and notes receivables from participants reflected on the schedule of assets (held at end of year) as of December 31, 2025 ("supplemental schedule").

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED) (continued)

Accordingly, as requested by the Plan Administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the Plan's financial statements described above and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- *Level 2* - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024.

- *Mutual and money market funds* - Valued at the daily closing price as reported on the open market. Mutual and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Investments are valued using market quotations or prices obtained from independent pricing services.

4. FAIR VALUE MEASUREMENTS (continued)

- *Common/collective trust fund ("CCT")* - The net asset value ("NAV"), as determined by the issuer, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the CCT, the issuer reserves the right to require 12-month notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Investments in the CCT can be redeemed daily and there are no unfunded commitments.
- *Self-directed brokerage account* - Accounts primarily consisting of mutual and money market funds, common stock, options, and cash valued daily using readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Fair Value
Money market funds	$ 590,241	$ -	$ -	$ 590,241
Mutual funds	88,282,785	-	-	88,282,785
Self-directed brokerage	1,163,270	-	-	1,163,270
	$ 90,036,296	$ -	$ -	90,036,296
Investments measured at NAV as a practical expedient*				93,368
				$ 90,129,664

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Money market funds	$ 197,374	$ -	$ -	$ 197,374
Mutual funds	66,113,017	-	-	66,113,017
Self-directed brokerage	550,374	-	-	550,374
	$ 66,860,765	$ -	$ -	$ 66,860,765

*In accordance with subtopic 820-10, certain investments that are measured at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

5. TAX STATUS

The Plan has adopted the FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan with CODA (the "pre-approved plan"). The Internal Revenue Service has issued an opinion letter dated June 30, 2020, stating that the pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee organization or relatives or such persons.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management and shareholder services are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.

The Trustee retains, as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Trustee; therefore, these investment transactions qualify as exempt party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 90,480,020	$ 67,246,813
Less: employer contributions receivable	-	(112,747)
Net assets available for benefits per the Form 5500	$ 90,480,020	$ 67,134,066

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Changes in net assets available for benefits per the financial statements	$ 23,233,207
Add: change in employer contributions receivable	112,747
Changes in net assets available for benefits per the Form 5500	$ 23,345,954

9. SUBSEQUENT EVENT

Subsequent to year-end, the Plan Sponsor adopted a plan amendment on September 22, 2026, to incorporate provisions of SECURE 2.0 and related legislative and regulatory updates. The amendment primarily formalized required statutory and administrative provisions and did not have a material impact on the Plan's net assets available for benefits as of December 31, 2025.
