Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Producers Rice Mill, Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

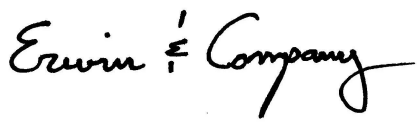

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at the end of the year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRODUCERS RICE MILL, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) DESCRIPTION OF THE PLAN:

The following brief description of the Producers Rice Mill, Inc. 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

General -

The Plan is a defined contribution plan which was originally adopted effective March 1, 1997, to provide a means for eligible employees to defer a portion of their compensation and to encourage savings. All employees of Producers Rice Mill, Inc. (Company) that have completed one year of employment, have been credited with at least 1,000 hours of service during that period and are age twenty-one or older are eligible to participate. The Plan was amended and restated effective August 1, 2017 to incorporate an additional class of employees who are eligible for a higher employer matching contribution due to being ineligible to participate in the Company's pension plan. The Plan was also amended and restated effective January 1, 2020 to grant years of service for vesting, eligibility, and contribution allocation for employees retained through the Company's acquisition of Sage V Foods - PRM, LLC and Stuttgart Flour Milling, LLC. The Plan was also amended and restated effective October 15, 2021.

An Administrative Committee appointed by the Company's board of directors, which consists of management-level employees, is responsible for the operation and administration of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions -

The Plan permits elective deferral contributions up to the maximum amount allowed by law. The Plan includes a provision for automatic pre-tax elective deferrals for those employees who first meet the Plan's eligibility requirements, or who were not contributing participants after January 1, 2007. Initial automatic elective deferrals of 2% of eligible compensation automatically increase 1% each year up to a maximum of 4%, unless the participant chooses otherwise. The Company makes discretionary matching contributions on behalf of each eligible employee based on hire date. Matching contributions for eligible employees hired prior to August 1, 2016 equaled 25% of the first 4% of elective deferral contributions for 2025 and 2024. Matching contributions for eligible employees hired on or after August 1, 2016 equaled 100% of the first 3% and 50% of the next 2% of elective deferral contributions. At its discretion, the Company may make profit sharing contributions to the Plan. No profit sharing contributions were made during 2025 and 2024.

The Plan provides that, at the direction of participants, contributions to the Plan will be invested in certain mutual funds or collective investment trust funds held by the Trustee, Ascensus Trust Company, a wholly owned subsidiary of Ascensus, LLC, the third-party recordkeeper. Participants can also choose from five allocation models that invest in a mix of mutual funds with varying risk profiles and tolerances as well as target date funds that automatically adjust risk tolerance based on expected retirement dates.

(1) DESCRIPTION OF THE PLAN (continued):

Participant accounts -

Each participant's account is credited or charged with the participant's elective deferral contribution, if any, the Company matching and profit sharing contributions, if any, as well as allocations of Plan earnings and administrative expenses. Allocations of Plan earnings are based on each participant's account balances and recordkeeping fees are charged back to participants as a quarterly flat fee per account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting -

Participants are fully vested at all times with regard to their elective deferral and rollover contributions. Participants become fully vested with regard to Company matching and profit sharing contributions three years from their hire date or upon death, disability, normal retirement or early retirement age, or termination of the Plan, whichever occurs first.

Forfeitures -

The nonvested portion of participants' accounts is forfeited upon termination of employment. Forfeited amounts are generally used to reduce employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $14,194 and $40,595, respectively. During 2025, forfeitures of $66,402 were used to reduce employer contributions.

Notes receivable from participants -

The Plan allows participants to borrow from their account balance a minimum of $1,000 up to a maximum of $50,000, not to exceed 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest set at the prime rate. The maximum maturity of a loan is sixty months unless the loan proceeds are used for the purchase of the participant's principal residence. Principal and interest are paid ratably through payroll deduction. Participants may have no more than one loan outstanding at a time. If a participant's employment is terminated, any outstanding loan balance must be repaid to the Plan or it will be considered to be in default, in which case the unpaid loan balance will be reclassified as a benefit payment based upon the terms of the Plan document.

Benefits paid to participants -

Participants who have attained age 59 ½ or become disabled may elect to withdraw part or all of their account balance. All other participants may elect to withdraw their elective deferral contributions in the event the participant furnishes satisfactory evidence to the Plan administrator that the withdrawal is to alleviate a financial hardship.

Payment of a participant's benefits upon retirement, disability, termination, or death may be in a lump sum. For vested account balances of $5,000 or less, benefits will be paid in a lump sum.

Plan termination -

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested with respect to their employer contributions.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting -

The accompanying financial statements and supplemental schedule have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, additions to and deductions from net assets, other than benefit payments, together with the related assets and liabilities are recorded in the accounting period to which they apply, regardless of when the cash transaction occurred. Benefit payments are recorded upon distribution.

Estimates -

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition -

Investments are included in the financial statements at fair value as reported to the Plan by the recordkeeper, Ascensus, LLC. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of mutual funds is based on quoted market prices representing the net asset value (NAV) of the units held by the Plan. Collective investment trust funds are carried at the NAV provided by the trustees of the funds and is used as a practical expedient to estimate fair value. The units are valued by the trustees of the funds daily based on the fair value of the underlying investments held by the funds less liabilities.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses have been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative expenses -

Certain expenses incurred in connection with the administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. The Company pays a portion of the expenses of administering the Plan, including providing the Plan with office space, equipment, administrative personnel, and certain outside consulting services at no charge.

As part of the Plan’s recordkeeping services agreement with Ascensus, certain fees collected from the various investment options available to the Plan are remitted to Ascensus for credit to an administrative fee credit account maintained for the benefit of the Plan. These administrative fee credits may be used to pay annual services fees charged by Ascensus, other Plan related expenses, or may be allocated to participants. The fees collected are included in net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for benefits. The Plan did not receive any administrative fee credits for the year ended December 31, 2025. For the year ended December 31, 2025, no allocation of administrative fee credits was made to participants, as all outstanding credits were exhausted during 2024.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Subsequent events -

The Plan has evaluated subsequent events through October 2, 2026, the date these financial statements were available to be issued.

Effective January 1, 2026, the Plan was amended to add a designated Roth 401(k) elective deferral option, allowing participants to make after-tax contributions. The amendment had no impact on the Plan's financial statements for the year ended December 31, 2025.

(3) RISKS AND UNCERTAINTIES:

Participants in the Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that such changes in values of investment securities could occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

(4) DERIVATIVES:

The Plan has limited transactions that fall under the accounting rules of FASB ASC 815, *Derivatives and Hedging*. The Plan does not use derivatives for trading purposes. The Plan owns shares in various mutual funds and a collective investment trust fund, and the investment managers of the funds or underlying investments may use derivatives for asset management and hedging purposes.

(5) INCOME TAX STATUS:

On June 30, 2020, the Internal Revenue Service (IRS) stated that, as then designed, the non-standardized pre-approved profit sharing plan adopted by the Company effective October 15, 2021 was in compliance with the applicable section of the Internal Revenue Code (IRC), and therefore, exempt from taxation. The Plan is required to operate in conformity with the IRC to maintain its tax-exempt qualification. The Plan's sponsor and administrator believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there were no uncertain positions taken or expected to be taken. The Plan has not incurred or recognized any interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

(6) INVESTMENTS:

The following is a summary of the Plan's investment information as of December 31, 2025 and 2024 and for the year ended December 31, 2025, included in the Plan's financial statements and ERISA-required supplemental schedule that was prepared by or derived from information prepared by Ascensus, LLC, as the administrative services provider for, and on behalf of, Ascensus Trust Company, the Trustee of the Plan, and furnished to the Plan administrator. Ascensus, LLC has certified to the completeness and accuracy of this information in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	2025	2024
Investments:		
Mutual funds	$ 22,202,358	$ 19,788,648
Collective investment trust fund	2,168,131	2,183,511
Investment income:		
Net appreciation in fair value of investments	$ 2,445,639	
Dividends	488,591	

(7) FAIR VALUE MEASUREMENTS:

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring and disclosing fair value under GAAP. The framework provides a fair value hierarchy based upon observable and non-observable inputs prioritized by the reliability of the assumptions used to measure fair value. The highest priority is given to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in inactive markets; or inputs derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to determining the fair value measurement and reflect the entity's own assumptions about the assumptions market participants would use in pricing assets or liabilities.

Following is a description of the valuation methodologies used to value the Plan's assets measured at fair value. There were no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds are valued at the daily closing price on the active market on which the funds are traded as reported by the fund. Mutual funds held by the Plan are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust funds are valued using the NAV provided by the trustees of the funds daily based on the fair value of the underlying investments held by the funds less liabilities.

(7) FAIR VALUE MEASUREMENTS (continued):

The valuation methodologies described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets or liabilities could result in a different fair value measurement at the reporting date.

As of December 31, 2025 and 2024, the Plan's investments measured at fair value on a recurring basis by fair value hierarchy level were as follows:

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,202,358	$ -	$ -	$ 22,202,358
Total assets in fair value hierarchy	22,202,358	-	-	22,202,358
Investments measured at NAV				2,168,131
Investments at fair value	$22,202,358	$ -	$ -	$ 24,370,489

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,788,648	$ -	$ -	$ 19,788,648
Total assets in fair value hierarchy	19,788,648	-	-	19,788,648
Investments measured at NAV				2,183,511
Investments at fair value	$ 19,788,648	$ -	$ -	$ 21,972,159

Investments measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The amounts for investments measured at NAV are presented above to permit the reconciliation of the fair value hierarchy total to total investments presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the Plan would recognize the transfer at the end of the reporting period. There were no transfers between levels during the years ended December 31, 2025 and 2024.

Participants may initiate an unlimited number of redemptions or exchanges of mutual funds; however, these transactions may be restricted by the fund provider if such restriction is deemed necessary to halt or mitigate the effect of any abusive trading practices that may disrupt portfolio management strategies or harm fund performance.

(7) FAIR VALUE MEASUREMENTS (continued):

Investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2025 consist of the Putnam Stable Value Fund (the Fund), a collective investment trust fund of Putnam Fiduciary Trust Company (the Fund's trustee). The fair value of the Fund at December 31, 2025 and 2024 was $2,168,131 and $2,183,511, respectively. The Fund's primary investment objectives are to provide preservation of principal and achieve high current income through a diversified portfolio of high-quality investment contracts. Units of the Fund may be redeemed based upon the net asset value per unit of the trust, determined as of the end of each business day in accordance with the terms of the trust agreement. There are no significant participant redemption restrictions for the Fund; however, in the event that the Fund determines that the Plan is engaging in excessive trading, it reserves the right to reject or restrict acquisition or disposition requests. There were no unfunded purchase commitments for the Fund at December 31, 2025 and 2024.

(8) PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS:

The Plan paid $119,490 during 2025 for recordkeeping services provided by Ascensus, LLC. Ascensus Trust Company, the Plan's Trustee, is a wholly owned subsidiary of Ascensus, LLC. These transactions are allowable party-in-interest transactions under ERISA.
