Kids2 Retirement Salary Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Kids2 Retirement Salary Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Independent Auditor's Report (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (continued)

Supplemental Schedules Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KIDS2 RETIREMENT SALARY SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1 – Description of Plan

The following description of the Kids2 Retirement Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of substantially all employees of Kids2, Inc. (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Eligible employees may participate in the Plan immediately upon their date of hire without age limitation. The Plan includes an auto-enrollment provision whereby all newly eligible employees 30 days after the date of hire are automatically enrolled in the Plan, unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of their eligible compensation, and their contributions are invested in a designated fund until the participant changes it. All eligible participants contributing more than 0% will have their deferral rate increased by 1% annually until they reach 6%, as defined, or opt out of the automatic increase option.

Participants are allowed to make pre-tax contributions, Roth 401(k) contributions and/or after-tax contributions up to 75% of their compensation, as defined, up to the maximum amount allowed by the Internal Revenue Service ("IRS"). Participants age 50 and older whose elective contributions have reached the IRS limit are permitted under the Plan to make catch-up contributions up to the IRS catch-up contribution limit. Beginning January 1, 2025, the SECURE 2.0 Act permits eligible participants who reach ages 60 through 63 during the calendar year to make enhanced "super catch-up" contributions.

The Plan has a discretionary employer matching policy whereby the Company can change or discontinue its matching contribution. For the year ended December 31, 2025, the Company matched participant contributions at a rate equal to 50% of the participant's contribution up to a maximum of 6% of the participant's salary. For the year ended December 31, 2025, the Company contributed $709,324 to the Plan. Participants may change their investment options and deferral rates at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and any Company matching contribution, as well as allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that the Plan pays. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

1 – Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are fully vested in the Company contribution portion of their accounts plus earnings thereon upon attaining age 59½, death, or permanent disability. Participants vest in Company contributions plus actual earnings thereon as follows:

Years of service	Vesting percentage
1-2	33%
2-3	66%
3 or more	100%

Distributions

Upon death, disability, termination of service, or attainment of retirement age, a participant or his/her beneficiary is paid the value of the participant's vested interest in his/her account in a lump sum. Participants with vested benefits of less than $1,000 will receive a lump sum distribution as soon as administratively possible. An active participant is not entitled to make a withdrawal from his/her account until the earlier attainment of age 59½ or separation from service, unless the participant qualifies for a hardship withdrawal.

Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 or 50% of the vested portion of their account balances, subject to certain restrictions, in accordance with interest rates established by the plan document. The loans are secured by the balances in the participants' accounts and bear interest at a rate commensurate with market rates for similar loans. Loan terms generally do not exceed 5 years. A participant may select a repayment term up to 30 years for loans used to purchase his/her principal residence.

2 – Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Forfeitures

Forfeitures of terminated participants' nonvested accounts may be used to pay administrative expenses of the Plan and to reduce employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $77,469 and $109,137, respectively. During the year ended December 31, 2025, $119,555 of forfeitures was used, consisting of $97,387 to pay Plan administrative expenses and $22,168 to reduce employer matching contributions.

2 – Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Accounting Pronouncements

As of December 31, 2025, management evaluated recently issued accounting pronouncements, including those not yet adopted, and determined that none had or were expected to have a significant impact on the financial statements or disclosures of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution in accordance with the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Pursuant to the provisions of the Plan, the Plan's expenses are paid either by the Plan or the Plan Sponsor. Certain expenses incurred in connection with the general administration of the Plan that the Plan pays are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Participant loan fees and investment-related expenses are paid from the Plan from participant accounts.

3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 820 *Fair Value Measurements* ("ASC 820") provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following describes the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual Funds—Valued at the closing price reported on the active market on which the individual securities are traded.

Common Collective Trust—Valued at the net asset value ("NAV") per share (or its equivalent) as a practical expedient, based on the collective trust's underlying investments as determined by the fund's issuer. Redemptions from the collective trust generally can be made daily.

3 – Fair Value Measurements (continued)

The following tables set forth, by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025:				
Mutual funds	$ 49,735,591	$ —	$ —	$ 49,735,591
	$ 49,735,591	$ —	$ —	$ 49,735,591
Collective trust funds *				1,151,108
				$ 50,886,699

	Level 1	Level 2	Level 3	Total
December 31, 2024:				
Mutual funds	$ 45,253,307	$ —	$ —	$ 45,253,307
	$ 45,253,307	$ —	$ —	$ 45,253,307
Collective trust funds *				352,569
				$ 45,605,876

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4 – Information Certified by the Qualified Institution

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, net appreciation in fair value of investment, interest, and dividends income for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan.

5 – Party-in-Interest Transactions

A certain Plan investment is managed or sponsored by Fidelity Investments, an affiliate of FMTC, which is the trustee as defined by the Plan. Accordingly, this transaction with Fidelity Investments qualifies as a party-in-interest transaction. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are not considered "prohibited transactions" under the Internal Revenue Code ("IRC") and are not prohibited by ERISA.

6 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Company contributions portion of their account.

7 – Income Tax Status

The Plan adopted a pre-approved plan sponsored by Fidelity Management and Research Company LLC. The underlying pre-approved plan received an opinion letter from the IRS dated June 30, 2020, stating that the form of the plan is acceptable under Section 401(a) of the IRC. The Plan Administrator has determined that the Plan is eligible to rely on the opinion letter and intends for the Plan to qualify under Section 401(a) of the IRC and for the related trust to be exempt from federal income taxes under Section 501(a).

Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for federal income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no such audits in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9 – Subsequent Events

The Plan has evaluated events subsequent to December 31, 2025 through September 3, 2026, the date the financial statements were available to be issued, and determined that there were no subsequent events requiring adjustment to or disclosure in the financial statements.

Kids2 Retirement Salary Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Kids2 Retirement Salary Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Independent Auditor's Report (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (continued)

Supplemental Schedules Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KIDS2 RETIREMENT SALARY SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1 – Description of Plan

The following description of the Kids2 Retirement Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of substantially all employees of Kids2, Inc. (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Eligible employees may participate in the Plan immediately upon their date of hire without age limitation. The Plan includes an auto-enrollment provision whereby all newly eligible employees 30 days after the date of hire are automatically enrolled in the Plan, unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of their eligible compensation, and their contributions are invested in a designated fund until the participant changes it. All eligible participants contributing more than 0% will have their deferral rate increased by 1% annually until they reach 6%, as defined, or opt out of the automatic increase option.

Participants are allowed to make pre-tax contributions, Roth 401(k) contributions and/or after-tax contributions up to 75% of their compensation, as defined, up to the maximum amount allowed by the Internal Revenue Service ("IRS"). Participants age 50 and older whose elective contributions have reached the IRS limit are permitted under the Plan to make catch-up contributions up to the IRS catch-up contribution limit. Beginning January 1, 2025, the SECURE 2.0 Act permits eligible participants who reach ages 60 through 63 during the calendar year to make enhanced "super catch-up" contributions.

The Plan has a discretionary employer matching policy whereby the Company can change or discontinue its matching contribution. For the year ended December 31, 2025, the Company matched participant contributions at a rate equal to 50% of the participant's contribution up to a maximum of 6% of the participant's salary. For the year ended December 31, 2025, the Company contributed $709,324 to the Plan. Participants may change their investment options and deferral rates at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and any Company matching contribution, as well as allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that the Plan pays. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

1 – Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are fully vested in the Company contribution portion of their accounts plus earnings thereon upon attaining age 59½, death, or permanent disability. Participants vest in Company contributions plus actual earnings thereon as follows:

Years of service	Vesting percentage
1-2	33%
2-3	66%
3 or more	100%

Distributions

Upon death, disability, termination of service, or attainment of retirement age, a participant or his/her beneficiary is paid the value of the participant's vested interest in his/her account in a lump sum. Participants with vested benefits of less than $1,000 will receive a lump sum distribution as soon as administratively possible. An active participant is not entitled to make a withdrawal from his/her account until the earlier attainment of age 59½ or separation from service, unless the participant qualifies for a hardship withdrawal.

Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 or 50% of the vested portion of their account balances, subject to certain restrictions, in accordance with interest rates established by the plan document. The loans are secured by the balances in the participants' accounts and bear interest at a rate commensurate with market rates for similar loans. Loan terms generally do not exceed 5 years. A participant may select a repayment term up to 30 years for loans used to purchase his/her principal residence.

2 – Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Forfeitures

Forfeitures of terminated participants' nonvested accounts may be used to pay administrative expenses of the Plan and to reduce employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $77,469 and $109,137, respectively. During the year ended December 31, 2025, $119,555 of forfeitures was used, consisting of $97,387 to pay Plan administrative expenses and $22,168 to reduce employer matching contributions.

2 – Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Accounting Pronouncements

As of December 31, 2025, management evaluated recently issued accounting pronouncements, including those not yet adopted, and determined that none had or were expected to have a significant impact on the financial statements or disclosures of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution in accordance with the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Pursuant to the provisions of the Plan, the Plan's expenses are paid either by the Plan or the Plan Sponsor. Certain expenses incurred in connection with the general administration of the Plan that the Plan pays are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Participant loan fees and investment-related expenses are paid from the Plan from participant accounts.

3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 820 *Fair Value Measurements* ("ASC 820") provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following describes the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual Funds—Valued at the closing price reported on the active market on which the individual securities are traded.

Common Collective Trust—Valued at the net asset value ("NAV") per share (or its equivalent) as a practical expedient, based on the collective trust's underlying investments as determined by the fund's issuer. Redemptions from the collective trust generally can be made daily.

3 – Fair Value Measurements (continued)

The following tables set forth, by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025:				
Mutual funds	$ 49,735,591	$ —	$ —	$ 49,735,591
	$ 49,735,591	$ —	$ —	$ 49,735,591
Collective trust funds *				1,151,108
				$ 50,886,699

	Level 1	Level 2	Level 3	Total
December 31, 2024:				
Mutual funds	$ 45,253,307	$ —	$ —	$ 45,253,307
	$ 45,253,307	$ —	$ —	$ 45,253,307
Collective trust funds *				352,569
				$ 45,605,876

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4 – Information Certified by the Qualified Institution

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, net appreciation in fair value of investment, interest, and dividends income for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan.

5 – Party-in-Interest Transactions

A certain Plan investment is managed or sponsored by Fidelity Investments, an affiliate of FMTC, which is the trustee as defined by the Plan. Accordingly, this transaction with Fidelity Investments qualifies as a party-in-interest transaction. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are not considered "prohibited transactions" under the Internal Revenue Code ("IRC") and are not prohibited by ERISA.

6 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Company contributions portion of their account.

7 – Income Tax Status

The Plan adopted a pre-approved plan sponsored by Fidelity Management and Research Company LLC. The underlying pre-approved plan received an opinion letter from the IRS dated June 30, 2020, stating that the form of the plan is acceptable under Section 401(a) of the IRC. The Plan Administrator has determined that the Plan is eligible to rely on the opinion letter and intends for the Plan to qualify under Section 401(a) of the IRC and for the related trust to be exempt from federal income taxes under Section 501(a).

Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for federal income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no such audits in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9 – Subsequent Events

The Plan has evaluated events subsequent to December 31, 2025 through September 3, 2026, the date the financial statements were available to be issued, and determined that there were no subsequent events requiring adjustment to or disclosure in the financial statements.
