Plan Administrator
Cybertrol 401(k) Profit Sharing Plan
Plymouth, MN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cybertrol 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cybertrol 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from John Hancock Trust Company as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cybertrol 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cybertrol 401(k) Profit Sharing Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cybertrol 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cybertrol 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cybertrol 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2025 and 2024

A. Description of Plan

The following description of the Cybertrol 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a single-employer defined contribution plan covering all employees of Cybertrol Engineering, Inc. (the Company). An eligible employee begins to participate in the pre and/or post tax salary deferral contribution, discretionary matching contribution, and employer profit sharing contribution portions of the Plan on the first day of the month after the attainment of age eighteen, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participant contributions may not exceed an amount greater than that permitted by the Secretary of the Treasury under the Internal Revenue Code (IRC), as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may, at the discretion of the Plan Administrator, also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants' automatic deferral amount will increase by 3% of compensation annually, up to a maximum of 12% of compensation. The Company may elect to make a discretionary matching contribution, an employer profit sharing contribution, or both, to the Plan. Employer profit sharing contribution made to the Plan for the year ended December 31, 2025 is $596,737. No discretionary employer matching contributions were made for the year ending December 31, 2025. The assets of the Plan, both employee and employer, are allocated to various investment options at the direction of the participants. Several investment options are available for the investment of participants' elective contributions, discretionary employer matching, and employer profit sharing contributions. Participants may change their investment options on a daily basis. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions and allocations of (a) the Company's discretionary matching contributions and employer profit sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Vesting

Participants are immediately vested in their voluntary pre- and/or post tax salary deferral contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and employer profit-sharing contribution portion of their accounts plus actual earnings thereon for participants who were hired after July 5, 2022, is based on vesting years of service and is determined as follows:

Years of Service	Vested Percentage
Less than 3	0%
3 or more	100%

A. Description of Plan (Continued)

Vesting in the Company's discretionary matching and employer profit-sharing contribution portion of their accounts plus actual earnings thereon for participants with at least one vesting year as of July 5, 2022, is based on vesting years of service and is determined as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	100%

Vesting in the Company's discretionary matching and employer profit-sharing contribution portion of their accounts plus actual earnings thereon for participants who terminated employment prior to July 5, 2022, is based on vesting years of service and is determined as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

As stated in the Plan document, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime rate plus 2% at the time of loan issuance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The maximum number of loans outstanding that a participant may have is one. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for termination of service due to other reasons, if a participant's account balance is $5,000 or less, a lump-sum cash payment may be made in the amount of the participant's vested account without the participant's consent. If the value is greater than $5,000, a participant's account may be paid out in the form of substantially equal installments, rollover to another qualified retirement plan, or lump-sum payment. Participants may leave their account under the Plan if their vested account balance is more than $5,000.

Plan Administration

Plan assets are managed by the Plan custodian, who is a party in interest. Plan fees are paid by the participants via a reduction of Plan assets.

A. Description of Plan (Continued)

Forfeited Accounts

Forfeitures of non-vested Company contributions are used to offset the employer discretionary matching contributions or to pay Plan fees. At December 31, 2025 and 2024, forfeited non-vested accounts total $31,744 and $24,721, respectively. During 2025, $33,673 of forfeited non-vested accounts were used to reduce Company employer profit sharing contributions.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions

Plan participant and discretionary matching contributions are recorded in the year in which the contributions are withheld from employee compensation. Profit sharing contributions are recorded as employer contribution receivable for the year which the profit sharing contributions were declared by the Plan Sponsor's management.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. In the event of default, notes receivable from participants are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

B. Summary of Accounting Policies (Continued)

Administrative Expenses

Plan expenses, such as audit fees, accounting fees, legal fees, and trustee administrative fees are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Certain employees and officers of the Plan Sponsor, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Income Taxes

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Uncertainty in Income Taxes*, Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is open and subject to income tax examinations by the U.S. federal, state, and local tax authorities, generally for three years after the filing date. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2022.

Subsequent Events

In accordance with FASB ASC Topic 855, *Subsequent Events*, the Plan Administrator has evaluated subsequent events through October 8, 2026, which is the date these financial statements were available to be issued, and have determined there are no subsequent events that require recognition or disclosure.

C. Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

C. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant of the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued using the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Fund: Valued at net assets value ("NAV") of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

The investments at fair value by level, within the fair value hierarchy, are as follows:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Total**
Mutual Funds	$ 13,960,511	$ 13,960,511
Total Assets in the Fair Value Hierarchy	13,960,511	13,960,511
Investments Measured at Net Asset Value (a)	-	1,891,005
Total Investments at Fair Value	$ 13,960,511	$ 15,851,516

Assets at Fair Value as of December 31, 2024	**Level 1**	**Total**
Mutual Funds	$ 11,851,031	$ 11,851,031
Total Assets in the Fair Value Hierarchy	11,851,031	11,851,031
Investments Measured at Net Asset Value (a)	-	1,874,493
Total Investments at Fair Value	$ 11,851,031	$ 13,725,524

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets for the year ended December 31, 2025 are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

C. Fair Value Measurements (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Blackrock U.S. Debt Index R: The fund seeks to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the Bloomberg Barclays U.S. Aggregate Bond Index.

Putnam Lge Cap Value Trust IA: The fund invests mainly in common stocks of midsize and large U.S. companies, with a focus on value stocks that offer the potential for capital growth, current income, or both. Under normal circumstances, the fund invests at least 80% of the fund's net assets in common stocks and other equity investments that offer the potential for current income.

Blackrock Equity Index Cl 1: The fund seeks to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the S&P 500 Index. To implement this objective, the fund will be invested in the Equity Index Fund F managed by BlackRock Institutional Trust Company, N.A.

Blackrock MSCI ACWI exUS Idx Fee R: The fund seeks to achieve investment results that correspond generally to the price and yield performance, before fees and expenses, of the MSCI ACWI ex US Net Dividend Return Index. To implement this objective, the fund will be invested in the BlackRock MSCI ACWI ex-U.S. Index Fund M managed by BlackRock Institutional Trust Company, N.A.

T. Rowe Price Stable Value Fund CIT Class S: The fund seeks to provide maximum current income while maintaining stability of principal. The fund invests primarily in a diversified portfolio of guaranteed investment contracts, bank investment contracts, synthetic investment contracts, and/or separate account contracts designed to provide stability and a competitive yield.

C. Fair Value Measurements (Continued)

John Hancock Stable Value Fund R6: The fund is a preservation of capital and returns that beat money market funds over a full interest rate cycle. The fixed income portfolios selected for the fund are structured along the yield curve with allocations to short term, immediate term, and core strategies.

D. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100 percent vested in their entire account. Any unallocated assets (non-vested forfeiture accounts) of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan Sponsor may determine.

E. Tax Status

The Plan adopted a standardized form of a prototype plan sponsored by John Hancock Trust Company, the third-party administrator. The prototype plan has received an opinion letter from the IRS stating that the Plan is designed in accordance with applicable sections of the IRC. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended and restated since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and tax-exempt.

F. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The value, liquidity, and related income of securities held are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

As of December 31, 2025 and 2024, the Plan has investments of $10,833,794 and $7,587,159 that are concentrated into five and four funds, respectively.

G. Information Certified by Custodian

The following is a summary of the Plan's asset information as of December 31, 2025 and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was derived from information provided by John Hancock Trust Company, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan Auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2025	**2024**
Investments at Fair Value	$ 15,851,516	$ 13,725,524
Receivables		
Notes Receivable From Participants	$ 20,530	$ 39,557

G. Information Certified by Custodian (Continued)

For the year ended December 31, 2025, John Hancock Trust Company, the custodian, also certified to the completeness and accuracy of $1,983,918 of net appreciation in fair value of investments, $419,447 of interest and dividends, and $1,199 of interest related to the notes receivable from participants.

H. Related Party and Party In Interest Transactions

Certain plan investments are managed by the Plan custodian, John Hancock Trust Company, who is a party in interest. All Plan expenses are paid by the participants via a reduction of Plan assets or by the Plan Sponsor. Total fees paid by the participants of the Plan or the Plan Sponsor to the custodian are $39,816 for the year ended December 31, 2025.

I. Reconciliation of Financial Statements to 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
