INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Barton Solvents Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Barton Solvents Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2025 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Marshall Vander Linden CPA, PLC performed an audit of the Plan's 2024 financial statements. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior-year audit did not extend to statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 17, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the supplemental schedule that agreed to or was derived from certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 — DESCRIPTION OF PLAN

The following description of Barton Solvents Retirement Plan (the Plan), provides only general information. Participants should refer to the formal Plan document, trust agreement, and applicable amendments for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan with 401(k) and profit-sharing features sponsored by Barton Solvents (the Company). The Plan was originally effective October 31, 1956 and converted to Fidelity Basic Plan Document No. 17 effective April 1, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Plan is administered by the Company (the Plan Administrator).

Custodian and Trustee

Principal Life Insurance Company was designated as Custodian of the Plan through March 31, 2025. Principal Trust Company was the Trustee of the Plan (collectively, Principal) through March 31, 2025. Effective April 1, 2025, Fidelity Management Trust Company became the directed trustee and Fidelity Investments became the recordkeeper (collectively, Fidelity). Management identified the March 31, 2025 conversion as a transition of third-party administration, recordkeeping, trustee, and custodial service functions from Principal to Fidelity.

Eligibility and Entry

For elective deferrals and qualified nonelective contributions, an eligible employee generally must attain age 18 and complete three months of eligible service, with entry on the first day of the month. For nonelective employer contributions, an eligible employee generally must attain age 18 and complete one year of eligible service with 1,000 hours, with entry on January 1 or the first day of the seventh month of the Plan year. Collectively bargained employees are excluded unless the applicable agreement provides otherwise.

Participant Accounts

Each participant's account is increased or decreased by the participant's contributions, withdrawals, an allocation of Plan earnings (losses), net of administrative expenses, an allocation of the Company's contributions and forfeitures of terminated participants' non-vested accounts. Allocations to participants are based upon participant compensation or account balance, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. The vesting in Employer contributions is based on years of continuous service. Participants are credited with a year of service for each year in which they have 1,000 or more hours of service as defined by the Plan agreement. A participant is 100% vested after six years of credited service, with 20% vested each year after two years of credited service.

Contributions

The Plan is funded by participating employee and employer contributions. Participants may elect pre-tax and Roth deferrals up to 100% of eligible compensation, subject to applicable statutory limits, and eligible participants may make catch-up contributions. The Company provides a fixed nonelective contribution equal to 5% of eligible compensation and may authorize an additional discretionary nonelective contribution under the conditional-points allocation formula as determined by the board of directors and shall come from the Company's current or accumulated net profits. Eligible participants receive two points for each full year of vesting service as of the last day of the Plan year and one point for each full $100 of eligible compensation for the Plan year. The participant's allocation equals the discretionary contribution pool multiplied by the participant's points divided by the total points of all eligible participants. To share in the discretionary contribution, a participant generally must be employed on the last day of the Plan year and complete at least 1,000 hours of service during the year, subject to stated exceptions for death, disability, and retirement. The current Plan document does not select those continuing-employment and hours conditions for the fixed 5% contribution.

Units assigned to participants for allocation of the Company's discretionary contribution to the Plan were 191,727 and 178,653 and the unit values were approximately $14.66 and $14.55 for the years ended December 31, 2025 and 2024, respectively.

Employer 5% contributions and employer discretionary contributions to the Plan were $926,422 and $2,810,000, respectively, for the year ended December 31, 2025. Employer 5% contributions and employer discretionary contributions to the Plan were $861,591 and $2,600,000, respectively, for the year ended December 31, 2024.

Forfeitures

Forfeitures of nonvested participant accounts may be used to pay administrative expenses and remaining amounts are reallocated to current participants in the same manner as the allocation of employer contributions. As of December 31, 2025 and 2024, the Plan had unallocated account balances amounting to $49,342 and $26,594, respectively. $19,187 and $25,230 of forfeitures were reallocated to current participants in 2025 and 2024, respectively.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Participants who have separated from service may elect to receive either a lump-sum payment equal to the vested value of his or her account or installment payments over various periods beginning at normal retirement age or upon separation from employment. Normal retirement age is 60. Participants still employed by the Company may also receive a distribution of all, or a portion, of their account balance beginning at the age of 55. Nonvested amounts are forfeited by the terminated participant.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plans investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Participant contributions are recorded in the period in which the related compensation is earned and withheld. Employer contributions are recorded in the period in which the obligation arises under the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. Such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Certain costs of administering the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Participants are responsible for certain transaction-related expenses, investment advisory and asset-based recordkeeping fees. Certain investment-related expenses are included as a reduction of net appreciation (depreciation) in fair value of investments.

NOTE 3 — CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Principal Trust Company certified information for investments for which it acted as trustee or custodian during the year ended December 31, 2024 and its January 1 through November 16, 2025 statement period. Fidelity certified information for investments for which Fidelity provided recordkeeping and trustee services during the portion of the Plan year beginning April 1, 2025 and ending December 31, 2025. Principal reported no assets remaining at November 16, 2025. Accordingly, Fidelity and Principal certified that the following unaudited information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate as of and for the years ended December 31, 2025 and 2024:

	2025	2024
Investments, at fair value:		
Common collective trusts	$ 41,478,855	$ 36,338,535
Pooled separate accounts	-	5,325,428
Mutual funds	22,974,740	19,391,917
Investment income:		
Interest and dividends	$ 761,394	$ 185,586
Net appreciation in fair value of investments	6,311,154	6,119,820

NOTE 4 — FAIR VALUE MEASUREMENTS

GAAP established a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority):

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active.
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals).
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs may include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Pooled separate accounts and common collective trusts* – Valued based on quoted redemption values, also known as net asset values (NAV), determined by using available market information and appropriate valuation methods, as provided by Principal or Fidelity and represent the value at which the Plan (or the participant) could initiate a transaction with Principal or Fidelity. There are no imposed redemption restrictions on participants, except for certain short-term trading restrictions, which prohibit participants from reinvesting into the same account within 30 days.

- *Mutual funds* – Valued based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

Investments measured at fair value on a recurring basis as of December 31 are as follows:

	As of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Common collective trusts	$ -	$ 41,478,855	$ -	$ 41,478,855
Mutual funds	22,974,740	-	-	22,974,740
	$ 22,974,740	$ 41,478,855	$ -	$ 64,453,595

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Common collective trusts	$ -	$ 36,338,535	$ -	$ 36,338,535
Pooled separate accounts	-	5,325,428	-	5,325,428
Mutual funds	19,391,917	-	-	19,391,917
	$ 19,391,917	$ 41,663,963	$ -	$ 61,055,880

NOTE 5 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

NOTE 6 — INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by FMR LLC (an affiliate of Fidelity), which received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the prototype document satisfies the applicable provisions of the internal revenue code (IRC). The Plan has not applied for a separate determination letter from the IRS; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 7 — RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the recordkeeper and insurance company for the Plan. The Plan paid Fidelity recordkeeping fees of $20,473 for the year ended December 31, 2025.

Principal was the Plan's predecessor trustee and recordkeeper before the transition to Fidelity and completed limited residual account-closeout activity after the conversion. The Plan paid Principal administrative fees of $45,360 and $169,910 for the years ended December 31, 2025 and 2024, respectively.

Wellth Advisory Services LLC provided investment-advisory services to the Plan. The Plan paid Wellth Advisory Services LLC investment-advisory fees of $42,835 and $51,595 for the years ended December 31, 2025 and 2024, respectively.

NOTE 7 — RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS (Continued)

Global Retirement Partners LLC provided investment-advisory services to the Plan. The Plan paid Global Retirement Partners LLC investment-advisory fees of $67,550 for the year ended December 31, 2024.

NOTE 8 — SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events through October 7, 2026, the date which the financial statements were available to be issued.

Effective, January 1, 2026, the Plan amended the Plan document to allow for automatic-enrollment at a rate of 5% pre-tax with auto increases annually of 1% until participant reaches 10%.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Barton Solvents Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Barton Solvents Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2025 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Marshall Vander Linden CPA, PLC performed an audit of the Plan's 2024 financial statements. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior-year audit did not extend to statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 17, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the supplemental schedule that agreed to or was derived from certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 — DESCRIPTION OF PLAN

The following description of Barton Solvents Retirement Plan (the Plan), provides only general information. Participants should refer to the formal Plan document, trust agreement, and applicable amendments for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan with 401(k) and profit-sharing features sponsored by Barton Solvents (the Company). The Plan was originally effective October 31, 1956 and converted to Fidelity Basic Plan Document No. 17 effective April 1, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Plan is administered by the Company (the Plan Administrator).

Custodian and Trustee

Principal Life Insurance Company was designated as Custodian of the Plan through March 31, 2025. Principal Trust Company was the Trustee of the Plan (collectively, Principal) through March 31, 2025. Effective April 1, 2025, Fidelity Management Trust Company became the directed trustee and Fidelity Investments became the recordkeeper (collectively, Fidelity). Management identified the March 31, 2025 conversion as a transition of third-party administration, recordkeeping, trustee, and custodial service functions from Principal to Fidelity.

Eligibility and Entry

For elective deferrals and qualified nonelective contributions, an eligible employee generally must attain age 18 and complete three months of eligible service, with entry on the first day of the month. For nonelective employer contributions, an eligible employee generally must attain age 18 and complete one year of eligible service with 1,000 hours, with entry on January 1 or the first day of the seventh month of the Plan year. Collectively bargained employees are excluded unless the applicable agreement provides otherwise.

Participant Accounts

Each participant's account is increased or decreased by the participant's contributions, withdrawals, an allocation of Plan earnings (losses), net of administrative expenses, an allocation of the Company's contributions and forfeitures of terminated participants' non-vested accounts. Allocations to participants are based upon participant compensation or account balance, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. The vesting in Employer contributions is based on years of continuous service. Participants are credited with a year of service for each year in which they have 1,000 or more hours of service as defined by the Plan agreement. A participant is 100% vested after six years of credited service, with 20% vested each year after two years of credited service.

Contributions

The Plan is funded by participating employee and employer contributions. Participants may elect pre-tax and Roth deferrals up to 100% of eligible compensation, subject to applicable statutory limits, and eligible participants may make catch-up contributions. The Company provides a fixed nonelective contribution equal to 5% of eligible compensation and may authorize an additional discretionary nonelective contribution under the conditional-points allocation formula as determined by the board of directors and shall come from the Company's current or accumulated net profits. Eligible participants receive two points for each full year of vesting service as of the last day of the Plan year and one point for each full $100 of eligible compensation for the Plan year. The participant's allocation equals the discretionary contribution pool multiplied by the participant's points divided by the total points of all eligible participants. To share in the discretionary contribution, a participant generally must be employed on the last day of the Plan year and complete at least 1,000 hours of service during the year, subject to stated exceptions for death, disability, and retirement. The current Plan document does not select those continuing-employment and hours conditions for the fixed 5% contribution.

Units assigned to participants for allocation of the Company's discretionary contribution to the Plan were 191,727 and 178,653 and the unit values were approximately $14.66 and $14.55 for the years ended December 31, 2025 and 2024, respectively.

Employer 5% contributions and employer discretionary contributions to the Plan were $926,422 and $2,810,000, respectively, for the year ended December 31, 2025. Employer 5% contributions and employer discretionary contributions to the Plan were $861,591 and $2,600,000, respectively, for the year ended December 31, 2024.

Forfeitures

Forfeitures of nonvested participant accounts may be used to pay administrative expenses and remaining amounts are reallocated to current participants in the same manner as the allocation of employer contributions. As of December 31, 2025 and 2024, the Plan had unallocated account balances amounting to $49,342 and $26,594, respectively. $19,187 and $25,230 of forfeitures were reallocated to current participants in 2025 and 2024, respectively.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Participants who have separated from service may elect to receive either a lump-sum payment equal to the vested value of his or her account or installment payments over various periods beginning at normal retirement age or upon separation from employment. Normal retirement age is 60. Participants still employed by the Company may also receive a distribution of all, or a portion, of their account balance beginning at the age of 55. Nonvested amounts are forfeited by the terminated participant.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plans investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Participant contributions are recorded in the period in which the related compensation is earned and withheld. Employer contributions are recorded in the period in which the obligation arises under the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. Such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Certain costs of administering the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Participants are responsible for certain transaction-related expenses, investment advisory and asset-based recordkeeping fees. Certain investment-related expenses are included as a reduction of net appreciation (depreciation) in fair value of investments.

NOTE 3 — CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Principal Trust Company certified information for investments for which it acted as trustee or custodian during the year ended December 31, 2024 and its January 1 through November 16, 2025 statement period. Fidelity certified information for investments for which Fidelity provided recordkeeping and trustee services during the portion of the Plan year beginning April 1, 2025 and ending December 31, 2025. Principal reported no assets remaining at November 16, 2025. Accordingly, Fidelity and Principal certified that the following unaudited information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate as of and for the years ended December 31, 2025 and 2024:

	2025	2024
Investments, at fair value:		
Common collective trusts	$ 41,478,855	$ 36,338,535
Pooled separate accounts	-	5,325,428
Mutual funds	22,974,740	19,391,917
Investment income:		
Interest and dividends	$ 761,394	$ 185,586
Net appreciation in fair value of investments	6,311,154	6,119,820

NOTE 4 — FAIR VALUE MEASUREMENTS

GAAP established a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority):

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active.
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals).
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs may include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Pooled separate accounts and common collective trusts* – Valued based on quoted redemption values, also known as net asset values (NAV), determined by using available market information and appropriate valuation methods, as provided by Principal or Fidelity and represent the value at which the Plan (or the participant) could initiate a transaction with Principal or Fidelity. There are no imposed redemption restrictions on participants, except for certain short-term trading restrictions, which prohibit participants from reinvesting into the same account within 30 days.

- *Mutual funds* – Valued based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

Investments measured at fair value on a recurring basis as of December 31 are as follows:

	As of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Common collective trusts	$ -	$ 41,478,855	$ -	$ 41,478,855
Mutual funds	22,974,740	-	-	22,974,740
	$ 22,974,740	$ 41,478,855	$ -	$ 64,453,595

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Common collective trusts	$ -	$ 36,338,535	$ -	$ 36,338,535
Pooled separate accounts	-	5,325,428	-	5,325,428
Mutual funds	19,391,917	-	-	19,391,917
	$ 19,391,917	$ 41,663,963	$ -	$ 61,055,880

NOTE 5 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

NOTE 6 — INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by FMR LLC (an affiliate of Fidelity), which received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the prototype document satisfies the applicable provisions of the internal revenue code (IRC). The Plan has not applied for a separate determination letter from the IRS; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 7 — RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS
