INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Investment Committee of
Oxbow Affiliated Companies Health and Welfare Plan (formerly Oxbow Affiliated Companies Health Benefits Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Oxbow Affiliated Companies Health and Welfare Plan (formerly Oxbow Affiliated Companies Health Benefits Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2025, the related statements of changes in net assets available for benefits and changes in benefit obligations for the year ended December 31, 2025, and the related notes to financial statements ("2025 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements for the 2025 Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements for the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements for the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025 and supplemental Schedule H, line 4j—Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and

content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

We have audited the statements of net assets available for benefits and benefit obligations of the Plan as of December 31, 2024 ("2024 Financial Statements"), and in our report dated October 13, 2025, we expressed an unmodified opinion on those financial statements. Our audit of the 2024 Financial Statements was not performed pursuant to ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the Oxbow Affiliated Companies Health and Welfare Plan (formerly Oxbow Affiliated Companies Health Benefits Plan) (the "Plan") provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General – The Plan provides health and other benefits covering all eligible employees, corporate officers and directors of the Oxbow Carbon LLC and certain of its wholly-owned affiliates (collectively, the "Company") and their covered dependents. Certain affiliates' retired employees are entitled to health benefits if they have at least 10 years of service with the Company after age 45 and retired employees hired after January 1, 1994 receive benefits if they have attained at least 20 years of service with the Company after age 35. As a result of the collective bargaining agreement ("CBA") affecting certain participating employers, effective July 1, 2013, only active employees of the Company who were at least age 50 and had at least 15 years of service with the Company by December 31, 2016 are entitled to postretirement health benefits. All other active employees at July 1, 2013 and thereafter are no longer eligible for postretirement medical benefits.

Effective January 1, 2019, the Plan was amended and restated as the Oxbow Affiliated Companies Health and Welfare Plan to incorporate the Company's medical, dental, vision, life insurance, disability and supplemental benefit programs into a single plan for purposes of ERISA.

The Plan's assets are held in a voluntary employees' beneficiary association ("VEBA") trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

In April 2025, the Plan entered into an investment management agreement with PNC Bank, National Association ("PNC") and began investing in an interest-bearing deposit account and U.S. government securities.

Health Benefits – The Plan provides self-insured health benefits (medical and prescription drug benefits) to eligible participants and their covered dependents. Retired employees are entitled to similar health benefits (in excess of Medicare coverage). The Plan also provides continuation of certain benefits upon termination of employment through medical and prescription drug benefits extension and the Consolidated Omnibus Budget Reconciliation Act ("COBRA").

The Plan offers participants a Preferred Provider Organization ("PPO") and high-deductible health plan ("HDHP"). The HDHP provides participants with a health savings account ("HSA"), which qualifies a tax-advantaged medical savings account. A participant who maintains an HSA account is the sole owner of that account balance. Accordingly, claims paid by participants from their HSA accounts and amounts transferred from employee payroll deductions or the Company's general assets to the HSA are excluded from these financial statements.

The claims for self-insured benefits are processed by Blue Cross and Blue Shield of Florida, Inc. ("BCBS") and Express Scripts, Inc. ("ESI"), the Plan's third-party claims processors. BCBS operates under an administrative services agreement ("ASA") with the Company that became effective as of January 1, 2017. ESI operates under a Pharmacy Benefit Management Agreement ("PBM") with the Company that became effective as of January 1, 2018. Under the ASA and PBM, BCBS and ESI pay claims directly to or on behalf of participants and then are reimbursed by the Plan's VEBA trust. Despite the Plan's utilization of a third-party claims processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

Insured Benefits – The Plan also provides dental, vision, life insurance, disability and supplemental benefits to eligible participants through fully insured contracts with insurance carriers. Premiums for these benefits are paid directly by the Company and participants and are not paid from, or held in, the Plan's VEBA trust. Accordingly, contributions and premiums related to the insured benefits are not reflected in the accompanying financial statements, which include only the assets held in the VEBA trust and the self-insured medical and prescription drug benefits funded from it.

Contributions into the Plan's VEBA Trust – Participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections (PPO or HDHP). The costs of the postretirement benefits are shared by the Company and retirees. Retirees contribute 20% of the estimated cost of providing their postretirement benefits. Qualified individuals who utilize COBRA benefits must contribute 102% of the estimated cost to provide their postemployment benefits.

The Company contributes its share of the actuarially calculated premium which is used to purchase stop-loss coverage, fund claims, and other Plan operations.

Note 2 – Summary of Accounting Policies

The following accounting policies, which conform to accounting principles generally accepted in the United States of America ("GAAP"), have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment manager, PNC. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Premium payments are recorded when paid. Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processor that have yet to be reimbursed by the Plan are recorded as amounts payable to claims administrators.

Stop-Loss Insurance – Premiums for stop-loss insurance are included in premiums paid. Stop-loss reimbursements are netted with claims paid.

Pharmacy Benefit Rebates – The Plan utilizes PBM subcontractors from affiliates of ESI and BCBS who negotiate with drug manufacturers for the purposes of prescription drug rebates. The PBM periodically makes rebates to the Plan based on the Plan's actual utilization pattern of specific prescription drugs. Rebates due from the Plan's PBM are recorded when earned. Rebates due as of December 31, 2025 and 2024 have been reported as a receivable, with the offset being netted against claims paid. Pharmacy rebates totaling $732,180 have been netted with claims paid for the year ended December 31, 2025.

Medicare Subsidy – The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, because the Plan is not directly entitled to the Medicare subsidy in measuring its postretirement benefit obligations.

Fair Value – The carrying amounts of cash and pharmacy rebate receivable approximate fair value due to the short maturity of those instruments.

Plan Termination – Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Risks and Uncertainties – The Plan's financial instruments that are exposed to concentrations of credit risk consist primarily of cash. The Plan places its cash with a high credit quality financial institution in order to minimize these risks. At times such deposits may be in excess of the Federal Deposit Insurance Corporation's ("FDIC") insurance limits.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, healthcare inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Subsequent Events – The Plan has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued.

Note 3 – Information Certified by PNC

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025. Accordingly, PNC, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2025 and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025 and the supplemental Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value under the hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025:

- **Interest-bearing Cash –** This investment is valued at historical cost, which approximates fair value.
- **US Government Securities –** Valued at the closing price reported in the active market in which the individual security is traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Fair Value Measurements at December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing Cash	$ 1,639,932	$ -	$ -	$ 1,639,932
US Government Securities	1,442,152	-	-	1,442,152
Total	$ 3,082,084	$ -	$ -	$ 3,082,084

The Plan held no investments at December 31, 2024. There were no transfers between levels during the year ended December 31, 2025, and the Plan held no Level 3 assets.

Note 5 – Benefit Obligations

Postretirement Benefit Obligation – The postretirement benefit obligation has been recognized for retiree medical benefits for eligible participants and their dependents upon retirement. These benefit obligations represent the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligations represent the amounts that are expected to be paid to or for (a) currently retired or terminated employees and their beneficiaries and dependents and (b) active employees and their beneficiaries and dependents after retirement from service with the Company.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

For measurement purposes, annual rates of increase in the per capita cost of covered health care benefits of 7.9% for participants under age 65 and 8.6% for participants age 65 and older were assumed for 2026. The rates were assumed to decrease gradually to 4.0% by 2051 and to remain at that level thereafter. At December 31, 2024, a 7.7% weighted-average annual rate of increase was assumed for 2025, decreasing gradually to 4.0% by 2050.

The weighted-average health care cost trend rate assumption has a significant effect on the amounts reported as postretirement benefit obligations. If the assumed rates increased by 1% in each year, it would increase the obligation as of December 31, 2025 and 2024, by $830,096 and $791,282, respectively.

The following were other significant assumptions used to determine the postretirement benefit obligation as of December 31, 2025 and 2024:

	2025	2024
Weighted-Average Discount Rate	5.359%	5.593%
Mortality	**Pre-Retirement:** Pri-2012 no collar employee mortality tables with generational projection using scale MMP-2021. For surviving spouses and widows, Pri-2012 Contingent Survivor blue no collar mortality tables with generational projection using scale MMP-2021 **Post-Retirement:** Basic Materials, Paper & Packaging Industry Table from the Mercer MILES Study with generational projection of mortality improvement using MMP-2021 mortality improvement scale.	**Pre-Retirement:** Pri-2012 no collar employee mortality tables with generational projection using scale MMP-2021. For surviving spouses and widows, Pri-2012 Contingent Survivor no collar mortality tables with generational projection using scale MMP-2021 **Post-Retirement:** Basic Materials, Paper & Packaging Industry Table from the Mercer MILES Study with generational projection of mortality improvement using MMP-2021 mortality improvement scale.
Average Retirement Age	Various rates ranging from 5% at age 55 to 100% at age 66.	Various rates ranging from 5% at age 55 to 100% at age 66.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of benefit obligations.

Postemployment Benefit Obligations – In addition, a postemployment benefit obligation has been recognized for health benefits for individuals currently on COBRA. COBRA benefit obligations as of December 31, 2025 and 2024 are estimated by management based on the number of employees utilizing COBRA benefits as of the year end, actual claims reported through August 2026, and prior year experience.

Claims Payable and Claims Incurred But Not Reported – Plan obligations as of December 31, 2025 and 2024 for claims payable and claims incurred but not reported are estimated by the Plan's management with principles based on actual claims reported through August 2026 and prior year experience. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Note 6 – Stop-Loss Insurance Coverage

The Company contracts with the ReliaStar Life Insurance Company ("ReliaStar") in an effort to limit its exposure for self-insured benefits. Under the terms of the policy, the ReliaStar will reimburse 100% of eligible expenses in excess of $150,000 per covered individual. The policy also provides up to $2,000,000 of coverage after the minimum aggregate deductible of $7,642,979 has been met. For the year ended December 31, 2025, reimbursements paid to the Plan and netted with claims paid totaled $1,921,327.

Note 7 – Administrative Expenses

Administrative expenses of the Plan for the year ended December 31, 2025 consisted of claims administration fees paid to BCBS of approximately $243,000, pharmacy benefit management fees paid to ESI of approximately $134,000, investment management and bank service fees paid to PNC of approximately $17,000, and COBRA administration fees of approximately $9,000. Certain other administrative expenses of the Plan, including professional fees, are paid by the Company and are not reflected in the accompanying financial statements.

Note 8 – Related Party and Party-in-Interest Transactions

As described in Notes 1 and 7, the Plan has administrative services arrangements with BCBS and ESI for claims processing. Fees paid to these service providers are party-in-interest transactions under ERISA and are exempt from the prohibited transaction rules.

The Plan's operating cash, investments and interest-bearing cash are held at PNC, which also serves as the Plan's custodian and investment manager. Interest-bearing cash consists of a collateralized deposit account at PNC. Bank service and investment management fees paid to PNC are included in administrative expenses as described in Note 7. These transactions are party-in-interest transactions under ERISA and are exempt from the prohibited transaction rules.

Note 9 – Tax Status

The Internal Revenue Service ruled in letters dated October 20, 2003 that the trusts established under the Plan qualify under Section 501(c)(9) of the Internal Revenue Code ("IRC") and, therefore, the trust is not subject to tax under present income tax law. The Plan has been amended since receiving the exemption letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust were tax exempt at the financial statement date.

GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements to the Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net Assets Available for Benefits per the financial statements	$ 4,635,493	$ 4,244,713
Benefit obligations currently payable	(502,080)	(651,332)
Net assets per the Form 5500	$ 4,133,413	$ 3,593,381

The following is a reconciliation of claims paid per the financial statements for the year ending December 31, 2025, to Form 5500:

Claims paid per the financial statements	$ 7,939,539
Plus: Amounts currently payable at December 31, 2025	502,080
Less: Amounts currently payable at December 31, 2024	(651,332)
Claims paid per the Form 5500	$ 7,790,287

Claims that have been processed and approved for payment at year-end, but not paid and claims incurred but not reported are not considered liabilities under GAAP and, therefore, are not represented as liabilities or claims and premiums paid in the financial statements, but are recorded on the Form 5500 as a liability.
