INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
RDH Building Science, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the RDH Building Science, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CERTIFIED PUBLIC ACCOUNTANTS

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

CERTIFIED PUBLIC ACCOUNTANTS

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to audit procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Note 1 - Organization and Description of Plan

The following description of the RDH Building Science, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) plan, sponsored by RDH Building Science, Inc. (the Company). All non-union employees who are at least 18 years of age are eligible to participate in the Plan. No eligibility service is required for full-time, permanent employees. One year of service, as defined by the plan agreement, is required temporary or non-permanent employees. Participants are eligible to begin making contributions and receiving employer safe harbor contributions on the first day of the month coinciding with or next following the date they meet eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and administrator. The Company has contracted with a third party, CAPTRUST, to assist in determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan's investments are held by Ascensus Trust Company, the Plan's trustee, and the Plan's third-party administrator is Ascensus, LLC (collectively, Ascensus).

Participant Contributions - Participants may elect to defer and contribute a percentage of their compensation up to the Internal Revenue Service (IRS) maximum guidelines. Participants may elect to categorize any portion of their contributions under the Plan's Roth deferral feature. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Employer Contributions - The Company, in order to satisfy the safe harbor rules of the Internal Revenue Code (the Code), makes safe harbor nonelective contributions of up 3% of a participant's eligible compensation. The safe harbor nonelective contributions are determined on an annual basis. The contributions are funded on a pay period basis. The Company may also make discretionary profit sharing contributions. No profit sharing contributions were made for the year ended December 31, 2025.

Participant Accounts - Individual participant accounts are maintained by Ascesus. Each account is credited with the participant's contributions, the Company's contributions, investment earnings and losses, and administrative expenses, as applicable. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the plan agreement. Participants direct the investment of their account balances to any combination of the Plan's investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Organization and Description of Plan (continued)

Vesting - Participants are immediately vested in their own contributions and safe harbor nonelective contributions plus actual earnings thereon. Vesting in the profit sharing portion of their accounts is based on years of credited service, as defined in the plan agreement, at a rate of 20% per year. Employees who die, become disabled, or reach the Plan's normal retirement age (65) become fully vested in their accounts.

Payment of Benefits - On termination of service, a participant or their beneficiary may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account or substantially equal installments. Distributions may also be made in installments to comply with minimum distribution rules required by the Code. The Plan permits in-service distributions to participants meeting certain requirements, including distributions for financial hardship. A participant may also withdraw the portion of their vested account resulting from rollover contributions at any time.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to 50% of their vested account balance with a maximum borrowing of $50,000. Terms of the notes receivable may not exceed five years, except for the purchase of a principal residence. The notes receivable are secured by the balance in the participant's account and bear interest at 1% over the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (if any) is recorded on the accrual basis. Dividends (if any) are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus accrued interest, if any. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as benefits paid to participants on the basis of the terms of the plan agreement.

Plan Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of certain participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 7, 2026, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Fair Value Measurements - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds - valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts (SDBAs) - Contains equity securities that are valued at the closing price reported on the active market on which the individual securities are traded, mutual funds that are valued at the daily closing price as reported by the fund, and exchange-traded funds that transact at market price which fluctuates throughout the day.

Cash Equivalents - Represents units held in a stable return fund and is classified as a cash equivalent in the financial statements. The investment is valued using the NAV practical expedient, as reported by the trust manager, which is based on the fair value of the underlying assets less liabilities divided by units outstanding. This practical expedient is not used when it is probable the trust will sell the investment for an amount different from reported NAV. Participants may redeem units daily; however, a full Plan redemption requires up to 12 months' advance notice. The Plan has no unfunded commitments related to this investment.

Note 3 - Fair Value Measurements (continued)

The following table sets forth be level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025:			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,507,458	$ -	$ -	$ 12,507,458
SDBAs	1,846,179	-	-	1,846,179
Total assets in the fair value hierarcy	14,353,637	-	-	14,353,637
Investments measured at NAV (cash equivalents)				403,088
Investments at fair value	$ 14,353,637	$ -	$ -	$ 14,756,725

	Assets at Fair Value as of December 31, 2024:			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,013,858	$ -	$ -	$ 10,013,858
SDBAs	1,601,135	-	-	1,601,135
Investments at fair value	$ 11,614,993	$ -	$ -	$ 11,614,993

Note 4 - Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation/depreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus.

Note 5 - Related Party and Party-in Interest Transactions

Certain investments are managed by The Vanguard Group, Inc. (Vanguard). Vanguard is a partner of Ascensus whereby Ascensus offers recordkeeping services with Vanguard investment options. Ascensus is the trustee and third-party administrator for the Plan and, therefore, these transactions qualify as party-in-interest transactions under ERISA. Notes receivable from participants held by the Plan are also party-in-interest transactions under ERISA. In addition, expenses paid by the Plan are to parties-in-interest as defined by ERISA. Furthermore, as described in Note 7, the Plan has adopted a pre-approved plan that is sponsored by Ascensus.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7 - Tax Status

The Plan operates under provisions of an Ascensus pre-approved plan which received an opinion letter dated June 30, 2020, in which the IRS stated that the Plan, as designed, complied with the applicable requirements of the Code. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions for the years 2023 and after; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan allows participants to invest in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
