Independent Auditor's Report

To the Participants and Plan Administrator of
LHB, Inc. 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of the LHB, Inc. 401(k) & Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the LHB, Inc. 401(k) & Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the LHB, Inc. 401(k) & Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the LHB, Inc. 401(k) & Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the LHB, Inc. 401(k) & Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the LHB, Inc. 401(k) & Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of the LHB, Inc. 401(k) & Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, eligibility requirements, and other matters.

General

The Plan is a defined contribution retirement plan covering eligible employees of LHB, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC"). The Plan sponsor, administrator, and employer is LHB, Inc. (the "Company," "Employer," "Plan Sponsor", or "Plan Administrator").

Contributions

Each year, participants may contribute a percentage of annual compensation, as defined in the Plan. Upon meeting the Plan's eligibility contribution, participants are automatically enrolled at a total of 8%, unless elected otherwise. The Plan allows participants to allocate contributions between pretax and after tax (Roth 401(k)) deferrals. Participants may also contribute (at the discretion of the Plan Administrator) amounts representing distributions from other qualified plans. The Company contributes 25 percent of the first 8 percent of compensation that a participant contributes to the Plan. Participants are eligible to participate in these matching contributions when they have completed six months of service and attained the age of 21. Additional profit sharing contributions and qualified nonelective contributions may be contributed at the option of the Company's board of directors. The Company's board of directors approved a profit sharing contribution of approximately $690,000 for 2025, which was made in March 2026. The Plan determined no credit allowance was necessary for the employer receivable as of December 31, 2025 and 2024. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. In order to share in profit sharing contributions, each participant must be employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, an allocation of (a) the profit sharing contribution, (b) plan investment results, and (c) forfeitures, and is charged with an allocation of administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and matching contributions plus earnings thereon. Vesting in profit sharing contributions plus earnings thereon is based on years of credited service. A participant's profit sharing balance is 100 percent vested after six years of credited service.

Forfeited Accounts

If a participant terminates employment before becoming fully vested in their account balance, the forfeited portion of the account balance is moved from the participant's account into a forfeitures account. The balance in the forfeitures account may be used to pay any administrative expenses and to reduce any employer matching contribution. Forfeited amounts that were used to reduce Employer contributions to the Plan in 2025 totaled approximately $98,000. At December 31, 2025 and 2024, there was approximately $26,000 and $96,000, respectively, of forfeited nonvested account totals in the Plan.

1. Description of Plan (Continued)

Notes Receivable From Participants

Participants are permitted to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances, reduced by any outstanding loan balance. Participants are permitted to take out a maximum of two loans during a rolling twelve-month period and have a maximum of two loans outstanding at any given time. Loan transactions are treated as transfers between the investment fund and the loan account. Loan terms may not exceed five years, unless the note receivable is used to acquire a principal residence, then it is not to exceed fifteen years. The loans are secured by the balance in the participant's account and bear interest at rates of 4.25% to 9.50% at December 31, 2025 and 2024, respectively, which are commensurate with local prevailing rates. Principal and interest are paid ratably through regular payroll deductions. The notes receivable from participants are valued at their outstanding balances plus any accrued interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as benefits paid to participants based upon terms of the Plan agreement.

Payment of Benefits

Upon termination of service due to death, disability, or retirement of employment, a participant may elect to receive a lump-sum amount equal to the vested balance in his or her account or the participant may defer receipt of any distribution. Those participants that have account balances of $1,000 or less receive a lump sum upon termination.

2. Summary of Significant Accounting Policies

Basis of Accounting - GAAP

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value except for fully benefit-responsive investment contracts, which are reported at contract value, and shares of common/collective trusts, which are stated at net asset value as a practical expedient. Shares of mutual funds are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis, which approximates the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation or depreciation in fair value of investments.

Administrative Expenses

Trustee fees and other Plan expenses are primarily paid by the Company or through the application of forfeited funds. Recordkeeping and investment fees are paid by the Plan.

Payment of Benefits

Benefit payments are recorded when paid.

Accounting Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period and, when applicable, disclosures of contingent net assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and the differences could be material.

2. Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through October 5, 2026, the date which the financial statements were available to be issued.

3. Investments and Limitation on Scope

As of December 31, 2025 and 2024, and for the year ended December 31, 2025, the Plan's investments were held in a bank-administered trust fund of Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Trustee"). Participants in the Plan may direct the Trustee as to the investment of their individual account balances.

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR Section 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed its independent auditors not to perform, and they did not perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing the information with the related information included in the financial statements and supplemental schedule.

The information certified by the Trustee includes total investments of $76,159,929 and $64,822,606 and notes receivable from participants of $215,483 and $243,600 at December 31, 2025 and 2024, respectively, and net investment appreciation of $5,932,590, interest and dividend income from registered investment company mutual funds of $4,111,407, and interest income from participant notes receivable of $20,187 for 2025.

4. Guaranteed Interest Contracts

The Plan provides a stable value investment option issued by the Trustee, that simulates the performance of a guaranteed investment contract. The Trustee maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

At December 31, 2025 and 2024, the fair value of stable value fund as certified by the Trustee, is consistent with the contract value.

5. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

Totals	$ 59,023,507	$ 45,795,250	$ -	$ -

6. Party-In-Interest Transactions

Certain Plan investments are managed by the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

The Trustee receives rebate revenue from certain of the mutual fund and collective trust fund providers for administrative services the Trustee provides to the funds ("revenue share income"). This revenue is used to offset costs of certain administrative services that the Trustee provides to the Plan. Such revenue sharing income and related fee expenses are presented gross by the Plan in the statement of changes in net assets available for benefits. Revenue sharing income was approximately $46,000 and is presented as part of investment income in the statement of changes in net assets available for benefits for the year ended December 31, 2025. Fees paid by the Plan for administrative services totaled approximately $70,000 for the year ended December 31, 2025.

7. Plan Termination

Although the Plan Administrator has not expressed any intent to do so, it has the right under the Plan to discontinue Employer contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100 percent vested in their accounts.

8. Tax Status

The Plan adopted a volume submitter Plan sponsored by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. The volume submitter Plan obtained its latest opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the volume submitter Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The volume submitter Plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Due to the tax exempt status of the Plan, the Plan does not have any significant tax uncertainties that would require recognition or disclosure. The Plan is no longer subject to income tax examinations for the years before 2022.

9. Risks and Uncertainties

The Plan provides investment options in various combinations of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements to the Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 77,065,412	$ 65,842,280
