INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Jordano's, Inc. Profit Sharing Plan

Opinion

We have audited the financial statements of the Jordano's, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplementary Schedules Required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4j - Schedule of Reportable Transactions (For the Year Ended December 31, 2025) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Jordano's, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) GENERAL

Effective May 10, 2005, Jordano's, Inc. (the "Company" and the "Plan Sponsor") amended and restated in its entirety the Jordano's Inc. Employee Stock Ownership Plan to be the Jordano's Inc. Profit Sharing Plan, a defined contribution plan. The Plan trustees and administrator restated the Plan effective January 1, 2022 as a normal process of compliance with current laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan is administered by an Administrative Committee (the "Committee") comprised of one or more individuals appointed by the Board of Directors to serve at its discretion and without compensation. The members of the Committee shall be the named fiduciaries with authority to control and manage the operation and administration of the Plan except as otherwise provided in the Plan. Members of the Committee need not be employees or participants.

Effective June 30, 2005, the Plan was amended to be frozen and as of that date, employees who had not yet commenced participation in the Plan were no longer eligible. Also effective June 30, 2005, all participants in the Plan were immediately 100 percent vested in their accounts and no new contributions could be made by the Company to the Plan.

Prior to June 30, 2005, employees who had attained age 21 and completed one year of service (in which he or she was credited with 1,000 or more hours of service) became participants in the Plan on the January 1st or July 1st following the date on which he or she attained both the age of 21 and completed one year of service, as defined. Participants had to be actively employed on the last day of the Plan year and credited with 1,000 hours during the Plan year to share in the Company's contribution.

The Plan was most recently amended effective April 12, 2024 to increase the threshold for force out distributions from $5,000 to $7,000.

(b) CONTRIBUTIONS

The Plan was frozen as of June 30, 2005 and therefore no additional contributions are permitted under the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

(c) PARTICIPANT ACCOUNTS

Each participant's account is credited with an allocation of investment income and is charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) VESTING

Effective June 30, 2005, the Plan's vesting schedule was amended to fully vest Plan participants.

(e) PAYMENT OF BENEFITS

Distributions on account of death, disability, retirement or termination of employment with the Company are paid in cash and made in a lump sum or installments as permitted under the Plan. On termination of service with a balance less than $1,000, a participant must take a cash-out distribution.

(f) ADMINISTRATIVE EXPENSES

The Company incurs certain expenses in administering the Plan, which are not passed on as expenses of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles requires the Plan Administrator to use certain estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported revenues and expenses during the reporting period. Although the Plan Administrator believes its estimates are appropriate, changes in assumptions utilized in preparing such estimates could cause these estimates to change sometime in the future.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risk, as well as valuation assumptions based on earnings, cash flows, and other such valuation techniques. Significant changes in the Company's operating results will impact the value of the common stock and, accordingly, the Plan is subject to the same risks as the Company's operations and related concentrations. A significant change in fair value of the Company's common stock will significantly affect the net assets available for benefits. A reduction in the Company's cash flow could impact the ability of the Company to provide cash to the Plan for the redemption of stock from participants. The Company common stock represents 63 percent and 77 percent of the Plan's investments as of December 31, 2025 and 2024, respectively.

The Plan maintains a cash account in order to facilitate distributions and places its cash with a single financial institution. At times, cash balances within the financial institution (bank) may exceed the Federal Deposit Insurance Corporation limit of $250,000. Plan management periodically assesses the financial quality of the bank and does not believe significant credit risk exists with respect to the Plan's cash.

(d) INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Since the primary investment asset of this Plan is stock of the Company, and because there is not an established market for the Company's stock, the stock is evaluated periodically, as provided in the Plan document, but at a minimum at each fiscal year end by an independent appraiser.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) SUBSEQUENT EVENTS

The Plan has evaluated any transactions occurring subsequent to the statement of net assets available for benefits date of December 31, 2025, for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through September 29, 2026, the date the financial statements were available to be issued. No material events or transactions were noted to have occurred.

NOTE 3 - INVESTMENTS

The Plan's investment in the Company's common stock is stated at its estimated fair value based on an independent appraiser's report. The fair value was $1,581.21 and $1,571.73 per share as of December 31, 2025 and 2024, respectively. The Plan's investments in Company common stock are presented in the following table:

	2025	2024
As of December 31		
Number of Shares		
Voting	47	97
Non-Voting	1,203	2,469
Total Shares	1,250	2,566
Cost	$ 80,000	$ 164,224
Fair Value	$ 1,976,513	$ 4,033,059

NOTE 4 - FAIR VALUE MEASUREMENT

The Plan adopted a fair value measurement accounting standard for those assets that are re-measured and reported at fair value at each reporting period. This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value based on inputs used, and requires additional disclosures about fair value measurements. This standard applies to fair value measurements already required or permitted by existing standards.

The three levels of the fair value hierarchy under the standard are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENT (continued)

The following table presents information about the Plan's assets that are measured at fair value on a recurring basis at December 31, 2025 and 2024, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

		Fair Value Measurements Using		
	Year Ended December 31	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2025:				
Common Stock	$ 1,976,513	$ -	$ -	$ 1,976,513
Interest-Bearing Cash	1,145,684	1,145,684	-	-
TOTAL INVESTMENTS AT FAIR VALUE	$ 3,122,197	$ 1,145,684	$ -	$ 1,976,513
2024:

TOTAL INVESTMENTS AT FAIR VALUE	$ 5,096,549	$ 1,063,490	$ -	$ 4,033,059

The following is a roll-forward of recurring level 3 fair value investments for the year ended December 31, 2025.

Beginning Balance	$ 4,033,059
Sales to Plan Sponsor	(2,080,872)
Other Income	12,476
Unrealized Appreciation	11,850
Ending Balance	$ 1,976,513

The following is a description of the valuation methodologies used for assets measured at fair value:

- **Common Stock:** The Company's common stock is privately held and valued based on an independent appraisal that utilizes unobservable inputs and therefore classified as Level 3 within the valuation hierarchy. For the years ended December 31, 2025 and 2024, the appraisal has been prepared using a minority and nonmarketable interest basis. The fair value was calculated by analyzing both the discounted cash flow approach and guideline company method approach and factoring in a five percent discount for lack of marketability to calculate the total value of the common stock as of December 31, 2025 and 2024.

NOTE 4 - FAIR VALUE MEASUREMENT (continued)

- **Common Stock** (continued): The discounted cash flow approach to valuation is based on the theory that the current value of an investment is based on the expected receipt of future economic benefits. The primary components to this approach are: (1) the present value of interim cash flows plus the present value of the terminal value; and (2) the terminal value was determined at the end of the projection period using the EBITDA Exit Multiple. The discounted cash flow approach takes into consideration a discount factor based on the Company's weighted average cost of capital ("WACC"). The WACC for the December 31, 2025 and 2024 valuation was 12.0 percent and 13.5 percent, respectively.

The guideline company approach uses the ratios of stock prices to various financial measures as an indication of value, based on the selected companies with similar financial characteristics. This analysis involved the careful screening and selection of public companies that are the most similar to the Plan Sponsor from an investment perspective. The comparisons included size, diversity of operations and products, financial strength, profitability, growth, real estate ownership, and revenue mix. The same valuation methodology was used to compute the beginning and ending balance.

- **Interest-Bearing Cash:** Valued at carrying amount which approximates its fair value at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - TAX STATUS

The IRS has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the prototype plan document adopted by the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments in the Company common stock qualify as party-in-interest transactions for which exemptions exist. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

NOTE 7 - PLAN TERMINATION

The Company elected to freeze the Plan effective June 30, 2005 and all participants were fully vested at that time.

The Company reserves the right to amend or discontinue the Plan at any time. Should the Plan be amended, no amendment will deprive any person of rights accrued prior to the enactment of the amendment. In the event the Plan is terminated, the Plan's assets shall be allocated to each participant to provide benefits, subject to the provisions of ERISA.
