Independent Auditor's Report

The Plan Administrator
Vendavo 401(k) Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Vendavo 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 and the ERISA-required Supplemental Schedule H, line 4a- Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Vendavo 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Vendavo, Inc. (Vendavo or the Company) effective January 1, 1999 and most recently restated effective March 23, 2022. The Plan is a defined contribution plan covering substantially all employees of the Company, as defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The trustee of the Plan is Fidelity Management Trust Company (Fidelity or the Trustee). The recordkeeper of the Plan is Fidelity Workplace Services LLC. The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Vendavo 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Eligible employees who have attained 21 years of age are immediately eligible to participate in the plan upon meeting the eligibility requirements. Employees who have attained 21 years of age and 501 hours of service during the Plan year or are employed by the employer or related employer (Endeavor Commerce, Inc.) on the last day of the Plan year are eligible for employer nonelective contributions.

Temporary employees, interns, and leased employees are eligible for the Plan after they work 1,000 hours of service in a year.

Contributions

Each year, participants may contribute up to 75% of eligible compensation, as defined in the Plan. Salary-deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the Plan administrator and the Plan document.

The Plan also allows for Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make discretionary employer matching and nonelective contributions. The Company made discretionary matching contributions of 100% of employee deferrals up to 3% of eligible compensation with a maximum of $3,000 for the year ended December 31, 2025. The discretionary matching contributions are calculated on a Plan year basis and a true-up contribution is calculated at year end.

There were no discretionary, employer nonelective contributions made to the Plan for the year ended December 31, 2025.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their individual participant contributions, employer nonelective contributions, rollover contributions, and the allocated earnings thereon.

Employer matching contributions are subject to the following vesting schedule below:

Vesting Service (Years)	Vesting Percentage (%)
Less than 1	-
1 but less than 2	33
2 but less than 3	66

Participants become fully vested in the event of retirement, death, or disability, as defined by the Plan, or in the event of termination of the Plan.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age (65), active military distributions, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments.

Participants may elect to roll over their vested balance to another qualified retirement plan or individual retirement account (IRA).

Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is $1,000 or less. For terminated participants with vested balances greater than $1,000, but less than $5,000, their vested balance may be automatically rolled into an IRA unless otherwise elected.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $71,316 and $88,606, respectively. These accounts may be used to pay administrative expenses and reduce future employer contributions. For the year ended December 31, 2025, $110,509 of the forfeited funds were used to offset employer contributions in 2025 and $23,118 were used to pay Plan expenses.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear interest at a rate of prime plus 1%. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence in which case the loan repayment period may not extend beyond ten years from the date of the loan. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC.

Each participant may not have more than one loan outstanding at any time. As of December 31, 2025, the rates of interest on outstanding notes ranged from 8.50% to 9.50%.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by its trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Nonelective/profit-sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Revenue Credits

Revenue credits of $25,149 are presented in other income in the statement of changes in net assets available for benefits for the year ended December 31, 2025. As of December 31, 2025 and 2024, the balance of the revenue credit account was $20,640 and $175, respectively.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Total investment income and interest earned on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investment amounts in the notes to the financial statements.
- Investment information included in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and, in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 or 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund - This asset seeks to maintain a stable NAV at $1.00 per share. As of December 31, 2025 and 2024, the asset traded at $1.00.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 35,712,030	$ -	$ -	$ 35,712,030
Money market fund	1,019,723	-	-	1,019,723
Total Investments, at fair value	$ 36,731,753	$ -	$ -	$ 36,731,753

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 34,184,897	$ -	$ -	$ 34,184,897
Money market fund	681,853	-	-	681,853
Total Investments, at fair value	$ 34,866,750	$ -	$ -	$ 34,866,750

5. Related Party and Party-in-Interest Transactions

The Plan invests in certain mutual funds managed by Fidelity. Certain investment fees are paid to Fidelity and are reflected within the net investment income for the year. The Plan issues notes to participants that are secured by the vested balance of the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

During the year ended December 31, 2025, there were reductions in force that resulted in a partial Plan termination. All affected employees were fully vested in their accounts and eligible to take a distribution from their account.

8. Tax Status

The Company adopted a pre-approved plan document sponsored by Fidelity effective March 23, 2022. The sponsor of the pre-approved plan document received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, indicating that the pre-approved defined contribution plan document is designed in accordance with the applicable sections of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Delinquent Participant Contributions

During 2025, 2021 and 2020, the Plan sponsor failed to deposit $84,979, $5,829 and $2,935, respectively, of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor’s regulations. The Company and Plan sponsor has remitted all contributions due to the Plan and is in the process of correcting for lost earnings.

10. Subsequent Events

The Plan has evaluated subsequent events through August 18, 2026, the date the financial statements were available to be issued.

Effective July 16, 2026, Vendavo, Inc. acquired Model N’s High-Tech business unit. As a result of this acquisition, the acquired employees became eligible to participate in the Plan on July 16, 2026.

Those Charged With Governance
Vendavo 401(k) Plan

We look forward to discussing with you the current year audit results for Vendavo 401(k) Plan. On July 6, 2026, we presented an overview of our plan for the audit of the financial statements of Vendavo 401(k) Plan (the Plan) as of and for the year ended December 31,2025.

This communication is intended to elaborate on the significant findings from our audit, including our views on the qualitative aspects of the Plan's accounting practices and policies, management's judgments and estimates, financial statement disclosures, and other required matters to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process for which management of the Plan is responsible.

We are pleased to be of service to the Plan and look forward to meeting with you to discuss our audit findings, as well as other matters that may be of interest to you, and to answer any questions you might have.

Respectfully,

BDO USA, P.C.

Audit Results

Overview & Status of Our Audit

We have completed our audit of the financial statements, including procedures applied to the supplemental schedule, of Vendavo 401(k) Plan (the Plan) as of and for the year ended December 31, 2025. Our audit was conducted in accordance with auditing standards generally accepted in the United States of America.

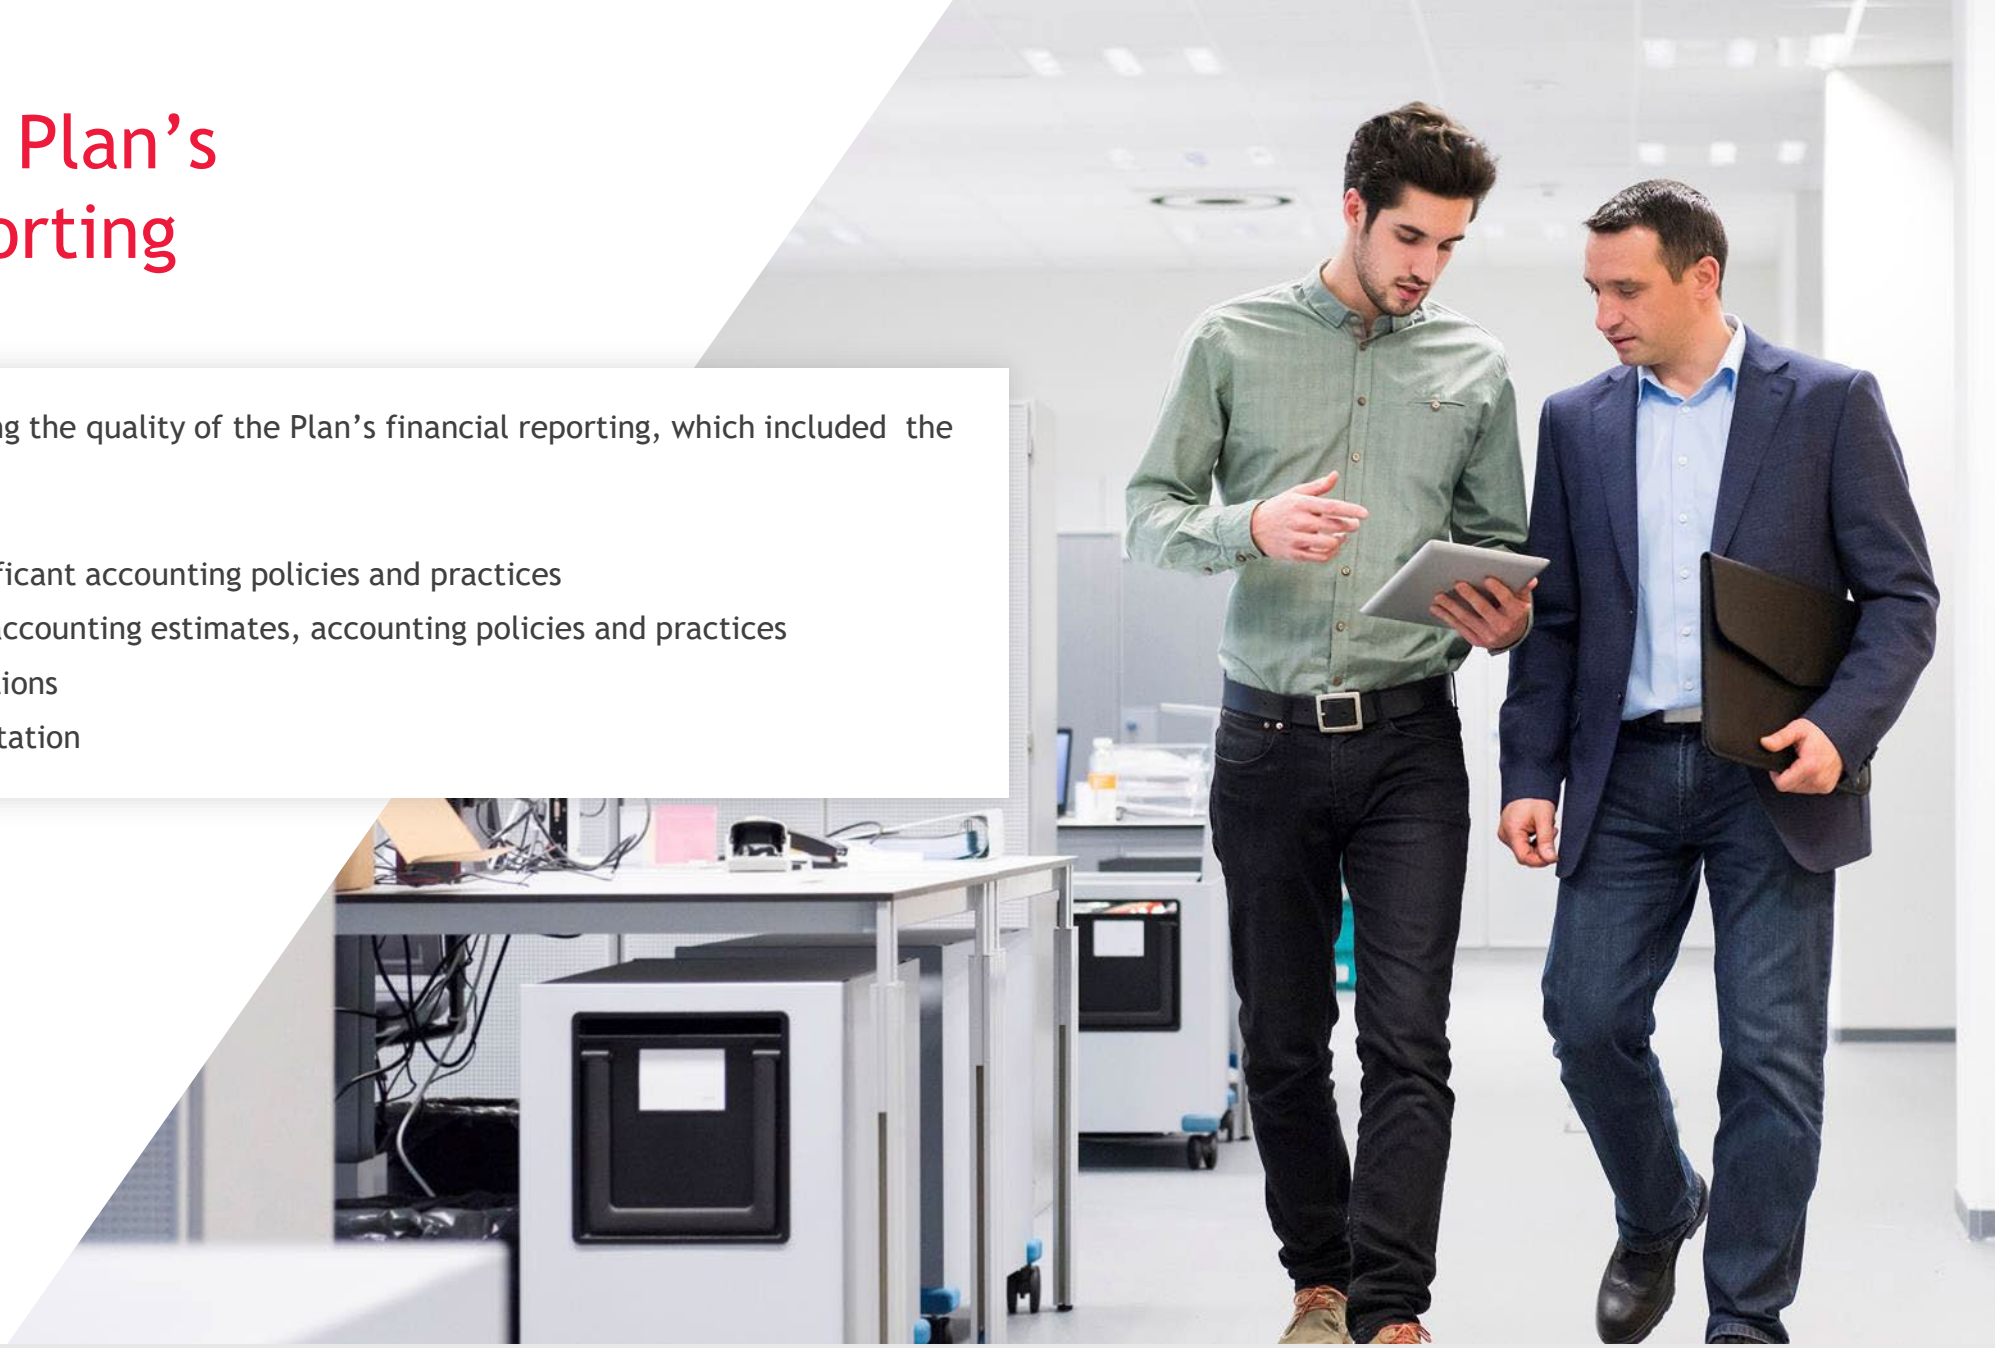

- The objective of our audit was to obtain reasonable - not absolute - assurance about whether the financial statements are free from material misstatements.
- The scope of the work performed was substantially the same as that described to you in our earlier Audit Plan communications.
- As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we have conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and have obtained sufficient and appropriate audit evidence to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion. The audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.
- In accordance with professional standards, we have obtained a substantially complete Form 5500 and considered whether such information, or the manner of its presentation, was materially inconsistent with its presentation in the financial statements. Our responsibility also includes calling to management's attention any information that we believe is a material misstatement of fact. We have not identified any material inconsistencies or concluded there are any material misstatements of facts in the other information. As we are performing only limited procedures on this other information, we cannot and do not offer an opinion or any other form of assurance on such information.
- All records and information requested by BDO were freely available for our inspection.

Quality of the Plan's Financial Reporting

A discussion was held regarding the quality of the Plan's financial reporting, which included the following:

- Qualitative aspects of significant accounting policies and practices
- Our assessment of critical accounting estimates, accounting policies and practices
- Significant unusual transactions
- Financial statement presentation

Areas of Significant Risk

Our areas of significant risk, which are risks with both a higher likelihood of occurrence and a higher magnitude of effect that require special audit considerations, are as follows. Our audit procedures for these risks are detailed starting on page 15.

Fraud Risk, including Management Override of Controls and Journal Entries

Corrected and Uncorrected Misstatements

CORRECTED AND UNCORRECTED MISSTATEMENTS

- There was one corrected misstatement, other than those that were clearly trivial, related to accounts and/or disclosures that we brought to the attention of management.
- There were no uncorrected misstatements, other than those that were clearly trivial, related to accounts and/or disclosures that we presented to management.

Internal Control Over Financial Reporting

Reportable Findings and Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and/or all reportable findings.

We are required to communicate, in writing and in a timely manner, to those charge with governance all reportable findings and significant deficiencies that have been identified in the Plan's internal control over financial reporting. The definitions of a material weakness, significant deficiency, control deficiency, and reportable finding are as follows:

Category	Definition
Material Weakness	A deficiency or a combination of deficiencies in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected on a timely basis.
Significant Deficiency	A deficiency or a combination of deficiencies in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the Plan's financial reporting.
Control Deficiency	A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.
Reportable Finding	Matters that are one or more of the following: a. An identified instance of noncompliance or suspected noncompliance with laws or regulations b. A finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process c. An indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention

Reportable Findings and Internal Control Over Financial Reporting

In connection with our audit, we noted no material weaknesses.

- We have communicated to management of the Plan control deficiencies that were identified as a result of our audit that we did not consider to be material weaknesses or significant deficiencies. A reportable finding may also be considered a deficiency in internal control, a significant deficiency, or a material weakness.

Control Deficiencies and Reportable Findings	Description
Earnings Codes not Aligned with the Plan's Definition of Compensation	During our testing of payroll coding, it was noted that there were seven earnings codes (1FA, 1FE, 1FF, PRK, REL, RPX, and TRP) that were coded as 40(k) eligible but should be excluded per the definition of compensation. They were not used during 2025; however, BDO recommends that management review all earnings codes and ensure they are aligned with the Plan's definition of compensation. Further, there were two earnings codes (FSA and Auto Allowance) that were improperly included in 401(k) compensation and had earnings paid during 2025. BDO recommends that plan management make any necessary corrections for any impacted participants and update the codes to be aligned with the Plan's definition of compensation.
2025 Late Remittances	During our testing of the remittance schedule, we identified late contributions and loan repayments. We recommend that corrective action be taken as soon as administratively feasible.

Detail of Significant Risks & Additional Audit Considerations

Management Override of Controls

We obtained an understanding of the Plan's process and controls by performing a process walkthrough, evaluating design, and testing implementation of relevant controls. During this process we identified the following risk:

RISK DESCRIPTION

Management can perpetuate financial reporting frauds by overriding established control procedures and recording unauthorized or inappropriate journal entries. Due to the presence of fraud risk factors (such as incentive or pressure, opportunity, and rationalization or attitude) related to journal entries, we concluded there is a significant risk of material misstatement due to fraud as management could manipulate the journal entries of the plan.

In order to address this risk, we performed the following procedures:

- Inquired of Plan management and other sponsor personnel as to their knowledge of any potential fraudulent or alleged fraudulent activities.
- Inquired of those charged with governance about their views about risks of material misstatements, including fraud risk and whether they are aware of:
  - tips or complaints regarding the Plan's financial reporting; and
  - matters relevant to the audit including, but not limited to, violations or possible violation of laws or regulations
- Inquired of service providers regarding potential fraudulent or alleged fraudulent activities.
- Used professional judgment in determining the nature, timing, and extent of the testing of journal entries and other adjustments.
- Introduced an element of unpredictability into our procedures by either altering the nature, timing, or extent of the procedures when compared to procedures performed in the prior year.
- Performed focused procedures on any significant unusual transactions, including gaining an understanding of the business purpose (or lack thereof) for the Plan entering into the transaction.
- Obtained an understanding of the Plan's financial relationships and transactions with those charged with governance of the Plan and the Plan Administrator for risk assessment purposes.
- Exercised professional skepticism.
- Communicated with Plan management, those charged with governance and the Plan Administrator, as necessary.

Detail of Significant Accounting Practices, Policies, Estimates and Disclosures

Significant Accounting Practices (including Policies, Estimates and Disclosures)

ACCOUNTING PRACTICES, POLICIES, ESTIMATES, AND DISCLOSURES

The following summarizes the more significant required communications related to our audit concerning the Plan's accounting practices, policies, and estimates:

The Plan's significant accounting practices and policies are those included in Note 2 to the financial statements. These accounting practices and policies are appropriate, comply with the applicable financial reporting framework and industry practice, were consistently applied, and are adequately described within Note 2 to the financial statements.

- A summary of recently issued accounting pronouncements is included in Note 2 to the Plan's financial statements.
- There were no changes in significant accounting policies and practices during 2025.

Critical accounting estimates are those that require management's most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. The Plan's critical accounting estimates, including a description of management's processes and significant assumptions used in development of the estimates, are disclosed in Note 2 of the financial statements.

Critical Accounting Estimates
None

- Management did not make any significant changes to the processes or significant assumptions used to develop the critical accounting estimates in 2025.

Additional Required Communications

Other Required Communications

Following is a summary of other required items, along with specific discussion points as they pertain to the Plan:

Requirement	Discussion Point
Significant changes to planned audit strategy or significant risks initially identified	There were no significant changes to the planned audit strategy or significant risks initially identified and previously communicated to those charged with governance as part of our Audit Plan communications.
Obtain information from those charged with governance relevant to the audit	There were no matters noted relevant to the audit, including, but not limited to: violations or possible violations of laws or regulations; risk of material misstatements, including fraud risks; or tips or complaints regarding the Plan's financial reporting that we were made aware of as a result of our inquiry of those charged with governance.
Alternative accounting treatment	No alternative accounting treatments permissible under the applicable financial reporting framework for policies and practices related to material items were identified and discussed with management.
Significant unusual transactions	During the year ended December 31, 2025, we were not aware of any significant unusual transactions.
Consultations with other accountants	We are not aware of any consultations about accounting or auditing matters between management and other independent public accountants. Nor are we aware of opinions obtained by management from other independent public accountants on the application of requirements of an applicable financial reporting framework.
Significant findings and issues arising during the audit in connection with the Plan's related parties* ** Under ERISA requirements, the plan audit must also consider relationships and transactions with "parties in interest." By definition, "parties in interest" encompasses a broader population than "related parties." As such, all references to "related parties" herein are deemed also to refer to "parties in interest."*	We have evaluated whether the identified related party relationships and transactions have been appropriately identified, accounted for, and disclosed and whether the effects of the related party relationships and transactions, based on the audit evidence obtained, prevent the financial statements from achieving fair presentation.

Other Required Communications (cont.)

Following is a summary of other required items, along with specific discussion points as they pertain to the Plan:

Requirement	Discussion Point
Significant findings or issues arising during the audit that were discussed, or were the subject of correspondence, with management	There were no significant findings or issues arising during the audit that were discussed, or were the subject of correspondence, with management.

BDO's System of Quality Management

An audit firm's effective system of quality management ("SoQM") is crucial for supporting the consistent performance of high-quality audits and reviews of financial statements, or other assurance or related services engagements under professional standards, and applicable legal and regulatory requirements.

Accordingly, BDO has implemented a SoQM designed to provide reasonable assurance that its professionals fulfill their responsibilities and conduct engagements in accordance with those standards and requirements. The firm's SoQM supports the consistent performance of quality audits through many ongoing activities including, at least annually, certification by leaders with responsibility for key controls and related processes. Our Assurance Quality Management team performs regular reviews and testing of key controls and processes throughout the SoQM and identifies and communicates areas for improvement.

As required by International Standard on Quality Management 1 (ISQM 1) under the International Auditing and Assurance Standards Board (IAASB), BDO has conducted an evaluation of the effectiveness of its system of quality management and concluded, as of September 30, 2025, that the system provides reasonable assurance that our professionals will perform audits and reviews of financial statements or related assurance services engagements in accordance with professional standards, and applicable legal and regulatory requirements.

We will continue to provide you with updates on our progress. Currently, you may find discussion of BDO's system of quality management within our annual Audit Quality Reports, the most recent of which is accessible here.
