Independent Auditor's Report

To the Plan Administrator
IT Solutions Consulting Inc. Medical Plan

Opinion

We have audited the financial statements of IT Solutions Consulting Inc. Medical Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of IT Solutions Consulting Inc. Medical Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IT Solutions Consulting Inc. Medical Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IT Solutions Consulting Inc. Medical Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IT Solutions Consulting Inc. Medical Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IT Solutions Consulting Inc. Medical Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year), and Schedule H, Line 4j - Schedule of Reportable Transactions, as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

IT Solutions Consulting Inc. Medical Plan

Notes to Financial Statements
December 31, 2025

1. Description of Plan

The following description of the IT Solutions Consulting Inc. Medical Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan constitutes an employee welfare benefit plan under the applicable section of the Employee Retirement Income Security Act of 1974 ("ERISA") and is sponsored by IT Solutions Consulting, Inc. (the "Company" and the "Plan Sponsor"). The Plan provides health benefits to eligible employees of the Company and covered dependents. The Plan also provides continuation of benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act ("COBRA").

The Company established the IT Solutions Consulting Inc. Health Benefit Trust (the "Trust") to facilitate the collection of Plan contributions, remittance to Plan service providers, and payment of other Plan expenses.

Self-insured benefits

The Plan provides medical benefits. The claims for self-insured benefits are processed by the Plan's third-party claims processor under administrative services only ("ASO") arrangements. The claims processor pays claims directly to or on behalf of participants and is then reimbursed by either the Plan's Trust or the general assets of the Company. Despite the Plan's utilization of a third-party claims' processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

Funding policy

The Plan's funding policy is for the Company to contribute an amount to cover all known liabilities.

Contributions

The Plan is contributory, funded by participant and Company contributions, as applicable. Total contributions are based upon rates determined by the Plan Sponsor and the respective Plan service provider. The Company makes contributions to the Plan as needed to fund claims in excess of participants' contributions.

Stop-loss coverage

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims). This amount is included in the premiums paid for stop-loss coverage on the accompanying statement of changes in net assets available for benefits, which is also inclusive of the ASO fees paid to the claims processor.

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits
Premiums paid by either the Company or the Trust for stop-loss coverage are recorded as premiums paid for stop-loss coverage in the accompanying statement of changes in net assets available for benefits.

Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have not been reimbursed by the Plan are recorded as claims payable in the accompanying statements of net assets available for benefits.

Stop-loss coverage
Premiums paid for stop-loss insurance are included in premium payments in the accompanying statement of changes in net assets available for benefits. Stop-loss refunds totaling $693,943 have been netted with claims paid in the accompanying statement of changes in net assets.

Expenses
The Plan incurs administrative costs specific to the operations of the Plan.

Due to custodian
As medical claims invoices are received, the funding status of the trust is reviewed for sufficient funding by the Plan's custodian. When the trust does not have sufficient funding, the custodian will advance funding in the form of a noninterest-bearing loan until the stop loss reimbursements are received. As the stop loss claims are received, the trust will be replenished and the loan will be relieved.

Claims incurred but not reported
Plan obligations for claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Concentration of credit risk
The Plan maintains its cash in a bank deposit account which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such account. The Committee believes the Plan is not exposed to any significant credit risk on cash.

Subsequent events
Subsequent events were evaluated through October 7, 2026, the date the financial statements were available to be issued.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation technique include:

  - Quoted prices for similar assets or liabilities in active markets;

  - Quoted prices for identical or similar assets or liabilities in inactive markets;

  - Inputs other than quoted prices that are observable for the asset or liability; and

  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Interest-bearing cash: These investments are stated at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ -	$ 109,797	$ -	$ 109,797
Total investments at fair value	$ -	$ 109,797	$ -	$ 109,797

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ -	$ 319,719	$ -	$ 319,719
Total investments at fair value	$ -	$ 319,719	$ -	$ 319,719

4. Related-party and party-in-interest transactions

As described in Note 1, the Plan has an arrangement with a service provider to process claims. These transactions are party-in-interest transactions under ERISA.

As described in Note 2, the custodian of the Plan holds a noninterest-bearing loan to fund the trust of $295,010 as of December 31, 2024.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Tax status

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 512,457	$ (44,348)
Benefit obligations currently payable	(258,928)	(295,583)
Net assets available for benefits per Form 5500	$ 253,529	$ (339,931)

The following is a reconciliation of claims paid per the financial statements for the year ended December 31, 2025 to Form 5500:

	2025
Claims paid per the financial statements	$ 2,071,679
Add: Benefit obligations payable for current year end	258,928
Less: Benefit obligations payable for prior year end	(295,583)
Claims paid per Form 5500	$ 2,035,024

The following is a reconciliation of the increase (decrease) in net assets available for benefits per the financial statements for the year ended December 31, 2025 to Form 5500:

	2025
Increase (decrease) per the financial statements	$ 556,805
Add: Benefit obligations payable for current year end	(258,928)
Less: Benefit obligations payable for prior year end	295,583
Increase (decrease) in net assets available for benefits per Form 5500	$ 593,460

Claims that have been processed and approved for payment at year-end, but not paid are not considered liabilities under GAAP and, therefore, are not presented as liabilities or claims in the accompanying financial statements but are recorded on Form 5500 as a liability.
