INDEPENDENT AUDITOR'S REPORT

Maui Economic Opportunity, Inc. Finance Committee:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MAUI ECONOMIC OPPORTUNITY, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

For the Years Ended December 31, 2025

NOTE A – DESCRIPTION OF PLAN

The following description of the Maui Economic Opportunity, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Maui Economic Opportunity, Inc. (Company) effective September 1, 1985. The Plan covers substantially all employees (except leased employees and Senior Community Service Employment Program participants) of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The plan documents were restated effective January 1, 2022.

Participation

Employees become eligible to participate in the Plan and in employer contributions after first completing one year of service with the Company. A year of service is defined as working at least 1,000 hours during the 12-month period immediately following the date of hire.

Contributions

Participants may make employee salary deferral contributions to the Plan up to the lesser of 100% of eligible compensation or $23,500 in 2025 and $23,000 in 1899, adjusted annually for the cost of living, plus an additional $7,500 in 2025 and 1899 for employees age 50 and over. Employer contributions to the Plan are made on behalf of all eligible participants equal to a fixed contribution rate of 4% of each participant's plan compensation. Total contributions to each employee's account may not exceed the lesser of $70,000 ($77,500 if age 50 and older) in 2025 and $69,000 ($76,500 if age 50 and older) in , or 100% of annual compensation, as defined. Automatically enrolled participants have their deferral rate set at 2% of compensation at enrollment. The automatic deferral rate increases by 2% each succeeding year until a maximum of 10% of compensation is reached. Roth deferrals are not permitted.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and allocations of Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on a six-year graded vesting schedule with 20% vesting upon completion of two years of service and an additional 20% each year of service through year six. While still employed by the Company, a participant will automatically become 100% vested upon reaching normal retirement age under the Plan or in the event of a participant's death or permanent disability.

NOTE A – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance, and only one loan may be outstanding at any one time. The notes are secured by the vested balances in the participants' accounts and bear interest at 1.00% above the prime interest rate. The loan repayment period may not extend beyond five years, unless the loan is taken for the purchase of a primary residence. Principal and interest are paid ratably through monthly payroll deductions. The interest rates on the notes for the years ended December 31, 2025 ranged from 4.25% to 9.5% with various maturity dates through December 2030.

Payment of Benefits

On termination of service due to death, disability, retirement (age 65), or termination of employment, a participant will receive a lump-sum distribution equal to the value of his or her vested account balance if the individual's total vested account balance does not exceeded $5,000. Vested benefits greater than $5,000 will be paid in the form of a lump-sum distribution or installment payments as elected by the participant.

Withdrawals

In-service distributions are only allowed on vested amounts attributable to employee salary deferrals, and in the event that a participant has incurred a hardship. The minimum withdrawal is $1,000. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS).

Forfeitures

Termination of employment for reasons other than retirement, disability, or death results in a forfeiture of the non-vested portion of the participant's account balance. Forfeitures are retained in the Plan and may be used to pay for plan administrative expenses and to reduce the amount of any future employer contributions to the Plan. At December 31, 2025, forfeited non-vested accounts amounted to $6,046 and $14,276, respectively. During the years ended December 31, 2025, forfeitures totaling $10,471 and $10,208, respectively, were used to pay administrative expenses. Forfeitures totaling $14,611 and $11,530 were used to reduce employer contributions for the years ended December 31, 2025, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

U.S. GAAP requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates, it is reasonably possible that such estimates may change in the near term, and such differences could be material to the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the investment date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. The fair value of the investments and the related net appreciation in the fair value of investments are determined by the qualified institution of the Plan, Equitable Life Insurance Company (Equitable). See Note D for discussion of the fair value measurements.

Purchases and sales of the securities are recorded on the trade date basis. Interest income is recognized when earned. Realized gains and losses are recognized when investments are sold or otherwise disposed. Realized gains and losses for reporting under ERISA are calculated based on actual participant specific costs, aggregated at the plan level. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end. Investment related expenses are included in net appreciation of fair value of investments.

Contributions Receivable

Contributions receivable are recognized for amounts due from participants and the Company that were remitted to the qualified institution after year-end. Contributions from employees and the employer are recorded in the year in which employee contributions are withheld from compensation. The receivables are typically short term in nature and are expected to be collected in full.

Management has evaluated the collectability of employer contributions receivable and determined that no allowance for credit losses is necessary as of December 31, 2025. The Plan considers the Company's historical payment experience, current and future financial condition, and the legally binding nature of the contribution obligation in making this assessment.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded as earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses has been recorded as of December 31, 2025.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments. All other administrative expenses of the Plan, such as recordkeeping fees, are paid by the Company. Expenses paid by the Company are not reflected in these financial statements.

NOTE C – CERTIFICATION FROM QUALIFIED INSTITUTION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025, and net appreciation in fair value of investments and interest from the guaranteed interest accounts for the years ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Equitable, the qualified institution of the Plan, for the years ended December 31, 2025.

NOTE D – FAIR VALUE MEASUREMENTS

U.S. GAAP provides a hierarchy that prioritizes the inputs to the valuation methodologies used to measure fair value. There are three levels of the fair value hierarchy. Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement. The fair value measurement level of an asset or liability within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methodologies used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan values the guaranteed interest account at fair value, which approximates contract value (a Level 3 input). The value of the guaranteed interest account is based on the contributions and transfers into the account, the withdrawals and transfers out of the account, and the income earned by the underlying assets in the account. Investments in pooled separate accounts are valued at the net asset value of unit shares held by the Plan at year-end. The net asset value, as provided by the qualified institution, is used as a practical expedient, which is based on the underlying assets of the pooled separate accounts, including mutual funds. In accordance with U.S. GAAP, the pooled separate accounts are not categorized in fair value hierarchy. At December 31, 2025, there were no investments valued using Level 1 or 2 inputs.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

The valuation methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Guaranteed interest account	$ -	$ -	$ 1,190,842	$ 1,190,842
Pooled separate accounts				5,516,797
Total investments at fair value				$ 6,707,639

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of :

	Level 1	Level 2	Level 3	Total
Guaranteed interest account	$ -	$ -	$ 2,156,494	$ 2,156,494
Pooled separate accounts				3,587,305
Total investments at fair value				$ 5,743,799

The following is a summary of changes in fair value of Level 3 assets for the years ended December 31, 2025:

	2025	2024
Balance, beginning of year	$ 2,156,494	$ 2,312,076
Purchases	147,909	273,137
Sales	(1,142,135)	(460,767)
Interest	31,041	44,157
Other	(2,467)	(12,109)
Balance, end of year	$ 1,190,842	$ 2,156,494

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The guaranteed interest account is a group variable annuity contract. Amounts invested in this contract are deposited to Equitable's general account. The contracts are backed by the general accounts of Equitable, which supports all of Equitable's policy and contractual obligations, including those that apply to the guaranteed interest account. Equitable is the owner of the underlying assets in the general account. All guarantees are based on Equitable's financial claims-paying ability.

Equitable assigns an interest rate to the guaranteed interest option (GIO). Interest is credited daily to amounts the Plan has invested in the GIO. There are three levels of interest rates in effect; the lifetime minimum interest rate guaranteed over the life of the contract, the annual minimum guaranteed interest rate for the calendar year, and the current interest rate. Equitable determines the lifetime minimum guaranteed interest rate and the annual minimum guaranteed interest rate on an annual basis. The annual minimum guaranteed interest rate can be equal to, or higher than the lifetime minimum guaranteed interest rate, but will never be lower. Equitable sets current interest rates for the GIO on a monthly basis. Current interest rates may be equal to or higher than the annual minimum guaranteed interest rate, but will never be lower.

The lifetime minimum guaranteed interest rate was 1.00% for the Plan years ended December 31, 2025. The annual minimum guaranteed interest rate was 1.50% for the Plan years ended December 31, 2025. The guaranteed interest option does not provide for a defined maturity date. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to certain restrictions. Further, withdrawals for participant benefits from the GIO are permitted as specified in the contract and are not subject to any market value adjustment.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include amendments to the plan documents including complete or partial plan termination or merger with another plan, bankruptcy of the plan sponsor or other plan sponsor events such as divesture of a subsidiary that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also limit the ability of the Plan to transact at contract value with the participant.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, and a material amendment to the agreement without the consent of the issuer.

NOTE F – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 to Form 5500:

	2025	2024
Net assets, per financial statements	$6,849,035	$5,860,283
Less: contributions receivable	(33,492)	(31,224)
Net assets, per Form 5500	$6,815,543	$5,829,059
Changes in net assets, per financial statements	$ 988,752	$ 297,981
Contributions receivable, beginning of year	31,224	29,476
Contributions receivable, end of year	(33,492)	(31,224)
Net income, per Form 5500	$ 986,484	$ 296,233

NOTE G – TAX STATUS

In a letter dated April 28, 2009, the IRS provided the Plan, a nonstandardized profit sharing plan, a favorable determination because the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has since been amended, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, the plan administrator believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires uncertain tax positions to be recognized in the financial statements if they are more likely than not to fail upon regulatory examination. The plan administrator evaluated the Plan's tax positions as of December 31, 2025 and for the years then ended, and determined that the Plan had no uncertain tax positions required in accordance with U.S. GAAP. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any open tax periods.

NOTE H – PARTY IN INTEREST TRANSACTIONS

Benefit Trust Company, as trustee of the Plan, has delegated to Equitable, the plan custodian, its responsibility for the receipt of contributions, distributions under the Plan, and other financial transactions pertaining to the group variable annuity contract used as the funding vehicle for the Plan. As a result, plan investments are managed and transactions are recorded by Equitable, which qualify as party in interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. The Hogan Financial Group, LLC provides advisory services to the Plan. Recordkeeping services are provided by DST Retirement Solutions, LLC.

NOTE I – ADMINISTRATION OF THE PLAN

The Plan is administered by the Finance Committee (Committee) of the Company's board of directors. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Company's board of directors. Certain administrative functions are performed by officers or employees of the Company, who receive no compensation from the Plan.

NOTE J – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

NOTE K – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan and Company operate in the State of Hawaii. Local, national, and international events can have severe, adverse effects on economic conditions in Hawaii. These financial statements do not include the adjustments that would result if the Plan was to account for future losses or asset impairments, as the effects on the financial statements of the Plan from such changes in economic conditions, are not presently determinable.

NOTE L – SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through October 5, 2026, which is the date the financial statements were available to be issued, and determined that the Plan did not have any subsequent events requiring adjustment to the financial statements or disclosure in the notes to the financial statements.
