Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Elevance Health Retiree Health Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Elevance Health Retiree Health Benefits Plan (the "Plan") provides only general information. More detailed information concerning the Plan may be found by consulting the Summary Plan Description available from the plan administrator.

General

The Plan is a contributory health and welfare plan, which provides health benefits for eligible retirees and dependents of certain subsidiaries of Elevance Health, Inc. and other affiliated employers that have adopted the Plan (“participating employers”). The Plan Sponsor is ATH Holding Company, LLC, a wholly owned subsidiary of Elevance Health, Inc. The Plan is subject to the provisions of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Benefits

The Plan provides medical, prescription drug, dental, and vision benefits for pre-Medicare-eligible and Medicare-eligible retirees and their covered dependents through various benefit programs. The Plan includes a fully insured Medicare Advantage Plan for Medicare-eligible participants age 65 or older.

Eligibility

In general, former employees of participating employers may be eligible for retiree health coverage if, at termination of employment, they are at least at age 55 with at least ten years of service, or at least age 65 regardless of service, and meet any additional Plan requirements. Certain participants from legacy plans may have different eligibility provisions. Eligible dependents may also participate in the Plan, subject to applicable enrollment requirements.

Contributions

Plan benefits are funded in part by the Plan Sponsor and participating employer contributions and in part by retiree contributions. The Plan Sponsor is obligated to fund benefits paid under the Plan, to the extent not paid from retiree contributions.

The Plan Sponsor may make contributions or qualified transfers to the Elevance Health Retiree VEBA Trust (the "VEBA"), a voluntary employees' beneficiary association under Internal Revenue Code ("IRC") Section 501(c)(9), to accumulate funds for the payment of benefits or premiums it has paid on behalf of Plan participants.

Required participant contributions under the Plan vary depending on factors such as hire date, retirement date, legacy status, Medicare eligibility, plan option, and tier of coverage elected. Certain current and future retirees are credited with a notional Retiree Medical Spending Account ("RMSA"), which can be used to reimburse premiums paid by the retiree until the RMSA is exhausted.

401(h) Account

In addition to the VEBA, an IRC Section 401(h) account (the "401(h) Account") is maintained within the Elevance Health Cash Balance Plan B ("CBPB") to fund a portion of the postretirement health and welfare obligations for certain retired Plan participants and their beneficiaries in accordance with Section 401(h) of the Internal Revenue Code (the "Code"). Effective May 5, 2025, the date the IRS issued a favorable private letter ruling, the Plan Sponsor adopted an amendment to CBPB expanding the permitted use of 401(h) account assets. In addition to funding postretirement health benefits, the 401(h) account may now be used to reimburse the Plan Sponsor for medical, dental, and vision benefits provided to eligible active CBPB participants and their eligible beneficiaries, even if the participant has not separated from employment, provided the participant is eligible for an in-service distribution from the CBPB.

The obligation for funding postretirement health benefits and premiums for retirees and their dependents is not included in the CBPB's obligations but is reported as a postretirement benefit obligation in the financial statements of this Plan. No postretirement benefit obligation is recognized by the Plan for medical, dental, and vision benefits provided to active CBPB participants and their eligible beneficiaries that may be reimbursed from the 401(h) Account, as such benefits relate to current-period active employee benefits rather than postretirement benefit obligations.

Plan participants do not contribute to the 401(h) Account. The Plan Sponsor may make contributions or qualified transfers to the 401(h) Account on behalf of employees and retirees to accumulate funds for the payment or reimbursement of eligible health benefits.

CBPB and the 401(h) Account participate in the Elevance Health Master Trust (the "Master Trust"), which is managed by J.P. Morgan Chase Bank, N.A. ("JPM"), the Trustee of the Master Trust.

Reimbursement to Plan Sponsor

The Plan Sponsor may request reimbursement at any time from the VEBA or the 401(h) Account, as applicable, for benefits and premiums it has paid under the Plan on behalf of eligible participants. In addition, pursuant to the IRS private letter ruling and the terms of CBPB, the Plan Sponsor may request reimbursement from the 401(h) Account for certain eligible medical, dental and vision benefits provided to qualifying active CBPB participants and their eligible beneficiaries.

The Plan Sponsor requested reimbursement from the VEBA of $14,095,254 and $13,433,680 for benefits and premiums paid during the years ended December 31, 2025 and 2024, respectively. The Plan Sponsor requested reimbursement from the 401(h) Account of $2,014,355 and $2,171,519 for benefits and premiums paid for retired participants during the years ended December 31, 2025 and 2024.

The Plan Sponsor was reimbursed $261,852 and $0 from the 401(h) Account for benefits paid for active participants during the years ended December 31, 2025 and 2024, respectively. The Plan Sponsor requested reimbursement from the 401(h) Account of $3,157,766 and $0 for benefits paid for active participants during the years ended December 31, 2025 and 2024, respectively. These reimbursements are shown as a reduction to the 401(h) Account asset on the statement of net assets.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to modify the benefits that will be provided to future retirees, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, Plan assets would be used as permitted by the Plan documents and ERISA.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and are in conformity with U.S. generally accepted accounting principles (“GAAP”).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the use of estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results may differ from those estimates.

Payment of Benefits

Claims payments are recorded when paid by the claims processor and are reported as retiree health benefits paid in the accompanying statement of changes in net assets available for benefits. Insurance premiums paid for health benefits and Medicare Part B premiums are recorded when paid by the Plan Sponsor and are reported in the corresponding lines on the statement of changes in net assets available for benefits. Retiree medical spending account ("RMSA") credits are reflected in the statement of changes in net assets available for benefits as RMSA reimbursements paid when they are utilized.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for further discussion of fair value measurements.

The fair value of the 401(h) Account's interest in the Master Trust reflects the 401(h) Account's interest in the fair value of the underlying net assets of the Master Trust investment accounts. Within the Master Trust investment accounts, purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses are recognized as they occur.

The fair value of trust owned life insurance contracts ("TOLI") is based on the cash surrender value ("CSV") of the policies as reported by the insurance carriers. Changes in the CSV due to investment results are reported on the statement of changes in net assets as net change in CSV of life insurance contracts. Realized gains on life insurance contracts are recognized when death benefits are paid and are calculated as the excess of death benefit payments over CSV of the applicable policies.

Interest income on interest bearing cash is recorded on the accrual basis.

Administrative and Investment Management Expenses

The Plan’s trustee fees and investment management fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan.

Postretirement Benefit Obligations

Postretirement benefit obligations are the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees’ service rendered to the valuation date, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) eligible active employees and their beneficiaries and dependents after retirement from service with the Plan Sponsor or a participating employer. Prior to an active employee’s full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee’s service rendered as of the valuation date.

Risks and Uncertainties

The VEBA holds investments, including TOLI contracts, and the 401(h) Account holds an interest in the Master Trust, which holds various investments. Investments are exposed to various risks such as interest rate, liquidity and credit risks. Investments are also subject to market risks which include global risks such as pandemics. Due to the level of risk associated with investments and certain underlying investments of the Master Trust, as well as the sensitivity of certain fair value assumptions, it is reasonably possible that changes in the values of the VEBA's investments and the 401(h) Account's interest in the Master Trust will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. In addition, investments such as interest bearing cash are subject to the Federal Deposit Insurance Corporation ("FDIC") federally insured limits.

Because of the significant concentration of the VEBA's investment in TOLI contracts, any changes in the financial strength of the TOLI insurance carriers (Lincoln National Life Insurance Company, Nationwide Life Insurance Company and Delaware Life Insurance Company) and their ability to meet long-term contractual obligations could also have a material impact to the financial statements.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Income Taxes

Per the IRC, certain investments of the VEBA that do not generate tax-exempt interest are subject to unrelated business income tax ("UBIT"). UBIT expense is recognized within the statement of changes in net assets available for benefits as administrative expense.

3. Certified Investments

As of December 31, 2025 and 2024, the Plan's investments consist of its assets held in the 401(h) Account, which is invested in the Master Trust, and investments held in the VEBA. See Note 5 for further information regarding the Plan's investment in the Master Trust.

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and net change in the cash surrender value of life insurance contracts, realized gains from life insurance death benefits (when applicable), and interest income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by JPM, the Trustee of the Plan.

4. 401(h) Account

Net assets of the 401(h) Account available for eligible health and welfare benefits were $14,454,506 and $17,793,235 as of December 31, 2025 and 2024, respectively. The related changes in net assets available for benefits of the 401(h) Account for the year ended December 31, 2025, is summarized below:

	401(h) CBPB
Interest in the net investment gains of the Master Trust	$ 2,291,766
Reimbursement to Plan Sponsor for prior year retiree claims	(2,171,519)
Reimbursement to Plan Sponsor for active health benefits	(3,419,618)
Administrative expenses	(39,358)
Net change in 401(h) Account	$ (3,338,729)

5. Interest in Master Trust

Master Trust assets are managed by various investment managers in separate investment accounts. The 401(h) Account has an undivided interest in the net assets of the Master Trust investment accounts in which CBPB has invested. The Trustee maintains a separate record of the 401(h) Account and, therefore, the Plan's share of the net asset value of the Master Trust. At December 31, 2025 and 2024, the 401(h) Account's interest in the net assets of the Master Trust was approximately 0.88% and 1.12%, respectively.

The Master Trust's interest and dividends, net appreciation (depreciation) and account specific investment fees relating to transactions in portfolio investments are allocated to the 401(h) Account based on the 401(h) Account's share of the Master Trust investment account's assets. Administrative expenses incurred at the Master Trust level are also allocated to the 401(h) Account based on the 401(h) Account's share of the Master Trust's assets. For the years ended December 31, 2025 and 2024, the Plan's 401(h) Account, CBPB and the Elevance Health Cash Balance Plan A participated in the Master Trust.

The value of the 401(h) Account's interest in the Master Trust is based on the beginning of the year value of the 401(h) Account's interest in the Master Trust plus actual contributions and allocated net investment gains. In addition, the 401(h) Account's share of the net asset value of the Master Trust is reduced for actual distributions and administrative expenses relating to transactions that are allocated to the Plan.

Additional disclosures related to the net assets held by the Master Trust and the 401(h) Account are provided in CBPB's financial statements.

6. Fair Value of Investments

Investments recorded at fair value in the statements of net assets available for benefits are categorized based on the level of judgment associated with the inputs used to measure their fair value. Level inputs, as defined by FASB guidance, are as follows:

Level Input:	Input Definition:
Level I	Inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date.
Level II	Inputs other than quoted prices included in Level I which are observable for the asset or liability through corroboration with market data at the measurement date.
Level III	Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date.

Transfers between Levels, if any, are recorded as of the beginning of the reporting period. For the years ended December 31, 2025 and 2024, there were no transfers between Levels 1 and II and no transfers in or out of Level III.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used to determine the fair value of investments held directly by the Plan in the statements of net assets available for benefits.

Interest bearing cash: The carrying amount reported for interest bearing cash approximates fair value due to the short term nature of the assets. Interest bearing cash is maintained for liquidity for benefit payments and other plan transactions and receives daily interest from JPM. Interest bearing cash is designated Level II.

Trust owned life insurance contracts: Valued by the Trustee at the CSV of the TOLI contracts as reported by the life insurance carriers, which approximates fair value. The CSV is substantiated by the Plan Sponsor by comparing the value reported by the Trustee to the value of underlying investments reported in insurance carrier's monthly statements. The Plan Sponsor also evaluates the creditworthiness of the life insurance carriers which are rated A+ or above. TOLI contracts are designated Level III.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize fair value measurements by level for investments in the VEBA measured at fair value on a recurring basis:

	Total	Level I	Level II	Level III
December 31, 2025				
Interest bearing cash	$ 2,423,817	$ —	$ 2,423,817	$ —
Trust owned life insurance contracts	321,662,895	—	—	321,662,895
Total	$324,086,712	$ —	$ 2,423,817	$321,662,895
December 31, 2024				
Interest bearing cash	$ 53,775	$ —	$ 53,775	$ —
Trust owned life insurance contracts	300,663,218	—	—	300,663,218
Total	$300,716,993	$ —	$ 53,775	$300,663,218

There were no purchases of Level III investments for the year ending December 31, 2025. Sales of Level III investments were $17,815,566.

The table of fair value measurements by level for assets and liabilities in the Master Trust is provided in CBPB's financial statements.

7. Postretirement Benefit Obligations

The actuarial present value of the expected postretirement benefit obligation is determined by an enrolled consulting actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The more significant assumptions underlying the actuarial computations as of December 31, 2025 and 2024, are as follows:

	2025	2024
Discount rate	4.99%	5.34%
Mortality basis	Pri-2012 Headcount-Weighted Total Employee Table projected with mortality improvement scale MP-2021	
Retirement rates	Retirement rates for all participants range from 7.5% at age 55 to 100% at age 72	
Health care cost trend rates	Pre-Medicare eligible retirees	
	8.0% decreasing to 4.5% by the year 2035	
	Medicare eligible retirees - medical	
	5.4% decreasing to 4.5% by the year 2035	5.5% decreasing to 4.5% by the year 2035
	Medicare eligible retirees - prescription drug	
	10.0% decreasing to 4.5% by the year 2035	

A one percentage point increase in the health care cost trend rate would increase the postretirement benefit obligation by $7,937,530 and $8,928,567 at December 31, 2025 and 2024, respectively.

These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits at December 31, 2025 and 2024, per the financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 322,431,609	$ 302,905,029
Less: Net assets held in defined benefit plan 401(h) Account	(14,454,506)	(17,793,235)
Net assets available for benefits per Form 5500	$ 307,977,103	$ 285,111,794

The net assets of the 401(h) Account are reported in the Form 5500 of CBPB. However, these assets are not available to pay pension benefits but can only be used to pay certain health and welfare benefits.

The following is a reconciliation of the changes in net assets for the year ended December 31, 2025 as reported in the financial statements to net income (loss) per the Form 5500:

	December 31, 2025
Net increase in net assets available for benefits per financial statements	$19,526,580
Add: Net decrease in 401(h) Account net assets available for benefits	3,338,729
Net increase in net assets available for benefits per the Form 5500	$22,865,309

9. Exempt Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The following transactions are exempt from the prohibited transaction rules.

For the years ending December 31, 2025 and 2024, the Master Trust in which the Plan has a beneficial interest held investments managed by JPM. The Plan also paid trustee fees to JPM for the year ended December 31, 2025.

During 2025, the Plan paid $14,744,327 of insurance premiums for health benefits to affiliates of the Plan Sponsor.

During 2025, the Plan reimbursed the Plan Sponsor $13,433,680 from the VEBA and $2,171,519 from the 401(h) Account for benefit and premium amounts paid by the Plan Sponsor in 2024 on behalf of the Plan.

For the year ended December 31, 2025, the Plan recorded a total liability of $16,109,609 for reimbursements due to the Plan Sponsor for retiree benefit amounts paid in 2025 on behalf of the Plan. This represents benefit amounts to be paid from the VEBA of $14,095,254 and benefit amounts to be paid from the 401(h) Account of $2,014,355.

For the year ended December 31, 2025, the Plan reduced the 401(h) assets by $3,157,766 for reimbursements due to the Plan Sponsor for active health benefit amounts paid in 2025.

The Plan Sponsor may bear certain costs associated with administering the Plan. In addition, the plan administrator, which is also a party-in-interest, directly, through its affiliates, or through delegations of authority, provides certain administrative services at no cost to the Plan.

10. Income Tax Status

The VEBA is designed to meet the requirements of a voluntary employees' beneficiary association under Section 501(c)(9) of the IRC. The VEBA received an exemption letter from the IRS dated August 18, 1993 stating that the VEBA is designed in accordance with applicable section of the IRC.

CBPB that holds assets of the 401(h) Account on behalf of the Plan has received a determination letter from the IRS dated January 5, 2021 stating that CBPB is qualified under Section 401(a) of the IRC and, therefore, the related trust (i.e., the Master Trust) is exempt from taxation.

The VEBA trust and CBPB are required to operate in conformity with the IRC to maintain the status of the trusts. The Plan was most recently amended and restated January 1, 2022. The plan administrator believes the Plan, as restated, the VEBA, and CBPB are all being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. Subsequent Events

The Plan Sponsor has evaluated the impact of subsequent events through September 29, 2026, the date the financial statements were available to be issued. No subsequent events have been recognized or required additional disclosure in the financial statements.
