REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
New Sunshine, LLC 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of New Sunshine, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - PLAN DESCRIPTION

The following description of New Sunshine, LLC ("Plan Administrator" and "Plan Sponsor") 401(k) Plan (the "Plan") provides only general information. Plan participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established April 1, 1994, is a defined contribution retirement savings plan which covers eligible employees of New Sunshine, LLC and its wholly owned subsidiaries, Australian Gold, LLC (including CalTan, LLC and Designer Skin, LLC), Helios, LLC, and Sunshine Manufacturing, LLC (collectively, the "Company"). Plan assets are maintained in a trust for the exclusive benefit of participants and beneficiaries. The Plan and related trust are subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), including suspending required minimum distributions and delaying the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service ("IRS") guidance.

Eligibility

All employees who have at least three months of service and are age 21 or older, are not in a collective bargaining arrangement, and are not a leased employee, nonresident alien or independent contractor may become participants in the Plan. Participants are automatically enrolled quarterly in the Plan on the first of January, April, July, or October following their first 90 days of employment, unless an affirmative election not to participate is executed.

Funding Policy

Automatically enrolled participants have their contribution rate set at 6% of eligible compensation and their contributions are invested in a designated fund until an investment election is made by the participant. The Plan has an automatic deferral increase for participants whereby the deferral contributions increase 1% annually, limited to 15% of compensation. All eligible participants may receive the discretionary matching and profit-sharing contribution. In addition, eligible participants receive the employer non-discretionary match equal to 25% of each participant's salary deferral contribution, up to 6% of the participant's compensation.

Plan participants may authorize the Company to contribute to the Plan up to 75% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code ("IRC"). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan from amounts representing distributions from other qualified plans.

The Company may elect to make discretionary matching and profit-sharing contributions to the Plan. No discretionary matching or employer profit-sharing contributions were made to the Plan during the years ended December 31, 2025 and 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All funds of the Plan are participant-directed.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their account is based on years of continuous service. A participant becomes 20% vested after one year of service, increasing by 20% per year thereafter, with full vesting after five years of credited service.

Forfeitures

Forfeitures are created when participants terminate employment before becoming vested in their full benefits under the Plan. At December 31, 2025 and 2024, forfeited non-vested amounts of terminated participants totaled $9,157 and $13,655, respectively. These amounts can be used to pay Plan expenses and to reduce future employer contributions. The application of forfeitures reduced employer contributions by $0 for the years ended December 31, 2025 and 2024, respectively.

Notes Receivable From Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Repayment of notes shall not exceed five years, except for the purchase of the participant's principal residence, for which the terms may not exceed 10 years. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan agreement, a participant will receive a lump-sum cash distribution equal to the value the participant's vested interest in his or her account. In the event that the termination of employment of a participant is caused by death, the entire amount in the participant's account shall be paid to the participant's beneficiary. Participants may also withdraw vested account balances after age 59½ or if a financial hardship, as defined in the Plan agreement, is incurred. Distributions to terminated Plan participants from accounts that have a vested balance of $1,000 or less will be made in the form of a single lump-sum payment. Distributions greater than $1,000 and up to $5,000 that are made to a participant without the participant's consent before the participant's normal retirement age will be rolled over to an individual retirement account designated by the Plan Administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value in the statements of net assets available for benefits. Market values are determined by reference to security exchanges at the last reported sales price on the last business day of the Plan year. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments

Net appreciation in the fair value of investments represents the net realized gains and net unrealized appreciation of investments. Realized gains are the difference between the proceeds received and either the cost of investments sold, determined on an average cost basis, or the fair value at the end of the previous Plan year, whichever is applicable. Unrealized appreciation is the change in the difference between the current fair value and the cost of the investments or the fair value at the end of the previous Plan year, whichever is applicable.

Notes Receivable From Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable considered to be in default are classified as distributions based upon the terms of the Plan agreement. No allowance for credit losses have been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits paid to participants are recorded by the Plan when paid.

Administrative Expenses

Administrative expenses of the Plan are substantially all paid by the Company.

Risks and Uncertainties

The Plan offers a number of investment options, including a variety of mutual funds and a money market fund. These funds invest in U.S. equities, international equities, U.S. real estate sector equities and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, foreign exchange, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that change in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant-directed fund elections. Additionally, the investments within each participant-directed fund are further diversified into varied instruments.

In the normal course of business, all of the Plan's assets are transacted with and held by its Trustee. The Plan is subject to credit risk to the extent the Trustee is unable to fulfill contractual obligations on their behalf. The Company does not anticipate any losses from the counterparty.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Subsequent Events

The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 8, 2026, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual and money market funds - Valued at net asset value of shares held by the Plan at year end based on quoted prices in active markets.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,119,862	$ -	$ -	$ 10,119,862
Money market fund	392,734	-	-	392,734
Investments, at fair value	$ 10,512,596	$ -	$ -	$ 10,512,596

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,169,444	$ -	$ -	$ 9,169,444
Money market fund	392,666	-	-	392,666
Investments, at fair value	$ 9,562,110	$ -	$ -	$ 9,562,110

NOTE D - TRUSTEE CERTIFICATIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE E - INCOME TAX STATUS

The Company adopted the Fidelity Basic Plan Document Prototype Profit Sharing 401(k) Plan that received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the prototype plan and trust, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Sponsor is placing reliance on the opinion letter. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and Trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED-PARTY TRANSACTIONS

The Company has been designated as Plan Administrator and Plan Sponsor. Certain employees of the Company provide administrative services to the Plan. These services are provided at no cost to the Plan.

Substantially all investment and administrative expenses, including trustee, audit and legal fees have been paid by the Plan Sponsor.

Certain Plan investments are managed by Fidelity Management Trust Company, trustee of the Plan's assets and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
New Sunshine, LLC 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of New Sunshine, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - PLAN DESCRIPTION

The following description of New Sunshine, LLC ("Plan Administrator" and "Plan Sponsor") 401(k) Plan (the "Plan") provides only general information. Plan participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established April 1, 1994, is a defined contribution retirement savings plan which covers eligible employees of New Sunshine, LLC and its wholly owned subsidiaries, Australian Gold, LLC (including CalTan, LLC and Designer Skin, LLC), Helios, LLC, and Sunshine Manufacturing, LLC (collectively, the "Company"). Plan assets are maintained in a trust for the exclusive benefit of participants and beneficiaries. The Plan and related trust are subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), including suspending required minimum distributions and delaying the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service ("IRS") guidance.

Eligibility

All employees who have at least three months of service and are age 21 or older, are not in a collective bargaining arrangement, and are not a leased employee, nonresident alien or independent contractor may become participants in the Plan. Participants are automatically enrolled quarterly in the Plan on the first of January, April, July, or October following their first 90 days of employment, unless an affirmative election not to participate is executed.

Funding Policy

Automatically enrolled participants have their contribution rate set at 6% of eligible compensation and their contributions are invested in a designated fund until an investment election is made by the participant. The Plan has an automatic deferral increase for participants whereby the deferral contributions increase 1% annually, limited to 15% of compensation. All eligible participants may receive the discretionary matching and profit-sharing contribution. In addition, eligible participants receive the employer non-discretionary match equal to 25% of each participant's salary deferral contribution, up to 6% of the participant's compensation.

Plan participants may authorize the Company to contribute to the Plan up to 75% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code ("IRC"). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan from amounts representing distributions from other qualified plans.

The Company may elect to make discretionary matching and profit-sharing contributions to the Plan. No discretionary matching or employer profit-sharing contributions were made to the Plan during the years ended December 31, 2025 and 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All funds of the Plan are participant-directed.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their account is based on years of continuous service. A participant becomes 20% vested after one year of service, increasing by 20% per year thereafter, with full vesting after five years of credited service.

Forfeitures

Forfeitures are created when participants terminate employment before becoming vested in their full benefits under the Plan. At December 31, 2025 and 2024, forfeited non-vested amounts of terminated participants totaled $9,157 and $13,655, respectively. These amounts can be used to pay Plan expenses and to reduce future employer contributions. The application of forfeitures reduced employer contributions by $0 for the years ended December 31, 2025 and 2024, respectively.

Notes Receivable From Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Repayment of notes shall not exceed five years, except for the purchase of the participant's principal residence, for which the terms may not exceed 10 years. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan agreement, a participant will receive a lump-sum cash distribution equal to the value the participant's vested interest in his or her account. In the event that the termination of employment of a participant is caused by death, the entire amount in the participant's account shall be paid to the participant's beneficiary. Participants may also withdraw vested account balances after age 59½ or if a financial hardship, as defined in the Plan agreement, is incurred. Distributions to terminated Plan participants from accounts that have a vested balance of $1,000 or less will be made in the form of a single lump-sum payment. Distributions greater than $1,000 and up to $5,000 that are made to a participant without the participant's consent before the participant's normal retirement age will be rolled over to an individual retirement account designated by the Plan Administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value in the statements of net assets available for benefits. Market values are determined by reference to security exchanges at the last reported sales price on the last business day of the Plan year. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments

Net appreciation in the fair value of investments represents the net realized gains and net unrealized appreciation of investments. Realized gains are the difference between the proceeds received and either the cost of investments sold, determined on an average cost basis, or the fair value at the end of the previous Plan year, whichever is applicable. Unrealized appreciation is the change in the difference between the current fair value and the cost of the investments or the fair value at the end of the previous Plan year, whichever is applicable.

Notes Receivable From Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable considered to be in default are classified as distributions based upon the terms of the Plan agreement. No allowance for credit losses have been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits paid to participants are recorded by the Plan when paid.

Administrative Expenses

Administrative expenses of the Plan are substantially all paid by the Company.

Risks and Uncertainties

The Plan offers a number of investment options, including a variety of mutual funds and a money market fund. These funds invest in U.S. equities, international equities, U.S. real estate sector equities and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, foreign exchange, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that change in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant-directed fund elections. Additionally, the investments within each participant-directed fund are further diversified into varied instruments.

In the normal course of business, all of the Plan's assets are transacted with and held by its Trustee. The Plan is subject to credit risk to the extent the Trustee is unable to fulfill contractual obligations on their behalf. The Company does not anticipate any losses from the counterparty.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Subsequent Events

The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 8, 2026, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual and money market funds - Valued at net asset value of shares held by the Plan at year end based on quoted prices in active markets.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,119,862	$ -	$ -	$ 10,119,862

Money market fund	392,666	-	-	392,666
Investments, at fair value	$ 9,562,110	$ -	$ -	$ 9,562,110

NOTE D - TRUSTEE CERTIFICATIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE E - INCOME TAX STATUS

The Company adopted the Fidelity Basic Plan Document Prototype Profit Sharing 401(k) Plan that received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the prototype plan and trust, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Sponsor is placing reliance on the opinion letter. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and Trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED-PARTY TRANSACTIONS

The Company has been designated as Plan Administrator and Plan Sponsor. Certain employees of the Company provide administrative services to the Plan. These services are provided at no cost to the Plan.

Substantially all investment and administrative expenses, including trustee, audit and legal fees have been paid by the Plan Sponsor.

Certain Plan investments are managed by Fidelity Management Trust Company, trustee of the Plan's assets and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.
