Report of Independent Auditors

The Benefit Finance Committee

Unum Group Employees Short-term Disability Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Unum Group Employees Short- term Disability Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations,

or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

Shape the future
with confidence

The supplemental schedules of nonexempt transactions for the year ended December 31, 2025, assets (held at end of year) as of December 31, 2025, and reportable transactions for the year then ended (referred to as the "supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Unum Group Employees Short-term Disability Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

General

The Plan is a noncontributory health and welfare benefit plan and covers substantially all U.S. employees of Unum Group and its U.S. subsidiaries (the Company). Employees working at least 20 hours per week are eligible to participate in the Plan upon their date of hire.

The Plan is sponsored and administered by the Company, which is responsible for overseeing the administration and operation of the Company's qualified benefit plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Benefits

The Plan provides disability benefits for employees on short-term disability (STD) on a bi-weekly basis. This benefit is determined as a percentage of the participant's base pay with the percentage for any week based on his/her years of service at the beginning of the elimination period. STD benefits are reduced by or integrated with other benefits that participants may receive due to the same disability. The elimination period is seven days between the date of disability and the date the benefit coverage begins, unless benefits are payable as a result of in-patient hospitalization or maternity, for which no elimination period applies. The maximum benefit period is 26 weeks.

Contributions and Establishment of Trust

The Company has agreed to voluntarily contribute such amounts necessary to provide assets sufficient to meet the benefits to be paid to Plan participants. Contributions are held in a tax-exempt trust (the Trust) under a trust agreement with Regions Bank (the Trustee) under the provisions of Section 501(c)(9) of the Internal Revenue Code (the Code) as a Voluntary Employee Beneficiary Association (VEBA). The trust agreement authorizes the Trustee to invest and reinvest all or part of the Plan's assets and grants authority to make payments from Plan assets as directed by the Company. The Company is responsible for any excess of benefit obligations over the net assets of the Plan.

Administrative Expenses

Generally, costs of investment administration are paid by the Plan. Other administrative expenses, including accounting and auditing fees, are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to active employees, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, or partial termination, the Trust will pay benefits that participants are entitled to receive under the terms of the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP). In connection with our preparation of the financial statements, management of the Company evaluated events that occurred subsequent to December 31, 2025 for recognition or disclosure in the financial statements and notes to the financial statements. Management evaluated subsequent events for the Plan through the time at which the financial statements were available to be issued on July 1, 2026 .

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedules. Such estimates and assumptions could change in the future as more information becomes known, which could impact the amounts reported and disclosed herein.

Investment Valuation and Income Recognition

The Plan's investment is stated at fair value. Purchases and sales of the Plan's investment are recorded on a trade-date basis. Interest income is recorded on the accrual basis. See Note 4 for additional fair value disclosures.

Plan Obligations

The present value of the benefit obligations for benefits incurred but not reported is estimated by the Plan's actuary in accordance with accepted actuarial principles and is adjusted based on actual claim payments in subsequent periods, as applicable. In accordance with GAAP, this amount is not recorded in the statements of net assets available for benefits, but is reflected as a liability on Form 5500. See Note 7 for a reconciliation of net assets available for benefits per the financial statements to Form 5500.

Note 3 - Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including the investment held at December 31, 2025 and 2024, and interest income for the years then ended, was obtained or derived from information supplied and certified as complete and accurate by the Trustee.

Note 4 - Fair Value Measurement

Financial instruments are measured at fair value, which is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value represents an exit price, not an entry price. The exit price objective applies regardless of the intent and/or ability to sell the asset at the measurement date. The Plan prioritizes the inputs to valuation techniques and use unobservable inputs to the extent that observable inputs are not available. The Plan categorizes its assets measured at estimated fair value into a three-level hierarchy, based on the significance of the inputs. The fair value hierarchy gives the highest priority to inputs which are unadjusted and represent quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The Plan does not hold any Level 2 or Level 3 investments.

December 31, 2025

The categorization of the fair value measurement of the Plan's investment is as follows:

	December 31, 2025				
	Quoted Prices in Active Markets for Identical Assets or Liabilities (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Net Asset Value (NAV)	Total
Asset					
Morgan Stanley Institutional Liquidity Funds - Government Portfolio	$ 1,602,985	$ —	$ —	$ —	$ 1,602,985

	December 31, 2024				
	Quoted Prices in Active Markets for Identical Assets or Liabilities (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Net Asset Value (NAV)	Total
Asset					
Morgan Stanley Institutional Liquidity Funds - Government Portfolio	$ 1,746,775	$ —	$ —	$ —	$ 1,746,775

The money market fund's fair value is based on an unadjusted quoted price in an active market for an identical security.

Note 5 - Benefit Obligations

The Plan's benefit obligations and changes therein are summarized in the following tables:

	December 31	
	2025	2024
Claims payable and claims incurred but not reported at end of year	$ 1,406,381	$ 1,225,273

	Year Ended December 31	
	2025	2024
Claims payable and claims incurred but not reported at beginning of year	$ 1,225,273	$ 1,164,951
Claims reported and approved for payment and change in claims incurred but not reported	10,103,643	9,223,598
Benefit payments to participants	(9,922,535)	(9,163,276)
Claims payable and claims incurred but not reported at end of year	$ 1,406,381	$ 1,225,273

Claims incurred but not reported represents the actuarial present value of the estimated future benefits to be paid to covered employees for disabilities that commenced prior to December 31, 2025 and 2024, but for which claims had not yet been reported. Claims payable represents claims approved for payment but not yet paid as of December 31, 2025 and 2024.

The estimated ultimate cost to the Plan of settling these claims reflects the Plan's obligation to participants beyond the financial statement date pursuant to the provisions of the Plan or regulatory requirements. The present value of the benefit obligations is based on the historical completion pattern of Plan experience.

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the STD benefit obligation.

Note 6 - Income Tax Status

The Trust funding the Plan received a determination letter from the Internal Revenue Service (IRS) dated March 29, 2007, stating that the Trust is tax-exempt, effective April 1, 2005, under the provisions of Section 501(c)(9) of the Code as a VEBA. Subsequent to the issuance of the determination letter, the Plan was amended and restated. The Plan and Trust are required to operate in conformity with the Code to maintain the tax-exempt status of the Trust. The Company believes the Plan, as amended and restated, is being operated in compliance with the applicable requirements of the Code and, therefore, believes the related Trust is tax-exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods.

Note 7 - Reconciliation between Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2025	2024
Net assets available for benefits per the financial statements	$ 1,613,502	$ 1,757,345
Amounts reflected as claims payable and estimated claims incurred but not reported	(1,406,381)	(1,225,273)
Net assets available for benefits per the Form 5500	$ 207,121	$ 532,072

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500:

	Year Ended December 31 2025
Benefits paid to participants per the financial statements	$ 9,922,535
Add: Claims incurred but not reported and claims payable as of December 31, 2025	1,406,381
Less: Claims incurred but not reported and claims payable as of December 31, 2024	(1,225,273)
Benefits paid to participants per the Form 5500	$ 10,103,643

Note 8 - Related Party and Party-in-Interest Transactions

Transactions with related parties and parties-in-interest include contributions to the Plan by the Company, benefit payments to participants, purchases and sales of the Plan's investment managed by the Trustee, and fees paid for Trustee services.

During the year ended December 31, 2025, the Plan identified a transaction that did not meet the requirements for exemption under ERISA. Specifically, the Plan's reimbursement of funds to the Company did not occur within the timeframe prescribed by Department of Labor regulations and the related initial funding from the Company was not supported by a written loan agreement. This resulted in a prohibited party-in-interest transaction between the Company and the Plan, totaling $340,208.

The Company has corrected the transaction, including reimbursement of the funds of $340,208 and additional interest of $6,784. The prohibited transaction occurred and was corrected during the year ended December 31, 2025.
