Independent Auditors' Report

To the Plan Administrator of the
McCrum Family Holdings LLC 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the accompanying financial statements of the McCrum Family Holdings LLC 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) [ERISA Section 103(a)(3)(c) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the year December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the McCrum Family Holdings LLC 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2025 and December 31, 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

To the Plan Administrator of the
McCrum Family Holdings LLC 401(k) Retirement Savings Plan

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the McCrum Family Holdings LLC 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Emphasis of Matter - Late Contributions
As discussed in Note 8 to the financial statements, the Plan made certain remittances of participant contributions and loan repayments later than prescribed by the regulations. Our opinion has not been modified as a result of this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the McCrum Family Holdings LLC 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the McCrum Family Holdings LLC 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

To the Plan Administrator of the
McCrum Family Holdings LLC 401(k) Retirement Savings Plan

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the McCrum Family Holdings LLC 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA
The supplemental schedules of assets held at year end, and schedule of delinquent participant contributions are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

McCRUM FAMILY HOLDINGS LLC 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements
December 31, 2025 and December 31, 2024

(1) DESCRIPTION OF THE PLAN

The following description of the McCrum Family Holdings LLC 401(k) Retirement Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan covering substantially all employees of McCrum Family Holdings LLC and its subsidiaries who meet certain length of service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Significant costs of administering the Plan are absorbed by the Plan Sponsor. Expenses paid by the sponsor are not included in these financial statements.

Contributions

Each year, participants may contribute up to $23,500 (or $31,000 if age 50 or more) of annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants make these contributions on a pre-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may make a discretionary match of each participant's contribution. The match is the lower of the participants' contributions or 6 percent of salary. Participants direct the investment of these contributions into the various mutual funds offered by the Plan.

Participant Accounts

Each participant's account is credited with participant's contributions and Company matching contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transaction, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 3 years of service at the rate of 33% per year of service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals or installments but only with respect to minimum required distributions, over a period of not more than your assumed life expectancy (or your and your beneficiaries assumed life expectancies).

The Plan has the option upon termination, to distribute account balances of less than $1,000. The Plan also permits hardship withdrawals for participants who demonstrate an immediate and heavy financial need, subject to the requirements of the Plan and applicable Internal Revenue Service regulations, which are limited to the amount necessary to satisfy the participant's financial need.

In-Service Distributions

Participants may be entitled to receive an in-service distribution. However, this distribution is not in addition to their other benefits and will, therefore, reduce the value of the benefits they will receive at retirement. This distribution is made at their election and will be made in accordance with the forms of distributions available under the Plan. The law restricts in-service distributions from certain accounts which are maintained for participants under the Plan before they reach age 59 1/2.

The following limitations apply to in-service distributions:

- The minimum amount you can receive as an in-service distribution is $1,000
- In-service distributions can only be made from accounts which are 100% vested

(1) DESCRIPTION OF THE PLAN (Continued)

Participant Loans

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest if it is material. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. These loans are secured by the account balance and bear interest at 5.25% to 10.5%. Interest is recognized when it is received which approximates when it is earned. Payments of principal and interest are to be repaid by payroll deduction through 2038.

Forfeitures

Amounts which become forfeited due to termination or other reason can be used to reduce the employer's matching contribution each year. As of December 31, 2025 and December 31, 2024, there were $12,190 and $6,938, respectively, in forfeitures available to reduce future employer matching contributions.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Income

The plan's investments pay dividends that are reinvested into the plan. These dividends are reported together with the changes in fair value in the accompanying statement of changes in net assets available for benefits since the breakdown is unknown. The plan custodian does not provide the information necessary to report the dividend income separately from the changes in fair value which is required by generally accepted accounting principles. All of the affected investments are included in the certification from the custodian discussed further in Note 10.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the years ended December 31, 2025 or December 31, 2024.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The Plan has reviewed subsequent events through October 5, 2026, the date that these financial statements were available to be issued and determined that no additional adjustments or disclosures are required in order for these financial statements to be fairly stated.

(3) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and December 31, 2024.

- Investment securities in registered investment companies are valued at their quoted market prices from an active market as of the reporting date.
- The fair value of the guaranteed interest accounts reflects the discounted cash flows based on the assets' stated interest rates and current market rates of similar assets with similar maturities.

(3) FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and December 31, 2024:

		Fair Value Measurements at Reporting Date		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2025				
Registered Investment Companies	$3,612,220	$3,612,220	$ -	$ -
Guaranteed Interest Accounts	-	-	-	-
Total investments at fair value	$3,612,220	$3,612,220	$ -	$ -
December 31, 2024				
Registered Investment Companies	$2,582,084	$2,582,084	$ -	$ -
Guaranteed Interest Accounts	7,516	-	7,516	-
Total investments at fair value	$2,589,600	$2,582,084	$7,516	$ -

(4) PARTIES IN INTEREST AND PLAN EXPENSES

The Plan contracts with various service providers to manage its investments, provide recordkeeping and administration services and investment advice. Plan investments, including cash, in the amount of $3,624,410 are managed by John Hancock Retirement Plan Services. John Hancock is also the recordkeeper for the Plan. Downeast Pension Services is the third-party administrator for the plan. These service providers qualify as parties in interest, and fees paid to them from plan assets are considered party in interest transactions. Fees charged to the plan by these service providers were $23,540 during 2025. The other expenses were absorbed by the plan sponsor and are not included in these financial statements. See Note 8 for a discussion of late remittances by the plan sponsor.

(5) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their employer contributions.

(6) TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the plan is qualified, and the related trust is tax-exempt.

The Plan has implemented certain requirements by Division T of the Consolidated Appropriations Act of 2023 (SECURE 2.0), which are laws that change the Plan to further delay required minimum distributions, expand availability of the plan to certain part-time workers, increase the catch-up contribution limits for certain participants as well as various voluntary provisions which may or may not be elected by the plan sponsor. The plan is currently being operated in accordance with the mandatory provisions of SECURE 2.0 and the plan sponsor has until December 31, 2026 to decide on the voluntary provisions.

(6) TAX STATUS (Continued)

Written amendments to the Plan to reflect these operational changes will be formalized at a later date in accordance with applicable law and IRS guidance.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Government. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) RISKS AND UNCERTAINTIES

The Plan invests in various mutual funds, which invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Additional risks include, but are not limited to military conflicts in Europe, the oil and gas market, supply chain issues and inflation. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Government. The plan files Form 5500 annually with the U.S. Government, and tax years 2023, 2024, and 2025 remain open to examination. There are currently no exams for any tax periods in progress.

(8) LATE REMITTANCE OF PARTICIPANT CONTRIBUTIONS

During 2025, the plan sponsor paid participant contributions and loan repayments late for 16 payroll weeks out of a total of 53 weeks, the total of which amounted to $137,717. These late remittances have been reported with the plan's Form 5500. These late contributions were corrected outside of the voluntary fiduciary correction program by full payment of the lost earnings to the participant accounts in the amount of $255 in 2025.

(9) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the year ended December 31, 2025, Form 5500 has been prepared on the same basis of accounting that is used to prepare the accompanying financial statement. As a result, there are no differences in the net assets available for benefits between the financial statements and the Form 5500 for 2025.

(10) CERTIFIED INVESTMENTS

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by John Hancock.

	2025	2024
Investments, at fair value:		
Registered Investment Companies	$3,612,220	$2,582,084
Investment income and investment fees, net	467,952	259,641

(11) CONTRIBUTIONS RECEIVABLE AND PAYABLE

As a result of the annual reconciliation of participant contributions for 2025, adjustments were needed to correct the deposits to participant accounts. The receivable and the payable amounts have been reported at gross since there is no right of offset among the participants.

Employee deferral contributions receivable	$ 1,347
Employer match contribution	3,458
Excess contributions due to plan sponsor	(4,251)

(12) SUBSEQUENT EVENT

On January 1, 2026, the plan sponsor sold the assets of its processing plant. The employees of that division have an opportunity to work for the buyer and participate in its retirement plan. These effectively terminated employees will have a significant impact on the turnover rate as it applies to the test for a partial plan termination in accordance with IRS regulations. These regulations require that if a partial plan termination occurs, the affected participants will become fully vested in balances that might otherwise be unvested.
