Report of Independent Auditors

To the Participants and Plan Management of
Donson Machine Co., Inc.
Employees' 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Donson Machine Co., Inc. Employees' 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Donson Machine Co., Inc.
Employees' 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2025 and 2024

Note 1. Description of the Plan

On October 1, 1978, Donson Machine Co., Inc. (the Company) established Donson Machine Co., Inc. Employees' 401(k) Profit Sharing Plan (the Plan), under Section 401(a) of the Internal Revenue Code to provide benefits for eligible participants upon retirement, termination, disability or death. The Plan is a defined contribution retirement plan covering all eligible employees of Donson Machine Co., Inc. and Bett's Precision Inc., (companies related through common ownership, collectively, the Company) immediately upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

Participants may elect to defer all or a portion of their compensation and have that amount contributed to the Plan on a pre-tax basis or on an after-tax basis as a Roth deferral. Elective salary deferrals are subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollover contributions) from other qualified retirement plans. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, with a default deferral rate set at 3% of eligible compensation. Participants can stop or change automatic enrollment and deferral rates at any time by submitting an affirmative election to the Plan's custodian recordkeeper.

In December 2022, the Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was enacted and increased the required minimum distribution age to 73 effective in 2023 and as late as 75 effective in 2033. The Plan also was amended pursuant to optional provisions of SECURE Act 2.0 to raise the required account balance threshold for an automatic lump-sum distribution to be made to a terminated participant from $5,000 to $7,000. The SECURE Act 2.0 also increased catch-up contribution limits in 2025 for individuals who have attained ages 60, 61, 62 and 63, which will be indexed for inflation after 2025.

Contributions to the Plan are invested as directed by the participants in various investment options. In the absence of participant direction, contributions are invested in a qualified default investment alternative account until changed by the participant. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Poor investment performance by the investment options selected by the participants may cause their account balance to be lower than contributions made to the Plan.

Note 1. Description of the Plan (continued)

The Company may make discretionary matching and profit sharing contributions as determined and authorized by the Board of Directors of the Company. In order to receive a discretionary profit sharing contribution, an employee must have had 500 hours of service during the Plan year. For the years ended December 31, 2025 and 2024, the Company elected to make discretionary profit sharing contribution of $92,500 and $40,035 respectively. For the years ended December 31, 2025 and 2024, the Company elected to make discretionary matching contributions of $88,247 and $79,038 respectively.

Individual accounts are maintained for each participant to reflect the participant's contributions and the Company's matching contributions, as well as allocations of investment earnings or losses and administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are immediately fully vested in their elected deferrals, rollovers and actual earnings thereon. Employer discretionary matching and profit sharing contributions are fully vested after six years of vesting service. Upon death or disability while still employed, a participant will become 100% vested. The portion of the employer discretionary matching contribution that is vested is as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Upon termination of service due to death, disability or retirement age as defined in the Plan document, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the account, partial account distributions or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in the account as a lump-sum distribution. Upon proof and to the satisfaction of the Plan Administrator of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Included in net assets available for benefits are forfeited nonvested accounts of $7,501 and $9,906 as of December 31, 2025 and 2024, respectively. Forfeited nonvested accounts may be used to reduce employer contributions or to offset Plan administrative expenses. During the years ended December 31, 2025 and 2024, forfeited non-vested accounts totaling $9,906 and $6,461 respectively, were used to reduce Company matching contributions and $46 and $1,940, respectively, were used to pay Plan expenses.

Participants should refer to the summary plan description for more complete information.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting.

Investments - Investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Payment of Benefits - Benefits paid to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either December 31, 2025 or 2024.

Expenses - Certain management and administrative services are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through October 1, 2026, which is the date the financial statements were available to be issued.

Note 3. Priorities upon Termination

Although it has not expressed an intention to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become fully vested in the employer contribution portion of their account.

Note 4. Tax Status

The Company adopted a non-standardized prototype plan. The Plan is not required to receive a determination letter directly from the Internal Revenue Service, and therefore, the Plan has not received a determination letter specific to the Plan itself. The prototype plan determination letter has been relied upon by the Plan. The Company and Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following provides a description of the three levels of the fair value hierarchy:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy.

The Plan's investments in pooled separate accounts are valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the fair values of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Note 5. Fair Value Measurements (continued)

The pooled separate accounts are direct filing entities (DFEs) and file Form 5500 annual reports with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. Redemptions are available on a daily basis without notice.

Note 6. Certified Information

The following information as of December 31, 2025 and 2024, and for the years then ended, was obtained by management and agreed to or was derived from information certified as complete and accurate by John Hancock Life Insurance Company, a qualified institution.

	2025	2024
Investments:		
Pooled separate accounts	$ 8,102,992	$ 6,851,079
Investment income:		
Net appreciation in fair value of investments	$ 1,048,662	$ 777,840

Note 7. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

The Plan has a significant portion of its assets in one pooled separate account which represented approximately 50% and 53% of the Plan's net assets available for benefits as of December 31, 2025 and 2024, respectively. It is reasonably possible that changes in the value of this investment could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial investments. Investment decisions are made, and the resulting risks are borne, exclusively by the participant who made such decisions.

Note 8. Party-in-Interest and Related Party Transactions

The Plan holds units of participation in pooled separate accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the Trustee and Custodian of the Plan's investment assets. Administrative services are primarily paid through a monthly administrative fee charged to participants. The Company is also a party-in-interest to the Plan.

These transactions are considered to be exempt party-in-interest transactions under ERISA.

Note 9. Participant Contributions

U.S. Department of Labor (DOL) regulations provide that participant contributions to retirement plans must be made on the earliest date that they can reasonably be segregated from the employer's general assets, but in no event later than 15 business days following the month in which the participant contributions were withheld. An employer can be held liable for investment losses and interest incurred during the period of any delay in remitting the contributions to the Plan, and the late deferrals would be considered prohibited transactions that must be reported on the Plan's Form 5500 until corrected. During the years ended December 31, 2024 and 2023, the Company remitted contributions totaling $20,829 and $38,540 respectively, in a timeframe that did not comply with the timeliness requirements prescribed by DOL regulations. The 2024 delinquent contributions were corrected as of December 31, 2024. The 2023 delinquent contributions were corrected during the year ended December 31, 2025. The corrections and any excise taxes, if applicable, were paid from the Company's assets and not from assets of the Plan. There were no delinquent participant contributions for the year ended December 31, 2025.

Report of Independent Auditors on Supplemental Schedules Required by ERISA

To the Participants and Plan Management of
Donson Machine Co., Inc.
Employees' 401(k) Profit Sharing Plan

We have audited the financial statements of Donson Machine Co., Inc. Employees' 401(k) Profit Sharing Plan (the Plan) as of and for the years ended December 31, 2025 and 2024, and our report thereon dated October 1, 2026, appears on pages 1 through 3. Our audits were conducted in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Therefore, as permitted by ERISA Section 103(a)(3)(C), the audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP).

The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.
