Independent Auditors' Report

To the Trustee and Participants of
Techline, Inc. 401(k) Savings & Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Techline, Inc. 401(k) Savings & Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets Held at End of Year and Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of Techline, Inc. 401(k) Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a multiple-employer defined contribution plan covering all employees of Techline, Inc., Techline Sports Lighting, LLC, Techline Solutions, LLC, Techline Pipe, LP and Techline Construction, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Principal Life Insurance Company (the "Recordkeeper") and Delaware Charter Guarantee and Trust Company dba Principal Trust Company (collectively, the "Custodians") are the Plan's custodians. The Company acts as the administrator of the Plan, and an officer of the Company is the Plan's trustee.

Eligibility - Employees who are at least eighteen years of age and have completed one year of service, as defined, are eligible to participate in the Plan on the first day of the calendar quarter immediately following the date the eligibility requirements are met. Participants must be employed on December 31 to be eligible for employer matching contributions.

Contributions - Eligible employees may authorize the Company to withhold pre-tax contributions up to the annual limit established by the Internal Revenue Code ("IRC"). Participants who reach age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing pre-tax distributions from other qualified retirement plans or individual retirement accounts.

The Company elected to make a discretionary employer matching contribution equal to 100% of the participants' elective deferral contributions, not to exceed $1,500.

Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings, and may be charged with an allocation of Plan expenses, as applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 and up to a maximum of 1) $50,000 reduced by the excess, if any, of i) the highest outstanding note receivable balance during the prior twelve-month period, over ii) the outstanding note receivable balance on the date the new note receivable is made or 2) 50% of their vested account balance, whichever is less. One note receivable can be outstanding at a time, and a participant may only be approved for two notes receivable during a calendar year. Participant notes receivable are secured by the vested balance in the participant's account and bear interest at a reasonable interest rate as determined by the Company. Notes receivable payments are deducted through after-tax payroll deductions over a period not to exceed five years.

Vesting - Participants are immediately vested in their voluntary and employer matching contributions plus actual earnings thereon.

Payment of Benefits - Benefits are generally payable upon age 59.5, disability, death, retirement or termination of employment. Benefits equal to the participant's vested account balance may be paid to a participant or beneficiary by lump sum, installments, partial withdrawals, annuities or rollover into a qualified plan, subject to regulatory requirements. Required minimum distributions are made to applicable participants in the absence of adequate distribution elections. Generally, if no longer employed by the Company, participants must either take a lump sum distribution or begin systematic, actuarially determined withdrawals by April 1 of the year following the year in which the participant turns 73 years of age. The Plan administrator may, without the participants' consent, distribute separated participants' account balances that are less than $1,000 in a lump sum or transfer separated participants' account balances that are at least $1,000 but less than $7,000 into an individual retirement account. In-service distributions of rollover contributions may be taken at any time. Other in-service distributions, including hardship distributions, are permitted if certain criteria are met. In-service distributions, excluding hardship distributions, are limited to two during a twelve-month period.

Current Legislation - The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income and simplify plan rules and administrative procedures. Each of the provisions in SECURE 2.0 has its own effective date, and any SECURE 2.0 amendments must be adopted by the Plan no later than December 31, 2026, although it may operate under the new provisions as required or elected prior to amending the Plan document. The Company is currently evaluating the impact of the remaining required and voluntary provisions of SECURE 2.0 on the Plan and its participants.

2. Significant Accounting Policies

Basis of Accounting - The Plan's financial statements are reported on the accrual basis of accounting.

Accounting Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the Custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the Plan year.

Contributions Receivable - Contributions from participants and any related employer matching contributions are recorded in the year in which the participant contributions are withheld from compensation. The Company recognizes an allowance for credit losses based on factors such as the age of the contribution receivable balance, historical experience, current economic conditions, and reasonable and supportable forecasts. There was no allowance for estimated credit losses as of December 31, 2025 or 2024 as management deemed the outstanding contribution receivable balances collectible.

Notes Receivable from Participants - Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants - Benefits are recorded when paid.

Expenses and Revenue Sharing - The Company may pay certain administrative and operating costs of the Plan at no obligation to the Plan. Fees related to the administration of notes receivable from participants and distributions, and certain other fees paid to service providers, are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses, such as management fees and operating expenses, are deducted from earnings recorded to net appreciation in fair value of investments.

The Plan has revenue sharing arrangements whereby certain investment managers return a portion of the investment fees to the Recordkeeper. These amounts are used by the Recordkeeper to offset the Plan's administrative expenses or to allocate to participant accounts, as defined, with any excess amounts held in an unallocated account to be used in future years. The unallocated account balance was not significant as of December 31, 2025 and 2024.

Risks and Uncertainties - Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

3. Information Certified by the Custodians

Certain information in the accompanying financial statements, notes and supplemental schedules related to the Plan's investments and notes receivable from participants held as of December 31, 2025 and 2024, and the related net investment gain and interest income on notes receivable from participants during the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodians, which are qualified institutions.

4. Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed interest accounts: This investment option provides for a guarantee of principal and interest. Contributions and transfers allocated to the guaranteed interest accounts will be credited interest at a guaranteed interest rate that the Recordkeeper declares for a set period of time. The guaranteed interest accounts are valued at fair value, which is the amount participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturities for an event other than death, disability, termination or retirement. The fair value represents contract value adjusted to reflect current market interest rates, only to the extent such market rates exceed crediting rates.

Separate accounts: Separate accounts are accounts maintained by an insurance company that are used for the collective investment of funds from multiple employee benefit plans. The fair values of these investments have been estimated using the net asset values per unit as a practical expedient, as provided by the insurance company, and are based on the fair value of the underlying assets of each separate account less accrued operating expenses. This practical expedient would not be used if it is determined to be probable that the insurance company will sell the investments for an amount different from the reported net asset values. There are no restrictions on redemptions, units may be redeemed daily, and there are no unfunded commitments.

The Plan's investments recorded at fair value were as follows as of December 31:

	Fair Value Hierarchy	2025	2024
Mutual funds	Level 1	$ 15,702,447	$ 11,710,526
Guaranteed interest accounts	Level 3	245,202	263,244
Total assets in the fair value hierarchy		15,947,649	11,973,770
Separate accounts [(1)]	NAV	18,285,754	16,759,969
Investments at fair value		$ 34,233,403	$ 28,733,739

[(1)] In accordance with U.S. GAAP, certain investments that are measured at fair value using the net asset value per unit as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to the amounts presented as investments at fair value in the statements of net assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's level 3 assets, the guaranteed interest accounts, during the year ended December 31, 2025:

Purchases	$ 76,268
Issuances	$ 107,395

There were no transfers into or out of level 3 of the fair value hierarchy during the year ended December 31, 2025. The following table summarizes the valuation techniques and significant unobservable inputs used for the Plan's investments that are categorized in level 3 of the fair value hierarchy as of December 31, 2025:

Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Guaranteed interest accounts	$ 245,202	Market value adjustment	Composite rates	0.61% - 5.14%
			Interest rate on account	3.98% - 4.14%
			Maturity dates	1/1/2026 - 12/31/2029

5. Tax Status

The Company has adopted a pre-approved plan document from the Recordkeeper that received an Internal Revenue Service ("IRS") opinion letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 35,225,138	$ 29,608,841
Less: deemed distribution per the 2018 Form 5500	(18,657)	(18,657)
Net assets available for benefits per the Form 5500	$ 35,206,481	$ 29,590,184

7. Party-in-Interest and Related Party Transactions

Certain plan investments are units of separate accounts and a general account held by Principal Life Insurance Company. Fees incurred by the Plan for related investment management services and contract administration are included in net appreciation in fair value of investments and administrative expenses. Certain investment managers return a portion of the investment fees to the Recordkeeper, which are used to offset administrative expenses or to allocate to participant accounts, as defined. Transactions such as these, as well as notes receivable from participants, qualify as exempt party-in-interest transactions. The Company pays directly certain other fees related to the Plan's operations.

8. Prohibited Transactions

During the years ended December 31, 2025 and 2024, certain participant contributions were remitted to the Plan after the timeframe established by the DOL. The associated lost earnings were subsequently remitted to the Plan.

9. Subsequent Events

The Company evaluated subsequent events through October 1, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Plan was amended to permit Roth contributions to the Plan.
