INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Guidesoft, Inc. and the Plan Participants of the
Guidesoft, Inc. 401(k) Plan & Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Guidesoft, Inc. 401(k) Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Guidesoft, Inc. 401(k) Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Guidesoft, Inc. 401(k) Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Guidesoft, Inc. 401(k) Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Guidesoft, Inc. 401(k) Plan & Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Guidesoft, Inc. 401(k) Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter — Supplemental Schedule Required by ERISA (Continued)

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Guidesoft, Inc. 401(k) Plan & Trust (the Plan) provides only general information. Reference should be made to the plan document for a more complete description of the Plan's provisions.

General

The Plan, effective January 1, 2008, and amended and restated on October 1, 2024, is a defined contribution plan covering the employees of Guidesoft, Inc. (referred to as "the Company"). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate and receive employer contributions, as defined below, immediately, and are enrolled in the Plan on the first day of each Plan quarter following their hire date.

Contributions

Each year, participants may make voluntary contributions up to the IRS limits of pre-tax annual compensation as defined by the Plan. Participants are automatically enrolled to begin contributions to the plan at 4% with auto-escalation of 1% annually, unless another election is made.

The Company may make contributions in two manners. First, a discretionary matching contribution equal to a percentage of a participant's contribution is possible. For the year ended December 31, 2025, the Company has elected to match 50% of a participant's contributions of up to 8% of a participant's eligible compensation. Second, the Company may make a profit sharing contribution allocated to all eligible participants based on their proportionate compensation received to the total compensation received by all other eligible participants. The Company elected not to make a profit sharing contribution for the year ended December 31, 2025.

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, the Company's profit sharing contribution and earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the Company contribution portion of their account, plus earnings thereon, occurs on a graduated scale as shown below. A participant is 100% vested after five years of credited service.

Years of Service	Vested %
Less than 1 year	0%
At least 1 year, but less than 2 years	20%
At least 2 years, but less than 3 years	40%
At least 3 years, but less than 4 years	60%
At least 4 years, but less than 5 years	80%
5 years or more	100%

1. Description of the Plan, Continued

Payment of Benefits and Withdrawals

Distributions and withdrawals are payable upon normal retirement at age 65, termination, disability or death. The Plan also permits hardship withdrawals to participants subject to certain restrictions. The participant, or their beneficiary, elects the manner he or she will receive vested benefits as outlined in the plan document.

Forfeited Accounts

Forfeitures of employer matching contributions may be used to pay administrative expenses or to reduce future employer contributions. Forfeitures may also be reallocated to participants as though they are additional employer contributions. Forfeitures during the year ended December 31, 2025 were $33,837. No forfeitures were applied to reduce administrative expenses, employer contributions or reallocated to participant accounts during the year ended December 31, 2025. At December 31, 2025 and 2024, $100,404 and $62,619 of forfeitures remained to be applied in future years, respectively.

Plan Administration

The Company is the administrator of the Plan, and as such, carries out the duties imposed by ERISA. The fiduciary committee of the Company meets regularly to review investment options and performance. The administrator has delegated certain responsibilities for the operation and administration of the Plan. Some of the administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The total administrative expenses paid by the Plan were $107,634 for the year ended December 31, 2025.

Subsequent Events

Subsequent events have been evaluated by Plan management through September 30, 2026, which is the date the financial statements were available to be issued. Effective June 24, 2026, the Plan was amended to modify participant eligibility, change the name of the plan sponsor to LAM Holdings, Inc. and add additional adopting employers for participation in the Plan. Under the amended provisions, employees become eligible to participate in the Plan and receive employer contributions, as defined above, after completing one month of service and enter the Plan on the first day of the Plan month following the completion of all eligibility requirements.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

These statements have been prepared on the accrual basis of accounting. The preparation of statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at market value. Shares of registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held at year end.

Purchases and sales of securities are recorded on a settlement-date basis. Dividends are recorded on the ex-dividend date. Changes in the difference between cost and quoted market value of investments are reflected as net appreciation in value of registered investment companies in the statement of changes in net assets available for benefits.

Payments of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS, CONTINUED

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Money Market Fund: Valued at the quoted net asset value (NAV) or shares held by the Plan at year end.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The method previously described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of assets measured on a recurring basis are as follows:

	As of 12/31/25	Level 1	Level 2	Level 3
Money Market Fund	$ 1,013,759	$ 1,013,759	$ -	$ -
Mutual Funds	23,102,138	23,102,138	-	-
	$ 24,115,897	$ 24,115,897	$ -	$ -

	As of 12/31/24	Level 1	Level 2	Level 3
Money Market Fund	$ 108,687	$ 108,687	$ -	$ -
Mutual Funds	18,288,865	18,288,865	-	-
	$ 18,397,552	$ 18,397,552	$ -	$ -

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The investments at fair value held at December 31, 2025 and 2024, and the net appreciation in fair value of investments and dividend income for the year ended December 31, 2025, as reported and disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by AdvisorTrust, Inc., the trustee of the Plan.

5. INCOME TAX STATUS

The Internal Revenue Service has determined in its opinion letter dated June 30, 2020, that the prototype plan adopted by the Plan is qualified and the trust established under the Plan is exempt under the appropriate sections of the Internal Revenue Code (the IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as most recently amended and restated, is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if management has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Plan management has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability of disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. There were no interest or penalties incurred during the year ended December 31, 2025.

The Plan has filed its tax returns for periods through December 31, 2024. These returns are generally open to examination by the relevant taxing authorities for a period of three years from the later of the date the return was filed or its due date. Accordingly, the tax filings for the years ended December 31, 2024, 2023, and 2022, are open to examination at December 31, 2025.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all assets would be distributed out of the Plan in accordance with the plan document and all participants would become fully vested.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
