To Kyle Nelsen, Frank Williams, and Management
Continental Services 401(k) Profit Sharing Plan

We have audited the financial statements of Continental Services 401(k) Profit Sharing Plan (the "Plan") as of and for the year ended December 31, 2025 and have issued our report thereon dated October 1, 2026. Professional standards require that we provide you with the following information related to our audit, which is divided into the following sections:

Section I - Internal Control Related Matters Identified in an Audit

Section II - Required Communications with Those Charged with Governance

Sections I and II include information that we are required to communicate to those individuals charged with governance of the Plan. Section I communicates a deficiency we observed in the Plan's internal control that we believe is a significant deficiency. Section II communicates significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process.

We would like to take this opportunity to thank the Plan's staff for the cooperation and courtesy extended to us during our audit. Their assistance and professionalism are invaluable.

This report is intended solely for the use of Kyle Nelsen, Frank Williams, and management of Continental Services 401(k) Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.

We welcome any questions you may have regarding the following communications, and we would be willing to discuss these or any other questions that you might have at your convenience.

Very truly yours,

Plante & Moran, PLLC

Paul E. Edwards

Section I - Internal Control Related Matters Identified in an Audit

In planning and performing our ERISA Section 103(a)(3)(C) audit of the financial statements of Continental Services 401(k) Profit Sharing Plan as of and for the year ended December 31, 2025, we considered the Plan's internal control over financial reporting (internal control) other than those controls over investments and related investment activity. Our ERISA Section 103(a)(3)(C) audit was performed in accordance with auditing standards generally accepted in the United States of America except, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we did not perform any auditing procedures with respect to certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. We considered internal control as a basis for designing our procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses, and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We consider the following deficiency in the Plan's internal control to be a significant deficiency:

Review of SOC-1 Reports

During our audit, we noted management and the plan sponsor do not review the SOC-1 reports for the third-party service providers: Paycom Software, Inc. and Fidelity Workplace Services LLC. The plan sponsor places significant reliance on the controls of its third-party vendors and, therefore, is required to monitor these third-party providers. We recommend that the plan sponsor review the SOC-1 reports on an annual basis to ensure that the applicable controls at the service provider are operating effectively. We recommend that the plan sponsor follow up on any exceptions to control testing in the SOC-1 reports to determine if there has been any impact on the plan. Furthermore, we recommend the plan sponsor ensure the applicable user controls identified in the SOC-1 reports are in place at the plan sponsor. The impact of not reviewing the SOC-1 reports is that the Plan's controls may not be appropriately adjusted to address controls not in place or not effective at the service providers; thus, controls may not be in place to detect or prevent material misstatements of the Plan's financial statements.

Section II - Required Communications with Those Charged with Governance

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated July 8, 2026, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, were audited by us in accordance with auditing standards generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal controls of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on August 4, 2026.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2025.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that, in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the scope and nature of an ERISA Section 103(a)(3)(C) audit.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not detect any misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 1, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a second opinion on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts.

To our knowledge, there were no such consultations with other accountants.

Form 5500 - Annual Return/Report of Employee Benefit Plan

Our responsibility for Form 5500 does not extend beyond the financial statements, and we do not express an opinion or any form of assurance on Form 5500. However, we read the Plan's Form 5500 filing, and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

Other Information Provided for Your Consideration

Timely Deposit of Employee Deferrals

A Department of Labor regulation requires that benefit plans remit employee contributions to the plan as soon as they can be reasonably segregated from the employer's general assets. In no case can this amount of time exceed 15 business days after the end of the month in which the amounts were withheld. The 15-business-day rule, however, is not a safe harbor. The general rule has been interpreted as being as little as zero days for entities with more than 100 employees. The DOL also looks at the consistency of timing and holds employers to the least number of days for deposits when determining if contributions are timely.

Spring EBP Webinar - Available on Demand

Plan sponsors continue to navigate a wide range of responsibilities regarding their employee benefit plans. Between preparing for plan audits and maintaining regulatory compliance, staying organized and compliant can be a challenge. Watch our spring webinar on demand, where we will answer common questions from plan sponsors, like what plan sponsors can expect during an audit and what plan auditors typically require from you. We will provide guidance on how to identify and avoid common compliance pitfalls. Finally, we will highlight important IRS and DOL hot topics and the impact to your benefit plans.

Cybersecurity Risks

With the DOL's increased focus on cybersecurity for ERISA-covered benefit plans, it is vital for management to recognize both the financial and personal data risks these plans face. The value of participant data, while difficult to quantify, represents a significant exposure in the event of a breach, especially since standard theft coverage may not apply. Plan sponsors are now expected to adopt strong cybersecurity practices, including implementing formal, well-documented cybersecurity programs and maintaining vigilant oversight of third-party service providers. By following the DOL's best practices, plan sponsors can better protect plan assets and sensitive participant information, fulfilling their fiduciary duty and reducing the likelihood of costly security incidents.

Benefit Plan Vendor Assessment

Plan sponsors have a fiduciary responsibility to periodically evaluate benefit plan vendors, including recordkeepers, administrators, custodians, actuaries, and investment advisors. This involves thoroughly documenting their considerations during the evaluation and selection process. By doing so, they ensure that the chosen vendors meet the necessary standards and provide the best possible services for the benefit plan participants. Additionally, evaluating vendors can lead to operating effectiveness, as it allows plan sponsors to identify and select vendors that offer efficient and reliable services, ultimately enhancing the overall performance of the benefit plan. It is recommended that plan sponsors conduct these evaluations on a three- to five-year basis to ensure the plan administrator is maintaining its fiduciary responsibilities.

Plan Compliance and Administrative Efficiency

To reduce the risk of penalties or plan disqualification during an IRS or DOL audit, it is best practice for plan sponsors to conduct a proactive and comprehensive compliance assessment. This deeper review - beyond the scope of a routine audit - helps identify operational pitfalls, streamline administrative processes, and ensure that documentation and procedures are well understood by those with retirement plan responsibilities. By addressing issues early and documenting practices clearly, plan sponsors can strengthen compliance and support effective training for those involved in plan administration.

SECURE 2.0 - Key Changes and Upcoming Plan Amendment Requirements

In 2026, all provisions of SECURE 2.0 become effective. While SECURE 2.0 includes dozens of provisions aimed at improving retirement readiness for participants, some of the provisions add administrative burden. Further, plans were required to operate in accordance with the effective date of each new provision but were not required to adopt formal plan amendments at that time. Plan amendments for all new provisions are generally required to be made by December 31, 2026. For plan sponsors, understanding the key updates in effect is essential for compliance and strategic planning. Below is a summary of the most impactful changes:

- **Auto-enrollment Requirement** - Starting in 2025, new 401(k) and 403(b) plans must automatically enroll eligible employees at a minimum of 3 percent, increasing annually by up to 10 percent.
- **Expanded Eligibility for Part-time Workers** - Employees who work at least 500 hours per year for two consecutive years must be allowed to participate in retirement plans.
- **Higher Catch-up Contributions for Ages 60-63** - Participants in this age group can contribute up to $11,250 in 2025, offering a boost to late-stage retirement savings.
- **Roth Catch-up Contributions for High Earners** - Beginning in 2026, employees age 50 or older whose compensation from the plan sponsor exceeds the IRS-indexed threshold ($150,000 for 2025 wages) must make catch-up contributions on a Roth basis.

Litigation Risk and Fiduciary Oversight Considerations

Litigation involving employee benefit plans continues to focus on fiduciary decision-making, fee reasonableness, investment oversight, and operational compliance, making disciplined risk management increasingly important for plan sponsors. Plan sponsors can help mitigate litigation risk by maintaining well-documented governance processes, including regular benchmarking of plan fees; periodic evaluation of investment performance and service providers; transparency around complex or higher-cost investment structures; and close alignment between plan operations, governing documents, and applicable ERISA requirements, particularly in areas such as forfeiture usage and revenue-sharing arrangements.

Impact of the One Big Beautiful Bill (OBBB) on Employee Benefit Plans

The enactment of the One Big Beautiful Bill on July 4, 2025 introduced significant changes to employee benefit plans. Plan sponsors should be aware of several key provisions that directly impact benefit plan design and compliance obligations. The OBBB permanently restores the telehealth safe harbor for high deductible health plans (HDHPs), allowing these plans to waive deductibles for telehealth services without disqualifying enrollees from contributing to a health savings account (HSA). Additionally, the OBBB increases the maximum contribution limit for dependent care FSAs from $5,000 to $7,500, effective January 1, 2026. Employers can also offer up to $5,250 annually in tax-free student loan repayment assistance under a qualified educational assistance program, with this cap indexed for inflation starting in 2027. These changes provide opportunities for plan sponsors to enhance their benefit offerings and ensure compliance with the new regulations.

Independent Auditor's Report

To the Plan Administrator
Continental Services 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Continental Services 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

PRAXITY™
Empowering Business Globally

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

To the Plan Administrator
Continental Services 401(k) Profit Sharing Plan

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of Continental Services 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Continental Cafe, LLC and Subsidiaries (doing business as Continental Services and referred to as the "Company"). Prior to August 1, 2025, all employees who have completed three consecutive months of service and are age 21 or older were eligible to participate in the Plan. Effective August 1, 2025, the three consecutive months of service requirement for eligibility was reduced to one month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation as pretax or Roth contributions, and up to 20 percent may be designated as after-tax contributions. Participants who have attained age 50 before the end of the year are eligible to make additional catch-up contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company may make a discretionary matching contribution to the Plan equal to a percentage of each participant's deferred compensation to be determined annually by the Company. In 2025, the Company elected to make discretionary matching contributions equal to 50 percent of employee deferrals up to 5 percent of eligible compensation.

The Company may also make discretionary profit-sharing contributions to the Plan. There were no profit-sharing contributions in 2025.

Contributions are subject to annual limitations established by the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon.

Profit-sharing contributions are subject to a cliff vesting schedule where a participant becomes 100 percent vested only after three years of service.

Matching contributions vest according to the following schedule:

Years of Service	Vesting Percentage
2	20 %
3	40
4	60
5	80
6	100

Note 1 - Plan Description (Continued)

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount or, in some cases, partial withdrawals. The distributable amount is equal to the vested balance of a participant's account.

In-service distributions are also allowed for participants who have reached the age of 59½. Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company (Fidelity) or its affiliates. Fidelity is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

In addition, various administrative costs are paid by the Company, which also qualify as party-in-interest transactions.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Accrued Corrective Distribution

Amounts payable to participants totaling $143,862 and $75,774 as of December 31, 2025 and 2024, respectively, for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 and 2024 excess contributions to the applicable participants prior to March 15, 2025 and 2024, respectively.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investment. All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 1, 2026, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Fidelity holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held are based solely on information certified by Fidelity.

Note 4 - Tax Status

The Plan uses a preapproved plan. The preapproved plan has received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020 indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

Note 5 - Fair Value Measurements (Continued)

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2025 and 2024:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2025
