Report of Independent Auditors

To the Plan Participants and the Plan Administrator of the Inspire Medical Systems, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Inspire Medical Systems, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Shape the future
with confidence

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Shape the future
with confidence

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates

Shape the future
with confidence

directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Inspire Medical Systems, Inc. 401(k) Plan ("the Plan") provides only general information about the Plan's provisions. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Human Resources department of Inspire Medical Systems, Inc. ("the Company", "Employer", "the Plan Sponsor", or "Inspire").

General

The Plan was established on January 1, 2008 and is a contributory defined contribution plan covering substantially all full-time employees of the Company. Eligible participants can choose to enroll in the Plan immediately upon hire. Effective June 1, 2024 the Plan was amended to reduce the maximum annual contribution from 100% to 85% of eligible annual compensation as defined in the Plan document.

Effective October 7, 2024, the Plan was amended to disallow after-tax contributions and after-tax rollover contributions as active money sources. The amendment does not impact Roth contributions, which continue to be made on an after-tax basis. Effective January 1, 2026, an amendment was executed to provide a matching contribution equal to 50% of elective deferrals, not to exceed 6% of participant compensation per Plan Year, without the requirement of an annual participant notice.

The Inspire Plan Committee ("the Plan Administrator") is responsible for the general administration of the Plan. Empower Trust Company, LLC is the trustee, and Empower Annuity Insurance Company of America is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants may contribute up to 85% of eligible annual compensation as defined in the Plan, subject to Internal Revenue Service ("IRS") limitations. Salary deferral contributions include pretax deferrals and Roth deferrals. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions equal to the maximum allowed by the IRS. The Company matches 50% of the first 6% of participants' contributions. Company matching contributions were $6,108,677 for 2025. The Company may also make discretionary contributions at the discretion of the Company's board of directors. No such amounts were contributed for 2025.

Effective January 1, 2025, the Plan adopted the optional provisions of Section 109 of the SECURE 2.0 Act of 2022, which increases the catch-up contribution limit for participants who attain ages 60 through 63 during the calendar year to the greater of $10,000 or 150% of the regular catch-up contribution limit. For the year ended December 31, 2025, this enhanced catch-up contribution limit was $11,250.

Participants direct their contributions into various investment options offered by the Plan and can change their investment options on a daily basis. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of (a) the Company's discretionary contributions, if any, and (b) Plan earnings and losses. Plan earnings are generally allocated based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant-directed.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The vesting on the Company's matching contributions on participant contributions and discretionary contributions, if any, plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service. Participants will vest 100% in the event of death or disability while employed by the Company.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeitures from non-vested accounts are used to either reduce Company matching contributions or to pay Plan administrative expenses. The unallocated forfeiture balances as of December 31, 2025 and 2024 were $191,988 and $188,857, respectively. Forfeitures of $286,078 were used to reduce the Company's 2025 matching contributions. No forfeitures were used to pay 2025 administrative expenses.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. In determining the availability of a loan under the Plan, no loan may be made from post-tax contributions, such as Roth deferrals. A participant may not have more than one loan outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at the "prime rate" plus 2%, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions over not more than five years, or 15 years for the purchase of a primary residence. If a participant terminates employment with the Company, the loan becomes due and payable in full within a reasonable period of time or the participant may request a direct rollover into another qualified plan. If the loan is not repaid, it will be treated as a distribution to the participant based upon the terms of the Plan document.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds $7,000 may elect to receive either a lump-sum of his or her vested account balance, rollover the entire vested portion to a qualified plan, receive installment payments on an annual basis over a specified period as provided for in the Plan, or continue to maintain his or her account in the Plan. A participant whose vested account balance is $7,000 or less may elect to receive either a lump-sum distribution equal to his or her vested account balance in cash or may elect to rollover the entire vested portion to a qualified plan.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS, and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan are generally allocated to participant accounts proportionately based on the value of account balances. Expenses directly relating to the administration of a participant's account may be charged directly to the participant's account. Expenses that are paid by the Company are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Contributions

Participant contributions and the matching employer contributions are recorded in the year in which the participant compensation is earned.

Payment of Benefits

Benefits are recorded when paid. There are no amounts owed to the participants who had elected to withdraw from the Plan, but had not been paid as of December 31, 2025 or 2024.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025 was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by both Empower Annuity Insurance Company of America, the

issuer of the fully benefit responsive investment contract and pooled separate account, and Empower Trust Company, LLC, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 3 – Significant unobservable inputs for the asset or liability (i.e., supported by little or no market activity).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. There were no transfers between levels during the periods ended December 31, 2025 and 2024.

The following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan.

Mutual funds and money market funds: Valued at quoted market prices on the last business day of the Plan year.

Common Collective Trusts and Pooled Separate Account: The Plan holds investments in Common Collective Trusts (“CCT’s”) and a Pooled Separate Account ("PSA"). CCT’s and the PSA publish a daily Net Asset Value (NAV) per unit and the daily NAV is available to the Plan. The Plan determines that the investments in CCTs and the PSA have readily determinable fair values because the investments are equity securities in a structure similar to a mutual fund in which the fair values per unit are determined and published and are the basis for current transactions. The Plan measures the investments at the published NAV because it concludes that the quoted NAV per unit represents the price at which the investments would be sold in transactions between independent market participants. Therefore, the Plan includes the investments in its fair value measurement disclosures, including the fair value hierarchy table.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets carried at fair value.

5. Fully Benefit-Responsive Investment Contracts

The Plan held a traditional investment contract with Empower Annuity Insurance Company of America during 2024 that met the fully benefit-responsive investment contract criteria and was therefore reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

During 2025, the Plan liquidated its investment in the stable value fund. Accordingly, the Plan held no fully benefit-responsive investment contracts as of December 31, 2025.

At December 31, 2024, the Plan's ability to receive amounts due under the investment contract was dependent on the issuer's ability to meet its financial obligations. Certain events could have limited the Plan's ability to transact at contract value, including Plan termination, loss of the Plan's qualified status, or other significant changes affecting normal Plan operations. Plan management was not aware of any events that were probable of occurring that would have limited the Plan's ability to transact at contract value.

6. Risks and Uncertainties

The Plan offers investments in securities that are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at

least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Counterparty credit risk is the risk that a counterparty to a financial instrument will fail on a commitment that it has entered into with the Plan. The Plan minimizes concentrations of counterparty credit risk by undertaking transactions with multiple counterparties. The Plan's investment managers have credit policies in place and the exposure to counterparty credit risk, as well as the creditworthiness of these counterparties, is monitored on an ongoing basis.

7. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America is the recordkeeper for the Plan and, therefore these transactions qualify as party-in-interest transactions. Empower Trust Company, LLC, is the trustee of the Plan and certifies investment information, and therefore is also a related party. The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions, however they are exempt from the prohibited transactions rules under ERISA.

8. Tax Status

The underlying pre-approved plan has received an opinion letter from the IRS dated November 14, 2022 stating that the form of the Plan is qualified under Section 401 of the Code, and therefore the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to, and has chosen to, rely on the current IRS pre-approved opinion letter. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Following the plan year-end, the Plan continued administering certain provisions of the SECURE 2.0 Act prior to amendment of the Plan document. Effective January 1, 2026 all catch-up contributions for "high

earners” (currently defined by compensation of $145,000 but indexed for inflation) must be made as Roth contributions.

Management evaluated subsequent events for the Plan through October 5, 2026, the date the financial statements were available to be issued. The Plan is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.
