GLOBAL INDUSTRIAL COMPANY 401(k) PLAN

FINANCIAL STATEMENTS AND SUPPLEMENTAL SCHEDULE

YEARS ENDED DECEMBER 31, 2025 AND 2024

Independent Auditor's Report

To the Plan Administrator of
Global Industrial Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Global Industrial Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

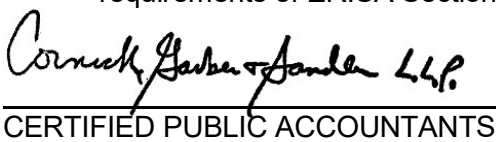

The supplemental schedule of assets held at end of year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - Description of Plan

The following description of Global Industrial Company 401(k) Plan, (the "Plan"), and related programs of Global Industrial Company and its domestic subsidiaries (collectively the "Company") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was originally established on January 1, 1987 and is a defined contribution 401(k) plan for the exclusive benefit of all full-time employees who meet minimum age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants must have more than one month of service with the Company and be at least 21 years old in order to contribute a percentage of their annual compensation through either deferral or Roth not to exceed 60% of compensation, subject to the maximum contributions allowable under the Internal Revenue Code. In accordance with the amended plan, the Company makes matching contributions equal to 37.5% of the amount of a participant's salary reduction contribution up to 6% of compensation. The Company made matching contributions of $1,267,929 for the year ended December 31, 2025. The Company can also make a discretionary profit sharing contribution, the amount of which is determined by management. No discretionary profit sharing contribution was authorized for the year ended December 31, 2025. A participant must complete 1,000 hours of service and be employed by the Company as at the last day of the plan year to be eligible for the discretionary profit sharing contribution. Employer's matching contributions are allocated to each participant based on the amount of his salary reduction contribution to the Plan and discretionary profit sharing contributions are allocated as a percentage of each eligible active participant's compensation plus a percentage of each eligible active participant's compensation in excess of the Social Security taxable wage base for the plan year ("integration level"). Excess deferral contributions made by participants in 2024 amounted to $16,119. This amount was refunded on March 7, 2025 in order to satisfy the relevant nondiscrimination provisions of the Plan. Due to its trivial nature, this amount was not included in the statement of changes in net assets available for benefit for the year ended December 31, 2024, but instead was recognized in 2025.

The Plan includes a qualified automatic contribution arrangement, pursuant to which all eligible employees are enrolled automatically with a 6% tax-deferred contribution rate unless the employee elects otherwise. These contributions are invested in the Plan's default investment option unless the employee makes a different investment election. The default investment option is the Fidelity Freedom Fund closest to the participants projected retirement date at age 65. Employees may opt out of the automatic enrollment, stop contributions, modify their contribution rate or type, or change their investment allocation at any time.

NOTE A - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and earnings and allocations of the Company's contribution. Forfeited balances of terminated participants' nonvested accounts are used to reduce Company contributions, which are allocated as discussed above.

Vesting

Participants are immediately vested in their contributions and the earnings thereon. The Company's discretionary and matching contributions, plus the earnings thereon, vest according to the schedule below. For purposes of computing years of vesting service, an employee must have completed at least 1,000 hours of service in any plan year. However, upon the participant's death, disability or attainment of age 65, all amounts are immediately vested.

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Notes Receivable from Participants

The Plan allows participants to borrow from their account a minimum of $1,000 and a maximum of up to 50% of the vested value of their account balance. However, outstanding loans under the Plan may not exceed $50,000 per participant. Loans, which are evidenced by a promissory note, bear interest at the prime rate plus 1% which is fixed at the date of the loan. Repayment is required in level payments over a period not to exceed five years, unless the loan qualifies as a home loan in which case the repayment period is not to exceed ten years. Participant loans are carried at their unpaid principal balance plus any accrued but unpaid interest.

Withdrawals

Withdrawals of all vested amounts may be made after a participant attains 59 ½ years of age or if the withdrawal is for reason of hardship (as defined).

Payment of Benefits

On termination of service due to death, disability or retirement, a participant, or the participant’s beneficiary, if due to death, is to receive the vested value of their account in either a lump sum, if the account balance is less than $7,000 or, at the participant's discretion, an annuity contract or lump sum, if the account balance is greater than $7,000.

NOTE A - Description of Plan (Continued)

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $94,272 and $655,575, respectively. These accounts will be used to reduce future employer contributions.

NOTE B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles may require the plan administrator to make certain estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values ("NAVs") of shares held by the Plan at year-end. The Plan invests in the Fidelity Managed Income Portfolio ("MIP") stable value common collective trust fund. The Plan's interest in the MIP is valued at the NAV practical expedient of the underlying investments reported by the issuer of the common collective trust at year-end. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from reported net asset value. The underlying assets owned by the MIP consist primarily of readily marketable fixed income securities. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year.

Purchases and sales of securities are recorded as of their trade-date. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. See Note C for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants' loans are carried at their unpaid principal balance plus any accrued but unpaid interest. The interest rate is 4.25% to 9.50% on all outstanding loans during 2025. As of December 31, 2025, the due dates on the outstanding loans range from one month to one-hundred-twenty months. Delinquent participant loans are reclassified as distributions upon the terms of the Plan document.

NOTE B - Summary of Significant Accounting Policies (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding charge to corrective distributions in the statement of changes in net assets available for benefits if the refund takes place prior to March 15 of the subsequent calendar year. If the refund occurs subsequent to March 15 of the subsequent calendar year, the corrective distributions are recognized in the year the distribution takes place in the statement of changes in net assets available for benefits. No excess contribution payable was recorded at December 31, 2025 or 2024.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has considered subsequent events occurring through October 7, 2026, the date the financial statements were available for issuance, in evaluating its estimates and in the preparation of its financial statements.

NOTE C - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

The Financial Accounting Standards Board standard on "*Fair Value Measurements"* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 is observable information for similar items in active or inactive markets, and Level 3 inputs are unobservable inputs to be used in situations where markets don't exist or are illiquid. Level 3 has the lowest priority.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE C - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and considered as Level 1 investments.

Stable Value Common Collective Trust: MIP is the only stable value collective trust fund available to the Plan. The Plan uses the NAV per share of the MIP provided by the trustee as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the MIP, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The MIP's units are issued and redeemed daily at the constant NAV of $1 per unit. The Fund's investment objective is stability of principal and high current income.

The following table summarizes the Plan's investments at fair value as of December 31, 2025 and 2024:

December 31, 2025	**Fair Value Total**	**Level 1**
Mutual Funds	**$122,290,429**	**$122,290,429**
Stable Value Common Collective Trust	**1,787,815***	**-**
Total	**$124,078,244**	**$122,290,429**

December 31, 2024	**Fair Value Total**	**Level 1**
Mutual Funds	$105,986,201	$105,986,201
Stable Value Common Collective Trust	1,886,052*	-
Total	$107,872,253	$105,986,201

* This investment is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been categorized in the fair value hierarchy.

NOTE C - Fair Value Measurements (Continued)

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Common Collective Trust	**$1,787,815**	N/A	Daily	1 Day

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Common Collective Trust	$1,866,052	N/A	Daily	1 Day

NOTE D - Certification by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

	2025	2024
Statements of Net Assets Available for Benefits:		
Investments at fair value	**$124,078,244**	$107,872,253
Notes receivable from participants	**2,628,239**	2,328,900
Statement of Changes in Net Assets Available for Benefits:		
Net appreciation in fair value of investments	**$14,032,491**	
Dividends	**5,102,179**	
Interest	**244,769**	
Interest income on notes receivable from participants	**206,278**	

NOTE E - Reconciliation of Financial Statements to Form 5500

The Form 5500 has been prepared using the fair value of the underlying investments held by the stable value common collective trust instead of using the NAV as the practical expedient to estimate fair value. The following is a reconciliation of the net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	**$126,706,483**	$110,201,153
Adjustment from NAV to fair value for interest in stable value common collective trust	**(54,709)**	(113 435)
Net assets available for benefits per Form 5500	**$126,651,774**	$110,087,718

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	**$16,505,330**
Net change in adjustment from NAV to fair value for interest in stable value common collective trust	**58,726**
Net increase in assets available for benefits per Form 5500	**$16,564,056**

NOTE F - Related Party and Party-In-Interest Transactions

Certain plan investments are managed by an affiliate of Fidelity Management Trust Company, the Plan's trustee. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. The fair value of such investments aggregated $118,737,932 and $100,900,404 as of December 31, 2025 and 2024, respectively. Fees paid by the Plan for investment management services are netted against net appreciation in fair value of investments.

NOTE G - Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, after payment of administrative expenses, if any, the trust fund shall be used for the exclusive benefit of members and their beneficiaries and for no other purpose. In the event of plan termination, participants will become 100 percent vested in their accounts.

NOTE H - Tax Status

The Internal Revenue Service has issued a determination letter stating that the prototype Plan from which the current Plan was derived meets the requirements of Section 401(a) of the Internal Revenue Service Code ("IRC") qualifying for tax-exempt status. Therefore, a specific determination letter for the Plan has not been applied for or obtained. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
