Independent Auditor's Report

To the Investment Committee
Shottenkirk 401(k) Retirement Savings Plan
Fort Madison, Iowa

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Shottenkirk 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required By ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i – Schedule of Assets (Held At End Of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SHOTTENKIRK 401(K)
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description Of The Plan

The following description of the Shottenkirk 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan that covers substantially all employees of Shottenkirk Automotive Group, Inc. and related participating employers (collectively, the Employer), who have worked for the Employer for at least one year, completed 1,000 hours of service and are age 21 or older. Effective for plan years beginning after December 31, 2024, the Plan complies with the long-term, part-time employee provisions of Section 125 of the Securing a Strong Retirement Act (SECURE 2.0), under which employees who attain age 21 and complete at least 500 hours of service during two consecutive 12-month periods are eligible to make elective deferrals to the Plan. Excluded employees include contract drivers, non-resident aliens, leased employees and reclassified employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Once eligible, participants are automatically enrolled in the Plan with a pre-tax deferral amount of 5% of eligible compensation unless the participant elects otherwise or makes an affirmative election not to participate in the Plan.

Participants may contribute up to 100% of eligible compensation in the form of pre-tax or after-tax (ROTH) contributions not to exceed Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Under the provisions of the Plan, the Employer has the option to make discretionary matching contributions equal to a percentage of eligible participants' elective deferral contributions. Participants are eligible for the discretionary matching contributions upon becoming eligible to make elective deferral contributions. The Employer elected to make matching contributions equal to 20% of each participant's deferral contributions limited to 5% of the participant's eligible compensation for the year ended December 31, 2025.

Under the provisions of the Plan, the Employer has the option to make discretionary profit-sharing contributions. Participants are eligible for discretionary profit-sharing contributions upon completing 1,000 hours of service during the plan year and being employed by the Employer on the last day of the plan year. The Employer did not make any discretionary profit-sharing contributions to the Plan for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer discretionary matching and profit-sharing contributions as well as allocations of the Plan's earnings and expenses. Allocations are based on the participant's eligible compensation, the value of the account balances, an equal dollar amount based on the number of participants in the Plan or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the participant's highest outstanding loan balance during the preceding 12 months or 50% of their vested account balance. The number of outstanding loans for any participant at any one time is limited to one. The loans are secured by the participant's vested account balance and bear interest at the prime rate plus 1%. Loan terms may not exceed five years, except for a loan for the purchase of a principal residence. Principal and interest are paid ratably through payroll deductions or directly by the participant.

Vesting

Participants are immediately vested in their rollover and voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on a rate of 20% for each year of credited service beginning in the second year of service. Participants are fully vested after six years of credited service or upon death, disability or the attainment of normal retirement age of 65.

Hardship Withdrawals

Participants may elect to withdraw all or a portion of their vested account balances if they incur a financial hardship. Hardship withdrawals are subject to the terms of the plan agreement and provisions of the IRC.

Payment Of Benefits

Upon termination of service due to death, disability or retirement, participants with an account balance greater than $7,000 may elect to receive either a lump-sum amount equal to the value of the participant's account or installments over a period of time. Under the default automatic rollover provisions, distributions greater than $1,000 but less than $7,000 will be made to an Individual Retirement Account without participant consent if a participant does not make a different distribution election after receiving the required notification. Participants with a vested balance of $1,000 or less will receive a lump-sum payment upon termination.

In-Service Withdrawals

Active participants who reach age 59½ may withdraw all or part of their vested accounts.

Effective in 2025, emergency savings, disaster relief and birth and adoption withdrawals are also available to actively employed participants.

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited accounts totaled $55,988 and $89,193, respectively. These accounts may be used to pay plan expenses or reduce discretionary employer matching and profit-sharing contributions. In 2025, employer matching contributions of $97,721 were paid from forfeited accounts.

2. Summary Of Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use Of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions

Contributions from plan participants and matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation. Discretionary profit-sharing contributions are recorded in the year in which they are declared by the Employer.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant does not make loan repayments and the plan administrator considers the loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan agreement.

Payment Of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds And Money Market Fund: Valued at the daily closing price as reported by the fund. These funds held by the Plan are open-ended funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Common/Collective Trust: Valued at the NAV of units of the trust. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 122,566	$ —	$ —	$ 122,566
Mutual funds	45,465,344	—	—	45,465,344
Common/collective trust	—	426,565	—	426,565
Total Assets At Fair Value	$ 45,587,910	$ 426,565	$ —	$ 46,014,475

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 497,733	$ —	$ —	$ 497,733
Mutual funds	38,146,632	—	—	38,146,632
Common/collective trust	—	680,748	—	680,748
Total Assets At Fair Value	$ 38,644,365	$ 680,748	$ —	$ 39,325,113

5. Related-Party And Party-In-Interest Transactions

Certain plan investments are shares of a money market fund and mutual funds managed by Fidelity Management Trust Company, the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants given to parties-in-interest totaled $898,717 and $939,597 as of December 31, 2025 and 2024, respectively.

The Plan receives a revenue credit from certain fund managers. A revenue credit program is a refund of a portion of the revenue the fund managers have received based on the funds participants have chosen. Revenue credits of $27,152 are included net within administrative expenses for the year ended December 31, 2025.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Prohibited Transactions

As required by ERISA Section 2510.3-102, the Employer is required to segregate employee contributions and loan repayments to the Plan from its general assets as soon as practicable. The Plan had contributions totaling $242,779, all of which represented employee salary deferrals and loan repayments, that were not remitted timely during 2025. These contributions are considered prohibited transactions.

The Employer calculated lost investment earnings on $649 of these contributions and compensated the Plan for such amounts in 2025. The Employer will calculate and compensate the Plan for lost investment earnings on the remaining $242,130 contributions in 2026.

8. Tax Status

The Employer has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Department of Labor or IRS. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks And Uncertainties

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation Of Financial Statements To Schedule H Of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31,	
	2025	2024
Net Assets Available For Benefits Per The Financial Statements	**$ 46,913,192**	$ 40,297,410
Employer receivables	—	(5,450)
Participant receivables	—	(27,250)
Net Assets Available For Benefits Per Schedule H Of Form 5500	**$ 46,913,192**	$ 40,264,710

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2025:

Change In Net Assets Available For Benefits Per The Financial Statements	$ 6,615,782
2024 employer receivables	5,450
2024 participant receivables	27,250
Change In Net Assets Available For Benefits Per Schedule H Of Form 5500	$ 6,648,482

11. Subsequent Events

SECURE 2.0 was signed into law on December 29, 2022 and includes mandatory and optional provisions with effective dates in 2026 and later. The plan administrator will determine the optional provisions to elect and amend the plan document accordingly.

Effective January 1, 2026, the Plan was amended to reduce the minimum age for participation from age 21 to age 19.

Independent Auditor's Report

To the Investment Committee
Shottenkirk 401(k) Retirement Savings Plan
Fort Madison, Iowa

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Shottenkirk 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required By ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i – Schedule of Assets (Held At End Of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description Of The Plan

The following description of the Shottenkirk 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan that covers substantially all employees of Shottenkirk Automotive Group, Inc. and related participating employers (collectively, the Employer), who have worked for the Employer for at least one year, completed 1,000 hours of service and are age 21 or older. Effective for plan years beginning after December 31, 2024, the Plan complies with the long-term, part-time employee provisions of Section 125 of the Securing a Strong Retirement Act (SECURE 2.0), under which employees who attain age 21 and complete at least 500 hours of service during two consecutive 12-month periods are eligible to make elective deferrals to the Plan. Excluded employees include contract drivers, non-resident aliens, leased employees and reclassified employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Once eligible, participants are automatically enrolled in the Plan with a pre-tax deferral amount of 5% of eligible compensation unless the participant elects otherwise or makes an affirmative election not to participate in the Plan.

Participants may contribute up to 100% of eligible compensation in the form of pre-tax or after-tax (ROTH) contributions not to exceed Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Under the provisions of the Plan, the Employer has the option to make discretionary matching contributions equal to a percentage of eligible participants' elective deferral contributions. Participants are eligible for the discretionary matching contributions upon becoming eligible to make elective deferral contributions. The Employer elected to make matching contributions equal to 20% of each participant's deferral contributions limited to 5% of the participant's eligible compensation for the year ended December 31, 2025.

Under the provisions of the Plan, the Employer has the option to make discretionary profit-sharing contributions. Participants are eligible for discretionary profit-sharing contributions upon completing 1,000 hours of service during the plan year and being employed by the Employer on the last day of the plan year. The Employer did not make any discretionary profit-sharing contributions to the Plan for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer discretionary matching and profit-sharing contributions as well as allocations of the Plan's earnings and expenses. Allocations are based on the participant's eligible compensation, the value of the account balances, an equal dollar amount based on the number of participants in the Plan or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the participant's highest outstanding loan balance during the preceding 12 months or 50% of their vested account balance. The number of outstanding loans for any participant at any one time is limited to one. The loans are secured by the participant's vested account balance and bear interest at the prime rate plus 1%. Loan terms may not exceed five years, except for a loan for the purchase of a principal residence. Principal and interest are paid ratably through payroll deductions or directly by the participant.

Vesting

Participants are immediately vested in their rollover and voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on a rate of 20% for each year of credited service beginning in the second year of service. Participants are fully vested after six years of credited service or upon death, disability or the attainment of normal retirement age of 65.

Hardship Withdrawals

Participants may elect to withdraw all or a portion of their vested account balances if they incur a financial hardship. Hardship withdrawals are subject to the terms of the plan agreement and provisions of the IRC.

Payment Of Benefits

Upon termination of service due to death, disability or retirement, participants with an account balance greater than $7,000 may elect to receive either a lump-sum amount equal to the value of the participant's account or installments over a period of time. Under the default automatic rollover provisions, distributions greater than $1,000 but less than $7,000 will be made to an Individual Retirement Account without participant consent if a participant does not make a different distribution election after receiving the required notification. Participants with a vested balance of $1,000 or less will receive a lump-sum payment upon termination.

In-Service Withdrawals

Active participants who reach age 59½ may withdraw all or part of their vested accounts.

Effective in 2025, emergency savings, disaster relief and birth and adoption withdrawals are also available to actively employed participants.

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited accounts totaled $55,988 and $89,193, respectively. These accounts may be used to pay plan expenses or reduce discretionary employer matching and profit-sharing contributions. In 2025, employer matching contributions of $97,721 were paid from forfeited accounts.

2. Summary Of Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use Of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions

Contributions from plan participants and matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation. Discretionary profit-sharing contributions are recorded in the year in which they are declared by the Employer.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant does not make loan repayments and the plan administrator considers the loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan agreement.

Payment Of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds And Money Market Fund: Valued at the daily closing price as reported by the fund. These funds held by the Plan are open-ended funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Common/Collective Trust: Valued at the NAV of units of the trust. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 122,566	$ —	$ —	$ 122,566
Mutual funds	45,465,344	—	—	45,465,344
Common/collective trust	—	426,565	—	426,565
Total Assets At Fair Value	$ 45,587,910	$ 426,565	$ —	$ 46,014,475

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 497,733	$ —	$ —	$ 497,733
Mutual funds	38,146,632	—	—	38,146,632
Common/collective trust	—	680,748	—	680,748
Total Assets At Fair Value	$ 38,644,365	$ 680,748	$ —	$ 39,325,113

5. Related-Party And Party-In-Interest Transactions

Certain plan investments are shares of a money market fund and mutual funds managed by Fidelity Management Trust Company, the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants given to parties-in-interest totaled $898,717 and $939,597 as of December 31, 2025 and 2024, respectively.

The Plan receives a revenue credit from certain fund managers. A revenue credit program is a refund of a portion of the revenue the fund managers have received based on the funds participants have chosen. Revenue credits of $27,152 are included net within administrative expenses for the year ended December 31, 2025.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Prohibited Transactions

As required by ERISA Section 2510.3-102, the Employer is required to segregate employee contributions and loan repayments to the Plan from its general assets as soon as practicable. The Plan had contributions totaling $242,779, all of which represented employee salary deferrals and loan repayments, that were not remitted timely during 2025. These contributions are considered prohibited transactions.

The Employer calculated lost investment earnings on $649 of these contributions and compensated the Plan for such amounts in 2025. The Employer will calculate and compensate the Plan for lost investment earnings on the remaining $242,130 contributions in 2026.

8. Tax Status

The Employer has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Department of Labor or IRS. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks And Uncertainties

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation Of Financial Statements To Schedule H Of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31,	
	2025	2024
Net Assets Available For Benefits Per The Financial Statements	**$ 46,913,192**	$ 40,297,410
Employer receivables	—	(5,450)
Participant receivables	—	(27,250)
Net Assets Available For Benefits Per Schedule H Of Form 5500	**$ 46,913,192**	$ 40,264,710

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2025:

Change In Net Assets Available For Benefits Per The Financial Statements	$ 6,615,782
2024 employer receivables	5,450
2024 participant receivables	27,250
Change In Net Assets Available For Benefits Per Schedule H Of Form 5500	$ 6,648,482

11. Subsequent Events

SECURE 2.0 was signed into law on December 29, 2022 and includes mandatory and optional provisions with effective dates in 2026 and later. The plan administrator will determine the optional provisions to elect and amend the plan document accordingly.

Effective January 1, 2026, the Plan was amended to reduce the minimum age for participation from age 21 to age 19.
