REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Savings and Investment 401(k) Plan of White & Case LLP

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Savings and Investment 401(k) Plan of White & Case LLP (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA
The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and the schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

General

The following brief description of the Savings and Investment 401(k) Plan of White & Case LLP (the "Plan" or "SIP") is provided for general information purposes only. Plan members should refer to the Plan document for more complete information.

The Plan is a profit-sharing plan and includes a cash or deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code, under which participants may make contributions to the Plan by means of elective salary deferrals. Plan contributions are credited to an individual account in the name of each participant. The ultimate benefit to be received by a participant depends on the aggregate amount contributed by and on behalf of the participant and investment results. The Plan is intended to benefit its participants, including partners and employees of White & Case LLP (the "Firm" or the "Plan Administrator"). Empower Trust Company, LLC is the trustee of the Plan and Empower Retirement is the recordkeeper of the Plan.

Eligibility

Generally, each employee or partner (including those classified as "Chief" as of January 1, 2026) is eligible to participate in the Plan as of the first day of the month coincident with or following their date of hire.

Contributions

The Firm contributes, on behalf of certain general staff employees, as defined, who have completed one year of service, and on behalf of each eligible partner, contributions in amounts determined by the Firm at its sole discretion. In 2025 and 2024, the Firm's discretionary contribution for the general staff participants, as defined, hired after December 1, 2003 was equal to 7.5% of each participant's annual compensation, as defined, up to $210,000. In 2025 and 2024, the Firm's discretionary contribution for each partner was $46,500 and $46,000, respectively.

Effective January 1, 2005, White & Case LLP decided not to offer participation in the White & Case LLP Retirement Income Plan (the "RIP") for all employees hired after December 1, 2003. Eligible employees hired prior to December 2, 2003, were required to make a one-time irrevocable election to continue accruing benefits under the RIP or to receive a 7.5% discretionary Firm contribution in this Plan. If the eligible employee elected to continue accruing benefits under the RIP, they received a discretionary Firm contribution equal to 3% of each participant's annual compensation, as defined, up to the Social Security wage base, and an additional 6% of the portion of annual compensation above the Social Security wage base but below $210,000.

All participants are allowed to make elective salary deferrals under the 401(k) feature of the Plan. Eligible employees are automatically enrolled in the Plan at a contribution rate of 3% unless they elected to opt-out. Each participant's deferral percentage will automatically increase to the next whole percentage annually, up to 15% of compensation, unless the participant elects otherwise. Automatic enrollment and automatic increase does not apply to participants outside the United States.

Participants are allowed to make after-tax (Roth 401(k)) contributions to the Plan in addition to or in lieu of traditional pre-tax contributions.

Effective July 2025, the Plan was amended to permit employees eligible to make elective deferrals under the Plan (other than those classified as "Chief") to also make voluntary after-tax contributions to the Plan. For the plan year ending December 31, 2025, voluntary after-tax contributions were limited to $20,000 per participant. Such contributions are maintained in separate participant accounts in accordance with the terms of the Plan.

Investment Elections

Participants file an election designating the proportion in which elective salary deferrals and contributions on their behalf are to be allocated among a selection of investment options.

To the extent that participants do not provide direction on how to invest the assets in their account, the money is invested in the SIP's qualified default investment alternative ("QDIA"). The QDIA for the SIP is the T. Rowe Price Retirement Trust based on the participant's age.

Vesting

Amounts contributed by or on behalf of a participant are immediately fully vested and are non-forfeitable.

Payment of Benefits

A participant's interest in the Plan's assets is distributable upon retirement, termination of service or death. A participant may elect to defer distribution if the participant's account balance exceeds $7,000. Pursuant to the terms of the Plan, if the participant's balance is less than $7,000, their account will be automatically rolled over to an IRA with Inspira Financial in the absence of an election.

For termination for reasons other than death the entire amount to the credit of a participant's account shall be distributed in one of the following forms: (1) single lump sum payment, (2) one or more partial lump sum payments in designated amounts elected by the participant, or (3) a series of lump sum payments made no more frequently than once per month, as defined.

In-Service Withdrawals

A participant who has attained age 59½ and has not terminated (regardless of whether the participant is actively at work), or if the participant has qualified for long-term disability benefits under the applicable benefit component of the White & Case LLP Health and Welfare Plan, they may elect to withdraw all or any portion of their account once per month.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator (prime+1% for the 2025 Plan year). Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Amendment and Termination of the Plan

The Firm reserves the right to amend or terminate the Plan at any time, in accordance with the Firm's established rules of procedure. However, neither through amendment, nor by Plan termination, may any part of the Plan's assets ever be returned to the Firm. All assets of the Plan must be used for the exclusive benefit of participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Financial Statement Presentation

The financial statements of the Plan are prepared under the accrual method of accounting statements in accordance with accounting principles generally accepted in the United States of America ('U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 3 for discussion of fair value measurements.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual Fund Fees

Underlying investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of investment earnings activity and thus not separately identifiable as an expense.

Administrative and Investment Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

NOTE 3 - FAIR VALUE OF FINANCIAL INSTRUMENTS

As required by the Fair Value Measurements and Disclosure Topic of the Financial Accounting Standards Board Accounting Standards Codification, fair value is to be determined based on the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market, in an orderly transaction between market participants. Such is a market-based measurement, not an entity-specific measurement.

This Topic establishes a three-level valuation hierarchy based upon observable and non-observable inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable either directly or indirectly; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data, for substantially the full term of the assets or liabilities.

Level 3 - Significant inputs to the valuation model that are unobservable, typically based on a Plan's own assumptions, as there is little, if any, related market activity.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: These accounts include investments in common stocks, preferred stocks and mutual funds (Level 1 inputs) that are valued at the quoted market prices reported in active markets in which the individual securities are traded.

Variable Annuity: Prices/unit values for Variable Annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The underlying investments in the annuity contract are actively traded.

Collective Trust Funds and Pooled Separate Account: Valued at the NAV of units of the collective trust funds as provided by the trustee. The NAV, as provided by the trustees, is used as a practical expedient to fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The methods of valuation described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Fair Value Measurements

The following tables presents the fair value hierarchy for the balances of the assets of the Plan measured at fair value as of December 31, 2025 and 2024.

Investment Assets at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 223,660,339	$ -	$ -	$ 223,660,339
Self-directed brokerage	68,170,323	-	-	68,170,323
Total	$ 291,830,662	$ -	$ -	291,830,662
Common collective trusts (A)[(1)]				924,579,994
Total investments at fair value				$1,216,410,656

Investment Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 196,740,850	$ -	$ -	$ 196,740,850
Variable annuity	10,154,730	-	-	10,154,730
Self-directed brokerage	58,807,578	-	-	58,807,578
Total	$ 265,703,158	$ -	$ -	265,703,158
Common collective trusts (A)[(1)]				779,838,077
Total investments at fair value				$1,045,541,235

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

(1) The primary investment strategy of the Collective Trusts and Pooled Separate Account is to invest over time a diversified portfolio of underlying trusts that represent various asset classes and sectors. The allocation to equity-based underlying trusts is expected to become increasingly conservative over time, with substantial exposure to equity-based underlying trusts (approximately 50%) remaining at the end of its target year and the most conservative allocation (approximately 20%) projected to occur 30 years after the target date is reached. Under the terms of the Declaration of the Trust, unit holders may be required to provide 90-days advance written notice to the trustee prior to redemption of trust units. There are no unfunded commitments to the collective trust investments.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE 4 - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Empower Trust Company, LLC, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2025.

NOTE 5 - TAX STATUS

The Internal Revenue Service determined and informed the Firm by a letter dated October 1, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the tax determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that may not be sustainable upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan provides for various investments in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the participants' accounts and amounts reported in the statements of net assets available for benefits. Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments.

NOTE 7 - RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of the net assets available for benefits as reported on the financial statements at December 31, 2025 and 2024 to the Form 5500:

	2025
Net assets available for benefits as reported on the financial statements	$1,225,916,588
Certain deemed distributions of participant loans	(361,885)
Net assets available for benefits as reported on the Form 5500	$1,225,554,703

	2024
Net assets available for benefits as reported on the financial statements	$1,054,276,550
Certain deemed distributions of participant loans	(279,794)
Net assets available for benefits as reported on the Form 5500	$1,053,996,756

The following is a reconciliation of the changes in net assets available for benefits for the year ended December 31, 2025, per the financial statements to the Form 5500:

Net increase as reported on the financial statements	$ 171,640,038
Certain deemed distributions of participant loans	(82,091)
Net increase as reported on the Form 5500	$ 171,557,947

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by Empower Trust Company, LLC, the trustee of the Plan. Therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan to Empower Trust Company, LLC were approximately $142,000 for the year ended December 31, 2025. The Plan also pays investment advisory fees. As service providers to the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to these service providers were approximately $220,000 for the year ended December 31, 2025.

NOTE 9 - NON-EXEMPT TRANSACTIONS

During the plan year ended December 31, 2025, the Plan Sponsor did not remit certain participant contributions within the time period required by the Department of Labor's Rules and Regulations under ERISA. Plan management has fully corrected this matter and remitted the lost earnings to affected participant accounts in 2025.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 7, 2026, which is the date the financial statements were available to be issued.

Effective as of January 1, 2026, the Plan was amended and restated to: (i) incorporate prior amendments, (ii) incorporate the provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), the Coronavirus Aid, Relief, and Economic Relief Act of 2020 (CARES Act), and the Secure 2.0 Act of 2022 (Secure 2.0), (iii) increase the auto enrollment amount from 3% to 6% and (iv) to reflect certain clarifying changes to the Plan.
