Report of Independent Auditor

To the Plan Administrator
Short Mountain Silica
Employee Benefit Plan and Trust
Mooresburg, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Short Mountain Silica Employee Benefit Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

The following description of the Short Mountain Silica Employee Benefit Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the Little Six Corporation and related employer, Short Mountain Trucking, Inc., (the "Company" or the "Sponsor"). The Plan was established by the Plan Sponsor on January 1, 1993, and most recently amended on January 6, 2025. Excluded classes of employees include independent contractors, nonresident aliens, union employees, and residents of Puerto Rico. There is no age or service requirement to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration – The Plan is administered by the Sponsor, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Plan Amendment – Effective January 6, 2025, the Plan was amended to increase the auto escalation ceiling to 10%.

Contributions – Each year, participants may contribute a portion of their eligible compensation on a pre-tax basis, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain IRC limits. Participant contributions are remitted each pay period to the Plan by the Sponsor from employee payroll deductions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. The Plan also includes an automatic annual increase of 1% each year not to exceed 10% of eligible compensation. Participants direct the investment of their contributions into various investment options.

The Sponsor will make a safe harbor matching contribution equal to 100% of participant contributions up to 3% of eligible compensation plus 50% of participant contributions between 3% and 5% of eligible compensation.

The Sponsor may make a nonelective discretionary matching contribution equal to a uniform percentage or dollar amount of elective deferrals. Contributions are subject to certain limitations. The Sponsor did not make a nonelective discretionary matching contribution in 2025.

Sponsor's management may make a discretionary profit sharing contribution as determined annually. In order to share in the profit sharing contributions, a participant must be employed on the last day of the Plan year. Profit sharing contributions are made pro rata based on the participant's eligible compensation as a percentage of total eligible compensation.

The Sponsor made a discretionary profit sharing contribution and a safe harbor matching contribution in the combined amount of $514,434 for the year ended December 31, 2025.

Participant Accounts – Each participant's account is credited with the participant's contributions, allocations of the Sponsor's nonelective discretionary matching contributions, if any, allocations of the Sponsor's discretionary profit sharing contributions, if any, allocations of the Sponsor's safe harbor matching contributions, and Plan earnings. Each participant's account is charged with benefits paid to participants and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately 100% vested in all contributions and earnings thereon.

Investment Options – Participants may direct contributions to selected investments as made available and determined by the Plan administrator. Participants may change their investment options at any time throughout the year via direct phone and internet access to the third party administrator.

Benefits Paid to Participants – Upon termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment. If the participant's vested balance does not exceed $5,000, the Plan requires a distribution. Certain income tax penalties may apply to withdrawals prior to age 59½.

Forfeitures – Forfeitures can be used to pay administrative expenses or reduce future Sponsor contributions. The Plan used $-0- of forfeitures to reduce Sponsor contributions during the year ended December 31, 2025. The balance of the forfeiture account was $21 and $20 as of December 31, 2025 and 2024.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. These investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Contributions Receivable – The number of participant related contributions that have been deducted from the participant's payroll as of the end of the year but that have not been deposited with the Plan until after the end of the year is reflected as participant contributions receivable in the Plan's financial statements. In addition, any contributions due and payable by the Company are reflected as Employer contributions receivable in the Plan's financial statements.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2—Summary of significant accounting policies (continued)

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are, therefore, excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Fair Value Measurements – U. S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction. The fair value hierarchy requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – This investment is a public investment vehicle valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Money Market Fund – This investment is a public investment vehicle valued using NAV provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high quality, liquid debt, and monetary assets. The trustee establishes the market and quotes the price, on a daily basis, that is available to market participants, which is a market approach to valuation. The money market account is classified within Level 2 of the valuation hierarchy.

Common Collective Trust Funds – These investments are valued using NAV as a practical expedient provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Common collective trust funds have not been classified under the fair value hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information certified by the qualified institution

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company (the "qualified institution") of the Plan has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments and interest and dividend income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value measurements

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 114,601	$ -	$ -	$ 114,601
Money market fund	-	1,043	-	1,043
Investments in fair value hierarchy	$ 114,601	$ 1,043	$ -	115,644
Common collective trust funds measured at NAV[(a)]				8,431,640
Investments, at fair value				$ 8,547,284

	2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 19,484	$ -	$ -	$ 19,484
Money market fund	-	1,000	-	1,000
Investments in fair value hierarchy	$ 19,484	$ 1,000	$ -	20,484
Common collective trust funds measured at NAV[(a)]				7,596,939
Investments, at fair value				$ 7,617,423

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4—Fair value measurements (continued)

The following tables summarize investments for which fair value is measured using NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	As of December 31, 2025			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	$ 8,431,640	N/A	Daily	Daily

	As of December 31, 2024			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	$ 7,596,939	N/A	Daily	Daily

Note 5—Related party and party-in-interest transactions

Certain administrative expenses are paid to the investment advisor, qualified institution, and recordkeeper of the Plan. These transactions qualify as party-in-interest transactions. These administrative expenses amounted to $8,022 for the year ended December 31, 2025. Certain Plan investments are managed by the qualified institution of the Plan.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan. Distributions of participant accounts will be made in a manner permitted by the Plan.

Note 7—Tax status

The Plan Sponsor adopted a non-standardized, pre-approved profit sharing plan which received a favorable opinion letter from the Internal Revenue Service (“IRS”) on August 19, 2020, which stated that the prototype Plan is designed in accordance with applicable sections of the IRC. The Plan has not received an opinion letter specific to the Plan itself, and the prototype Plan has been amended since receiving the opinion letter. However, the Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2025. The Plan Sponsor believes the Plan has no income subject to unrelated business income tax.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 8,807,570	$ 7,847,157
Employer contributions receivable	(245,356)	(229,734)
Participant contributions receivable	(14,930)	-
Net assets per Form 5500	$ 8,547,284	$ 7,617,423

The following is a reconciliation of the net increase in net assets available for benefits for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 960,413
Change in employer contributions receivable	(15,622)
Change in participant contributions receivable	(14,930)
Net income per Form 5500	$ 929,861

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent to the statement of net assets available for benefits date of December 31, 2025 through October 6, 2026, which is the date these financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure.
