# Independent Auditor's Report

Plan Administrator and Management
Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan
Little Ferry, New Jersey

## *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

## *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## *Auditor's Responsibilities for the Audit of the Financial Statements*

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## *Other Matter – Supplemental Schedules Required by ERISA*

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1. Description of the Plan

The following description of the Plan is provided for general information only. Participants should refer to the Plan Document for more complete information.

### *General*

The Plan is a salary reduction plan created in accordance with the Internal Revenue Code (the Code). All employees of Dassault Falcon Jet Corp. (the Company) who have satisfied certain eligibility requirements are covered by the Plan. The Plan's primary eligibility requirements are the attainment of age 21 and the completion of six months of service. The Plan Administrator appointed by the Board of Directors of the Company administers the Plan.

### *Contributions*

In accordance with the Plan provisions and subject to limitations under the Code, participants may elect to make voluntary contributions of 1% to 50% of their eligible compensation, up to a maximum of $23,500 and $23,000 in 2025 and 2024, respectively, (plus a catch-up contribution of $7,500 for each year, for participants aged 50 and over), on a tax deferred basis. Participants also have the option to elect to make voluntary contributions of 1% to 8% of their compensation on an after-tax basis, up to the maximum limits noted previously.

The Company makes matching contributions for participants equal to 50% of participant deferrals (excluding catch-up and after-tax contributions) up to 6% of compensation. Effective January 1, 2019, participants hired on or after July 1, 2018 receive matching contributions equal to 100% of their deferrals (excluding catch-up and after-tax contributions) up to 6% of eligible compensation. Effective January 1, 2024, participants are eligible to receive Safe Harbor matching contributions.

The Company is permitted to make discretionary non-elective contributions to the Plan. Effective January 1, 2019, the Company may make non-elective contributions equal to 5% of eligible compensation for participants hired on and after July 1, 2018. Effective January 1, 2019, the Plan was amended to allow for the Company to make discretionary non-elective contributions for employees who are hired on or after July 1, 2018 and meet the eligibility requirements of the Plan. Effective January 1, 2022, the Plan was amended to allow for the Company to make discretionary non-elective contributions equal to 5% of eligible compensation for the Plan year 2022 through 2026 and 3% of eligible compensation for the Plan year 2027 and beyond for employees who were hired prior to July 1, 2018. For the year ended December 31, 2025, the Company elected to make a discretionary non-elective contribution for eligible employees totaling approximately $9,950,000 which was included in employer receivables in the accompanying statement of net assets available for benefits. Effective March 2025, the Plan was amended to allow for Roth and after-tax Roth conversion contributions.

### *Forfeiture Accounts*

The Plan’s forfeiture account captures unvested amounts from terminated participants and any other unvested sources. The monies in the forfeiture account can be used to offset future employer contributions and reasonable plan expenses, as defined by applicable rules and regulations. All assets in the forfeiture account are a Plan asset and are used to benefit the Plan. During the year ended December 31, 2025, no forfeitures were added to the forfeitures account and approximately $47,000 was used to reduce the profit sharing contribution or employer match made by the Company. The Plan had accumulated forfeitures of approximately $72,600 and $29,300 as of December 31, 2025 and 2024, respectively.

### *Participant Accounts*

The Plan is an individual account plan, i.e., each participant has their own account in the Plan and exercises control over the assets in their account. Each participant's account is credited with the participant's contributions, plan earnings, and allocated forfeitures. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for certain participant-directed investment options among the investments listed in the statement of net assets available for benefits. Participants can split their contributions in multiples of 1%. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *Vesting*

The participants have full and immediate 100% vesting in their contributions and related interest and earnings credited to their accounts. Participants become fully vested in the portion of their accounts attributed to the Company's contributions after completing three years of service, as defined in the Plan Document.

### *Notes Receivable From Participants*

Participants are eligible to borrow from their account upon approval from the Plan Administrator. A participant may not have more than one outstanding loan at any time. The loan must be paid back within five years or fifteen years if used to purchase a principal residence. The amount of any loan to a participant when added to the individual's outstanding loans from this Plan and any other plan maintained by this employer or a related employer shall not exceed the lesser of $50,000 or 50% of the vested portions of the participant's account as of the valuation date coinciding with or immediately preceding the date of the loan. The minimum loan amount is $1,000. The interest rate is determined by the Plan Administrator as of the date the loan is made. Interest rates on loans shall be reasonably commensurate with current interest rates charged for loans under similar circumstances by persons in the business of lending money.

### *Payment of Benefits*

On termination of service, participants can receive their vested benefits as a lump sum payment subject to federal income tax withholding, have the payment made as a "direct rollover" to an individual retirement account or to another employer's tax qualified plan, or receive their vested benefits in fixed installments, as directed by the participant.

## Note 2. Summary of Significant Accounting Policies

### *Basis of Accounting*

The financial statements of the Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan (the Plan) have been prepared on the accrual basis of accounting.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the plan's gains and losses on investments bought and sold, as well as held during the year.

### *Payment of Benefits*

Benefits payments to participants are recorded upon distribution.

### *Contributions*

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

### *Notes Receivable From Participants*

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

### *Administrative Expenses*

Costs and expenses incurred with regard to the purchase, sale, and transfer of securities in connection with the operation of the Plan are charged to the Plan. The Company pays substantially all other administrative expenses of the Plan.

## Note 3. Related-Party and Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by Bank of America, N.A. (“Bank of America”). Bank of America is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. The Plan’s recordkeeper is Merrill Lynch, Pierce, and Fenner & Smith Incorporated (“MLPFS”). Administrative fees paid to MLPFS were $31,330 and these transactions qualify as exempt party-in-interest transactions.

The Plan’s revenue account collects investment-related revenue, which is then used to offset the Plan’s administrative expenses (recordkeeping, investment advisory, audit, mailing, etc.), as defined by applicable rules and regulations. All assets in the revenue account are a Plan asset and are used to benefit the Plan. Total additions to the Plan’s revenue account approximated $800 during the year ended December 31, 2025. This amount is shown in the net realized and unrealized appreciation in fair value of investments in the statement of changes in net assets available for benefits. There were no Plan expenses paid by the revenue account during the year ended December 31, 2025. The Plan’s revenue account approximated $25,000 and $24,000 as of December 31, 2025 and 2024, respectively.

## Note 4. Certification of Plan Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A. and Mass Mutual Life Insurance Company, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

## Note 5. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

**Level 1** Quoted prices in active markets for identical assets or liabilities.

**Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

**Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

### *Recurring Measurements*

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

| | 2025 | | | |
|---|---|---|---|---|
| | | Fair Value Measurement Using | | |
| | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2025 and 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

### *Investments*

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

## Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## Note 7. Investment Contract with Insurance Company

The Plan had entered into a fully benefit-responsive guaranteed investment contract. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the contract was fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract was presented at contract value on the face of the statement of net assets available for benefits. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan Documents; (2) changes to the Plan's prohibition on competing investment options; (3) bankruptcy of the Plan sponsor or other Plan sponsor events that significantly affect the Plan's normal operations; (4) the failure of the Plan to qualify under the Internal Revenue Code; or (5) premature termination of the contract. The Plan Administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

## Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their individual account balance.

## Note 9. Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by CCH Incorporated, DBA FTWilliam.com. This prototype Plan Document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Note 10. Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. The Plan sponsor failed to timely remit participants' contributions for certain payroll periods during 2024. In accordance with the DOL Regulations 2510.3-102, the Plan is reporting delinquent participant contributions of $4,420,259. In August 2026, the Plan sponsor completed the correction of the delinquent participant contributions, including the related lost earnings.

## Note 11. Subsequent Events

Subsequent events have been evaluated through October 2, 2026, which is the date the financial statements were available to be issued.

Effective January 1, 2026, the Plan was amended to permit Roth Catch-up contributions and to operate under a nonstandardized prototype retirement plan sponsored by Merrill Lynch, Pierce, and Fenner & Smith Inc.

See Note 10 for subsequent correction of the delinquent participant contributions.

In September 2026, assets and participant account balances of the Midway Aircraft Instrument Corporation 401(k) Plan were transferred to the Plan.
