INDEPENDENT AUDITORS' REPORT

To the Participants and the Board of Directors
Allredi, LLC, Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements
We have performed the audit of the accompanying 2025 financial statements of Allredi, LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements
Management is responsible for the preparation and fair presentation of these 2025 financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors’ Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to the assets held for investments of the Plan that were certified by a qualified institution. Their report, dated October 8, 2025, indicated that: (1) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (2) the information in the 2024 financial statements related to the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(c).

Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103 (a)(3)(c).

1. PLAN DESCRIPTION

The following description of the Allredi, LLC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Allredi, LLC (the Company or Sponsor) who have attained age 18, except for union employees, nonresident aliens who have no earned income from sources within the United States, leased employees and employees employed by Abrasive Products & Equipment at the time of the merger, as defined. Employees are eligible to participate in the Plan on the first day of the Plan Year quarter coinciding with or next following the date the eligibility requirements are attained. Service with Abrasive Products and Equipment LLC is recognized for purposes of eligibility, vesting and contribution allocations.

Voya Institutional Trust Company (VITC) serves as the Plan's trustee. Voya Retirement Insurance and Annuity Company (VRIAC) is the custodian and recordkeeper of the Plan. The Company acts as the Plan administrator and is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute pretax annual compensation, as defined in the Plan, up to the maximum amount permitted by the Internal Revenue Code. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the Plan Year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers); rollovers are accepted from any eligible employee, including those who have not yet satisfied the Plan's eligibility conditions.

The Plan includes an eligible automatic contribution arrangement (EACA) under which employees are automatically enrolled at a pretax deferral rate of 3% of eligible compensation unless the employee affirmatively elects a different percentage, elects a Roth deferral or elects not to participate. The automatic deferral provisions became effective January 1, 2021 and do not apply to employees who were participants immediately prior to that date. There are no scheduled increases to the automatic deferral percentage. A participant may request a permissible withdrawal of automatic deferrals within 90 days of the first automatic deferral.

The Company may make a discretionary matching contribution and a discretionary profit-sharing (nonelective) contribution. For the year ended December 31, 2025, the Company elected to match 50% of participants' deferrals up to 6% of the participants' compensation, as defined. The matching contribution is determined on each payroll period and is not subject to an annual true-up. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Discretionary profit-sharing contributions, if any, are allocated in the same ratio that each eligible participant's compensation bears to the total compensation of all eligible participants. To share in an allocation, a participant must complete at least 1,000 hours of service during the Plan Year and be employed on the last day of the Plan Year. These conditions are waived for participants who terminate employment during the Plan Year due to death, total and permanent disability, or termination of employment on or after normal retirement age. No discretionary profit-sharing contribution was made for the year ended December 31, 2025.

Investment Options
Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan committee in 1% increments. Participants may change their investment options daily.

Participant Accounts
Each participant’s account is credited with the participant’s contributions and the Company’s discretionary matching contribution, as well as allocations of any Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting
Participants are vested immediately in their elective deferrals and rollover contributions, plus actual earnings thereon. Participants vest in the Sponsor's discretionary matching and profit-sharing contributions, plus actual earnings thereon, based on years of continuous service in accordance with the following schedule:

Years of service	Vested percentage
Less than 1	0%
1	30%
2	60%
3 or more	100%

A participant also becomes 100% vested upon death or total and permanent disability.

Payment of Benefits
The Plan permits distributions when a participant terminates employment, reaches normal retirement age, or becomes disabled or deceased. Normal retirement age is age 65, and the normal retirement date is the first day of the month coinciding with or next following the date a participant attains normal retirement age. A participant may retire early upon attaining age 55 and completing at least five years of vesting service. In-service withdrawals are permitted for certain financial hardships or upon attainment of age 59½. Benefits are payable in lump sums or in substantially equal installments; an annuity form of distribution is available if elected by the participant. Distributions are made in cash.

Forfeitures
Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled $148,445 and $222,500 as of December 31, 2025 and 2024, respectively. During 2025, forfeitures of $192,500 were used to reduce Company contributions and fees of $622.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions which affect the reported amounts in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties
Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Investment Valuation and Income Recognition
Investments are reported at fair value, with the exception of the Voya Fixed Account which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for discussion of contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Other Payable
The other payable includes contributions received by the Plan that relate to compensation earned in a subsequent Plan Year are recorded as a liability and are excluded from contributions in the accompanying statement of changes in net assets available for benefits. There were no contributions received in advance as of December 31, 2024.

Subsequent Events
Management has evaluated subsequent events through September 29, 2026, which is the date the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*.

3. INFORMATION CERTIFIED BY THE CERTIFYING ENTITIES

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by VITC and VRIAC.

4. FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this standard are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used as of December 31, 2025 and 2024.

Registered investment companies (mutual funds) and money market fund: Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds and Money market fund	$ 16,099,840	$ -	$ -	$ 16,099,840
Investments at fair value	$ 16,099,840	$ -	$ -	$ 16,099,840

	Fair Value Measurements as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds and Money market fund	$ 14,260,331	$ -	$ -	$ 14,260,331
Investments at fair value	$ 14,260,331	$ -	$ -	$ 14,260,331

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

5. INVESTMENT CONTRACT

The Plan entered into a benefit-responsive investment contract with VRIAC. The Voya Fixed Account is a fixed interest option available under the investment contract. The Voya Fixed Account is an obligation of VRIAC's general account which supports all VRIAC's insurance and annuity commitments. All guarantees are based on the financial strength and claims-paying ability of VRIAC. The Voya Fixed Account guarantees principal and a guaranteed minimum interest rate for the life of the contract.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus applicable interest credited, less previous withdrawals or transfers and administrative charges. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with VRIAC, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. There are no unfunded commitments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan committee does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

The Plan invested in a fixed account and a money market fund managed by VRIAC and VITC, respectively. In addition, the Plan paid administrative fees to the Plan's trustee and third-party administrator totaling $54,862. As such, these transactions qualify as exempt party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

8. TAX STATUS

The Company has adopted a pre-approved non-standardized defined contribution plan with a cash or deferred arrangement. The pre-approved plan received an opinion letter from the IRS dated June 30, 2020, stating that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and that the related trust is tax-exempt. In accordance with Revenue Procedure 2017-41, the Plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS opinion letter. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of the statement of net assets available for benefits as of December 31, 2025 and statement of changes in net assets available for benefits for the year then ended to the Form 5500.

Statement of Net Assets Available for Benefits per Financial Statements	$ 16,381,701
Add: Other Payable	53,921
Statement of Net Assets Per Form 5500	$ 16,435,622
Net Increase per Financial Statements	$ 1,864,638
Add: Change in Other payable	53,921
Net Income per Form 5500	$ 1,918,559
