d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) [ ] This form is filed for a CCT, PSA, DCG or MTIA. **(2)** [ ] It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**	X		53828
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? To Mr. Vincent Nagle, Ms. Kerrie Douglas,
and Ms. Sally Barker
John Nagle Co. Retirement Plan

We have audited the financial statements of John Nagle Co. Retirement Plan (the "Plan") as of and for the year ended December 31, 2025 and have issued our report thereon dated October 7, 2026. Professional standards require that we provide you with the following information related to our audit, which is divided into the following sections:

Section I - Internal Control Related Matters Identified in an Audit

Section II - Required Communications with Those Charged with Governance

Sections I and II include information that we are required to communicate to those individuals charged with governance of the Plan. Section I communicates deficiencies we observed in the Plan's internal control that we believe are a material weakness and a significant deficiency. Section II communicates significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process.

We would like to take this opportunity to thank you and the Plan's staff for the cooperation and courtesy extended to us during our audit. The assistance and professionalism provided were invaluable.

This report is intended solely for the use of Mr. Vincent Nagle, Ms. Kerrie Douglas, Ms. Sally Barker, and management of John Nagle Co. Retirement Plan and is not intended to be and should not be used by anyone other than these specified parties.

We welcome any questions you may have regarding the following communications, and we would be willing to discuss these or any other questions that you might have at your convenience.

Section I - Internal Control Related Matters Identified in an Audit

In planning and performing our ERISA Section 103(a)(3)(C) audit of the financial statements of John Nagle Co. Retirement Plan as of and for the year ended December 31, 2025, we considered the Plan's internal control over financial reporting (internal control) other than those controls over investments and related investment activity. Our ERISA Section 103(a)(3)(C) audit was performed in accordance with auditing standards generally accepted in the United States of America except, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we did not perform any auditing procedures with respect to certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. We considered internal control as a basis for designing our procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a deficiency in internal control that we consider to be a material weakness and another deficiency that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

We consider the following deficiency in the Plan's internal control to be a material weakness:

Deferral Elections

During our audit procedures over participant contributions, we noted that a number of participant deferral elections were, at times, not properly reflected in the payroll system. The differences noted are summarized as follows:

- According to the Plan's adoption agreement, a participant may change their salary reduction agreement, effective as of the beginning of each calendar quarter. During our testing, we noted multiple instances where participants' deferral election changes were implemented in the payroll system after an election was made, but before the beginning of each calendar quarter.

- Bonus compensation is considered eligible compensation, and deferrals should be withheld on this compensation. It was noted that bonus compensation for one participant selected for testing did not have any salary deferrals, even though the participant had a salary deferral election in place.

- Super catch-up contributions were allowed for participants age 60-63 beginning in 2025. In our sample for testing selections, we noted that one participant who appears to have been eligible for super catch-up contributions had their deferral stopped after reaching the regular catch-up amount.

- One participant selected for testing had a deferral percent withheld from payroll that did not agree to his salary reduction election for approximately one month.

Furthermore, in reviewing the 2024 audit workpapers of the prior accountants, there were also multiple discrepancies between participant election forms and the actual percent being withheld from participants' payroll.

Section I - Internal Control Related Matters Identified in an Audit (Continued)

Timely and accurate implementation of participant deferral elections is important because a defined contribution plan generally must be operated in accordance with its governing plan document and participant elections. Failure to timely implement an employee's elective deferral election may, in certain cases, jeopardize the Plan's tax-qualified status and may implicate Employee Retirement Income Security Act of 1974 (ERISA) fiduciary responsibilities.

Payroll setup errors can result in missed employee deferrals and excess or insufficient withholding. Where participant elections were not implemented correctly, affected participants may need corrective contributions intended to address missed deferral opportunities, adjusted for earnings. The appropriate correction can depend on the nature, duration, and timing of the error, as well as the terms of the Plan and applicable Internal Revenue Service correction guidance. Because errors were identified across multiple elections, management should consult with an ERISA attorney to evaluate whether any corrective action is needed.

The above testing results indicate that the plan sponsor's process for receiving and timely and properly entering participant deferral elections to the payroll system was not operating consistently during the period under audit. Accordingly, management should review its internal control procedures to ensure that all deferral elections are timely and properly entered into the payroll system and that deferrals are withheld from all eligible payroll, consistent with plan provisions.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

- A DOL regulation requires that benefit plans remit employee contributions to the plan as soon as they can be reasonably segregated from the employer's general assets. In no case can this amount of time exceed 15 business days after the end of the month in which the amounts were withheld. The 15-business-day rule, however, is not a safe harbor. The general rule has been interpreted as being as little as zero days for entities with more than 100 employees. The DOL also looks at the consistency of timing and holds employers to a deposit standard, which is the employer's historically fewest number of days to actually deposit employee contributions, when determining if contributions are timely.

- During inquiries related to the 2025 audit, it was determined that lost earnings related to late remittances that occurred in 2024 and 2023 were not remitted to the affected participants until August 2026. Controls over compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA did not ensure the timely correction of contributions remitted after the time frame required by the DOL. This was due to the extended time between the identification of the late remittances and the remittance of related lost earnings.

- Also, during the 2025 audit, we noted that employee contributions (deferrals and loan repayments) were remitted to the plan trustee within a range from one day prior to the pay date up to four business days after the pay date. As a result, controls over compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA related to the timely deposit of employee contributions, as required by the DOL, were not consistently applied. Upon audit by the DOL, it could be determined that certain deposits were late, resulting in the Plan being out of compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA. In addition, the net assets of the Plan could be understated for the related lost earnings.

Section II - Required Communications with Those Charged with Governance

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated July 16, 2026, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, were audited by us in accordance with auditing standards generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal controls of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on July 1, 2026.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2025.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that, in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the scope and nature of an ERISA Section 103(a)(3)(C) audit.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the disclosure of fair value measurements in Note 5 to the financial statements.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We did not detect any material misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 7, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a second opinion on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Form 5500 - Annual Return/Report of Employee Benefit Plan

Our responsibility for Form 5500 does not extend beyond the financial statements, and we do not express an opinion or any form of assurance on Form 5500. However, we read the Plan's Form 5500 filing, and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

Other Information Provided for Your Consideration

Fiduciary Responsibilities

During our audit, we noted that the Plan does not have a documented Investment Policy Statement (IPS). Although ERISA does not expressly require a formal IPS, a written IPS is generally considered a prudent fiduciary tool that helps establish investment objectives, assign responsibilities, define criteria for selecting and monitoring investment options, and support documented decision-making to evidence procedural prudence. In practice, an IPS can help fiduciaries demonstrate that investment-related decisions were made using a consistent process aligned with the Plan's design and participant population and can provide an appropriate framework for evaluating investment performance relative to meaningful benchmarks.

Furthermore, it was noted that for the year ended December 31, 2025, Fidelity prepared a review of the Plan's investment options, an evaluation of fund performance and plan overview, and a preparation of meeting minutes. Since Fidelity is the trustee and also manages certain plan investments, it is evaluating or benchmarking its own performance, investment options, services, and, potentially, fees. This arrangement may present a potential conflict of interest. Plan fiduciaries should carefully evaluate results and consider obtaining the services of an independent third-party investment advisor and/or third-party administrator.

Forfeiture Account

During the audit, we noticed the forfeiture account had a balance of approximately $78,000 at December 31, 2025, $50,000 of which was used to fund the employer profit-sharing contributions for 2025. Any forfeitures not utilized to pay administrative expenses under the Plan should be applied to reduce the employer contributions for the immediate following year. If forfeitures are not used in accordance with plan provisions, this results in an operational failure that requires correction. These corrections can be costly.

Cybersecurity Risks

With the U.S. Department of Labor's increased focus on cybersecurity for ERISA-covered benefit plans, it is vital for management to recognize both the financial and personal data risks these plans face. The value of participant data, while difficult to quantify, represents a significant exposure in the event of a breach, especially since standard theft coverage may not apply. Plan sponsors are now expected to adopt strong cybersecurity practices, including implementing formal, well-documented cybersecurity programs and maintaining vigilant oversight of third-party service providers. By following the DOL's best practices, plan sponsors can better protect plan assets and sensitive participant information, fulfilling their fiduciary duty and reducing the likelihood of costly security incidents.

SECURE 2.0 - Key Changes and Upcoming Plan Amendment Requirements

In 2026, all provisions of SECURE 2.0 become effective. While SECURE 2.0 includes dozens of provisions aimed at improving retirement readiness for participants, some of the provisions add administrative burden. Further, plans were required to operate in accordance with the effective date of each new provision but were not required to adopt formal plan amendments at that time. Plan amendments for all new provisions are generally required to be made by December 31, 2026. For plan sponsors, understanding the key updates in effect is essential for compliance and strategic planning. Below is a summary of the most impactful changes:

- **Roth Catch-up Contributions for High Earners** - Employees age 50 or older earning over $150,000 in wages for the same employer in 2025 must make catch-up contributions as Roth starting in 2026.

- **Higher Catch-up Contributions for Ages 60-63** - Participants in this age group can contribute up to $11,250 in 2025, offering a boost to late-stage retirement savings.

Independent Auditor's Report

To the Plan Administrator
John Nagle Co. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of John Nagle Co. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Plan Administrator
John Nagle Co. Retirement Plan

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2025 and assets held at end of year as of December 31, 2025 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Prior Year Financial Statements

Tonneson & Company, PC performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified to by a qualified institution. Their report dated October 14, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of John Nagle Co. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees of John Nagle Co. (the "Company") who have completed three months of service and are age 21 or older are eligible to participate. The Company is the plan sponsor and the plan administrator. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan and as the recordkeeper, maintaining individual participant account records and advising the Plan on other matters related to its operations.

Automatic Enrollment

Employees who first become eligible to participate in the Plan and who fail to affirmatively make any deferral election (including an election to contribute 0 percent of eligible compensation) within the time prescribed by the administrator shall be deemed to have elected to defer 3 percent of eligible compensation as a pretax contribution, which will be increased by 1 percent annually up to a maximum of 5 percent unless participants elect otherwise. Contributions received under the automatic enrollment feature are invested in the appropriate Fidelity target date fund based on the participant's year of birth until changed by the participant.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 90 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may designate all or a portion of their elective deferrals as Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company may make annual discretionary nonelective contributions. Participants must complete at least 501 hours of service during the plan year or be employed as of the last day of the plan year by the Company to be eligible to receive any nonelective contributions. These contributions, if any, will be allocated to the participants in the ratio of each participant's compensation to total compensation for all eligible participants. The Company made a discretionary nonelective contribution in the amount of $150,000 for the year ended December 31, 2025, of which $100,000 was funded in 2026 by the Company and $50,000 was funded from the Plan's forfeiture account.

Although no discretionary employer contributions or designated qualified nonelective contributions were made for 2025, additional amounts may be contributed at the option of the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may reallocate their funds or redirect new contributions on a daily basis into various investment options offered by the Plan.

Note 1 - Plan Description (Continued)

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at market rate fixed at issuance. Principal and interest are paid ratably through payroll deductions. Generally, notes must be repaid within five years unless they are being used to purchase a primary residence. Participants may only have one outstanding loan at a time.

Vesting

Participants are immediately 100 percent vested in deferral contributions, rollover contributions, qualified nonelective employer contributions, and any earnings thereon. The Company's discretionary nonelective and matching contributions, if any, vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	- %
2	20
3	40
4	60
5	80
6	100

Benefit Payments

Upon termination of service for any reason, a participant (or the participant's beneficiary in the case of death) may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. Active participants may withdraw from their vested accounts upon certain hardship situations defined in the Plan or upon attainment of age 59½.

For balances less than $1,000, benefit payments are made in the form of a lump-sum payment. For balances greater than $1,000, but less than $7,000, benefit payments made without the participant's consent are rolled over to an individual retirement account for the benefit of the participant. Participants with $7,000 or more in their accounts may elect to defer benefit payments until a minimum distribution is required.

Forfeitures

Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. At December 31, 2025 and 2024, forfeited account balances totaled approximately $78,000 and $54,000, respectively. The Plan used approximately $500 during the year ended December 31, 2025 to pay plan expenses. Subsequent to 2025, the Plan utilized $50,000 from the forfeiture account to fund a portion of the Company's nonelective contributions for 2025.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity or its affiliates. Fidelity is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. Expenses paid to Fidelity also qualify as party-in-interest transactions.

Note 1 - Plan Description (Continued)

Administrative Expenses

Generally, expenses not paid by forfeitures are paid by the plan sponsor. Fees for origination of notes receivable from participants and certain other administrative expenses are paid by the participants.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan’s gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Delinquent notes receivable are reclassified as distributions in accordance with the terms of the plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 7, 2026, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related investment income and interest from participant notes receivable included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan uses a preapproved plan. The preapproved plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as then designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter. The Plan has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe that the Plan, in effect, is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified as of the financial statements date. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is generally subject to potential examination by taxing jurisdictions for the prior three years. Currently, there are no audits in progress for any tax periods.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Mutual Funds and Money Market Fund

Mutual funds and money market funds are valued at quoted prices in active markets.

The following tables present information about the Plan’s assets measured at fair value on a recurring basis at December 31, 2025 and 2024:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2025			
	Investments (at Fair Value)	Level 1	Level 2	Level 3

Money market fund	973,809	973,809	-	-
Total	$ 9,764,986	$ 9,764,986	$ -	$ -

Note 6 - Prohibited Transactions

As required by ERISA Section 2510.3-102, the plan sponsor is required to segregate employee contributions to the Plan from general assets as soon as administratively feasible. During 2024 and 2023, the Company failed to remit employee contributions and loan repayments for certain payroll periods within the time frame prescribed by the Department of Labor. During 2024, the Company identified three instances totaling $25,297 in which employee contributions and loan repayments were remitted to the Plan during 2024 but in violation of the DOL time frame regulations. During 2023, the Company identified three instances totaling $28,531 in which employee contributions and loan repayments were remitted to the Plan during 2023 but in violation of the DOL time frame regulations. These are deemed prohibited transactions in accordance with the Employee Retirement Income Security Act and the Internal Revenue Code.

Subsequent to 2025, lost earnings were calculated on both 2024 and 2023 amounts and were remitted in August 2026. Lost earnings amounted to $225 and $253 for the late remittances of 2024 and 2023, respectively.
