INDEPENDENT AUDITOR'S REPORT

To the Directors of
GABRIEL, ROEDER, SMITH & COMPANY HOLDINGS, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
Southfield, Michigan

Opinion

I have audited the accompanying financial statements of GABRIEL, ROEDER, SMITH & COMPANY HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of GABRIEL, ROEDER, SMITH & COMPANY HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

I conducted this audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. I am required to be independent of GABRIEL, ROEDER, SMITH & COMPANY HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to this audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GABRIEL, ROEDER, SMITH & COMPANY HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GABRIEL, ROEDER, SMITH & COMPANY HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GABRIEL, ROEDER, SMITH & COMPANY HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN's ability to continue as a going concern for a reasonable period of time.

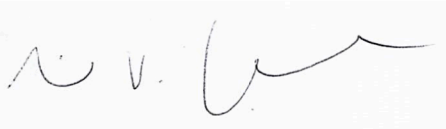

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplemental Schedules Required by ERISA

This audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the GABRIEL, ROEDER, SMITH & COMPANY HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan, which was established by GABRIEL, ROEDER, SMITH & COMPANY, a subsidiary of GABRIEL, ROEDER, SMITH & COMPANY HOLDINGS, INC. (the Company) adopted effective January 1, 1987, is an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective September 23, 2015, the Plan was amended to make GABRIEL, ROEDER, SMITH & COMPANY HOLDINGS, INC. the plan sponsor and to include as eligible employees the employees of GABRIEL, ROEDER, SMITH & COMPANY HOLDINGS, INC. and of its wholly owned subsidiaries, GABRIEL, ROEDER, SMITH & COMPANY, GABRIEL, ROEDER, SMITH & COMPANY HEALTH AND WELFARE CONSULTING, LLC and GABRIEL, ROEDER, SMITH & COMPANY BENEFITS CONSULTING, LLC.

2. Eligibility

Employees of the Company and its participating subsidiaries are generally eligible to participate in the Plan after two years of service providing they worked at least 1,000 hours during each plan year. Once participants obtain eligibility, in order to receive a contribution, they must have at least 500 hours of service during the plan year, and they must be employed on the last working day of the plan year. In 2017, an amendment went into effect that states that all employees who have not completed two years of service on or before March 10, 2017 are not eligible to participate in the Plan.

3. Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. When applicable, each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account of terminated participants' non-vested accounts. Only those participants who completed two years of service for the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. In 2017, an amendment went into effect that states that all employees who have not completed two years of service on or before March 10, 2017 are not eligible to participate in the Plan. All remaining participant balances have been distributed on or before June 17, 2026.

4. Vesting

All participants are fully vested upon entrance into the Plan.

NOTE A - DESCRIPTION OF PLAN (Continued)

5. Payment of Benefits

Distributions from the Plan may be made when a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share. All participants, including those actively employed, may elect to receive a distribution of any dividends paid on the Company's common stock, which are credited to the participant's individual account.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations.

6. Voting Rights

All ESOP participants (or their beneficiary) have the right to direct the Trustee to vote employer stock allocated to participant accounts with respect to certain issues involving major corporate policy choices. Employer stock held by the ESOP which has not yet been allocated to participant accounts are not subject to these rules.

In addition to the right to direct the Trustee to vote employer stock allocated to participant accounts with respect to major corporate policy choices, the Plan Administrator has approved pass through voting for all active employees. Active employees may be given the right to direct the Trustee to vote the employer stock allocated to active employee participant accounts with respect to other issues. The trustee will vote all employer stock held by the ESOP Plan at the direction of the Plan Administrator for participants who are inactive employees (or their beneficiaries) or for unallocated shares.

7. Put Option

Under Federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock, as established by an annual independent appraisal. The Company can pay for the purchase through an installment sale for a period up to five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

8. Diversification

The diversification period begins at the end of the plan year in which a participant attains age 55 and has completed at least two years of service as a participant in the Plan. Starting with the plan year after a participant has attained age 55, he or she may, for a period of 5 years, elect to receive a lump sum diversification distribution of the value of up to 25% of their allocated shares at age 55.

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN (Continued)

Starting with the plan year after a participant has attained age 60, a participant may for a period of five years elect to receive a lump sum distribution of the value of up to 50% of his or her allocated shares at age 55. Starting with the plan year after a participant has attained age 65, he or she may elect to receive a lump sum diversification distribution of the value of up to 75% of their allocated shares at age 55. Diversification elections must be made by April 30 each year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by the plan administrator in the preparation of the accompanying financial statements are as follows:

1. **Basis of Accounting**

   The accompanying financial statements of the Plan are prepared on the liquidation basis of accounting.

2. **Use of Estimates**

   The preparation of financial statements, in conformity with generally accepted accounting principles in the United States of America, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. **Risks and Uncertainties**

   Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

4. **Investment Valuation and Income Recognition**

   The common shares of the Company are valued at fair value on December 31, 2025. Fair value is determined by annual independent appraisals.

   Other investments consist of money market funds and Vanguard Target Retirement Funds held by the ESOP custodian. Dividend income is accrued on the ex-dividend date.

   Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. The average cost per share is determined by dividing the total cost of the security by the total shares held. The realized gain is calculated by multiplying the average cost per share by the number of shares sold, and then subtracting the average cost from the proceeds.

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Plan Expenses

Effective for the year ended June 30, 2006, the Company has indemnified the Plan for outside record keeper expenses in excess of 0.1% of plan assets. During the Plan year ended December 31, 2025, the Plan paid $3,203 of these expenses.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobserved inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
  - Quoted prices for similar assets or liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in inactive markets
  - Inputs other than quoted prices that are observable for the assets or liability
  - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
  - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

- Level 1

  Mutual funds. Valued using the Net Asset Value (NAV) of shares held by the Plan at year-end. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is quoted in an active market.

- Level 3

  Employer Securities. Fair value determined by an independent valuation through the use of discounted cash flow methodology.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level within the fair value hierarchy the plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Values as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Common Stock	$ –	$ –	$ 2,401,121	$ 2,401,121
Mutual funds	10,610,762	–	–	10,610,762
Total investments at fair value	$ 10,610,762	$ –	$ 2,401,121	$ 13,011,883

Assets at Fair Values as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Common Stock	$ -	$ -	$ 3,341,041	$ 3,341,041
Mutual funds	10,263,633	-	-	10,263,633
