# Independent Auditor's Report

Plan Administrator, Audit Committee, and Retirement Committee
CNB Bank Shares, Inc. 401(k)
Carlinville, Illinois

## *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of CNB Bank Shares, Inc. 401(k) (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### *Other Matter – Supplemental Schedule Required by ERISA*

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Plan Description

The following description of CNB Bank Shares, Inc. 401(k) (the "Plan") is provided for financial reporting purposes only. Participants of the Plan should refer to the plan document and summary plan description for a more complete description of the Plan's provisions. The Retirement Committee is responsible for the oversight of the Plan.

### General

The plan, originally established on December 1, 1989, is a defined contribution retirement plan as defined by Section 401 of the Internal Revenue Code ("IRC") that covers all eligible employees of CNB Bank Shares, Inc. (the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

During 2024, the Plan was amended and restated to provide for additional distribution options within the Plan. The distribution options are further described within the Payment of Benefits section of Note 1 to the financial statements.

Effective June 1, 2025, the Plan was amended and restated to reflect several key administrative and operational changes, including the transition to a new plan custodian and recordkeeper, updates to maintain compliance with applicable regulatory requirements, and the addition of a self-directed brokerage account option for participants.

Through May 2025, Epic Retirement Plan Services served as the Plan's Recordkeeper, and Charles Schwab Trust Bank ("Charles Schwab") served as the Plan's Custodian. Beginning June 1, 2025, Fidelity Workplace Services LLC became the Plan's Recordkeeper, and Fidelity Management Trust Company assumed custodial responsibilities for the plan (collectively "Fidelity"). This change initiated a "Black Out" period beginning on May 23, 2025 through June 1, 2025. During this period, funds could not be applied to employee selected funds with Fidelity or withdrawn from the Plan until the conversion was complete. During this period, employee contributions were made through payroll deductions and were held in a Fidelity money market account until completion of the Black Out period. These funds were subsequently invested in funds as requested by each participant. These services continued in their respective roles through December 31, 2025.

### Eligibility

Employees who are at least 21 years of age may become participants on the first day of employment. Employees are eligible for employer matching and profit-sharing contributions upon attainment of age 21 and six months of service. Plan entry dates are the beginning of the month coinciding with or next following the date requirements are met.

### Contributions

Participants may contribute up to 90 percent of pretax or after-tax annual eligible compensation, as defined in the plan document, not to exceed certain dollar limits established by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

The Plan provides for a discretionary employer matching contribution in an amount equal to 100 percent of the first three percent and 50 percent of the next four percent of the amount contributed by each participant, up to a maximum of five percent of eligible compensation. These contributions may be suspended or discontinued at any time.

The Plan Sponsor may also make an annual discretionary profit-sharing contribution to the Plan. Contributions are allocated to eligible participants' accounts based upon the ratio of participants compensation to total compensation of all eligible participants. Participants must be actively employed at the end of the Plan year or terminate employment due to death, disability, normal retirement, or early retirement to receive the profit-sharing contribution. There were no discretionary profit-sharing contributions made to the Plan during the years ended December 31, 2025 and 2024.

### Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting and Forfeitures

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their account plus earnings is based on years of service, as defined in the plan document, in accordance with the following schedule:

| Years of Service | % Vested |
|---|---|
| 2 | 20 |
| 3 | 40 |
| 4 | 60 |
| 5 | 80 |
| 6 | 100 |

The nonvested balance is forfeited upon termination of service. Participants become fully vested upon death, termination of the Plan, normal retirement age, or total disability.

At December 31, 2025 and 2024, forfeited accounts totaled $122,496 and $50,961, respectively. These accounts will be disbursed to plan participants or used to pay administrative expenses or reduce future employer contributions. There were no forfeitures used for the year ended December 31, 2025 and 2024.

**Notes Receivables from Participants**

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50 percent of their vested account balance, reduced by the highest outstanding loan balance from the Plan during the prior 12-month period. The maximum number of loans available to any participant is three. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.50 percent, which is determined by the plan administrator and is based on the prime rate plus two percent. The loan repayment period is dictated by the plan document based on the original use of the funds. Principal and interest are paid ratably through payroll deductions.

**Payment of Benefits**

At termination, a participant may request a distribution of their entire vested account balance in a single lump sum. The plan administrator may permit a participant to take a partial distribution or installment distribution solely to the extent necessary to satisfy the required minimum distribution rules under the plan. In the event of a financial hardship, certain participant funds, as defined in the plan document, may be requested for distribution. In-service distributions may also be requested by participants who are at least age 59 ½.

Upon attainment of normal retirement age, total disability, or death, the amount credited to a participant's account is payable in a lump sum or, if the Plan Administrator permits, installment provided the distribution is solely to satisfy required minimum distribution rules. Upon termination of employment for reasons other than retirement, total disability, or death, the participant's account balance will be distributed in a manner based on the value of the account. If a separated participant's account does not exceed $7,000, the benefit will be distributed in a lump sum within a reasonable time after termination of employment. If the participant's account balance exceeds $7,000, the participant may elect to receive the benefit in a lump sum or, if solely to satisfy required minimum distribution rules, the Plan Administrator may permit installments in accordance with the plan document.

## 2. Summary of Significant Accounting Policies

### Basis of Presentation

The financial statements of the Plan have been prepared in accordance with the provisions of the Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

### Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and changes therein, and disclosures of contingent assets. Accordingly, actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices, if available, are used to value investments. Mutual funds and the Plan's self-directed brokerage account are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Fair Value Measurements

The Plan follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach.

### Contributions

Contributions from plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which participant compensation is earned.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent loans are treated as distributions based upon the terms of the plan document.

### Payment of Benefits

Benefits are recorded when paid.

### Administrative Expenses

The Plan permits the payment of Plan expenses from Plan assets. If the Plan Sponsor does not pay these expenses from its own assets, then the expenses paid using Plan assets will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

### Subsequent Events

Effective October 20, 2025, CNB Bank Shares, Inc. (the "Company"), HBT Financial, Inc. ("HBT"), and a wholly-owned subsidiary of HBT ("MergerCo") entered into an agreement and plan of merger which provides for the acquisition of the Company by HBT through the merger of MergerCo with and into the Company, with the Company as the surviving entity of such merger and a wholly-owned subsidiary of HBT. Pursuant to the merger agreement, CNB Bank Shares, Inc. was required to take actions necessary to cause the 401(k) Plan to be terminated prior to the effective time (as defined in the merger agreement).

On February 17, 2026, the CNB Bank Shares, Inc. Board of Directors adopted a resolution providing that, in connection with and contingent upon the closing of the merger transaction, the Plan would terminate effective February 28, 2026. In conjunction with the planned termination, the Plan was amended to: (i) eliminate installment distribution options and require that participant accounts be distributed solely as a single lump-sum payment, (ii) provide for full and immediate vesting of all participant balances, resulting in a 100% nonforfeitable interest for all participants, and (iii) cease all employee and employer contributions with respect to compensation paid after the Plan termination date.

Following the final payroll from which employee elective deferrals were withheld (pay period ending February 16, 2026, paid February 20, 2026), the plan administrator deposited all

final contributions into the Plan trust. The plan administrator also completed the actions necessary to fully vest participant accounts upon termination and provided all required notices to participants and third-party service providers related to the termination process.

The Plan was formally terminated effective February 28, 2026.

Effective March 1, 2026, HBT Financial, Inc. assumed responsibility as Plan Sponsor for the limited purposes of completing the wind-up of the Plan's affairs. The last date for participants in the Self Directed Brokerage Link to request a distribution was April 30, 2026. The last date for participants to request a rollover distribution was May 30, 2026. All participants remaining in the plan after market close on May 30, 2026 were deemed to have elected to rollover their account balance to an IRA with IRA Logix. Remaining assets in the forfeiture account were used to pay all outstanding Fidelity and third party invoices submitted for expenses related to the Plan.

The Plan has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued.

**3. Information Certified by the Custodians**

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab, a qualified institution, has certified the following investment information included in the accompanying financial statements for the period January 1, 2024 through May 31, 2025 and Fidelity Management Trust Company ("FMTC"), also a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule as of December 31, 2025 and for the period June 1, 2025 through December 31, 2025 is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits at December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024.
- Investment information and notes receivable from participants included in the accompanying Schedule of Assets (Held at End of Year) at December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

## 4. Fair Value Measurements

The framework for measuring fair value established a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical instruments in active markets. |
| Level 2 | Inputs to the valuation methodology to include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the instrument, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The instruments' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for instruments measured at fair value.

Level 1 investments consist of publicly traded mutual funds. These securities are valued at daily closing prices of the funds at year-end.

Level 2 investments consist of a money market account. The money market account value is valued at cost plus accrued interest.

The fair value of investments is measured as of December 31, as follows:

| | Fair Value Measurements Using | | | |
|---|---|---|---|---|
| | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| **December 31, 2025** | | | | |
| Mutual funds | $ 37,046,064 | $ 37,046,064 | $ - | $ - |
| Self-directed brokerage account | 74,341 | 74,341 | | |
| Money market fund | 2,664,574 | - | 2,664,574 | - |
| Investments at fair value | $ 39,784,979 | $ 37,120,405 | $ 2,664,574 | $ - |
| **December 31, 2024** | | | | |
| Mutual funds | $ 36,222,415 | $ 36,222,415 | $ - | $ - |
| Money market fund | 2,683,762 | - | 2,683,762 | - |
| Investments at fair value | $ 38,906,177 | $ 36,222,415 | $ 2,683,762 | $ - |

## 5. Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

At December 31, 2025, Plan investments included mutual funds and a money market account of Fidelity, who provides recordkeeping and trustee reporting and related services to the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in value of investments.

At December 31, 2024, Plan investments included a money market account of Charles Schwab, who provides trustee reporting and related services to the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in value of investments.

During 2025 and 2024, the Plan Sponsor paid certain administrative and other operating expenses of the Plan.

## 6. Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Plan Sponsor contribution portion of their account. Subsequent to year-end, the Plan terminated. See Note 1.

## 7. Tax Status of Plan

Effective June 1, 2025, the Plan adopted a prototype plan sponsored by Fidelity Workplace Services. The Plan previously utilized a prototype plan sponsored by Epic Retirement Plan Services. Each prototype plan received a favorable opinion letter from the IRS on June 30, 2020 stating that the prototype plan was designed in accordance with the applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. Plan Sponsor management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for tax periods in progress.

## 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
