Independent Auditor's Report

To the Board of Trustees of
I.B.E.W. Local 540
Security Plan

Opinion

We have audited the accompanying financial statements of I.B.E.W. Local 540 Security Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of I.B.E.W. Local 540 Security Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of I.B.E.W. Local 540 Security Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about I.B.E.W. Local 540 Security Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud on error and design and perform audit procedures responsive to the risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of I.B.E.W. Local 540 Security Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Concluded whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about I.B.E.W Local 540 Security Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

I.B.E.W. Local 540 Security Plan

Notes to Financial Statements

December 31, 2025 and 2024

NOTE A - DESCRIPTION OF PLAN

The following brief description of the I.B.E.W. Local 540 Security Plan (The "Plan") is provided for general information only. Participants should refer to the plan document for a more comprehensive description.

(1) **General** - The Plan is a multi-employer defined contribution plan generally covering all Journeymen, Wiremen, Intermediate Journeymen, Apprentice Wiremen, Journeymen Technicians, Journeymen Installer Technicians, Cable Pullers, and Apprentice Installer Technicians of I.B.E.W. Local Union 540. Any Inside Residential or Teledata classification, Residential Wiremen or Trainee, as classified by the collective bargaining agreement, who is employed by an Employer is immediately eligible to participate in this plan after completing one hour of service under Covered Employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, ERISA, as amended.

(2) **Participant Accounts and Vesting** - Each participant's account is credited with the employer contributions and employee contributions. Investment earnings or losses are posted to participants' accounts based on their pro-rata share of each investment fund in which they participate. In addition, a nominal quarterly fee is charged to each participant's account to cover the administrative expenses of the Plan. Prior to October 2024 the fee was changed on a pro-rata basis. Beginning October 2024 the fee structure changed to a per capita basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows for participant-directed investments amongst a number of available options. Participants are 100% vested immediately in the contributions to their individual accounts plus actual earnings thereon.

(3) **Contributions** - For the period January 1, 2024 through December 29, 2024, the employer contributes 10% of monthly gross wages for inside journeymen wireman and 3% of gross wages for inside apprentices. For the period December 30, 2024 through June 29, 2025, the employer contributes 9.51% of monthly gross wages for inside journeyman wireman and 3% of gross wages for inside apprentices. For the period June 30, 2025 through December 28, 2025, the employer contributes 9.29% of monthly gross wages for inside journeyman wireman and 3% of gross wages for inside apprentices. For the period December 29, 2025 through December 31, 2025, the employer contributes 9% of monthly gross wages for inside journeyman wireman and 3% of gross wages for inside apprentices. For residential journeymen, as well as 3rd and 4th year apprentices, the employer contributes 3% of gross wages for the period January 1, 2024 through December 31, 2025. For installer technicians and apprentices, for the period January 1, 2024 through August 25, 2024 employer contributes 7.5% of gross wages for installer technicians and 3% of gross wages for apprentices and cable pullers. For the period of August 26, 2024 through December 31, 2025 employer contributes 7% for installer technicians and 3% of apprentices and cable pullers. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various options offered by the Plan.

NOTE A - DESCRIPTION OF PLAN - CONTINUED

(4) **Benefits** - For accumulated annuity benefits, on termination of service due to death, disability or retirement, a participant receives a single life annuity if unmarried or a joint and 50% survivorship benefit if married, as a normal distribution. A participant may elect a lump sum distribution or a non-periodic installment so long as such distribution is compliant with minimum distribution and incidental death benefit minimums required by the Internal Revenue Code. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. For accumulated benefits, on termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a five or ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(1) **Basis of Accounting** - The financial statements of the plan are prepared on the accrual basis of accounting.

(2) **Contributions Receivable** - Employer contributions receivable and participant contributions receivable represent actual contributions applicable to periods prior to yearend but collected subsequent to that date. No disputed but uncollected receivables have been recorded. Consequently, no allowance for uncollectible receivables is necessary.

(3) **Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(4) **Payment of Benefits** - Benefits are recorded when paid.

(5) **Administrative Expenses** – The Plan's expenses are paid by the Plan as provided by the plan document. Expenses incurred in connection with the general administration of the Plan and investment related expenses that are paid by the Plan are recorded as deductions in the statement of changes in net assets available for benefits.

(6) **Use of Estimates** - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

(7) **Subsequent Events** – The Plan has evaluated subsequent events through July 13, 2026, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS

The Trustee of the Plan maintains the following funds under the Plan:

SAGIC Diversified Bond II – The fund is a collective investment trust consisting of a diversified portfolio of traditional and alternative stable value investment contracts issued by life insurance companies, banks and other financial institutions. The characteristics of these contracts allow their principal value to remain relatively stable regardless of the fluctuations in the equity and bond markets, except in cases of substantial credit downgrade or default.

Vanguard Total International Stock Fund – The fund's objective is to track the performance of a benchmark index that measures the investment return of stocks issued by companies located in developed and emerging markets, excluding the United States. The fund diversifies its holdings between foreign stocks, bonds, and short-term reserves.

Fidelity Balanced Fund - The fund's objective is to seek income and capital growth consistently with reasonable risk. The fund invests approximately 60% of its assets in stocks and other equity securities and the remainder in bonds and other debt securities. The fund invests at least 25% of its assets in fixed-income senior securities.

Fidelity Advisor Equity Dividend Income Fund – The fund's objective is to seek a yield from dividend and interest income which exceeds the composite dividend yield on securities comprising the S&P 500 Index. In addition, the fund will consider the potential for achieving capital appreciation.

Vanguard Developed Markets Index Fund - The fund's objective is to match the performance of a benchmark index that measures the investment return of stocks issued by companies located in Canada and the major markets of Europe and the Pacific region. The fund invests all or substantially all of its assets in the stocks that make up the Index.

Vanguard 500 Index Fund - The fund's objective is to match the performance of the Standard & Poor's 500 Index, which is dominated by the stocks of large U.S. companies. The fund attempts to replicate the target index by investing all or substantially all of its assets in the stocks that make up the index.

Vanguard Mid-Cap Index Fund - The fund's objective is to match the performance of the MSCI US Mid Cap 450 Index, a broadly diversified index of stocks of medium-size U.S. companies. The fund invests all or substantially all of its assets in the stocks that make up the Index.

Fidelity OTC Portfolio Fund - The fund's objective is capital appreciation. The fund normally invests at least 80% of its assets in securities principally traded on NASDAQ or another over-the-counter market, which has more small and medium-sized companies than other markets. It invests more than 25% of its total assets in the technology sector.

T. Rowe Price Global Growth Stock Fund – The fund seeks long-term growth of capital through investments primarily in the common stocks of large-cap companies throughout the world, including the U.S.

Vanguard Small Cap Index - The fund's objective is to track the performance of the MSCI US Small Cap 1750 Index. The fund invests all or substantially all of its assets in the stock that make up the Index, holding each stock in approximate proportion to its weight within the Index.

NOTE C – INVESTMENTS – CONTINUED

DFA Real Estate Securities Portfolio – The fund's objective is to achieve long-term capital appreciation. The fund uses a free float-adjusted market capitalization weighted approach, purchases readily marketable equity securities of companies whose principal activities include ownership, management, development, construction, or sale of residential, commercial or industrial real estate. The Portfolio will principally invest in equity securities of companies in certain real estate investment trusts and companies engaged in residential construction and firms, except partnerships, whose principal business is to develop commercial property.

John Hancock Bond Fund – The fund's objective is to achieve a high current income with a prudent level of risk. The fund invests the majority of its' assets, at least 75%, in U.S. government, agency, and corporate bonds. The fund is designed for risk-averse investors whose primary interest is a high distribution yield.

Dreyfus Government Securities Cash Management – The fund seeks as high a level of current income as is consistent with the preservation of capital and the maintenance of liquidity.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs into valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE D - FAIR VALUE MEASUREMENTS – CONTINUED

If an asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation of the method used for assets measured at fair value. There have been no changes on the methodologies used at December 31, 2025 and 2024.

Money Market Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds – Valued at the daily closing price reported by the Fund. The funds are open-ended and registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds are deemed to be actively traded.

Common/Collective Funds – Valued using pricing models maximizing the use of observable inputs for similar securities.

Variable Annuities – Valued using prices/unit values calculated daily by the annuity provider according to the methods described in the annuity contract.

NOTE D - FAIR VALUE MEASUREMENTS-CONTINUED

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

NOTE E – TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated July 17, 2015, that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PLAN TERMINATION

Although there is no intent to do so at this time, the Plan can be terminated only by joint agreement between the Union Trustees and Management Trustees subject to the provisions of ERISA.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – PARTY IN INTEREST TRANSACTIONS

As described in Note B, the Plan paid expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

NOTE I – CONCENTRATION OF RISK

The Plan maintains deposits in a financial institution that at times exceed amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation. The Plan believes that there is no significant risk with respect to these deposits.

During the plan year ended December 31, 2025, the Plan received roughly 57% of its contributions from two employers. During the Plan year ended December 31, 2024, the Plan received roughly 66% of its contributions from three employers. Loss of employment to union members at these employers would result in a significant reduction in contributions to the Plan.
