INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Lockheed Martin Corporation Group Insurance
Plan for Retired Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lockheed Martin Corporation Group Insurance Plan for Retired Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

MITCHELL TITUS

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

MITCHELL TITUS

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

1. Description of the Plan

The following description of the Lockheed Martin Corporation Group Insurance Plan for Retired Employees (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan document and Summary Plan Descriptions for a more complete description of the Plan's provisions.

General

The Plan consists of (i) a defined benefit health and welfare plan covering certain retirees of Lockheed Martin Corporation (the Group Insurance Plan) and (ii) a qualified self-insured health reimbursement plan covering certain Medicare-eligible retirees of Lockheed Martin Corporation (the Retiree HRA), and has been amended from time to time. Lockheed Martin Corporation (the Corporation) is the Plan Sponsor and the Plan Administrator.

The assets of the Plan, excluding the "Retiree contributions receivable" and "Income tax receivable," are held and invested on a commingled basis in the Lockheed Martin Corporation Benefit Trust (the Trust), the Lockheed Martin Corporation Benefit Trust for Collectively Bargained Employees (the Collectively Bargained Trust), as well as in the Lockheed Martin Corporation Salaried Employee Retirement Program (LMRP) 401(h) account. The assets of the two Benefit Trusts and LMRP 401(h) are held by The Bank of New York (BNY, the Trustee).

LMRP 401(h) Account

A separate account has been established and maintained in LMRP for the net assets related to the medical benefit and the retiree HRA components of the Plan, in accordance with Section 401(h) of the IRC. In accordance with IRC Section 401(h), the Plan's investments in the LMRP 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. The related obligations for health benefits are not included in the LMRP obligations, but are reported as obligations in the accompanying financial statements of the Plan. In 2025, the health and welfare benefits of $122 million were paid from the LMRP 401(h) account.

The LMRP has an Internal Revenue Service (IRS) determination letter stating that the plan is designed in accordance with applicable section of the Internal Revenue Code (IRC), and therefore, the related trust is exempt from taxation. The LMRP plan has been amended since issuance of the determination letter. However, the Plan Administrator and the Corporation's counsel believe that the current design and operations of the LMRP is in compliance with the applicable provisions of the IRC and therefore, believe the LMRP, as amended, is qualified and the related trust is tax exempt.

Funding Policy

The Corporation's cash contributions are determined on an accrual basis in accordance with the requirements under Sections 105, 106, and 419 of the IRC and as defined in IRS Notice 2002-45, as applicable, and U.S. Government Cost Accounting Standards (CAS).

Although the Corporation expects to continue the Plan indefinitely, the Corporation may amend, suspend, or terminate the Plan for any reason at any time. If the Plan is terminated, any benefits with respect to claims or expenses incurred prior to the date of such Plan termination will be an obligation of the Plan. Such benefits may be fully or partially provided for by the existing assets of the Plan, with any excess provided for by the Corporation.

Contributions

The Corporation makes actuarially determined contributions to LMRP 401(h) account and Trusts that are used to fund the Corporation's portion of postretirement medical benefits incurred for covered retirees and spouses.

The cost of the postretirement benefit obligation is shared by the Corporation and retirees for the Group Insurance Plan. The Group Insurance Plan covers various groups of retirees with multiple cost-sharing provisions. Generally, for retirees age 65 and under, their contributions are based on years of service as well as amounts in excess of a monthly cap. For retirees over age 65, generally, their benefits are supplemental to Medicare and they contribute amounts in excess of a monthly cap. In some cases, represented retirees contribute a nominal amount.

The Retiree HRA provides Benefit Credits to participants each year based on a fixed dollar amount. Generally, a Benefit Credit for a full Plan year is $900 for each participating retiree and participating spouse with higher amounts for some retiree groups. The Benefit Credit is prorated for the number of months remaining in the year if the participant becomes covered after January 1 in a Plan year. Benefit Credits that are not used by participants in each plan year are carried over and may be used in subsequent years throughout each participant's lifetime.

Payment of Claims and Premiums

The Plan provides continuation of certain benefits upon retirement from the Corporation including medical, prescription drug, dental, and life insurance benefits. Benefits are either fully insured or self-insured. The claims for self-insured benefits are processed by the Plan's third-party administrators; however, the responsibility for payments to providers is retained by the Plan. The Retiree HRA reimburses participants for eligible medical expenses incurred up to their Benefit Credit amounts each year.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Claims and Premiums

Premiums paid by either the Corporation or the Trusts are recorded as insurance premiums in the accompanying Statement of Changes in Net Assets Available for Benefits.

Claims payments are recorded when paid by the Corporation. Amounts due to the Corporation for claims paid out but not yet reimbursed by the Plan are recorded as a payable to the Corporation in the Statements of Net Assets Available for Benefits.

Postretirement Benefit Obligations

Postretirement benefit obligations represent the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the valuation date. Postretirement benefits include future benefits expected to be paid to (i) currently retired employees and their beneficiaries and dependents and (ii) active employees and their beneficiaries and dependents, after retirement from service with the Corporation. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date. The benefit obligations information is presented in Note 3 to the financial statements.

Risks and Uncertainties

The Plan, through the Trusts and LMRP 401(h) account, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, currency, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of benefit obligations are reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Investment Valuation and Income Recognition

Investments in the Trusts and the net assets of LMRP 401(h) account are reported at fair value. Fair value is the price that would have been received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Trusts' and LMRP 401(h)'s gains and losses on investments bought and sold as well as held during the year are included in interest in net investment gains or losses of the Trusts and LMRP 401(h) on the Statement of Changes in Net Assets Available for Benefits.

Administrative Expenses

Direct administrative expenses are paid by the Trusts and LMRP 401(h) account and generally allocated to the Plan proportionally based on the Plan's interest in the Trusts' and LMRP 401(h) net assets or directly if specifically related to the Plan. Other indirect administrative expenses are paid by the Corporation. Certain indirect administrative expenses are paid by the Corporation and are excluded from the Plan's financial statements. Expenses paid by the Plan are shown on the Statement of Changes in Net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 24, 2026, the date the financial statements were available to be issued. No material subsequent events have occurred since December 31, 2025 that required recognition or disclosure in these financial statements.

3. Benefit Obligations

The actuarial present value of the estimated postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money and the probability of payment between the valuation date and the expected date of payment, and to reflect the portion of those costs expected to be borne by Medicare, the retired participants, and other providers. The 2026 assumed health care cost trend rate for the December 31, 2025 postretirement benefit obligation is 8.25%, trending down to 4.50% by 2041, and the 2025 health care cost trend rate for the December 31, 2024 postretirement benefit obligation was 8.50%, trending down to 4.50% by 2041. The assumptions include the impact of Medicare cost-sharing provisions.

Other significant assumptions used in the valuations are as follows:

	December 31,	
	2025	**2024**
Weighted average discount rate	5.25%	5.50%
Average retirement age	63	63
Mortality	Pri-2012 Collar Adjusted with Scale MP-2021	Pri-2012 Collar Adjusted with Scale MP-2021

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

The postretirement benefit obligation is as follows (in thousands):

	December 31,	
	2025	**2024**
Active employees, fully eligible for benefits	$ 161,491	$ 175,730
Active employees, not yet fully eligible for benefits	53,727	54,200
Retirees	893,565	902,606
Postretirement benefit obligation	$ 1,108,783	$ 1,132,536

The change in the Plan's postretirement benefit obligations is as follows (in thousands):

	Year Ended December 31, 2025
Balance at beginning of year	$ 1,132,536
Increase (decrease) in postretirement benefits attributable to:	
Increase for interest due to the decrease in the discount period	59,270
Benefits paid	(176,229)
Benefits earned and other changes	71,855
Plan amendments	164
Changes in actuarial assumptions	21,187
Net decrease	(23,753)
Total postretirement benefit obligations at end of year	$ 1,108,783

The changes in actuarial assumptions in the table above is related to the decrease in the discount rate. A 1% increase in the assumed health care cost trend rates would increase the postretirement benefit obligation by approximately 1.9% as of December 31, 2025.

The Medicare Prescription Drug, Improvement and Modernization Act of 2003 (the Act) introduced a prescription drug benefit under Medicare as well as a federal subsidy to sponsors of retiree health care benefit plans that provide a benefit that is at least actuarially equivalent to Medicare Part D. Under the Act, the Medicare subsidy amount is received directly by the plan sponsor and not the related plan. Further, the plan sponsor is not required to use the subsidy amount to fund postretirement benefits and may use the subsidy for any valid business purpose.

The postretirement benefit obligation as of December 31, 2025 and 2024 and the changes in the postretirement benefit obligation for the year ended December 31, 2025 do not reflect any amount associated with the Medicare subsidy as the Plan is not directly entitled to the Medicare subsidy. The Plan's postretirement benefit obligation as of December 31, 2025 and 2024, differs from that disclosed by the Corporation because the Corporation's amounts are net of the Medicare subsidy. However, the Corporation has decided to contribute the subsidy into the Trusts.

4. Benefit Trust

General

The Plan's investments are held by the Trusts and the LMRP 401(h) account, which were established for the investment of the Plan's assets and the assets of certain other defined benefit plans sponsored by the Corporation. The assets, realized and unrealized gains and losses, investment income, and plan expenses of the Trusts and LMRP 401(h) are included in the Trusts' and LMRP 401(h)'s net assets.

The Trusts owe direct reimbursements to the Corporation for certain claims paid by the Corporation.

Investment information disclosed in the fair value of assets tables including investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest income, and dividend income for the year ended December 31, 2025, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by BNY, the Trustee.

Fair Value of Assets

The accounting standard for fair value measurements defines fair value, establishes a market-based framework or hierarchy for measuring fair value, and requires disclosures regarding fair value measurements. The standard is applicable whenever assets and liabilities are measured and included in the financial statements at fair value.

The fair value hierarchy established in the standard prioritizes the inputs used in valuation techniques into three levels as follows:

- Level 1 – Quoted prices in active markets for identical assets and liabilities;
- Level 2 – Observable inputs, other than Level 1 prices, such as quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, and amounts derived from valuation models where all significant inputs are observable in active markets; and
- Level 3 – Unobservable inputs where valuation models are supported by little or no market activity that one or more significant inputs are unobservable and require us to develop relevant assumptions.

Certain other investments are measured at fair value using their Net Asset Value (NAV) per share and do not have readily determined values and are thus not subject to leveling in the fair value hierarchy. The NAV is the total value of the fund divided by the number of shares outstanding.

The following table presents the fair value of the assets in the Trust by asset category and their level within the fair value hierarchy as of December 31, 2025 (in thousands):

	December 31, 2025		
	Level 1	**Level 2**	**Total**
Registered investment companies	$ 9,985	$ —	$ 9,985
Common collective trusts [(a)]	—	9,989	9,989
Total investment assets at fair value	$ 9,985	$ 9,989	$ 19,974
Receivables, net			30
Total net assets			$ 20,004

Interest income earned by the Trust for the year ended December 31, 2025 was $0.3 million. The net appreciation for the year ended December 31, 2025 was $0.8 million.

The following table presents the fair value of the assets in the Trust by asset category and their level within the fair value hierarchy as of December 31, 2024 (in thousands):

	December 31, 2024		
	Level 1	**Level 2**	**Total**

[(a)] Certain Common collective trusts have been measured at fair value using the NAV per share (or its equivalent) but not as a practical expedient, which accordingly have been classified in the fair value hierarchy.

The fair value of the assets in the LMRP 401(h) by asset category and their level within the fair value hierarchy as of December 31, 2025 and 2024, respectively, are presented in LMRP financial statements.

Valuation Techniques

Cash and cash equivalents and short-term investment fund investments are mostly comprised of cash and short-term money-market instruments and are valued at cost, which approximates fair value.

Common and preferred stock securities categorized as Level 1 are traded on active national and international exchanges and are valued at their closing prices on the last trading day of the year.

Common collective trusts are investment vehicles valued using the NAV provided by the fund managers. The NAV is the total value of the fund divided by the number of shares outstanding. Common collective trusts are categorized as Level 2 if the NAV is corroborated by observable market data (e.g., purchases or sales activity).

Registered investment company securities categorized as Level 1 are traded on active national and international exchanges and are generally valued at their closing prices on the last trading day of the year. In the cases where the valuation is based on NAV at the close of the year, these represent open-ended mutual funds valued by multiple pricing sources.

Corporate debt instruments and U.S. Government securities categorized as Level 2 are valued by the Trustee using pricing models that use verifiable observable market data (e.g., interest rates and yield curves observable at commonly quoted intervals and credit spreads), bids provided by brokers or dealers, or quoted prices of securities with similar characteristics.

Other investments consist of securities such as derivatives and fixed income securities not classified as corporate debt instruments or U.S. Government securities. Level 2 securities are mainly comprised of over-the-counter derivatives and fixed income investments valued by the Trustee using pricing models that use verifiable observable market data (e.g., interest rates and yield curves observable at commonly quoted intervals and credit spreads), bids provided by brokers or dealers, or quoted prices of securities with similar characteristics.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In estimating the fair value of the investments not in a level of fair value hierarchy, management may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, management evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

5. Parties-in-Interest Transactions

The Benefit Trusts and LMRP 401(h) invest in funds managed by BNY, the Trustee. Investments in these funds qualify as party-in-interest transactions for which a statutory exemption from the prohibited transaction regulation exists.

6. Income Tax Status

The Trusts have received exemption letters from the IRS, dated October 15, 2012, stating that the Trusts are tax-exempt under the provisions of Section 501(c)(9) of the IRC as Voluntary Employee Beneficiary Association trusts. The Plan and Trusts are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trusts. The Plan Administrator and the Plan's counsel believe the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore, believes the related Plan and Trusts are tax-exempt.

Under Section 512 of the IRC, the investment earnings attributable to reserves for postretirement benefits are not exempt from income taxes.

Based on the available objective evidence, including the Plan Sponsor's decision to discontinue funding through the Trust, management believes it is more-likely-than-not that the net deferred tax assets will not be fully realizable. Accordingly, a full valuation allowance has been recorded against its deferred tax assets as of December 31, 2025.

Deferred income taxes consist of the following (in thousands):

	December 31, 2025
Deferred tax assets:	
Capital loss carryforwards	$ (1,076)
Unrealized gains/losses	213
Net operating loss carryforwards	(49)
Full valuation allowance on deferred tax assets	912
Total deferred tax assets	$ —

GAAP requires plan management to evaluate tax positions taken by the Plan to determine whether the Plan has taken any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, but no tax audits are in progress. The Plan Administrator considers the Plan is no longer subject to income tax examinations for years prior to 2022.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 (in thousands):

	December 31, 2025	2024
Net assets available for benefits per the financial statements	$ 1,756,713	$ 1,676,119
Less: Net assets held in LMRP 401(h) account	967,894	952,044
Net assets available for benefits per the Form 5500	$ 788,819	$ 724,075

The following is a reconciliation of the change in net asset available for benefits per the financial statements to the Form 5500 (in thousands):

		Year Ended December 31, 2025
Net increase per the financial statements	$	80,594
Less: net increase in LMRP 401(h)		15,850
Net increase per Form 5500	$	64,744

The net assets and related activity of the LMRP 401(h) account included in the financial statements are not included in the Form 5500 because the assets of the LMRP 401(h) account are held by the LMRP.
