Independent Auditor's Report

The Administrative Committee
Hughston Healthcare 401(k) Plan
Columbus, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hughston Healthcare 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HUGHSTON HEALTHCARE 401(K) PLAN
COLUMBUS, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

NOTE 1: Description of Plan

The following brief description of the Hughston Healthcare 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a closed multiple-employer defined contribution plan sponsored by HMMG, LLC and other participating employers for their employees and the employees of certain professional corporations who have contracted with HMMG, LLC via a professional service agreement and who have elected to participate. The related participating employers consist of the Hughston Foundation, Inc. (a non-profit organization), the Hughston Surgical Center, LLC, the Hughston Surgical Center of Valdosta, LLC, and the Russell County Community Hospital, LLC dba Jack Hughston Memorial Hospital. Collectively, this group represents the Plan Sponsor. The Plan was originally adopted in December 1973. The Plan has since been amended and restated from time to time. The Plan was most recently restated effective November 1, 2021 and was most recently amended effective January 1, 2025 to add and remove certain professional corporations as participating employers.

The Administrative Committee, appointed by the Plan Sponsor, has sole responsibility for the administration of the Plan. State Street Bank and Trust Company, Transamerica Life Insurance Company, and Transamerica Trust Company serve collectively as trustees. Transamerica Retirement Solutions ("Transamerica") is the Plan's recordkeeper and has been engaged by the trustees to administer the Plan's Trust Fund and manage the Plan's assets. A fee is charged by the trustees and recordkeeper for services rendered.

Eligibility - Employees are eligible for elective deferral contributions after 90 days of service and for safe harbor match contributions after 1,000 hours of service. Eligible participants are automatically enrolled into the Plan on the first day of the respective quarter after eligibility requirements are met. Participants will receive safe harbor matching contributions on eligible compensation on the first day of the respective quarter after eligibility requirements are met.

Contributions - Participants may elect to contribute their compensation up to the maximum limits provided under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor's safe harbor matching contribution is an amount equal to the participant's contribution up to 3% of the participant's eligible compensation. Deferrals in excess of 3% and up to 5% of eligible compensation are matched at 50%.

NOTE 1: Description of Plan (Continued)

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Plan Sponsor's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions as well as employer safe harbor matching contributions plus earnings thereon.

Unallocated accounts - Unallocated accounts consist of advance deposits made by the Plan Sponsor and forfeitures, which represent the non-vested portion of a participant's account balance that is forfeited upon termination. They are used to reduce the Plan Sponsor's contributions and pay Plan expenses according to Plan specifications. These holding accounts had a balance of $8,935 and $8,549 as of December 31, 2025 and 2024, respectively. Amounts used to pay Plan administrative expenses totaled $3,293 and $14,505 for the years ended December 31, 2025 and 2024, respectively.

Investment Options - Upon enrollment in the Plan, a participant may direct all contributions in any of the investment options offered by the Plan, as chosen by the Administrative Committee. Participants may change their investment options daily.

In addition, participants have the option of self-directing contributions to a wider range of investment options, including mutual funds, publicly traded stocks and bonds for an annual fee. Transactions are accounted for through independent brokers or brokers in affiliation with the trustees. The option to utilize an independent broker is only available to fully-vested participants with a balance greater than $35,000. In addition, this option is not available to highly compensated employees except those who utilized the independent brokerage account option on or before May 23, 2007.

Notes Receivable from Participants - Participants may borrow the lesser of $50,000 or 50% of the vested amount of their account balances; however, loans less than $1,000 are disallowed. Such loans bear interest at a rate determined by the Plan Sponsor. The loan is collateralized by the remainder of the participant's account, and must be repaid within five years. However, loans may exceed five years if used for the purchase of the participant's principal residence. Participant distributions from the Plan are reduced by any outstanding loan balance at the time of distribution. Participants who have a loan outstanding are prohibited from taking an additional loan until the outstanding loan is paid in full.

NOTE 1: Description of Plan (Continued)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits - Upon a participant's termination of employment, retirement or death, such participant may elect to receive either a lump-sum distribution in an amount equal to the value of the participant's vested interest in his or her account, rollover a portion of the distribution into an eligible retirement plan, or receive monthly or annual installments over a specified period of time as defined in the Plan agreement. The Plan also allows for in-service withdrawals of a participant's vested interest upon reaching the age of 59 ½ and for qualified rollover contributions from a previous plan. Vested account balances that are greater than $1,000 but are less than $5,000 will be removed from the Plan in an automatic rollover distribution to a traditional IRA serviced by Transamerica for the participant. Participants may also receive distributions of benefits from their account if certain requirements are met in order to take a hardship distribution.

Plan Termination - Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In the event of plan termination, participants will become fully vested in their accounts and Plan assets shall be distributed to participants and beneficiaries.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Valuation of Investments - The Plan's investments are stated at fair value, excluding fully benefit-responsive contracts, which are stated at contract value as described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. See Note 3 for a description of the valuation methodologies used to determine each investment's respective fair value.

Net appreciation or depreciation of the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year, as well as the realized gain or loss on sale of investments which represents the difference between net sales proceeds and cost or previous fair value of the investments sold. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2: Summary of Significant Accounting Policies (Continued)

Plan Expenses - Significant costs of administering the Plan are absorbed by the Plan Sponsor and are not reflected in these financial statements. These costs include legal, administrative, audit and accounting fees. Certain administrative expenses, including trustee fees, are incurred and paid by the Plan. Other investment related expenses are included in net appreciation of fair value of investments.

Benefit Payments - Benefits are recorded when paid.

Tax Status - The Plan received its latest determination letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan and Trust Agreement, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since receiving the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or state or local taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions within the standard statute of limitation periods; however, there are currently no audits for any tax periods in progress.

Reclassification - Certain items in the 2024 financial statements have been reclassified in order to be in conformity with the 2025 statement presentation.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events - The Plan's Administrative Committee has evaluated all subsequent events that may qualify for disclosure through September 19, 2026, which is the date the financial statements were available to be issued. There were no transactions that are required to be disclosed under professional guidance.

NOTE 3: Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3: Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Common and preferred stock & exchange-traded funds: Valued at quoted market prices at year end.

Mutual funds: Valued at net asset value ("NAV") of shares held by the Plan at year end.

Annuities: Annuities consist of variable annuities which are valued at the published unit price. The published unit price is based on the NAV of the underlying assets held within the annuities which are traded in the open market.

Money market funds: Valued at the NAV of shares held by the Plan at year end.

Common/collective trust ("CCT"): A detailed description of the valuation methodologies of the CCT can be found in the annual Transamerica Retirement Solutions Collective Trust's disclosure memorandum. The fair value of the CCT is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025	
	Level 1	**Total**
Common & preferred stocks	**$ 776,076**	**$ 776,076**
Exchange-traded funds	**31,476**	**31,476**
Mutual funds	**37,990,712**	**37,990,712**
Money market funds	**9,499**	**9,499**
Total investments in the fair value hierarchy	**38,807,763**	**38,807,763**
Investments measured at net asset value (a)	**0**	**28,207,923**
Total investments at fair value	**$ 38,807,763**	**$ 67,015,686**

	December 31, 2024	
	Level 1	Total
Common & preferred stocks	$ 659,354	$ 659,354
Exchange-traded funds	26,484	26,484
Mutual funds	31,589,392	31,589,392
Money market funds	27,227	27,227
Total investments in the fair value hierarchy	32,302,457	32,302,457
Investments measured at net asset value (a)	0	22,620,477
Total investments at fair value	$ 32,302,457	$ 54,922,934

(a) In accordance with GAAP, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 3: Fair Value Measurements (Continued)

The following table summarizes investments in the CCT for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2025	2024
Fair value	**$ 28,207,923**	$ 22,620,477
Unfunded commitments	**N/A**	N/A
Redemption frequency (if currently eligible)	**Daily**	Daily
Redemption period notice	**N/A**	N/A

NOTE 4: Fully Benefit-Responsive Investment Contracts

At December 31, 2025, the Plan holds an investment in the Transamerica Life Insurance Company's Guaranteed Investment Option ("TLIC"). The TLIC is a guaranteed separate account provided under a group annuity contract and is deemed fully benefit-responsive. As such, contract value is the relevant measurement attribute for benefits attributable to the TLIC because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants can transfer funds from the TLIC to other non-competing investment options. Amounts transferred from the TLIC cannot be subsequently transferred to competing funds or withdrawn for 90 days. Certain events limit the ability of the Plan to transact at contract value with the TLIC issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE 5: Information Prepared and Certified by Trustees (Unaudited)

As explained in Note 1, the Plan's funds are administered by the recordkeeper, Transamerica, and were certified by State Street Bank and Trust Company, Transamerica Life Insurance Company, and Transamerica Trust Company, as the Plan trustees. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustees:

NOTE 6: Party-in-Interest Transactions

Certain Plan investments are managed by the recordkeeper or trustees; therefore, these transactions qualify as party-in-interest. Certain fees incurred by the Plan for these services are included in net appreciation (depreciation) in fair value of investments rather than a direct payment.

NOTE 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
