REPORT

Independent Auditor's Report

To the Administrative Committee of AU Health Systems, Inc. 401(a) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AU Health Systems, Inc. 401(a) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AU Health Systems, Inc. 401(a) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AU Health Systems, Inc. 401(a) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Correction ofa Misstatement

As discussed in Note 2 to the financial statements, the 2024 financial statements have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AU Health Systems, Inc. 401(a) Retirement Savings Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting

a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AU Health Systems, Inc. 401(a) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AU Health Systems, Inc. 401(a) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

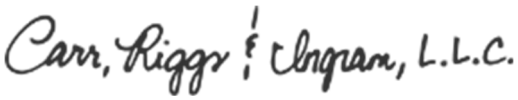

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 and 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the AU Health Systems, Inc. 401(a) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was originally established effective July 1, 2000. Effective January 1, 2025, the Plan was amended and restated under a pre-approved plan document sponsored by Transamerica Retirement Solutions, LLC (Transamerica). Wellstar MCG Health Inc. (Company or Employer) is the Plan sponsor and Plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2019, the Plan was frozen. Accordingly, no additional Employer or participant contributions are permitted, and otherwise eligible employees may not become participants after that date. Participants were fully vested in their account balances as of the effective date of the freeze.

The Plan's Administrative Committee is responsible for oversight of the Plan. The Plan administrator is responsible for the administration of the Plan and has authority to interpret the Plan's provisions. Certain administrative and recordkeeping functions are performed by third-party service providers. Employees of the Plan sponsor also perform certain administrative functions for the Plan without compensation from the Plan.

The Plan provides for participant-directed investments. Participants may direct the investment of their account balances among the investment options made available under the Plan.

Administration of Plan Assets

In 2022, the Plan Sponsor signed a new adoption agreement changing the name from AU Medical Center, Inc. 401(a) Retirement Savings Plan to AU Health Systems, Inc. 401(a) Retirement Savings Plan.

On August 29, 2023, AU Health Systems, Inc. was effectively acquired by Wellstar Health System, Inc., a Georgia nonprofit corporation.

In 2024, Plan assets are held and managed by Variable Annuity Life Insurance Company (VALIC, Custodian, or Corebridge), the custodian and the qualified institution for the Plan, which invests contributions and Plan earnings, makes investment transactions as directed by the Plan Sponsor, and provides certain recordkeeping services. The Custodian also performs certain plan administration.

At December 31, 2024, the proceeds from the liquidation and transfer of the Plan's investments were reported as funds in transit to Transamerica in the accompanying Statement of Net Assets Available for Benefits. The proceeds were subsequently allocated to participant accounts on Transamerica's recordkeeping platform in January 2025. Following the allocation to participant accounts, Transamerica became the Plan's recordkeeper and custodian.

Contributions

Effective January 1, 2019, the Plan was frozen. Accordingly, no Employer or participant contributions are permitted. Participants direct the investment of their account into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their entire account balances.

Notes Receivable from Participants

Effective January 1, 2025, the Plan was amended and restated under a pre-approved plan document sponsored by Transamerica. Under the current Plan document, participants may not obtain new loans from the Plan. Notes receivable from participants at December 31, 2025 and 2024 represent loans issued under prior Plan provisions. The outstanding loans continue to be administered in accordance with their applicable terms. The loans are secured by the participants' account balances and bear interest at rates established at the time of issuance. Principal and interest payments are credited to the accounts of the borrowing participants.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant's vested balance is less than or equal to $1,000, the amount may be automatically distributed in the form of lump sum payment.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

The Plan’s investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for discussion of investments at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Correction of a Misstatement

The accompanying 2024 financial statements have been restated to correct notes receivable from participants, which were originally presented as distributions. Notes receivable from participants increased to $2,196,760 and benefits paid to participants decreased by the same amount. These adjustments increased net assets available for benefits at December 31, 2024 by $2,196,760.

Subsequent Events

Subsequent events were evaluated through October 8, 2026, the date the financial statements were available to be issued. See Note 11 for relevant disclosures. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

3. Information Certified by Custodians

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by Transamerica Retirement Solutions, LLC, the Plan's current Custodian and a qualified institution. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation/depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2025 through December 31, 2025. Variable Annuity Life Insurance Company, the Plan's previous Custodian and a qualified institution, certified to the completeness and accuracy of the Plan's investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2024, and the related investment activity (including net appreciation/depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2024 through December 31, 2024.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 89,000,445	$ -	$ -	$ 89,000,445
Total assets in the fair value hierarchy	89,000,445	-	-	89,000,445
Total investments at fair value	$ 89,000,445	$ -	$ -	$ 89,000,445

There were no investments reported at fair value at December 31, 2024.

5. Fully Benefit-Responsive Investment Contracts

The Plan holds a fully benefit-responsive guaranteed investment contract of $24,127,417 and $0 at December 31, 2025 and 2024, respectively, for which contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the sponsoring trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include:

1. amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or,
5. premature termination of the contract.

No events are probable of occurring as of December 31, 2025 and 2024 that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include:

1. an uncured violation of the Plan's investment guidelines;
2. a breach of material obligation under the contract;
3. a material misrepresentation; or,
4. a material amendment to the agreement without the consent of the issuer.

6. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by the Custodians, and therefore, these transactions qualify as party in interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

As of December 31, 2025, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. See Note 11.

8. Tax Status

The Company has adopted a pre-approved plan document offered by Transamerica Retirement Solutions, LLC that has received an IRS Opinion Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Plan's financial statements at December 31, 2025 and 2024 to the Plan's Form 5500:

December 31,	2025	Restated 2024
Net assets available for benefits per the financial statements	$ 114,737,421	$ 115,368,703
Less: amounts allocated to withdrawing participants	(1,223,180)	(762,378)
Add: other receivables	4,108	
Net assets available for benefits per the Form 5500	$ 113,518,349	$ 114,606,325

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2025 and 2024, to Form 5500:

For the year ended December 31,	2025	Restated 2024
Benefits paid to participants per the financial statements	$ 14,342,351	$ 18,442,319
Add: amounts allocated to withdrawing participants at year end	1,223,180	762,378
Less: amounts allocated to withdrawing participants at prior year end	(762,378)	(905,759)
Less: other adjustments	(604,224)	(288,070)
Benefits paid to participants per form 5500	$ 14,198,929	$ 18,010,868

11. Subsequent Events

On February 7, 2026, the Board of Trustees of Wellstar Health System, Inc. authorized the termination of the Plan. The Plan expects to distribute or otherwise transfer its remaining assets in accordance with the Plan document and applicable regulatory requirements by December 31, 2026. As of the date the financial statements were available to be issued, the distribution or transfer of the Plan's remaining assets had not been completed.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the AU Health Systems, Inc. 401(a) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AU Health Systems, Inc. (AUHS) 401(a) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (collectively, the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s statement of net assets available for benefits as of December 31, 2023 and the statement of changes in net assets available for benefits for the year ended December 31, 2024 performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the statement of net assets available for benefits as of December 31, 2023 and statement of changes in net assets available for benefits for the year ended December 31, 2024 referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

- the information in the statement of net assets available for benefits as of December 31, 2024 is presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: DESCRIPTION OF THE PLAN

The following description of the AU Health Systems, Inc. (AUHS) 401(a) Retirement Savings Plan (the "Plan") provides only general information. Refer to Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined contribution plan covering all full-time employees of AUHS (the "Company", "Sponsor", "Employer", or "Plan Administrator"), except for temporary employees or staff leased from Augusta University. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor is responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitors investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Administration of Plan Assets

Plan assets are held and managed by Variable Annuity Life Insurance Company ("VALIC" or the "Custodian"), the custodian and the qualified institution for the Plan, which invests contributions and Plan earnings, makes investment transactions as directed by the Plan Sponsor, and provides certain recordkeeping services. Corebridge owns VALIC, and, throughout these Notes, VALIC may be referred to as VALIC or Corebridge. The Custodian also performs certain plan administration.

Effective January 1, 2019, and corresponding to a reorganization of AU Health System, Inc., this Plan was frozen for new participants and Employer contributions.

In 2022, the Plan Sponsor signed a new adoption agreement changing the name from AU Medical Center, Inc. 401(a) Retirement Savings Plan to AU Health Systems, Inc. 401(a) Retirement Savings Plan.

On August 29, 2023, the Plan Sponsor was effectively acquired by Wellstar Health System, Inc., a Georgia nonprofit corporation.

As of January 3, 2025, the Plan Sponsor transferred the total account balance of each participant's account from VALIC to TransAmerica. The assets were moved on December 31, 2024.

Eligibility

All covered employees prior to January 1, 2019 were immediately eligible to participate in the Plan upon their participation in the related 403(b) Plan sponsored by the Company.

Employer Contributions

During the year ended December 31, 2024, the Company made no Employer contributions due to the Plan being frozen in 2019. Participants direct the investment of their account into various investment options offered by the Plan.

Note 1: DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with rollovers, the Company's contributions and earnings on investments in his or her account, and is charged with its allocated portion of the administrative expenses and certain transactions fees. Allocations are based on participant earnings, account balances, or specific participant transaction, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their matching contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants can borrow from their account a minimum of $1,000, up to a maximum amount equal to the lesser of $50,000, or 50% of their account balance. The loans are secured by the balance of the participant's account. The loan interest rate is determined by the Employer in a nondiscriminatory manner. Principal and interest is paid ratably through payroll deductions or direct payment.

Benefit Payments

The Plan provides for withdrawals upon retirement, termination, disability or death. Normal retirement is on or after age 65. Withdrawals during employment of the participant's vested interest in Employer contributions can be made if the employee has attained age 59½. At termination of employment for reasons other than retirement, death or disability, the accrued benefit would be all of the participant's vested interest in Employer contributions and all related earnings and losses. Payments can be made in the form of a lump sum or installment payments.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments generally are reported at fair value, but might also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for further discussion of fair value measurements and contract value. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investments advisers and Custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they were incurred.

Funds In-Transit to TransAmerica

Effective December 31, 2024, Plan management engaged TransAmerica to serve as the Plan's Custodian, replacing VALIC. The funds were in-transit as of December 31, 2024 and were received by TransAmerica on January 3, 2025. Refer to Note 10.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation (depreciation) of fair value of investments.

Risks and Uncertainties

The Plan invested in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 15, 2025. See Note 10 for relevant disclosures. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: INFORMATION CERTIFIED BY QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements is obtained by management and agreed to or derived from information certified as complete and accurate by VALIC, the qualified institution:

a) Total investments, at fair value and contract value, included in the statement of net assets available for benefits at December 31, 2023.
b) Notes receivable from participants, included in the statements of net assets available for benefits at December 31, 2023.
c) Investment income and interest income from notes receivable, included in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
d) All amounts included in Note 4, *Fair Value Measurements*.
e) All amounts included in Note 5, *Investments Reported at Contract Value.*

Note 4: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
  - observable; or
  - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Note 4: FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2023				
Mutual funds	$ 86,960,053	$ -	$ -	$ 86,960,053

There were no investments reported at fair value at December 31, 2024.

Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE

In a prior year, the Plan entered into a guaranteed investment contract with VALIC. The options under the VALIC Fixed-Interest Options included a fixed account option. The fixed options were guaranteed by the claims-paying ability of VALIC. The fixed account option totaled $0 at December 31, 2024 and $31,498,296 at December 31, 2023.

Prior to the freezing of the Plan, VALIC maintained the contributions to the fixed account option in a general account, which was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. This contract meets the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed rate for the fixed option varies by participant and depends on the date the participant established his or her account. Participant accounts set up between January 2023 and May 2023 have a minimum interest rate of 1.9%, June 2023 have a minimum interest rate of 2.05%, between July 2023 and May 2024 have a minimum interest rate of 2.20%, and between May 2024 and December 2024 have a minimum interest rate of 2.35%. These minimums apply to all fixed options under the contract.

Note 6: TAX STATUS

The Plan is designed to qualify under Section 401(a) of the Internal Revenue Code (IRC), as amended. The terms of the Plan were prepared to conform to the sample language provided by the Internal Revenue Service (IRS). The Plan Administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 401(a).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by VALIC. VALIC is the Custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 8: PLAN TERMINATION

The Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

Note 9: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Plan's financial statements as of December 31, 2024 and 2023, to the Plan's Form 5500:

December 31,	**2024**	2023
Net assets available for benefits per the financial statements	**$ 113,171,943**	$ 121,239,420
Amounts allocated to withdrawing participants	**-**	(905,687)
Net assets available for benefits per the Form 5500	**$ 113,171,943**	$ 120,333,733

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2024, to Form 5500:

For the year ended December 31,	2024
Benefits paid to participants per the financial statements	$ 20,639,079
Less: amounts allocated to withdrawing participants at December 31, 2023	(905,687)
Benefits paid to participants per Form 5500	$ 19,733,392

Amounts allocated to withdrawing participants are recorded on the Plan's Form 5500 as loans distributed by VALIC but not yet paid as of that date.

Note 10: SUBSEQUENT EVENTS

As of January 3, 2025, the Plan Sponsor merged the total account balance of each participant's account from the VALIC to TransAmerica. The assets were moved on December 31, 2024.
