Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified **(2)** ☐ Qualified **(3)** ☒ Disclaimer **(4)** ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 **(2)** ☐ DOL Regulation 2520.103-12(d) **(3)** ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: LUTZ & COMPANY, P.C. **(2)** EIN: 47-0625816

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. **(2)** ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**		X

INDEPENDENT AUDITORS' REPORT

Retirement Plan Committee
Retirement Plan of Creighton University
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits
We were engaged to perform audits of the financial statements of Retirement Plan of Creighton University (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion
We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion
The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded from the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date of the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Our responsibility is to conduct audits of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplementary Information Required by ERISA
The supplementary information as of and for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplementary information.

1. Plan Description

The following brief description of the Retirement Plan of Creighton University (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Creighton University (the University).

Employees are eligible to defer into the Plan as an active participant as of their date of hire. All employees are eligible unless the employee is:

- An employee who is a student performing services for the University that meets specific requirements of the Internal Revenue Code.
- An employee who is a non-resident alien with no U.S. income or all such income is exempt from U. S. income tax.
- An employee who is considered to be an independent contractor or an employee of an independent contractor.

Eligible employees are immediately eligible to receive the minimum employer contributions from the University regardless of their own contributions to the Plan.

Eligibility for the discretionary matching contributions is also immediate but is contingent upon the employees making their own contributions to the Plan to be matched.

Contributions

Participants may contribute a portion of their annual compensation as pre-tax and, or Roth after-tax deferral contributions in connection with the 403(b) provisions of the Plan up to the maximum dollar limits allowable by law. Participants may also contribute amounts representing distributions from other qualified plans. Minimum employer contributions are made in amounts equal to 2% of the participant's eligible compensation. Discretionary matching contributions are made based upon an employee's elective deferral percentage. Total employer contributions are calculated as follows:

Employee Deferral	Matching Contribution	Minimum Employer Contribution (QNEC)	Total Employer Contribution
0%	0%	2%	2%
1%	1%	2%	3%
2%	2%	2%	4%
3%	3%	2%	5%
4%	4%	2%	6%
5%	5%	2%	7%

All participants who are eligible to make deferral contributions and who will attain age 50 before the close of the calendar year shall be eligible to make catch-up contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the University's employer contributions and b) Plan earnings or losses. The University's discretionary matching contribution is allocated among participants based upon each participant's elected salary deferral. The University's Minimum Employer Contribution contributions are allocated based on the eligible compensation of participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by Principal Trust Company (Principal) and TIAA-CREF (TIAA).

Vesting

Participants are always 100% vested in the part of their account resulting from the following:

- 403(b) elective deferral contributions
- Matching contributions (if hired prior to July 1, 2017)
- Minimum employer contributions
- Rollover contributions
- Past employee contributions

The schedule below determines a participant's vesting percentage for employer contributions (if hired on or after July 1, 2017):

Years of Vesting Service:
Less than 2 years - 0% Vested
2 or more years - 100% Vested

Additionally, participants must have 1,000 hours or more of service in each of those two years.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may elect to receive either a lump sum or annuity payments equal to the value of the vested funds allocated to the participant's account. The Plan requires mandatory distribution payments between $1,000 and $5,000 be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under $1,000 will be paid out to the participant in the event the participant does not elect a payout option. Benefit payments are recorded when paid.

Forfeitures

Upon a participant's termination of employment before normal retirement, disability, or death, the portion of their employer contributions not then vested shall be forfeited. The forfeited portion of any employer contribution may be used to pay administrative expenses or to reduce the University's employer contributions. As of December 31, 2025 and 2024, there was $2,780 and $4,830 of forfeited, non-vested amounts available, respectively. There were forfeitures of $116,628 and $124,731 used to reduce the University's employer contributions and administrative expenses for the years ended December 31, 2025 and 2024, respectively.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments, except fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The University determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for further discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The University has determined the Principal Fixed Income Guaranteed Option is fully benefit-responsive. The University has also determined the TIAA Traditional Annuity contains both fully benefit-responsive contracts and contracts that are not fully benefit-responsive.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excluded Contracts and Accounts

The Plan has elected to exclude certain contracts and accounts from Plan assets in accordance with Department of Labor Field Assistance Bulletin 2009-02 due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The University ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact stopped making contributions to the contract or account before January 1, 2009;
- All rights under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the University; and
- The individual owner of the contract is fully vested in the contract or account.

Expenses

Certain administrative fees are paid by the University and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Recordkeeping, audit, consulting, and other miscellaneous fees are paid by the Plan and are included in administrative expenses.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through September 29, 2026, noting no events requiring disclosure.

3. Information Certified by Principal and TIAA

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal and TIAA, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplementary information.

The following table presents the value of participant-directed Plan assets that were certified by Principal and TIAA as of December 31, 2025 and 2024:

	2025	2024
Investments at Fair Value	$ 736,558,202	$ 663,372,188
Investments at Contract Value	18,941,386	18,652,507
Total Investments Certified by Principal and TIAA	$ 755,499,588	$ 682,024,695

Principal and TIAA have certified to the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31, 2025 and 2024:

	2025	2024
Net Appreciation in Fair Value of Investments	$ 94,243,420	$ 79,528,712
Interest and Dividends from Investments	9,388,899	9,375,682
Total Investment Income	$ 103,632,319	$ 88,904,394

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual Funds and Money Market Fund: Valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Participant-Directed Brokerage Accounts: Valued at the NAV of its underlying investments. Brokerage accounts hold securities that are valued at the closing price reported on the active market on which the individual securities are traded.

Pooled Separate Account: The pooled separate account invests in real properties and real estate-related investments. The value is principally derived from the NAV of the underlying real estate holdings or other real estate-related investments.

Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources.

Non-Benefit Responsive Insurance Contracts: Valued at the amount participants would receive if they were to withdraw or transfer funds with the Plan prior to maturity. The fair value represents discontinuation value or contract value less a withdrawal fee. The contracts have no unfunded commitments (See Note 5).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total

5. Investment Contracts with Insurance Companies

The Plan has entered into investment contracts with Principal and TIAA. Principal and TIAA maintain the contributions in a money market fund, mutual funds, participant-directed brokerage accounts, a pooled separate account and unallocated insurance contracts. These investment contracts are credited with the earnings on the underlying investments and assessed for Plan withdrawals and administrative expenses charged by Principal and TIAA.

The money market fund, mutual funds, participant-directed brokerage accounts, a pooled separate account and the contracts that are not fully benefit-responsive as reported to the Plan by Principal and TIAA, are included in the financial statements at fair value. The contracts that are fully benefit-responsive contained within the Principal Fixed Income Guaranteed Option, the TIAA Traditional Annuity and the TIAA Stable Value Annuity unallocated insurance contracts are included at contract value in the financial statements.

As a portion of the insurance contracts are fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the insurance contracts. Contract value, as reported to the Plan by Principal and TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic developments. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the abililty of the Plan to transact at contract value with the participants.

6. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from Federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. Distribution to participants of the account balances would be made as soon as practicable after the termination date.

8. Related-Party Transactions

Certain Plan investments are shares of funds and accounts managed by Principal and TIAA. Principal and TIAA act as the custodians of the Plan, and, therefore, these transactions qualify as party-in-interest transactions.
