INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Farmers Grain Terminal, Inc. Co-op 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Farmers Grain Terminal, Inc. Co-op 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Farmers Grain Terminal, Inc. Co-op 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Farmers Grain Terminal, Inc. Co-op 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Farmers Grain Terminal, Inc. Co-op 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Farmers Grain Terminal, Inc. Co-op 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Farmers Grain Terminal, Inc. Co-op 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auding procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FARMERS GRAIN TERMINAL, INC.
CO-OP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 1: Description of Plan

The following description of the Farmers Grain Terminal, Inc. Co-op 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan, established August 1, 1978, is a defined contribution employee benefit plan sponsored by Farmers Grain Terminal, Inc. (the "Employer") and provides retirement benefits to eligible participants. All employees of the Employer will be eligible to participate in 401(k) employee deferral contributions and employer contributions upon completion of one year of service and attaining age 21. Per the Plan document, one year of service is reached when an employee is credited with 1,000 hours of service in a 12 month consecutive period. An employee will become eligible to participate in the Plan on the first day of the month following the date in which the employee completes all applicable requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2025, The Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act extended eligibility for participation in 401(k) plans to certain long-term part-time (LTPT) employees. LTPT employees must have two consecutive years of eligible service in order to make deferral contributions into the Plan. Eligible service is defined as at least 500 hours of service for each 12-month eligibility period. The eligibility service window applies for plan years beginning after December 31, 2022, and excludes service before that. The Plan Sponsor may still require the employee to satisfy any minimum age requirements, and can also decide whether LTPT employees will receive any portion of employer contributions.

Contributions

Participants may contribute up to 50% of their annual compensation not to exceed the limit set by the Internal Revenue Code, which was $23,500 and $23,000 in 2025 and 2024, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to an additional $7,500 in 2025 and 2024. Effective January 1, 2025, a higher catch-up contribution limit applies to employees aged 60-63 under the SECURE Act 2.0. For 2025, the higher catch-up contribution limit is $11,250. Participants eligible for the Plan are automatically enrolled at 2% of eligible compensation provided they have not elected out of participating. Compensation is defined as the total amount paid to the employee by the employer that is subject to income tax and increased by any compensation reduction elections under Code Sections 125 and 401(k). The Plan also permits participant Roth 401(k) and rollover contributions from other qualified retirement plans.

Participants who meet eligibility requirements will receive employer matching contributions up to 2% of compensation. All eligible employees will receive an additional employer safe harbor contribution of 3% of compensation. Each year, the Employer, at the discretion of its Board of Directors, may contribute profit sharing amounts. To receive an allocation of the Employer's profit sharing contribution, employees must have completed 1,000 hours of service and be employed on the last day of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of a) the Employer's contribution, b) Plan earnings, and c) administrative expenses. Participants' accounts will also be charged with an allocation of the Plan's administrative expenses. Allocations are based on participant's earnings or account balances as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may instruct the trustee, through an employee election form, on how to invest their account in the various investment options offered by the Plan. The Plan currently offers 16 different mutual funds and a stable value fund as investment options for participants. The stable value fund consists of a common collective trust and guaranteed investment contracts. Participants can change their investment allocations at any time.

Vesting

Participants are immediately vested in their contributions, employer safe harbor contributions and any earnings thereon. Vesting in the portion of their account attributable to the Employer's matching or profit sharing contribution is based on each participant's years of service. Participants are 100% vested after six years of service. A participant will also become fully vested upon death, disability or retirement at age 65 or older.

Years of Service	Percentage Vested
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Administrative Expenses

Processing fees of the Plan are charged against the individual's account balance that is responsible for the expense. Administrative expenses paid to the external service providers are paid by the Plan Sponsor. Administrative expenses related to services of the record keeper are allocated on a pro rata basis to participants, as provided for in the Plan document.

Notes Receivable from Participants

Participants may borrow from their account at a minimum of $1,000 and to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. All loans are required to be repaid within five years of the loan origination unless the loan is used for the purchase of a principal residence. Participants are limited to one loan at any one time. Interest rates are based on the prime rate on the day the loan is requested plus 1 percent. The participant's account balances serve as collateral for the loans and are repaid through automatic payroll deductions.

Payment of Benefits

Upon death, disability, retirement, or upon termination of service due to other reasons, a participant may elect to receive payments of his or her vested account balance in a lump-sum distribution or direct transfer to an eligible retirement plan. Upon proof to the Plan administrator of an immediate financial need permitted by the Plan documents, a portion of any fully vested account balance may be withdrawn for a hardship purpose. In-service distributions from the portion of the participant's account that is fully vested after a participant's attainment of age 59 1/2 are permitted.

There were no benefits requested during 2025 that were paid in the following year.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues and expenses, other than benefit payments, together with the related assets and liabilities are recorded in the accounting period to which they apply, regardless of when the cash transaction occurred.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan administrators to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan's most significant estimate relates to the valuation of investments and it is reasonably possible that a change could occur in the near-term.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated all subsequent events for potential recognition and disclosure through September 23, 2026, the date these financial statements were available to be issued.

Note 3: Plan Termination

Although it has not expressed the intent to do so, the Employer has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in the employer discretionary contributions portion of their account. Employee contributions and employer safe harbor contributions and their related earnings are always fully vested.

Note 4: Forfeitures

Forfeited account balances will first be used to reduce employer matching and employer basic contributions in accordance with the Plan document. At December 31, 2025, forfeited non-vested accounts totaled $2,935. There was no balance in the forfeited non-vested accounts at December 31, 2024. During 2025 and 2024, forfeitures of $14,299 and $2,012 were used to reduce Employer matching contributions, respectively.

Note 5: Fair Value

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table presents the Plan's hierarchy for its assets measured at fair value on a recurring basis as of December 31, 2025:

	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 14,703,285	$ 14,703,285	$ -	$ -
Investments Measured at Net Asset Value	1,878,827	-	-	-
Investments at Fair Value	$ 16,582,112	$ 14,703,285	$ -	$ -

The following table presents the Plan's hierarchy for its assets measured at fair value on a recurring basis as of December 31, 2024:

	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 12,498,828	$ 12,498,828	$ -	$ -
Investments Measured at Net Asset Value	1,732,241	-	-	-
Investments at Fair Value	$ 14,231,069	$ 12,498,828	$ -	$ -

The following section describes the valuation methodologies the Plan uses to measure financial instruments at fair value:

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund – Valued at the net asset value of units of the bank collective trusts as well as an underlying portfolio of fixed income securities. The stable value collective trust fund is comprised of fully benefit-responsive investment contracts and the underlying portfolio of fixed income securities. Management previously adopted ASU 2015-07, Fair Value Measurement *Topic 820: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*, which became effective beginning with plan years ending on December 31, 2015. The investment in a stable value collective trust fund is valued using net asset value as the practical expedient. The practical expedient is used for valuation, unless it is probable that the Fund will sell a portion of the investment at an amount different from the net asset valuation. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 90 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024 are reported in net change in fair value of investments. The Plan's investments (including realized gains and losses on investments bought, sold, and held during the year as well as unrealized appreciation of the investments held at the end of the year) appreciated in value by $1,260,282 and $945,752 in 2025 and 2024, respectively.

Fair Value of Investments in Entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable Value Collective Trust Fund	$1,878,827	N/A	Daily	90 days

December 31, 2024	Fair Value	Unfunded Commitments	Redemption frequency (if currently eligible)	Redemption Notice Period
Stable Value Collective Trust Fund	$1,732,241	N/A	Daily	90 days

Note 6: Income Tax Status

The Plan adopted a Fox Rothschild LLP defined contribution plan effective January 1, 2022. The defined contribution plan obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the defined contribution plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 7: Information Prepared and Certified by Trustee

The Plan's investments are held by Charles Schwab Trust Bank, the Trustee. For the years ending December 31, 2025 and 2024, the amounts set forth in the accompanying financial statements for investments, notes receivable from participants, investment income, and interest income from notes receivable, and the information shown in the supplemental schedule were summarized from information furnished by the Trustee. The Plan administrator received from the Trustee a certification that information furnished by the Trustee is complete and accurate. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the information certified as complete and accurate by Charles Schwab Trust Bank was not subjected to any audit procedures except for comparing the information with the related information included in the financial statements and supplemental schedule.

Note 8: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan; any person who provides services to the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employee association or relatives of such person.

Milliman, Inc. is the third party administrator for the Plan and Charles Schwab Trust Bank is the Trustee for the Plan. They are by definition a party-in-interest and as a result, all investment transactions were with a party-in-interest. The Plan paid administrative costs of $59,327 and $61,947 directly to Milliman, Inc. for their services during 2025 and 2024, respectively. These transactions are exempt from being prohibited transactions under ERISA. All remaining administrative expenses were paid by the Employer.

Note 9: Reconciliation of Financial Statements to Form 5500

Certain amounts reported in the Plan's annual Form 5500 for changes in net assets available for benefits are different from the amounts reported in the accompanying financial statements. These differences are due to different presentation of investments and investment income.

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2025	2024
Net Assets Available for Benefits per the Financial Statements	$ 16,934,545	$ 14,552,242

Net Assets Available for Benefit per Schedule H to the Form 5500	$ 16,899,313	$ 14,477,519

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the years ended December 31, 2025 and 2024, respectively, to Schedule H of Form 5500:

	2025	2024
