INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Wafra 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Wafra 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's

Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

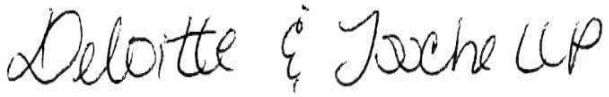

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WAFRA 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2025 AND 2024, AND FOR YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of the Wafra 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan covering substantially all employees of Wafra (the "Company") who have completed one month of service and are age 21 or older, except for temporary employees who must complete at least 1,000 hours of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee is Fidelity Management Trust Company (the "trustee") and the recordkeeper of the Plan is Fidelity Workplace Services.

Contributions—Participants may contribute an annual limit of the lesser of 90% of eligible compensation or $23,500, as defined by the Plan. Employees are automatically enrolled with a 4% deferral rate unless they elect otherwise. Each year on April 1, the deferral percentage for those auto enrolled is automatically increased by 1%.

Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions of up to $7,500. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches 100% of participants' first 4% of the pre-tax contributions, as defined in the Plan. Additional discretionary nonelective profit-sharing contributions may be made at the option of the Company's board of directors. To be eligible for discretionary nonelective profit-sharing contributions, a participant must work 1,000 hours in the given Plan year. A discretionary nonelective profit-sharing contribution of $721,085 for the year ended December 31, 2025 was approved and remitted in February 2026.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and Company's matching and discretionary contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants may direct the investment of their contributions, any discretionary nonelective profit-sharing contributions, Company match and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily.

Vesting—Participants are immediately vested in rollover contributions, deferral contributions, Company match contributions and any earnings thereon. Vesting in the discretionary nonelective profit-sharing contributions, plus actual earnings thereon, is as follows:

Years of Service	Vesting
0–1 year	- %
2 years	50
3 years	100

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow up to 3 loans from their fund accounts of a minimum of $1,000, and up to a maximum total equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. As of December 31, 2025, participant loans have maturities from 2026 through 2046 at interest rates ranging from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits—On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments, or partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures—Forfeited nonvested accounts are used to reduce future Company contributions and pay Plan expenses. Forfeited nonvested accounts available at December 31, 2025 and 2024 were approximately $19,283 and $21,266, respectively. During 2025, forfeitures of $13,720 were used to reduce discretionary nonelective profit-sharing contributions and these contributions were recorded as a receivable as of December 31, 2024 and remitted to the Plan during 2025. For the year ended December 31, 2025, forfeitures of $11,243 were used to reduce discretionary nonelective profit-sharing contributions and these contributions were remitted to the Plan during 2026.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates—The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants, who elected to withdraw from the Plan, but had not yet been paid as of December 31, 2025 or 2024.

Contributions— Participant contributions, discretionary nonelective profit-sharing contributions and Company matching contributions are recorded when earned.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Plan Expenses—Administrative expenses of the Plan are paid by the Plan or the Plan sponsor, as provided in the Plan document. Investment management fees for investments are included as a reduction of investment return and are not reflected separately in the statement of changes in net assets available for benefits.

Administrative expenses are allocated to Participants pro rata based on their account balances in the Plan and are deducted from participant accounts each calendar quarter. Participants also pay administrative costs for loans, distributions, and qualified domestic relation orders. The remaining expenses are paid by the Company and through credits provided by the recordkeeper for Plan investments. The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the recordkeeper to offset the Plan's administrative expenses. Future Plan expenses can be paid from any excess remaining revenue sharing amounts. The Plan held undistributed administrative revenues of $34,705 and $22,501 at December 31, 2025 and 2024, respectively.

Risk and Uncertainties—The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustee of the Plan certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025 and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the Trustee of

the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Statements of Net Assets Available for Benefits	**2025**	**2024**
Investments at fair value	$78,029,917	$71,539,563
Notes receivable from participants	300,406	402,700

Statement of Changes of Net Assets	**2025**
Dividends	4,036,763
Interest on Common Collective Trusts	83,190
Interest income on notes receivable	26,982
Net realized/unrealized appreciation in fair value of investments	5,837,587

The following was also certified:

Supplemental schedules: All investment balances and information included in the supplemental schedule of assets (held at end of year).

All investment balances and investment information, excluding the level of investments, unfunded commitment, redemption frequency, redemption notice period, and other redemption restrictions in Note 4, Fair Value Measurements.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts—Valued at the NAV of units of a bank collective trust fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

Investment Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 75,495,969	$ -	$ -	$ 75,495,969
Investments measured at NAV Common Collective Trusts	$ -	$ -	$ -	$ 2,533,948
Total investments	$ -	$ -	$ -	$ 78,029,917

Investment Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 69,215,352	$ -	$ -	$ 69,215,352
Investments measured at NAV Common Collective Trusts	$ -	$ -	$ -	$ 2,324,211
Total investments	$ -	$ -	$ -	$ 71,539,563

NAV Per Unit—The following table summarizes investments for which fair value is measured using the NAV per unit practical expedient as of December 31, 2025 and 2024:

Collective Trust Fund (Invesco Stable Value III)				
	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently Eligible)	Plan Level Redemption Notice Period
December 31, 2025	$2,533,948	n/a	Daily	12 months
December 31, 2024	$2,324,211	n/a	Daily	12 months

The collective trust fund's returns are based on returns generated by an actively managed, highly diversified portfolio of investment grade, fixed and floating rate securities. The fund may invest in such securities directly or indirectly through commingled investment vehicles. Generally, there are no restrictions on a participant's ability to redeem their investment in the collective trust fund at the investment's NAV. A participant transferring his or her participation in the fund to another competing investment will not be permitted, unless the withdrawal proceeds are first directed into a non-competing fund for a minimum of 90 days (90-day wash period). The Plan is required to give the fund 12 months' irrevocable written notice of the Plan's intention to redeem all or a portion of its participation in the fund. The collective trust trustee, in its absolute discretion, may waive or reduce the required 12-month waiting period if it determines that such waiver or reduction would not have a material adverse impact on the fund or its remaining participating trusts. In exercising its sole discretion to waive or reduce the 12-month waiting period, the collective fund trustee may consider, among other factors, the current market conditions, and the total book value of the account of each participating trust requesting such withdrawal.

5. FEDERAL INCOME TAX STATUS

The Plan has adopted a Fidelity Volume Submitter Defined Contribution Plan. On June 30, 2020, the Internal Revenue Service ("IRS") stated in an advisory letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt. As a result, no provision for income taxes has been included in the Plan's financial statements.

6. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain investments are shares of mutual funds and managed by the Trustee. Therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee were approximately $135,000 for the year ended December 31, 2025. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

Administrative revenues arise when investment managers return a portion of the investment fees to the Trustee to offset the administrative expenses. Any excess resulting from this revenue sharing remains in an unallocated account from which future Plan expenses can be paid. During 2025, there were no Plan expenses paid from this unallocated account.

Certain employees of the Sponsor perform other non-investment related services for the Plan. Neither the employees nor the Sponsor receive compensation from the Plan in exchange for these services.

7. MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identified as an expense.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their discretionary nonelective profit-sharing contributions.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As of December 31, 2025, the following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	2025
Net assets available for benefits per the financial statements	$79,123,727
Less: Deemed distributions of participant loans	(4,117)
Net assets per the Form 5500	$79,119,610

For the year ended December 31, 2025, the following is a reconciliation of the net increase in net assets per the financial statements to net income per the Form 5500:

	2025
Net increase in net assets per the financial statements	$6,497,120
Less: Deemed distributions of participant loans	(4,117)
Add: Deemed previously as defaulted loans - 2024	3,756
Net income per the Form 5500	$6,496,759

As of December 31, 2024, the following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	2024
Net assets available for benefits per the financial statements	$72,626,607
Less: Deemed distributions of participant loans	(3,756)
Net assets per the Form 5500	$72,622,851

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 18, 2026, the date the financial statements were available to be issued. The Company remitted the discretionary nonelective profit-sharing payment of $721,085 for 2025 on February 18, 2026. No other events occurred that require additional disclosures in or adjustments to the Plan's financial statements.
