Independent Auditors' Report

To the Plan Administrator of Eagle Pharmaceuticals Inc
401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eagle Pharmaceuticals Inc 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

- The information in the financial statements referred to above related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America and, as a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) (modified cash basis), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
(Modified Cash Basis)
December 31, 2025

1. Description of Plan

The following description of the Eagle Pharmaceuticals Inc 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all eligible employees of Eagle Pharmaceuticals Inc., (the "Employer" or the "Company") who are 21 years of age or older except for union employees, nonresident aliens and employees acquired through acquisition. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 75% of their eligible compensation, as defined by the Plan document, on a pre-tax or after-tax basis. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be deducted from compensation and contributed to a qualified plan that is determined by the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution retirement plans. Eligible employees are automatically enrolled in the Plan with 3% being deducted from the employees’ eligible compensation and increasing 1% annually with a maximum of 6%. Employees have the option of not participating by accessing their account online and completing a change in enrollment form to decrease or increase their contribution rate or to not participate. Participants may direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make a discretionary matching or nonelective profit sharing contribution to the Plan for eligible who have completed at least one year of service and employed on the last day of the year. The Employer made a qualified automatic contribution arrangement (“QACA”) safe harbor matching contribution equal to 100% of the first 1% of a participant’s elective deferrals and an additional Employer matching contribution of 50% of the deferrals from 2% up to 6%, for a maximum match of 3.5% in 2025. There were no nonelective profit sharing contributions made during 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions as well as an allocation of the Employer contributions, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. Participants may direct the investment of their account balances to any combination of the Plan’s investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum amount of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of one-half of their vested account balance. The loans are secured by the balance in the participant's account. A participant may only have two loans outstanding at one time.

The loan interest rate, determined on the first business day of the month, is set at 1% above the prime rate, as defined in the Plan Document. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are vested immediately in their contributions, Employer matching contributions plus actual earnings thereon. Vesting in the Employer’s profit sharing contribution portion of their accounts is based on years of continuous service. To earn a year of service, a participant must be credited with at least 1,000 hours of service during a plan year. A participant vests at the following rate: 0% vested before completing one year of credited service, 25% vested after one year, 50% vested after two years, 70% vested after three years, 100% vested after four years of credited service.

Payment of Benefits

On termination of service due to death, disability, retirement, hardship, or for other reasons, a participant or their beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or fixed period and fixed payment installments. Distributions may also be made in installments to comply with required minimum distribution rules required by the IRC. The Plan permits in-service withdrawals to participants meeting certain requirements.

Forfeited Accounts

Forfeitures of the non-vested portion of terminated participants’ accounts are maintained in a separate account and may be used to pay administrative expenses or to reduce future Employer contributions. As of December 31, 2025 and 2024 forfeited accounts totaled $0 and $5. During 2025, $5 in forfeitures were used to offset employer contributions.

2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Under this basis, investment income is recognized when received and disbursements are recognized when made, except for investments which are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with U.S. GAAP.

The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets:

- Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets
- Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data.
- Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Reclassifications

Certain amounts in the 2024 financial statements have been reclassified to conform to the 2025 presentation. Such reclassifications had no impact on the Plan's net assets or changes in net assets.

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 8, 2026.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required Schedule H, Line 4i – Schedule of Assets (Held at End of Year) (modified cash basis) including investments at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company, a qualified institution.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis as of December 31, grouped by the fair value hierarchy:

Assets at Fair Value as of December 31, 2025	Level 1	Other Investments Measured at NAV*	Total
Mutual funds	$ 15,573,991	$ -	$ 15,573,991
Common/Collective Trust	-	1,187,983	1,187,983
	$ 15,573,991	$ 1,187,983	$ 16,761,974

Assets at Fair Value as of December 31, 2024	Level 1	Other Investments Measured at NAV*	Total
Mutual funds	$ 15,289,845	$ -	$ 15,289,845
Common/Collective Trust	-	1,054,203	1,054,203
	$ 15,289,845	$ 1,054,203	$ 16,344,048

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Putnam Stable Value Fund

Participants have the option to invest in a stable value fund called the Putnam Stable Value Fund (the “Fund”), a common/collective trust which was established and is maintained by Putnam Fiduciary Trust Company, LLC, the trustee of the Fund. The Fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The Fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies. The Fund strives to maintain at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds with investment policies and other provisions similar to those of the Fund. The Fund is valued on a daily basis by Putnam Fiduciary Trust Company. Contributions and redemptions to the Fund may be made daily at the current net asset value. There are no unfunded commitments or future funding obligations related to the Plan’s investments in the Funds as of December 31, 2025 and 2024.

6. Related-Party and Party In Interest Transactions

Fees paid by the plan to Merrill Lynch, the Plan's investment advisor, for plan management services amounted to $41,988 for the year ended December 31, 2025.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

7. Tax Status

The Internal Revenue Service has determined and informed the prototype document preparer by a letter dated August 31, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions for periods since 2022; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Independent Auditors' Report

To the Plan Administrator of Eagle Pharmaceuticals Inc
401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eagle Pharmaceuticals Inc 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

- The information in the financial statements referred to above related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America and, as a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) (modified cash basis), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
(Modified Cash Basis)
December 31, 2025

1. Description of Plan

The following description of the Eagle Pharmaceuticals Inc 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all eligible employees of Eagle Pharmaceuticals Inc., (the "Employer" or the "Company") who are 21 years of age or older except for union employees, nonresident aliens and employees acquired through acquisition. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 75% of their eligible compensation, as defined by the Plan document, on a pre-tax or after-tax basis. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be deducted from compensation and contributed to a qualified plan that is determined by the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution retirement plans. Eligible employees are automatically enrolled in the Plan with 3% being deducted from the employees’ eligible compensation and increasing 1% annually with a maximum of 6%. Employees have the option of not participating by accessing their account online and completing a change in enrollment form to decrease or increase their contribution rate or to not participate. Participants may direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make a discretionary matching or nonelective profit sharing contribution to the Plan for eligible who have completed at least one year of service and employed on the last day of the year. The Employer made a qualified automatic contribution arrangement (“QACA”) safe harbor matching contribution equal to 100% of the first 1% of a participant’s elective deferrals and an additional Employer matching contribution of 50% of the deferrals from 2% up to 6%, for a maximum match of 3.5% in 2025. There were no nonelective profit sharing contributions made during 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions as well as an allocation of the Employer contributions, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. Participants may direct the investment of their account balances to any combination of the Plan’s investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum amount of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of one-half of their vested account balance. The loans are secured by the balance in the participant's account. A participant may only have two loans outstanding at one time.

The loan interest rate, determined on the first business day of the month, is set at 1% above the prime rate, as defined in the Plan Document. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are vested immediately in their contributions, Employer matching contributions plus actual earnings thereon. Vesting in the Employer’s profit sharing contribution portion of their accounts is based on years of continuous service. To earn a year of service, a participant must be credited with at least 1,000 hours of service during a plan year. A participant vests at the following rate: 0% vested before completing one year of credited service, 25% vested after one year, 50% vested after two years, 70% vested after three years, 100% vested after four years of credited service.

Payment of Benefits

On termination of service due to death, disability, retirement, hardship, or for other reasons, a participant or their beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or fixed period and fixed payment installments. Distributions may also be made in installments to comply with required minimum distribution rules required by the IRC. The Plan permits in-service withdrawals to participants meeting certain requirements.

Forfeited Accounts

Forfeitures of the non-vested portion of terminated participants’ accounts are maintained in a separate account and may be used to pay administrative expenses or to reduce future Employer contributions. As of December 31, 2025 and 2024 forfeited accounts totaled $0 and $5. During 2025, $5 in forfeitures were used to offset employer contributions.

2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Under this basis, investment income is recognized when received and disbursements are recognized when made, except for investments which are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with U.S. GAAP.

The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets:

- Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets
- Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data.
- Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Reclassifications

Certain amounts in the 2024 financial statements have been reclassified to conform to the 2025 presentation. Such reclassifications had no impact on the Plan's net assets or changes in net assets.

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 8, 2026.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required Schedule H, Line 4i – Schedule of Assets (Held at End of Year) (modified cash basis) including investments at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company, a qualified institution.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis as of December 31, grouped by the fair value hierarchy:

Assets at Fair Value as of December 31, 2025	Level 1	Other Investments Measured at NAV*	Total
Mutual funds	$ 15,573,991	$ -	$ 15,573,991
Common/Collective Trust	-	1,187,983	1,187,983
	$ 15,573,991	$ 1,187,983	$ 16,761,974

Assets at Fair Value as of December 31, 2024	Level 1	Other Investments Measured at NAV*	Total
Mutual funds	$ 15,289,845	$ -	$ 15,289,845
Common/Collective Trust	-	1,054,203	1,054,203
	$ 15,289,845	$ 1,054,203	$ 16,344,048

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Putnam Stable Value Fund

Participants have the option to invest in a stable value fund called the Putnam Stable Value Fund (the “Fund”), a common/collective trust which was established and is maintained by Putnam Fiduciary Trust Company, LLC, the trustee of the Fund. The Fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The Fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies. The Fund strives to maintain at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds with investment policies and other provisions similar to those of the Fund. The Fund is valued on a daily basis by Putnam Fiduciary Trust Company. Contributions and redemptions to the Fund may be made daily at the current net asset value. There are no unfunded commitments or future funding obligations related to the Plan’s investments in the Funds as of December 31, 2025 and 2024.

6. Related-Party and Party In Interest Transactions

Fees paid by the plan to Merrill Lynch, the Plan's investment advisor, for plan management services amounted to $41,988 for the year ended December 31, 2025.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

7. Tax Status

The Internal Revenue Service has determined and informed the prototype document preparer by a letter dated August 31, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions for periods since 2022; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
