Independent Auditor's Report

To the Administrative Committee and participants of the
BSKB 401(K) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of BSKB 401(K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of BSKB 401(K) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BSKB 401(K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BSKB 401(K) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BSKB 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BSKB 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of Plan

The following description of the BSKB 401(K) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of the Birch Stewart Kolasch & Birch, LLP (the Company) who are age twenty-one or older. All employees of the Company are eligible to participate in the Plan on the first day of the month following the date the employee meets the eligibility requirements. Employees are automatically enrolled at a deferral rate of 3% escalating annually up to 6% unless an employee makes a contrary election. The Plan also provides for qualified non-elective discretionary contributions and discretionary profit-sharing contributions for employees meeting certain criteria. With a few exceptions, to be eligible for discretionary contributions, participants must have worked 1,000 hours during the Plan year and be employed by the sponsor on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established January 1, 1985 and restated effective January 1, 2023. The Plan was created for the purpose of providing retirement benefits and other benefits for those employees who qualify for participation under the terms of the Plan.

Contributions
Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan up to the maximum dollar amount allowed by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan offers a Regular 401(K) deferral and a Roth 401(K) deferral. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, a self-directed brokerage option through Charles Schwab, a collective trust fund and an FDIC insured account, as investment options for participants. Employer discretionary non-elective contributions are allocated by classification of participants. There are three classes of participant groups. Classifications are Group A – partner participants; Group B – management participants; and Group C – staff participants. Allocations of employer contributions are pro-rata as a uniform percentage of compensation within the classification. Contributions are subject to certain limitations.

The Plan evaluates receivables for collectability in accordance with ASC 326, *Financial Instruments -- Credit Losses*. Given the short-term nature of these receivables, their settlement history, and the enforcement mechanisms under ERISA, management has determined that the risk of credit losses is not material to the financial statements. Accordingly, no allowance for credit losses has been recorded.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the employer contribution and, (b) plan earnings (losses). Participants that hold the Charles Schwab funds are charged for the Charles Schwab fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on the participant's years of continuous service. A participant is 100% vested after 6 years of credited service or attaining retirement age of sixty years old (60).

Note 1: Description of Plan (Continued)

Plan Investments
The Plan currently offers 23 mutual funds as well as self-directed brokerage accounts and a common collective trust, as investment options for participants. Investments held in the self-directed brokerage accounts primarily consist of shares of mutual funds, corporate stock, unit investment trusts, and money market funds. Participants are able to allocate contributions into one or more of the Plan's investment options. Choice of investment amounts and investment transfers for each option are at the participant's discretion and can be changed daily.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loans must be repaid over a period of not more than 5 years unless the loan issued is for the purchase of a principal residence. Loans for the purchase of primary residence can be repaid in over a period of not more than 15 years. The loans are secured by the balance in a participant's account and bear a reasonable rate of interest as determined by the plan administrator based on the prevailing interest rates. Principal and interest is paid ratably through monthly payroll deductions. At December 31, 2025 and 2024, the outstanding notes receivable from participants was $313,992 and $439,116, respectively.

Payment of Benefits
Upon termination of service due to death, disability or retirement (age 60), a participant may receive a lump-sum or annual installments equal to the value of the participant's vested interest in his or her account. In service distributions are permitted upon attaining age fifty-nine and one half (59 1/2), disability, qualified reservist or financial hardship. The normal retirement age under the Plan is age sixty (60) upon which the participant becomes fully vested in his or her account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts
The portion of a participant's account to which he or she is not entitled to at separation of service is reverted to the employer's Forfeiture Account. In accordance with ERISA, this amount must be held in suspense until the participant has incurred a five-year break-in-service, or earlier if participant has been paid his or her entire vested balance. Amounts that can be allocated in the current plan year are considered available forfeitures. Those amounts not yet available for allocation are held in suspense for future years.

Available forfeitures can be used to reduce future employer contributions or to pay Plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $42,825 and $26,969 respectively. These accounts were used to reduce the 2025 employer contribution by $21,022 and the 2024 employer contribution by $149,633.

Qualified Nonelective Contributions
The Plan document permits the Company to make qualified nonelective contributions (QNECs) to assist with nondiscrimination testing. No QNECs were made during 2025 or 2024.

Administration
The Company has contracted with Empower Retirement, LLC to act as the Plan's trustee, custodian and administrator. During the year ended December 31, 2025, the Plan paid all third-party administration charges and audit fees.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting. The Plan's form 5500, Schedule H, Financial Information is prepared on the cash basis of accounting. Differences, if any, between the financial statements and Form 5500 are disclosed in Note 9.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value as certified by Empower Trust Company, LLC. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 4* for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's realized gains and losses on investments both bought and sold during the year, as well as unrealized gains and losses on investments held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent participant loans are defaulted after 90 days of non-payment. Delinquent loans may be subject to offset against participants' vested account balance. However, the loan is considered an asset of the Plan until a distributable event has occurred or a loan offset is requested

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
During 2025, the Plan sponsor paid certain third-party administration charges and audit fees. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid by the Plan, while other expenses are paid by the Company. Expenses paid by the Company are excluded from the Plan's financial statements. Administrative expenses paid by the Plan are reflected as administrative expenses in the statement of changes in net assets available for benefits. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Beginning in 2021, the Plan used a fee levelization arrangement. Under this arrangement, participant accounts are assessed a quarterly administrative fee based on the participant's average daily account balance for the quarter at a rate of 0.15%.

Most investment options have investment management fees that reduce investment returns. Realized and unrealized appreciation or depreciation in the fair value of investments is reported net of these investment-related expenses.

Note 3: Information Certified by Trustee

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the trustee of the plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, line 4i — Schedule of Assets (Held At End of Year) as of December 31, 2025; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

Note 4: Fair Value Measurements

ASC 820-10 defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required or permitted to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 820-10 establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. *ASC 820-10* establishes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs to the valuation methodology that are significant to the measurement of fair value of assets or liabilities.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement is disclosed is determined based on the lowest level input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to actively traded.

Note 4: Fair Value Measurements (Continued)

Collective Trust Funds – Valued at the NAV, which is based on the contract value of the fund's investment contracts. The NAV represents the probable amount used in daily participant transactions. The NAV is used as a practical expedient to estimate fair value, unless it is probable that the fund will sell the investment for an amount different from the reported NAV. Participant benefit payments and transfers to noncompeting options shall be made as soon as practicable after the Trustee receives notice. Other withdrawals require a twelve month advanced written notice. Redemptions are processed daily.

Self-directed Brokerage Accounts – Accounts consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements at December 31, 2025			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 54,626,841	$ 54,626,841	-	-
Self-directed brokerage accounts	15,963,792	15,963,792	-	-
Total assets measured in hierarchy	$ 70,590,633	$70,590,633	$ -	$ -
Investments measured at net asset value (1)	2,577,580	-	-	-
Investments, at fair value	$73,168,213	$70,590,633	$ -	$ -

	Fair Value Measurements at December 31, 2024			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 48,257,063	$ 48,257,063	-	-
Self-directed brokerage accounts	15,038,723	15,038,723	-	-
Total assets measured in hierarchy	$ 63,295,786	$63,295,786	$ -	$ -
Investments measured at net asset value (1)	3,921,005	-	-	-
Investments, at fair value	$67,216,791	$63,295,786	$ -	$ -

(1) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

The Company, as Plan sponsor, is a party in interest to the Plan. Certain expenses paid by the Company on behalf of the Plan represent party-in-interest transactions. Empower Trust Company, LLC serves as the trustee and custodian of the Plan's assets, and Empower Retirement, LLC serves as the Plan's recordkeeper. The Plan also offers participants access to a self-directed brokerage account/window through Charles Schwab. Accordingly, transactions involving these investments and service providers qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of the Employee Retirement Income Security Act of 1974, as amended.

Note 6: Plan Termination

Although it has not expressed any interest in doing so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7: Tax Status

The Plan adopted a pre-approved plan document sponsored by Empower Retirement LLC and was restated effective January 1, 2023. The Internal Revenue Service (IRS) issued an opinion letter to Empower Retirement LLC dated November 14, 2022 (Letter Serial No. Q702518a), concluding that the form of the pre-approved plan is acceptable for use by employers for the benefit of their employees under Internal Revenue Code (IRC) Section 401.

The Plan may generally rely on the IRS opinion letter to the extent provided under Revenue Procedure 2017-41, provided the Plan is properly adopted and operated in accordance with its terms and the applicable requirements of the Internal Revenue Code. The IRS opinion letter does not constitute a determination regarding the Plan's operation or compliance with all applicable qualification requirements, and certain provisions and circumstances are outside the scope of the opinion letter.

Management believes the Plan is designed and operated in accordance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net asset available for benefits per the financial statements to that on the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits as reported on the financial statements	$ 74,621,323	$ 68,841,945

Rounding	-	(1)
Total benefits as reported on Form 5500	$ 73,350,514	$ 67,505,382

The following is a reconciliation of the net increase in net assets available for benefits per the financial statement to the net increase per the form 5500 for the year ended December 31:

	2025
Increase in net assets available for benefits as reported on financial statements	$ 5,779,378
Prior year employer's contribution receivable	1,186,038
Current year employer's contribution receivable	(1,139,118)
Deemed distributions	18,834
Change in net assets available for benefits on Form 5500	$ 5,845,132

Note 10: Subsequent Events

In accordance with generally accepted accounting principles, the Plan Administrator evaluates events and transactions that occur subsequent to year end for potential recognition or disclosure in the financial statements through October 3, 2026, the date on which the financial statements are available to be issued.
