Genesis Employer Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Genesis Employer Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of July 1, 2025 and December 31, 2024, the related statement of changes in net assets available for benefits for the period from January 1, 2025 through July 1, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of July 1, 2025 and December 31, 2024, and for the period from January 1, 2025 through July 1, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter
As discussed in Note 9 of the financial statements, effective July 1, 2025, the Plan merged into the Trinity Health 401(k) Retirement Savings Plan (the Trinity 401(k) Plan).

Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1. Plan Description

The following description of the Genesis Employer Contribution Plan (the Plan) provides only general information. Participants should refer to the plan document for more complete information.

General: The Plan is a contributory defined contribution plan. Eligible employees of GenVentures, Inc. (a wholly owned subsidiary of Genesis Health System, Employer) could participate in the Plan for the purposes of elective deferral contributions and employer match contributions as described in the Eligibility section and Contribution section below. Genesis Health System employees, who were also participants in the Genesis Health System Retirement Savings Plan (Genesis RSP), were eligible for employer match and discretionary contributions as described below. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). The Retirement Plan Committee (through September 30, 2024) and the Trinity Health Benefits Committee effective October 1, 2024, determines the appropriateness of the Plan's investment offerings and monitors investment performance. Effective October 1, 2024, the Plan was amended to transfer sponsorship of the Plan from Genesis Health System to Trinity Health Corporation (Plan Sponsor). Effective July 1, 2025, the Plan was merged with the Trinity Health 401(k) Retirement Savings Plan (the Trinity 401(k) Plan) (see Note 9).

Eligibility: The Plan was amended effective December 31, 2024, to freeze the Plan. No current or former employees of the Employer and no inactive participants of the Plan can become an active participant after this date.

Contributions: Effective December 31, 2024, the Plan was amended to freeze the Plan to future employee and employer contributions and therefore there were no employee or employer contributions during the period from January 1, 2025 through July 1, 2025. Participants could contribute amounts representing distributions from other qualified defined contribution plans (rollovers).

Participant accounts: Each participant's account was credited with the participant's contributions, if any, and allocations of plan earnings and charged with an allocation of plan administrative expenses. Allocations of plan administrative expenses and earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows each participant to choose their own investment mix for salary deferrals and employer contributions. Participants can change their investment mix daily.

Vesting: Employees were immediately vested in their contributions plus actual earnings thereon. Vesting of employer match contributions and safe harbor matching contributions received from Gen Ventures, Inc. and earnings thereon was 0% for less than two years of service and 100% after two years of service.

Vesting of employer match and discretionary contributions deposited to the Plan for eligible participants of the Genesis RSP and earnings thereon was based on a five-year graded schedule with vesting as follows:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	100%

Note 1. Plan Description (Continued)

Forfeitures and revenue sharing: Forfeitures of terminated participant accounts and amounts received from revenue sharing contracts were used to pay plan expenses and reduce future employer contributions. Forfeitures and revenue sharing of $1,172 were used to pay plan expenses for the period from January 1, 2025 through July 1, 2025. Unallocated forfeitures and revenue sharing of $176,557 were included in the net assets transferred to the Trinity Plan as of July 1, 2025. Unallocated forfeitures and revenue sharing of $33,501 were included in net assets as of December 31, 2024.

Notes receivable from participants: Participants were allowed to borrow up to the lesser of 50% of their vested account balance or $50,000. The loans are secured with the participant's vested account balance and bear interest at a rate commensurate with the prime daily rate plus 1%. Principal and interest are paid directly to the third-party administrator, Transamerica Retirement Solutions, LLC, over a maximum five-year period for personal loans and a 10-year period for primary home purchases. Notes receivable from participants were included in the net assets transferred to the Trinity 401(k) Plan as of July 1, 2025.

Payment of benefits: Upon termination of service, a participant may elect to receive an amount equal to the value of their vested account balance in a lump-sum payment, installments or a combination of lump sum and installments. If the participant's vested account balance does not exceed $1,000, then the participant will receive their benefit in a lump-sum payment. In the event of a mandatory distribution for participants with vested account balances greater than $1,000, but less than $5,000, their benefit will be rolled over to an individual retirement account (IRA).

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee through September 30, 2024, and the Trinity Health Benefits Committee effective October 1, 2024, determines the Plan's valuation policies utilizing information provided by the custodians. See Note 6 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses related to plan investments are paid from the assets of the Plan and are netted with investment income on the statement of changes in net assets available for benefits. The Plan also pays third-party administrator, investment consultant and annual audit fees. All other plan expenses are paid by Genesis Health System or Trinity Health Corporation.

Subsequent events: The Plan Administrator has evaluated subsequent events through August 24, 2026, the date the financial statements were available to be issued.

Note 3. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC through the effective date of the merger as described in Note 9.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4. Benefit-Responsive Investment Contract

Through the merger date, the Plan held a traditional investment contract (the Transamerica Guaranteed Investment Option (GIO)) with Transamerica Life Insurance Company (TLIC). TLIC maintains the contributions in a general account. The account is created with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.20%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

Note 4. Benefit-Responsive Investment Contract (Continued)

Effective July 1, 2025, in connection with the merger of the Plan into the Trinity 401(k) Plan, the GIO was frozen to new investments and a three-year payout method was elected under the contract. Under the payout method, participant balances in the GIO are automatically transferred to the Vanguard Treasury Money Market fund in four annual installments, the first of which occurred on July 1, 2025. The three remaining installments are scheduled to occur on July 1, 2026, July 1, 2027 and July 1, 2028. The GIO remains fully benefit-responsive throughout the three-year payout period; participants may continue to initiate permitted transactions under the terms of the contract (including eligible distributions and balance transfers out) at contract value.

In connection with the merger, the GIO contract was transferred to the Trinity 401(k) Plan as of July 1, 2025. The first installment under the three-year payout method occurred contemporaneously with the merger and is reflected in the net assets transferred from the Plan on July 1, 2025. The three remaining installments will occur within the Trinity 401(k) Plan.

The Plan's ability to receive amounts due in accordance with a fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code

2. Premature termination of the contract

3. Plan termination or merger

4. Changes to the Plan's prohibition on competing investment options

5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines

2. A breach of material obligation under the contract

3. A material misrepresentation

4. A material amendment to the agreements without the consent of the issuer

Note 5. Information Certified by the Plan Custodians

The following is a summary of the Plan's asset information as of July 1, 2025 and December 31, 2024, and for the period from January 1, 2025 through July 1, 2025, included throughout the Plan's financial statements, obtained by management and agreed to or derived from information certified as complete and accurate to the best of their knowledge and belief by the Plan custodians, TLIC and State Street Bank and Trust Company (SSBTC), qualified institutions:

	July 1, 2025	December 31, 2024
Investments at fair value:		
Mutual funds	$ -	$ 101,586,653
Common collective trust funds	-	28,722,103
Personal choice retirement account	-	665,842
Total investments at fair value	$ -	$ 130,974,598
Investments at contract value, fixed fund	*	$ 13,438,863
Notes receivable from participants	$ -	$ 168,206

*TLIC confirmed a balance of $8,365,010 for this investment as of July 1, 2025, for which control was transferred to the Trinity 401(k) Plan as of July 1, 2025.

TLIC and SSBTC also certified to the completeness and accuracy to the best of their knowledge and belief the net appreciation in fair value of investments, interest and dividends related to the aforementioned investments, interest on notes receivable from participants and other income for the period from January 1, 2025 through July 1, 2025, as follows:

Investment income:	
Net appreciation in fair value of investments	$ 7,448,291
Interest and dividends	847,406
Interest on notes receivable from participants	1,692
Other income	7,277
	$ 8,304,666

Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Note 6. Fair Value Measurements (Continued)

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at July 1, 2025 and December 31, 2024.

Mutual funds: Valued based on quoted prices in the active markets on which they are traded.

Personal choice retirement account: Self-directed brokerage accounts primarily consisting of mutual funds that are valued based on quoted prices in the active markets on which they are traded.

Common collective trusts: Valued at net asset value (NAV) of shares held by the Plan based on the market value of its underlying investments as determined by the custodians. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Fair Value Measurements (Continued)

There were no Plan assets at July 1, 2025, as a result of the merger (see Note 9). The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2024:

	Assets at Fair Value—December 31, 2024			
	Level 1	Level 2	Level 3	Total

*In accordance with Accounting Standards Codification (ASC) 820-10, certain investments that were measured at the NAV practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using the NAV practical expedient as of December 31, 2024:

Investment	Fair Value 2024	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust funds	$ 28,722,103	$ -	Daily	None

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Related-Party and Party-in-Interest Transactions

Plan investments in a fixed fund and certain mutual funds, common collective trust funds and personal choice retirement accounts are managed by TLIC and SSBTC, the Plan custodians; therefore, transactions within these investments qualify as party-in-interest transactions.

On July 1, 2025, the Plan's net assets were transferred to the Trinity 401(k) Plan, which is sponsored by Trinity Health Corporation, the Plan Sponsor of the Plan effective October 1, 2024. The transfer of net assets to a related plan sponsored by the Plan Sponsor qualified as a party-in-interest transaction.

Note 9. Plan Merger to the Trinity 401(k) Plan

On August 1, 2024, the Board of Directors of Genesis Health System approved a proposal (the Proposal) to freeze the Plan, transfer Plan sponsorship to Trinity Health Corporation, and merge the Plan into the Trinity 401(k) Plan. On September 25, 2024, the Board of Directors of Trinity Health Corporation adopted resolutions approving the Proposal. On July 1, 2025, net assets of $137,416,038 were transferred from the Plan to the Trinity 401(k) Plan. The transfer included all participant account balances and outstanding participant loan balances. Account balances at Transamerica were valued at the close of market on June 30, 2025, in preparation for the transfer. Following the transfer, participant balances were re-mapped to the Trinity 401(k) Plan's investment lineup at Fidelity Investments in accordance with the investment mapping schedule described in the participant transition brochure. Protected benefits under Section 411(d)(6) of the Code, including vesting service, accrued vested benefits and applicable distribution options, were preserved in the Trinity 401(k) Plan.
