INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Lightera Non-Represented 401(k) Plan
(Formerly OFS Non-Represented 401(k) Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed the audits of the accompanying financial statements of Lightera Non-Represented 401(k) Plan (formerly OFS Non-Represented 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Lightera Non-Represented 401(k) Plan (formerly OFS Non-Represented 401(k) Plan) (the Plan) provides only general information. The Plan was originally adopted by OFS Fitel, LLC. Effective April 3, 2025, the sponsoring employer changed its name to Lightera and the Plan was renamed the Lightera Non-Represented 401(k) Plan. Effective May 15, 2025, the sponsoring employer's name was further changed to Lightera, LLC (the Company).

Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are not covered by a collective bargaining agreement. The following employees are not eligible to participate in the Plan: leased employees; nonresident aliens who do not receive earned income from the United States; residents of Puerto Rico; represented employees temporarily promoted to a non-represented position for a period of one year or less; and employees classified by the Company as expatriates, contingent workers, or temporary employees. Employees who previously made an irrevocable election not to participate in the Plan remain excluded. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

Fidelity Management Trust Company (Fidelity) serves as the Trustee of the Plan. Fidelity Workplace Services, LLC serves as the recordkeeper of the Plan. The Plan is administered by the Lightera Committee (the Committee). The Committee determines the appropriateness of the Plan's investments offered and monitors the investments' performance.

Eligibility

Eligible employees are immediately eligible to participate in the Plan and to receive Company contributions, with no age or service requirement. An employee classified by the Company as a temporary employee becomes eligible to participate on the entry date following the end of the eligibility computation period during which he or she attains age 21 and completes at least 1,000 hours of service.

Contributions

Each year, participants may contribute up to 60% of their annual compensation, as defined in the Plan, as a pretax or Roth contribution, subject to maximum contribution limitations contained in the Internal Revenue Code (IRC). Participants may also make after-tax contributions to the Plan of up to 10% of their annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Unless the participant elects otherwise, the participant's deferral rate will increase by 1% each year up to a maximum deferral rate of 6%.

The Company makes a safe harbor matching contribution of 100% of the first 6% of compensation that a participant contributes to the Plan. Under a superseding provision of the Plan, the total safe harbor matching contribution made on behalf of any participant who is a highly compensated employee is limited to $6,000 for a Plan year. The Company may also make a discretionary nonelective contribution in an amount determined by the Board of Directors (the Board) for each year. Participants must be employed as of the last day of the Plan year to receive discretionary nonelective contributions. The Company did not make a discretionary nonelective contribution in 2025. The Company may also make a discretionary matching contribution in an amount determined by the Company for each Plan year, limited to 4% of the participant's eligible compensation contributed to the Plan. The Company did not make a discretionary matching contribution in 2025. The Company may also make an additional qualified nonelective contribution to the Plan on behalf of certain non-highly compensated employees as designated by the Company. The Company did not make a qualified nonelective employer contribution in 2025.

Participant Accounts
Each participant’s account is credited with the participant’s contributions, any Company matching and discretionary nonelective contributions plus earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant’s earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting
Participants are vested immediately in their voluntary contributions, rollover contributions and Company contributions plus actual earnings thereon.

Payment of Benefits
Upon termination of service, a participant may elect to receive the value of his or her account in a lump sum, which is the normal form of payment under the Plan, in installments under a systematic withdrawal plan, or as one or more partial withdrawals. Distributions are payable at any time following termination, subject to the automatic cash-out provisions of the Plan for account balances at or below the applicable cash-out limit.

In-Service Withdrawals
Participants may withdraw all or a portion of their vested account balances prior to termination of employment under the following circumstances: upon demonstration of financial hardship, subject to a $500 minimum withdrawal; upon attainment of age 59½; from after-tax employee contributions that have been maintained in the participant’s account for at least 24 months; from rollover contributions at any time; upon a qualified reservist distribution; and upon continuing in employment after reaching normal retirement age, which is age 65 under the Plan.

Notes Receivable from Participants
Participants may borrow from their fund accounts up to a maximum amount that is equal to the lesser of $50,000 or 50% of their vested account balance. The loans have a maximum term of 60 months, except for qualified residential loans, which have a maximum term of 120 months. The loans bear interest at a reasonable rate as determined by the Plan administrator and are secured by the balance in the participant’s account. Participants are

limited to two loans outstanding at any time. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by investment advisors and the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative expenses of the Plan are paid by the Company and are excluded from the financial statements. Administrative expenses recorded in the Plan pertain primarily to recordkeeping and certain participant-initiated transactions. Certain investment-related expenses are included in net appreciation of fair value of investments. During 2025, $125,251 of revenue credits received from Fidelity were recognized as other income and applied to the payment of Plan administrative expenses (see Note 5).

Subsequent Events
Plan management has evaluated subsequent events through October 6, 2026, which is the date the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure under Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) Topic 855, *Subsequent Events*.

3. INFORMATION CERTIFIED BY PLAN TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement,* are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024.

Mutual funds and money market fund: Publicly traded investments are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust (CCT) funds: These funds are valued at the net asset value (NAV) of units of the CCT funds. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments or trading restrictions for the funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2025 and 2024:

	Fair Value Measurements at December 31, 2025	
	Level 1	**Total**
Investments at fair value		
Money market fund	$ 14,221,372	$ 14,221,372
Mutual funds	148,571,475	148,571,475
Total investments in fair value hierarchy	$ 162,792,847	162,792,847
CCT funds at NAV [(1)(2)]		70,341,666
Total investments at fair value		$ 233,134,513

	Fair Value Measurements at December 31, 2024	
	Level 1	**Total**
Investments at fair value		
Money market fund	$ 14,621,579	$ 14,621,579
Mutual funds	191,461,524	191,461,524
Total investments in fair value hierarchy	$ 206,083,103	206,083,103
CCT fund at NAV [(1)(2)]		4,433,287
Total investments at fair value		$ 210,516,390

(1) In accordance with FASB ASC Topic 820, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(2) Measured using the NAV per unit (or its equivalent) as a practical expedient and held in funds that file a Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, a money market fund and units of common collective trust funds, which are managed by the Trustee or its affiliates. Therefore, these transactions qualify as exempt party-in-interest transactions. The Plan paid administrative expenses to a third-party administrator for administration services. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Fidelity. Fidelity receives revenue from the mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be used to pay administrative expenses or allocated to the accounts of the participants. The revenue earned is reflected as "other income" on the statement of changes in net assets available for benefits. The Plan or the Company may make a payment to Fidelity for administrative expenses not covered by revenue sharing. As of December 31, 2025 and 2024, the balance remaining in the revenue credit account was $253,831 and $174,992, respectively. These amounts will be used to offset future administrative expenses or reallocated to participants.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

7. TAX STATUS

The Plan is a non-standardized preapproved defined contribution plan with a cash or deferred arrangement sponsored by FMR LLC. The preapproved plan document received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the plan is acceptable for use by adopting employers under Section 401 of the Internal Revenue Code (IRC). The Plan administrator has determined that the Plan is eligible to rely, and has chosen to rely, on that opinion letter to the extent provided in Revenue Procedure 2017-41. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore, believes the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. The Plan is not currently under IRS examinations for any Plan years.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per financial statements	$236,713,329	$213,816,016
Employer contributions receivable	(347,631)	(299,073)
Participant contributions receivable	(361,713)	(352,022)
Adjustment of contract value for the stable value fund	(100,868)	(266,636)
Net assets available for benefits per Form 5500	$235,903,117	$212,898,285

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits	$ 22,897,313
Change in employer contributions receivable	(48,558)
Change in participant contributions receivable	(9,691)
Change in adjustment of contract value for the stable value fund	165,768
Net income per Form 5500	$ 23,004,832

Lightera Non-Represented 401(k) Plan
(Formerly OFS Non-Represented 401(k) Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed the audits of the accompanying financial statements of Lightera Non-Represented 401(k) Plan (formerly OFS Non-Represented 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Lightera Non-Represented 401(k) Plan (formerly OFS Non-Represented 401(k) Plan) (the Plan) provides only general information. The Plan was originally adopted by OFS Fitel, LLC. Effective April 3, 2025, the sponsoring employer changed its name to Lightera and the Plan was renamed the Lightera Non-Represented 401(k) Plan. Effective May 15, 2025, the sponsoring employer's name was further changed to Lightera, LLC (the Company).

Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are not covered by a collective bargaining agreement. The following employees are not eligible to participate in the Plan: leased employees; nonresident aliens who do not receive earned income from the United States; residents of Puerto Rico; represented employees temporarily promoted to a non-represented position for a period of one year or less; and employees classified by the Company as expatriates, contingent workers, or temporary employees. Employees who previously made an irrevocable election not to participate in the Plan remain excluded. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

Fidelity Management Trust Company (Fidelity) serves as the Trustee of the Plan. Fidelity Workplace Services, LLC serves as the recordkeeper of the Plan. The Plan is administered by the Lightera Committee (the Committee). The Committee determines the appropriateness of the Plan's investments offered and monitors the investments' performance.

Eligibility

Eligible employees are immediately eligible to participate in the Plan and to receive Company contributions, with no age or service requirement. An employee classified by the Company as a temporary employee becomes eligible to participate on the entry date following the end of the eligibility computation period during which he or she attains age 21 and completes at least 1,000 hours of service.

Contributions

Each year, participants may contribute up to 60% of their annual compensation, as defined in the Plan, as a pretax or Roth contribution, subject to maximum contribution limitations contained in the Internal Revenue Code (IRC). Participants may also make after-tax contributions to the Plan of up to 10% of their annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Unless the participant elects otherwise, the participant's deferral rate will increase by 1% each year up to a maximum deferral rate of 6%.

The Company makes a safe harbor matching contribution of 100% of the first 6% of compensation that a participant contributes to the Plan. Under a superseding provision of the Plan, the total safe harbor matching contribution made on behalf of any participant who is a highly compensated employee is limited to $6,000 for a Plan year. The Company may also make a discretionary nonelective contribution in an amount determined by the Board of Directors (the Board) for each year. Participants must be employed as of the last day of the Plan year to receive discretionary nonelective contributions. The Company did not make a discretionary nonelective contribution in 2025. The Company may also make a discretionary matching contribution in an amount determined by the Company for each Plan year, limited to 4% of the participant's eligible compensation contributed to the Plan. The Company did not make a discretionary matching contribution in 2025. The Company may also make an additional qualified nonelective contribution to the Plan on behalf of certain non-highly compensated employees as designated by the Company. The Company did not make a qualified nonelective employer contribution in 2025.

Participant Accounts
Each participant’s account is credited with the participant’s contributions, any Company matching and discretionary nonelective contributions plus earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant’s earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting
Participants are vested immediately in their voluntary contributions, rollover contributions and Company contributions plus actual earnings thereon.

Payment of Benefits
Upon termination of service, a participant may elect to receive the value of his or her account in a lump sum, which is the normal form of payment under the Plan, in installments under a systematic withdrawal plan, or as one or more partial withdrawals. Distributions are payable at any time following termination, subject to the automatic cash-out provisions of the Plan for account balances at or below the applicable cash-out limit.

In-Service Withdrawals
Participants may withdraw all or a portion of their vested account balances prior to termination of employment under the following circumstances: upon demonstration of financial hardship, subject to a $500 minimum withdrawal; upon attainment of age 59½; from after-tax employee contributions that have been maintained in the participant’s account for at least 24 months; from rollover contributions at any time; upon a qualified reservist distribution; and upon continuing in employment after reaching normal retirement age, which is age 65 under the Plan.

Notes Receivable from Participants
Participants may borrow from their fund accounts up to a maximum amount that is equal to the lesser of $50,000 or 50% of their vested account balance. The loans have a maximum term of 60 months, except for qualified residential loans, which have a maximum term of 120 months. The loans bear interest at a reasonable rate as determined by the Plan administrator and are secured by the balance in the participant’s account. Participants are

limited to two loans outstanding at any time. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by investment advisors and the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative expenses of the Plan are paid by the Company and are excluded from the financial statements. Administrative expenses recorded in the Plan pertain primarily to recordkeeping and certain participant-initiated transactions. Certain investment-related expenses are included in net appreciation of fair value of investments. During 2025, $125,251 of revenue credits received from Fidelity were recognized as other income and applied to the payment of Plan administrative expenses (see Note 5).

Subsequent Events
Plan management has evaluated subsequent events through October 6, 2026, which is the date the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure under Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) Topic 855, *Subsequent Events*.

3. INFORMATION CERTIFIED BY PLAN TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement,* are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024.

Mutual funds and money market fund: Publicly traded investments are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust (CCT) funds: These funds are valued at the net asset value (NAV) of units of the CCT funds. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments or trading restrictions for the funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2025 and 2024:

	Fair Value Measurements at December 31, 2025	
	Level 1	**Total**
Investments at fair value		
Money market fund	$ 14,221,372	$ 14,221,372
Mutual funds	148,571,475	148,571,475
Total investments in fair value hierarchy	$ 162,792,847	162,792,847
CCT funds at NAV [(1)(2)]		70,341,666
Total investments at fair value		$ 233,134,513

	Fair Value Measurements at December 31, 2024	
	Level 1	**Total**
Investments at fair value		
Money market fund	$ 14,621,579	$ 14,621,579
Mutual funds	191,461,524	191,461,524
Total investments in fair value hierarchy	$ 206,083,103	206,083,103
CCT fund at NAV [(1)(2)]		4,433,287
Total investments at fair value		$ 210,516,390

(1) In accordance with FASB ASC Topic 820, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(2) Measured using the NAV per unit (or its equivalent) as a practical expedient and held in funds that file a Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, a money market fund and units of common collective trust funds, which are managed by the Trustee or its affiliates. Therefore, these transactions qualify as exempt party-in-interest transactions. The Plan paid administrative expenses to a third-party administrator for administration services. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Fidelity. Fidelity receives revenue from the mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be used to pay administrative expenses or allocated to the accounts of the participants. The revenue earned is reflected as "other income" on the statement of changes in net assets available for benefits. The Plan or the Company may make a payment to Fidelity for administrative expenses not covered by revenue sharing. As of December 31, 2025 and 2024, the balance remaining in the revenue credit account was $253,831 and $174,992, respectively. These amounts will be used to offset future administrative expenses or reallocated to participants.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

7. TAX STATUS

The Plan is a non-standardized preapproved defined contribution plan with a cash or deferred arrangement sponsored by FMR LLC. The preapproved plan document received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the plan is acceptable for use by adopting employers under Section 401 of the Internal Revenue Code (IRC). The Plan administrator has determined that the Plan is eligible to rely, and has chosen to rely, on that opinion letter to the extent provided in Revenue Procedure 2017-41. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore, believes the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. The Plan is not currently under IRS examinations for any Plan years.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per financial statements	$236,713,329	$213,816,016
Employer contributions receivable	(347,631)	(299,073)
Participant contributions receivable	(361,713)	(352,022)
Adjustment of contract value for the stable value fund	(100,868)	(266,636)
Net assets available for benefits per Form 5500	$235,903,117	$212,898,285

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits	$ 22,897,313
Change in employer contributions receivable	(48,558)
Change in participant contributions receivable	(9,691)
Change in adjustment of contract value for the stable value fund	165,768
Net income per Form 5500	$ 23,004,832
