INDEPENDENT AUDITOR'S REPORT

To the Directors and Management
Leonard Holding Company 401(k) Plan
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed the audits of the financial statements of Leonard Holding Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Leonard Holding Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions, Transamerica Trust Company, for the period August 2, 2025 through December 31, 2025, and Ascensus, LLC, for the period January 1, 2025 through August 1, 2025 and as of and for the period November 14, 2024 through December 31, 2024, and Newport Trust Company for the period January 1, 2024 through November 13, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)
We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA
The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Leonard Holding Company 401(k) Plan (the Plan) are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The basis of investments held by the Plan is adjusted daily to closing market value and unrealized gains and losses are recorded as part of this adjustment. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisers and the trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report, the date the financial statements were available to be issued. Material subsequent events, if any, are disclosed in a separate footnote.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE B – DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Leonard Holding Company (Plan Sponsor) who have six months of service and attained the age of 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Companies or affiliates of the Plan Sponsor which participated in the Plan during 2025 and 2024 include New Earth, Inc. and Surlean Meat Co.

Plan Amendments: In July 2025, the Plan was amended and restated effective July 31, 2025. The restatement was adopted to incorporate plan amendments and operational provisions adopted subsequent to the prior adoption agreement, including applicable provisions of the SECURE 2.0 Act and related guidance, and to update the Plan's adoption agreement elections. Certain provisions of SECURE 2.0 are still pending and are expected to be adopted in future periods.

NOTE B – DESCRIPTION OF THE PLAN – continued

Contributions: Participants may elect to contribute up to 100% of pretax and after tax annual compensation, subject to IRS limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The plan includes an automatic enrollment feature under which eligible employees are enrolled at a default contribution rate of 6% of eligible compensation unless they affirmatively elect a different rate or opt out of participation; the plan does not provide for automatic contribution escalation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions to various investment options offered by the Plan. The Plan Sponsor may elect to contribute matching contributions, the amount of which is determined by the Board of Directors and allocated based on each participant's contribution. Additional profit-sharing amounts may be contributed at the option of the Plan Sponsor.

The Plan Sponsor made Qualified Non-Elective Contributions (QNEC) of $0 in 2025 and $9,741 in 2024. These QNEC contributions are included in employer match contributions on the statement of changes in net assets.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of the Plan Sponsor's contributions and Plan earnings and charged with an allocation of investment related expenses that are paid by the Plan. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus earnings thereon. A participant's account becomes 100% vested upon attaining the Plan's normal retirement age or if employment is terminated due to death or disability. The employee's interest in employer contributions becomes 100% vested following 2 years of credited service employment.

Benefits: Benefits are paid in a lump sum. The participant or beneficiary is entitled to a benefit equal to the vested balance and non-forfeitable interest in his or her account as of the distribution date.

Forfeitures: Forfeited accounts totaled $33,457 at December 31, 2025 and $2,694 at December 31, 2024. Forfeitures may be used to reduce future employer contributions and pay the expenses of the Plan. Forfeitures totaling $34,424 in 2025 and $29,617 in 2024 were used to reduce employer contributions.

Termination of Plan: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested.

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, plan investments for the period August 2, 2025 through December 31, 2025 and the related investment earnings for the period then ended, were certified and held by Transamerica Trust Company, the Custodian, and were not audited by the independent auditor. Plan investments for the period January 1, 2025 through August 1, 2025 and for the period November 14, 2024 through December 31, 2024 and the related investment earnings for the periods then ended were certified and held by Ascensus, LLC and were not audited by the independent auditor. Plan investments for the period January 1, 2024 through November 13, 2024 and the related investment earnings for the period then ended were certified and held by Newport Trust Company and were not audited by the independent auditor.

NOTE D – CHANGE OF CUSTODIAN

During the year ended December 31, 2025, the Plan changed its recordkeeper and custodian from Ascensus to Transamerica. In connection with the change, Plan assets and participant account records were transferred to the new provider.

NOTE E – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed by the Plan document. Expenses paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments.

NOTE F – INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is not subject to tax. The Plan has been amended since its determination; however, the Plan's administrator believes it is operating in accordance with applicable IRC regulations. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE G – FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE G – FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, investments measured at fair value:

	Fair Value Measurements Using			
	Level 1	**Level 2**	**Level 3**	**Total**
December 31, 2025:				
Mutual funds	$ 20,893,759	$ -	$ -	$ 20,893,759
Stable value account	-	786,043	-	786,043
Total investments in fair value hierarchy	$ 20,893,759	$ 786,043	$ -	$ 21,679,802
December 31, 2024:				
Mutual funds	$ 17,787,876	$ -	$ -	$ 17,787,876
Total investments in fair value hierarchy	$ 17,787,876	$ -	$ -	17,787,876
Collective investment trust*				751,079
Total investments measured at fair value				$ 18,538,955

** In accordance with Subtopic 820-10, certain investments which measure fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.*

There have been no changes in methodologies used to estimate fair value, nor transfers between levels. Fair value techniques used by the Plan include the following:

Mutual funds: Valued based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Stable Value Account: Valued using observable inputs for the underlying investments held by the fund. Significant inputs are derived from market data and other observable sources.

Collective investment trust: Valued at net asset value (NAV) of units of the collective investment trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G – FAIR VALUE MEASUREMENTS – continued

The following table summarizes information about the Putnam Stable Value Fund, the collective investment trust held by the Plan at December 31, 2024 which is measured using the net asset value per share practical expedient.

Investment	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective investment trust	N/A	Daily	1 Day

The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the collective investment trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE H – GENERAL INSURANCE ACCOUNT

The Plan invests in a general insurance annuity account issued by Transamerica Financial Life Insurance (the "Contract"). The Contract is a general account product under which amounts contributed by participants are allocated to the insurer's general account. The insurer credits interest to participant accounts at rates established by Transamerica, subject to the terms of the Contract. The crediting rate as of December 31, 2025 was 2.25%. The Contract is reported at fair value in the accompanying statement of net assets Available for Benefits. The fair value of the Contract was $786,043 as of December 31, 2025. Interest and other income credited to the Contract totaled $6,761 for the year ended December 31, 2025 and is included in net appreciation in fair value in the accompanying statement of changes in net assets available for benefits.

Participant withdrawals and transfers from the Contract are subject to the provisions of the Contract. Such provisions include a 30-day redemption period from the day the insurer receives notice of discontinuance. Management believes the reported value of the Contract reflects the terms applicable to the Plan as of December 31, 2025.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are subject to a range of risks including interest rate, market, and credit risks. Market risks may include global or domestic events such as inflationary pressures, interest rate volatility, geopolitical tensions, or supply chain disruptions that could impact the value of investment securities. Given the level of uncertainty in financial markets, it is at least reasonably possible that changes in the values of these securities will occur in the near term and could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – RECONCILIATION TO FORM 5500

The following is a reconciliation of the change in net assets between the financial statements and Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 21,716,183	$ 18,539,000
Employer receivable	(36,381)	-
Net assets per Form 5500	$ 21,679,802	$ 18,539,000
Change in net assets available for benefits per the financial statements	$ 3,177,183	$ 2,383,007
Employer receivable	(36,381)	-
Change in net assets per Form 5500	$ 3,140,802	$ 2,383,007

NOTE K – PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable.

The Plan had contributions totaling $64,256 during 2024, which represented employee salary deferrals that were not remitted timely during the migration period of Plan assets from Newport Trust to Ascensus. These contributions are considered prohibited transactions. The Plan Sponsor calculated lost investment earnings and expects to reimburse the Plan for lost earnings in 2026.

The Plan had contributions totaling $307,522 during 2025, which represented employee salary deferrals that were not remitted timely during the migration period of Plan assets from Ascensus to Transamerica. These contributions are considered prohibited transactions. The Plan Sponsor calculated lost investment earnings and expects to reimburse the Plan for lost earnings in 2026.
