Independent Auditors' Report

To the Participants and Plan Administrator of
Highmark Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Highmark Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As disclosed in Note 1 to the financial statements, the HealthNow New York Inc. Elective 401(k) Plan merged into the Plan, effective December 19, 2025, and all net assets available for benefits were transferred into the Plan as of that date. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Highmark Investment Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Highmark Health and certain subsidiaries and affiliates (collectively, the Corporation) who are at least 21 years of age, scheduled to work at least 20 hours per week and have completed 60 days of continuous employment with the Corporation. The Compensation and Human Resources Committee of the Board of Directors of Highmark Health has oversight of the Plan and has delegated responsibility for the general administration of the Plan to the Highmark Health Employee Benefits Fiduciary Committee (the Committee). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's safe harbor design means that the Plan automatically complies with certain nondiscrimination requirements of Section 401 of the Internal Revenue Code (IRC). The Bank of New York Mellon (BNY Mellon) is the Plan's custodian at December 31, 2025 and 2024.

Effective December 31, 2021, employees of HealthNow New York Inc. became employees of the Corporation and became eligible to participate in the Plan. Furthermore, the Committee approved a resolution to merge the HealthNow New York Inc. Elective 401(k) Plan into the Plan effective December 19, 2025 in an effort to consolidate administration on the part of the plan sponsor. As a result of the plan merger, net assets available for benefits of $234,378 were transferred into the Plan.

Remaining net plan transfers for 2025 include $10,957 of plan-to-plan transfers into or from other qualified defined contribution plans sponsored by the Corporation primarily due to changes in employment status of eligible participants.

Contributions

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% (6% effective January 1, 2026) of eligible compensation. For participants hired on or after January 1, 2010 who are automatically enrolled in the Plan and do not make an affirmative deferral election, contributions are automatically increased 1% per year to a 10% contribution level (increased to 15% effective January 1, 2026). At any time, participants may make different elections or elect not to contribute. Each year, participants may contribute up to 75% of annual compensation, as defined by the Plan, up to the maximum limits of the IRC. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants aged 60-63 are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Corporation's contribution is based on matching 100% of the first 3% of compensation that a participant contributes to the Plan plus 50% of the next 2% of compensation that a participant contributes to the Plan. Certain eligible participants that worked at least 1,000 hours and were employed as of the end of the plan year receive nonelective Corporation contributions equal to 3.5% of eligible compensation. Effective December 31, 2020, the Plan was amended to prohibit matching contributions for any participant who is a member of Bargaining Unit Local 8851 for contributions made prior to January 1, 2021. In addition, the Plan provides for discretionary profit-sharing contributions between 1% and 4%, if any, at the sole discretion of the Corporation, limited to employees of certain participating affiliates. There was no discretionary profit sharing contribution during 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Corporation's contributions and (b) the Plan's earnings and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are fully vested in the Corporation's matching and discretionary profit-sharing contributions plus actual earnings after one hour of credited service. Participants are fully vested in the Corporation's nonelective contributions plus actual earnings after three years of credited service.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $1,757 and $1,286, respectively. These accounts are used to reduce future Corporation contributions and administrative expenses. In 2025, $1,706 of forfeitures were used to reduce Corporation contributions.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1 up to a maximum equal to the lesser of $50 minus the highest outstanding loan balance during the 12 months preceding the new loan or 50% of their vested account balance. Participants are not permitted to have more than two loans outstanding at any point in time. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.50% at December 31, 2025, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through regular payroll deductions. Terms range from one to five years or greater for the purchase of a principal residence.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of their vested account balance or periodic payments over a period not to exceed the actuarially expected life of the participant or the participant's beneficiary. For termination of service for other reasons, a participant will receive a lump-sum amount equal to the value of their vested account balance. Upon termination of services for any reason, vested account balances of seven thousand dollars or less are automatically disbursed in a single lump-sum payment.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship distributions are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan interest in Highmark Investment Plan Master Trust investment income includes gains and losses on investments bought and sold as well as held during the year and interest and dividends.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Corporation. Expenses that are paid by the Corporation are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. In addition, certain investment-related expenses are included in the Plan interest in Highmark Investment Plan Master Trust investment income in the accompanying Statement of Changes in Net Assets Available for Benefits.

Recent Regulatory Update

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2025, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act of 2022 did not have a material effect on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 8, 2026, the date the financial statements were available to be issued.

3. Divided Interest in the Highmark Investment Plan Master Trust

Effective January 1, 2022, the Plan transferred all of its investments to a new custodian, at which time the Highmark Investment Plan Master Trust (Master Trust) was established for the investment of the assets of the Plan and the Allegheny Health Network 401(k) Plan, a separate and distinct plan sponsored by the Corporation. Each participating retirement plan has a divided interest in the Master Trust. The specific investments of each plan are held by the Master Trust which is administered by The Bank of New York Mellon (BNY Mellon) (the Custodian).

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's investments in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Total investment income (including net appreciation or depreciation in the fair value of investments) and administrative expenses of the Master Trust are allocated to the individual plans based upon the market value of each plan's investments. Although the investments of the various plans are commingled in the Master Trust, the Custodian maintains separate supporting records for the purpose of tracking the individual activity of each plan.

The following table presents the investments of the Master Trust and the Plan's divided interest as of December 31, 2025 and 2024:

	2025	
	Master Trust Balances	**Plan's Divided Interest in Master Trust Balances**
Common collective trust funds (a)	$ 4,090,839	$ 2,574,604
Mutual funds	1,055,793	824,589
Investment-related receivable, net	821	797
Total master trust net assets	$ 5,147,453	$ 3,399,990

	2024	
	Master Trust Balances	**Plan's Divided Interest in Master Trust Balances**
Common collective trust funds (a)	$ 3,218,489	$ 2,077,591
Mutual funds	878,262	681,579
Investment-related receivable, net	573	219
Total master trust net assets	$ 4,097,324	$ 2,759,389

(a) Certain of these investments are measured at net asset value (NAV) per share (or its equivalent) as a practical expedient.

The Master Trust has no other assets or liabilities at December 31, 2025 and 2024.

The following is net appreciation in the fair value of investments and investment income for the Master Trust for the year ended December 31, 2025:

Net appreciation in fair value of investments	$	689,427
Investment income		17,899
Total	$	707,326

Refer to Note 4 for description of the valuation methodologies used.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds are valued at the NAV of units of the bank collective trusts. The NAV, as provided by the custodian of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the custodian of the fund reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner, which is not probable at December 31, 2025 and 2024.

The following tables set forth by level, within the fair value hierarchy, assets at fair value of the Master Trust as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,055,793	$ -	$ -	$ 1,055,793
Total assets in the fair value hierarchy	$ 1,055,793	$ -	$ -	1,055,793
Investments measured at net asset value (a)				4,090,839
Total investments at fair value				$ 5,146,632

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 878,262	$ -	$ -	$ 878,262
Total assets in the fair value hierarchy	$ 878,262	$ -	$ -	878,262
Investments measured at net asset value (a)				3,218,489
Total investments at fair value				$ 4,096,751

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in Note 3.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2025			
	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trust funds	$ 4,090,839	N/A	Daily	3 days

	December 31, 2024			
	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trust funds	$ 3,218,489	N/A	Daily	3 days

5. Related-Party and Party in Interest Transactions

Fees incurred by the Plan for investment manager services are included in the Plan interest in Highmark Investment Plan Master Trust investment income, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Corporation. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their company contributions.

7. Tax Status

The IRS has determined and informed the Corporation by a letter dated March 13, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan, through the Master Trust, invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2025 and 2024, the Master Trust had investments of $699,037 and $571,176, respectively, that were concentrated in one fund.

9. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, BNY Mellon, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.
