Independent Auditor's Report

To the Trustees of
Ophthalmic Consultants of Boston, Inc.
Health, Welfare & Benefits Plan:

Opinion

We have audited the financial statements of Ophthalmic Consultants of Boston, Inc. Health, Welfare & Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits, benefit obligations, and excess of net assets available for benefits over benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits, changes in benefit obligations, and changes in excess of net assets available for benefits over benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits, benefit obligations and excess of net assets available for benefits over benefit obligations of Ophthalmic Consultants of Boston, Inc. Health, Welfare & Benefits Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits, changes in benefit obligations, and changes in excess net assets available for benefits over benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ophthalmic Consultants of Boston, Inc. Health, Welfare & Benefits Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ophthalmic Consultants of Boston, Inc. Health, Welfare & Benefits Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ophthalmic Consultants of Boston, Inc. Health, Welfare & Benefits Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ophthalmic Consultants of Boston, Inc. Health, Welfare & Benefits Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of Ophthalmic Consultants of Boston, Inc. Health, Welfare & Benefits Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan was established on January 1, 2003, and is a health and welfare benefit plan that covers all eligible employees of Ophthalmic Consultants of Boston, Inc. and its Affiliates (the Employer). The Plan also covers eligible dependents of participants if participants elect to pay for such coverage. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees scheduled to work at least twenty hours per week are eligible to participate in the Plan on their date of hire.

Benefits

The Plan provides health and dental benefits under a comprehensive medical benefit plan. The Plan also provides life insurance, long-term disability, a Section 125 Cafeteria plan, and family and medical leave insurance (FMLI). Health benefits for active participants and their covered dependents include such items as physician service, hospitalizations, home health care, hospice, preventative care, and prescription drug coverage. Participants are subject to deductibles and co-pay requirements depending upon the coverage selected and the type of care received. Coverage is discontinued for participants and dependents upon termination of employment with the Employer, change in eligibility status, or discontinuance of participant contributions. Continuation of coverage may be extended for periods in accordance with applicable federal laws.

Current health claims of active participants and their dependents are provided under a group insurance contract with Blue Benefit Administrators of Massachusetts (BBA), which is experience rated after the anniversary dates of the policy. The contract is subject to a maximum claims liability for each year, beyond which BBA is responsible for payment of claims. The contract is also subject to supplemental premiums under certain circumstances, as specified in the contract. For 2025 and 2024, the maximum liability was approximately $12,243,000 and $10,497,000, respectively.

Contributions

Participants must contribute specified amounts as pre-tax deductions from their compensation in order to participate in the Plan. The specified amounts are determined annually by the Employer effective January 1st of each year and vary depending upon the coverage option elected by the participant, whether the coverage is a single plan or a family plan and the range of hours worked each week by the participant. Employer contributions to the Plan are based on the Employer's estimate of the amount in excess of participant contributions needed to fund current benefit claims.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Accordingly, upon settlement, actual results may differ from estimated amounts. Such estimates relate primarily to claims incurred, but not reported, and estimated liabilities for reported claims.

Investment Valuation and Income Recognition

Investments are held in an interest-bearing cash account. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. See Note 3 for discussion of fair value measurement.

Claims Incurred but Not Reported

Plan obligations for claims incurred but not reported are estimated based on the claims data provided by the Plan's third-party administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Benefit Obligations

Benefit obligations consist of medical and dental claims payable, as well as claims incurred but not yet reported as of the fiscal year-end, which are estimated by the Plan's insurance providers in accordance with generally accepted actuarial principles.

Benefits Paid

Benefits are recorded when incurred. Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as claims payable in the accompanying statements of net assets available for benefits and benefit obligations.

Contributions

Contributions from plan participants and the Employer are recorded in the year in which the contributions are withheld from compensation.

Administrative Expense

The Plan pays substantially all administrative expenses pursuant to an administrative contract with BBA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events have been evaluated through October 6, 2026, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. Fair Value Measurement establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Interest-bearing cash: Valued at $1.00 per share in U.S. dollars. Interest-bearing cash is measured using Level 1 inputs.

There has been no change in the methodology used at December 31, 2025 and 2024.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENT (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments, at fair value	$ 23,023	$ -	$ -	$ 23,023

	2024			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments, at fair value	$ 22,539	$ -	$ -	$ 22,539

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan has the right under the plan document to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, the Trustees must apply the remaining assets in a uniform and nondiscretionary manner exclusively toward the provision of permissible benefits for participants.

5. CONCENTRATION OF CREDIT RISK

The Plan maintains its cash balances in a Massachusetts bank, and is insured within the limits of the Federal Deposit Insurance Corporation. At certain times during the year, cash balances exceed the insured amounts. The Plan has not experienced any losses in such accounts. The Plan believes it is not exposed to any significant credit risk on its cash and cash equivalents.

Included in investments are interest-bearing cash of $23,023 and $22,539 at December 31, 2025 and 2024, respectively, that is held in a financial institution and is protected in accordance with the Securities Investor Protection Corporation.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and benefit obligations.

7. OTHER ASSETS

The Plan’s other assets consist of prepaid health administrative fees and premiums, prescription rebates, stop loss administrative fees, and long-term disability premiums.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Employer may, at management's discretion, pay certain administrative and professional expenses of the Plan. The Employer may also provide certain administrative services. A service fee for administrative, technological and clerical services is charged to the Plan by the Employer. The fees charged for the years ended December 31, 2025 and 2024, were $14,567 and $13,583, respectively, and are included in other expenses in the accompanying statements of changes in net assets available for benefits, changes in benefit obligations and changes in excess of net assets available for benefits over benefit obligations. Accordingly, these transactions are generally exempt from the party-in-interest transaction prohibitions.

9. TAX STATUS

The Plan obtained its determination letter dated October 22, 2003, in which the Internal Revenue Service (IRS) stated that the Plan, as designed, is in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the financial statements.

The Ophthalmic Consultants of Boston, Inc. Health, Welfare & Benefits Trust (the Trust), established under the Plan to hold the Plan's net assets, is qualified pursuant to IRC Section 501(c)(9) and, accordingly, the Trust's net investment income is exempt from income taxes.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. RECONCILIATION TO THE IRS FORM 5500

The following is a reconciliation of net assets available for benefits and benefit obligations per the financial statements to the IRS Form 5500 as of December 31:
