INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of Boston Beer Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Boston Beer Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures

include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

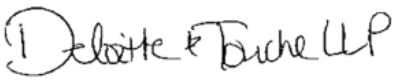

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the Boston Beer Company (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code (the Code), for all eligible employees. Empower Trust Company, LLC (Empower) serves as the trustee and custodian of the Plan. The Boston Beer Corporation serves as the plan sponsor with Company management serving as the plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) discretionary matching contributions made by the Company, (iii) discretionary profit-sharing contributions made by the Company; and (iv) participant rollovers from other qualified plans.

Participants may elect to contribute 1% to 60% of their compensation to the Plan each year, subject to certain limitations of the Code, as defined in the Plan. Effective January 1, 2026, participants may contribute up to 70%. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan thirty days after he or she satisfies the Plan's eligibility requirements unless they affirmatively elect not to participate in the Plan.

Automatically enrolled participants who entered into the Plan on or after September 1, 2022, have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. Automatically enrolled participants who entered into the Plan prior to September 1, 2022, have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. Automatically enrolled participants will have their deferral rate increase by 1% each plan year until the amount withheld from paychecks reaches 10% of eligible compensation. Participants receive advance notice of their right to elect out of the automatic enrollment feature and are permitted to stop or change this feature at any time. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions; these additional contributions are ineligible for a Company matching contribution.

For the year ended December 31, 2025, the Company contributed 100% of the first 3% of eligible compensation that a participant contributed to the Plan, plus 50% of employee contributions that are in excess of 3%, up to 5% of the participant's compensation. The Company may also make a discretionary profit-sharing contribution annually, which is approved by the Board of Directors of the Company. The Company made no profit-sharing contribution in 2025.

Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Contributions are subject to certain limitations of the Code.

Investments: Participants may direct the investment of their contributions and Company contributions into various investments options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers several mutual funds and collective investment trusts (CITs) as investment options.

Participant accounts: Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related Company matching and discretionary contributions and Plan earnings. Participant accounts are also charged with withdrawals and

an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and any rollover contributions, plus actual earnings thereon.

Participants become vested in Company discretionary matching and profit-sharing contributions according to the following schedule:

Years of Service for Vesting	Vested Percentage
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of one-half of the vested account balance or $50,000. Loan terms range from one to five years, or up to fifteen years for the purchase of a primary residence. A participant may not have more than one loan outstanding at any point in time. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the plan custodian. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. If a participant terminates employment with the Company, they may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant after 3 months. As of December 31, 2025, participant loans have maturities through 2040 at an interest rate of between 4.25% and 9.50%.

Benefits: Employees are permitted to withdraw funds from their accounts upon attaining the age of 59 1/2, retirement, termination, financial hardship, disability, or death. The participant or beneficiary may receive a lump-sum cash payment or installment payments.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Forfeited accounts: When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future Company contributions or pay plan administrative expenses for the plan year. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $295,812 and $462,118 respectively. During 2025, Company contributions were reduced by approximately $783,246 from forfeited non-vested accounts and administrative expenses were reduced by approximately $5,573.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment valuation and income recognition: Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Employee contributions and the related employer matching contributions are recorded when withheld.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative expenses: Substantially all administrative expenses are paid by the Company. Expenses relating to notes receivable from participants and benefit payments are deducted directly from participant accounts.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not reflected separately. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

The Plan has a revenue-sharing agreement whereby revenue credits are paid by the retirement plan recordkeeper to the Plan and allocated to participants who are invested in specific investment options. Revenue credits are allocated to participant accounts at a frequency (i.e. monthly, quarterly, etc.) determined by the plan sponsor.

Payment of benefits: Benefit payments to participants are recorded upon distribution. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2025 or 2024.

Note 3. Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Collective Investment Trusts – CITs with readily determinable fair value are valued at the daily closing price as reported or published by the CIT. CIT's held by the Plan have been determined to have a readily determinable fair value based on the published price and transact at that price. The CITs included in the fair value hierarchy are deemed to be actively traded. The CITs are not exchange-traded funds, however, the prices per unit are published and represent the actual price at which the units held in the fund can be bought or sold. The Plan's CITs with readily determinable fair value are included in the fair value hierarchy.

Mutual Funds — Securities valued using unadjusted quoted prices from active markets. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025

Note 4. Certified Investment Information

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Empower, the custodian of the Plan as of December 31, 2025 and 2024 for the year ended December 31, 2025, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate.

	2025	2024
Statements of Net Assets Available for Benefits		
Participant-directed investments, at fair value	$ 416,044,319	$ 348,398,960
Notes receivable from participants	$ 5,418,513	$ 4,995,419

	2025
Statement of Changes in Net Assets Available for Benefits	
Interest and dividend income	$ 7,640,954
Interest income on notes receivable from participants	$ 398,768
Net appreciation on fair value of investments	$ 55,408,569

Supplemental schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year)

Note 3: All investment balances and investment information, excluding the level of investments

Note 5. Related Party and Exempt Party-In-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

Note 6. Non-Exempt Party-In-Interest Transactions

The Company remitted participant contributions of $1,081 for the year ended December 31, 2024 to Empower later than required by the Department of Labor Regulation 2510.3-102. The Plan filed Form 5330 with the IRS and paid the required excise tax on the transactions. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.

Note 7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note 8. Federal Income Tax Status

The Plan uses a prototype plan document sponsored by Empower Retirement, LLC. Empower Retirement, LLC received an opinion letter from the IRS, dated November 14, 2022, which states that the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Subsequent Events

Subsequent events were evaluated through October 9, 2026, the date the financial statements were available to be issued. Other than as disclosed in note 1, there were no events which management was aware that would require any adjustment to or disclosure in the accompanying financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of Boston Beer Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Boston Beer Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures

include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

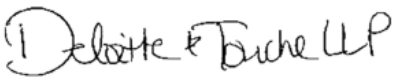

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the Boston Beer Company (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code (the Code), for all eligible employees. Empower Trust Company, LLC (Empower) serves as the trustee and custodian of the Plan. The Boston Beer Corporation serves as the plan sponsor with Company management serving as the plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) discretionary matching contributions made by the Company, (iii) discretionary profit-sharing contributions made by the Company; and (iv) participant rollovers from other qualified plans.

Participants may elect to contribute 1% to 60% of their compensation to the Plan each year, subject to certain limitations of the Code, as defined in the Plan. Effective January 1, 2026, participants may contribute up to 70%. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan thirty days after he or she satisfies the Plan's eligibility requirements unless they affirmatively elect not to participate in the Plan.

Automatically enrolled participants who entered into the Plan on or after September 1, 2022, have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. Automatically enrolled participants who entered into the Plan prior to September 1, 2022, have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. Automatically enrolled participants will have their deferral rate increase by 1% each plan year until the amount withheld from paychecks reaches 10% of eligible compensation. Participants receive advance notice of their right to elect out of the automatic enrollment feature and are permitted to stop or change this feature at any time. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions; these additional contributions are ineligible for a Company matching contribution.

For the year ended December 31, 2025, the Company contributed 100% of the first 3% of eligible compensation that a participant contributed to the Plan, plus 50% of employee contributions that are in excess of 3%, up to 5% of the participant's compensation. The Company may also make a discretionary profit-sharing contribution annually, which is approved by the Board of Directors of the Company. The Company made no profit-sharing contribution in 2025.

Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Contributions are subject to certain limitations of the Code.

Investments: Participants may direct the investment of their contributions and Company contributions into various investments options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers several mutual funds and collective investment trusts (CITs) as investment options.

Participant accounts: Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related Company matching and discretionary contributions and Plan earnings. Participant accounts are also charged with withdrawals and

an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and any rollover contributions, plus actual earnings thereon.

Participants become vested in Company discretionary matching and profit-sharing contributions according to the following schedule:

Years of Service for Vesting	Vested Percentage
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of one-half of the vested account balance or $50,000. Loan terms range from one to five years, or up to fifteen years for the purchase of a primary residence. A participant may not have more than one loan outstanding at any point in time. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the plan custodian. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. If a participant terminates employment with the Company, they may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant after 3 months. As of December 31, 2025, participant loans have maturities through 2040 at an interest rate of between 4.25% and 9.50%.

Benefits: Employees are permitted to withdraw funds from their accounts upon attaining the age of 59 1/2, retirement, termination, financial hardship, disability, or death. The participant or beneficiary may receive a lump-sum cash payment or installment payments.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Forfeited accounts: When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future Company contributions or pay plan administrative expenses for the plan year. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $295,812 and $462,118 respectively. During 2025, Company contributions were reduced by approximately $783,246 from forfeited non-vested accounts and administrative expenses were reduced by approximately $5,573.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment valuation and income recognition: Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Employee contributions and the related employer matching contributions are recorded when withheld.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative expenses: Substantially all administrative expenses are paid by the Company. Expenses relating to notes receivable from participants and benefit payments are deducted directly from participant accounts.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not reflected separately. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

The Plan has a revenue-sharing agreement whereby revenue credits are paid by the retirement plan recordkeeper to the Plan and allocated to participants who are invested in specific investment options. Revenue credits are allocated to participant accounts at a frequency (i.e. monthly, quarterly, etc.) determined by the plan sponsor.

Payment of benefits: Benefit payments to participants are recorded upon distribution. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2025 or 2024.

Note 3. Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Collective Investment Trusts – CITs with readily determinable fair value are valued at the daily closing price as reported or published by the CIT. CIT's held by the Plan have been determined to have a readily determinable fair value based on the published price and transact at that price. The CITs included in the fair value hierarchy are deemed to be actively traded. The CITs are not exchange-traded funds, however, the prices per unit are published and represent the actual price at which the units held in the fund can be bought or sold. The Plan's CITs with readily determinable fair value are included in the fair value hierarchy.

Mutual Funds — Securities valued using unadjusted quoted prices from active markets. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025

Note 4. Certified Investment Information

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Empower, the custodian of the Plan as of December 31, 2025 and 2024 for the year ended December 31, 2025, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate.

	2025	2024
Statements of Net Assets Available for Benefits		
Participant-directed investments, at fair value	$ 416,044,319	$ 348,398,960

Interest income on notes receivable from participants	$ 398,768
Net appreciation on fair value of investments	$ 55,408,569

Supplemental schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year)

Note 3: All investment balances and investment information, excluding the level of investments

Note 5. Related Party and Exempt Party-In-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

Note 6. Non-Exempt Party-In-Interest Transactions

The Company remitted participant contributions of $1,081 for the year ended December 31, 2024 to Empower later than required by the Department of Labor Regulation 2510.3-102. The Plan filed Form 5330 with the IRS and paid the required excise tax on the transactions. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.

Note 7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note 8. Federal Income Tax Status

The Plan uses a prototype plan document sponsored by Empower Retirement, LLC. Empower Retirement, LLC received an opinion letter from the IRS, dated November 14, 2022, which states that the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Subsequent Events

Subsequent events were evaluated through October 9, 2026, the date the financial statements were available to be issued. Other than as disclosed in note 1, there were no events which management was aware that would require any adjustment to or disclosure in the accompanying financial statements.
