Independent Auditors' Report

To the Participants and Plan Administrator of the
Kenyon College Defined Contribution and
Tax Deferred Annuity Retirement Plan
Gambier, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Kenyon College Defined Contribution and Tax Deferred Annuity Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America ("GAAP") require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not, express an opinion on this supplemental schedule.

Note 1. Description of Plan

The following is a summary of certain provisions of the Kenyon College Defined Contribution and Tax Deferred Annuity Retirement Plan (the "Plan"). Participants should refer to the Plan document for more complete information.

Participation

The Plan is a defined contribution plan established to provide benefits to qualified employees, as defined by the Plan, who are domestic employees of the Plan sponsor, Kenyon College (the "College"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Employees of the College become eligible to participate in the Plan on the first day of the following month after which the employee has completed one year of service.

Contributions

Participants must contribute 5% of their compensation to the Plan, subject to limitations contained in the Internal Revenue Code ("IRC"), on a pre-tax basis. The College makes non-elective contributions equal to 9.5% of each participant's compensation. The Plan also provides for the investment of qualified rollover contributions. Participants may contribute up to 100% of their compensation to the Plan, subject to limitations contained in the IRC, on a pre-tax or Roth basis. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

All collectively bargained participants whose age is 45 and under must contribute a mandatory 3% of their compensation to the Plan, if hired before January 1, 2019, while all other collectively bargained participants must contribute 5% of their compensation to the Plan, subject to limitations contained in the IRC, on a pre-tax basis. For each collectively bargained participant, the College makes non-elective contributions equal to 9.5% of the collectively bargained participant's compensation.

Participants' Accounts

Teachers Insurance & Annuity Association of America and College Retirement Equities Fund (together, "TIAA-CREF"), the Custodian of the Plan, maintains an individual account for each participant. These accounts are credited with participants' contributions, College contributions, and an allocation of earnings and expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants elect to allocate their contributions and any employer contributions to various investment options in ¼% increments as specified in the Plan. Participants who initiate a loan or benefit payment are charged a fee for that transaction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times vested in their elective contributions, the College's non-elective contributions, and earnings thereon.

Note 1. Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their nonforfeitable account balance. The loans are secured by the vested balance in the participant's account and bear an interest rate which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are withheld from the participant's pay and paid to the Plan per pay period.

Payment of Benefits

A participant, upon retirement, termination, disability, or the attainment of age 65, or a participant's beneficiary, upon the participant's death, may elect to receive either a lump sum payment, a series of installment payments over a period of time as determined by the Plan, or in the form of an annuity, or a combination of the three. The Plan allows for hardship withdrawals on elective contributions only.

Termination Provision

Although it has not expressed any intent to do so, the College has the right to terminate the Plan subject to the provisions of ERISA. No termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of participants or their beneficiaries. In the event of termination of the Plan, the assets then remaining in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The financial statements of the Plan may not include amounts related to certain investment contracts which became inactive prior to January 1, 2009. As contemplated in the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the College has made a good faith effort to determine the population of plan participants and has included amounts related to all known contracts in these financial statements. Accordingly, these financial statements are acceptable to the Department of Labor as part of the Plan's Form 5500 filing. However, because of the uncertainty involved in ascertaining all previous arrangements, it is possible that contracts may exist related to this Plan which have not been included in these financial statements and those amounts may be material. Accounting principles generally accepted in the United States of America require these amounts to be included in the financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment managers and Custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the College.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses

All administrative fees of the Plan are paid by the College or the Plan at the option of the College.

The College has a contract with TIAA-CREF that returns to the Plan, as a Plan asset, revenue that exceeds the amount required to operate the Plan. Revenue credits may be used either to (i) pay direct, reasonable, and necessary expenses of the Plan which the Plan is allowed to pay or (ii) provide benefits for Plan participants and beneficiaries in the form of revenue credits. The College reviews the revenue credit to ensure appropriate usage and maintains a process for ensuring that revenue credits are disbursed in a timely manner. The unused and unallocated balances at December 31, 2025 and 2024 were $110,891 and $113,823, respectively. Revenue credits used for plan expenditures were $33,094 and $32,140 during the years ended December 31, 2025 and 2024, respectively. Revenue credits allocated to participants were $74,877 and $-0- during the years ended December 31, 2025 and 2024, respectively.

To discourage short-term trading and help protect the long-term value of certain funds, a redemption fee will be charged equal to 2% of money transferred out of certain funds less than 60 days following initial purchase date. Redemption fees imposed on these funds are paid by the affected participants.

Evaluation of Subsequent Events

The Plan has evaluated subsequent events through the date of the accompanying Independent Auditors' report, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs in which little or no market data exists.

Note 3. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- The non benefit-responsive ("NBR") Guaranteed Investment Contract is reported at estimated fair value as determined by TIAA-CREF based upon the individual purchases and sales of individual contracts and the correlation between the contracts' crediting rate with the highest quality debt security yields, adjusted for contract liquidity.

  The NBR Guaranteed Investment Contract is reported based on information provided by the investment manager as validated by management and its advisors and, as such, additional quantitative disclosures are not required. These investments are classified as Level 3.

- The investment in the pooled separate account is held and managed by TIAA-CREF. The fair value of investments held in this account is based on its reported net asset value ("NAV") per share (or its equivalent) as a practical expedient, therefore, it has not been classified in the fair value hierarchy.

- Included in registered investment companies are funds which are based on market quotations or prices from independent pricing services and are classified as Level 1. Also included are various TIAA-CREF funds that are not available for sale on any securities exchange but whose underlying investments consist of equity securities and fixed income instruments. These are classified as Level 2 inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2024 to 2025. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts (NBR)			$ 65,765,186	$ 65,765,186

Total	$ 132,825,780	$ 147,472,049	$ 65,765,186	$ 346,063,015

Note 3. Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts (NBR)			$ 64,521,283	$ 64,521,283

Total	$ 114,428,570	$ 134,807,565	$ 64,521,283	$ 313,757,418

The table below sets forth the summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2025 and 2024:

	2025 Guaranteed Investment Contracts (NBR)	2024 Guaranteed Investment Contracts (NBR)
Balance, beginning of year	$ 64,521,283	$ 62,935,895
Interest and dividends	612,122	777,541
Realized gains	1,673,438	1,252,860
Unrealized gains relating to instruments still held at the reporting date	474,087	826,137
Revenue credit income	45,371	26,554
Professional service fees	(135)	(673)
Purchases	8,912,870	5,604,171
Sales	(10,473,850)	(6,901,202)
Balance, end of year	$ 65,765,186	$ 64,521,283

Note 4. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the plan administrator received a certification from TIAA-CREF acknowledging the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2025 and 2024, the supplemental schedule of assets (held at end of year) at December 31, 2025, the related investment and loan interest activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 5. Guaranteed Investment Contracts

The Plan holds investments in unallocated investment contracts (the "guaranteed investment contracts"). These investments contain provisions that could be construed as placing restrictions on the availability of funds and, therefore, are included in the financial statements at estimated fair value because they are not fully benefit-responsive. The principal investments underlying the guaranteed investment contracts are high-quality fixed income instruments, principally corporate and government bonds and asset-backed securities.

The Plan also has fully benefit-responsive guaranteed investment contracts with TIAA-CREF. TIAA-CREF maintains the contributions in a general, unallocated account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because these guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but is guaranteed to be between 1% and 3%. Such interest rates are reviewed on a monthly basis for resetting. In addition, the Board of Trustees of TIAA-CREF votes annually to determine if it will add a discretionary crediting interest rate to remain in effect for the remainder of the declaration year.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The plan administrator and the Plan's tax counsel believe that the terms of the Plan have been prepared to conform with the requirements of Section 403(b) of the IRC, and is currently being operated in conformity with the applicable requirements of the IRC and, therefore, believe the Plan is qualified.

Note 7. Party-in-Interest Transactions

The Plan's assets are held in guaranteed investment contracts, a pooled separate account, and registered investment companies of TIAA-CREF. TIAA-CREF is the Plan Custodian, therefore, the transactions within the investments qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
