Independent Auditor's Report

The Plan Administrator
Creative Office Resources 401(k) Plan & Trust
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Creative Office Resources 401(k) Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the Creative Office Resources 401(k) Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that is intended to comply with the provisions of ERISA and Section 401(a) and Section 401(k) of the Internal Revenue Code (IRC).

The Plan covers substantially all employees of Creative Office Pavilion, LLC d/b/a Creative Office Resources (the Company). To become eligible, employees must have a minimum of three months of service and have attained age 18, except co-ops and interns who must have completed 1,000 hours of service and have attained age 21. The Plan entrance date, for those who meet eligibility requirements, is the first day of every month.

Contributions

All eligible employees, unless they elect otherwise, are automatically enrolled in the Plan and 5% of their eligible compensation is deferred from tax, withheld, and contributed to the Plan trust. Participants who are automatically enrolled with a deferral rate greater than 0% will have that deferral rate increased annually by 1% as a pre-tax deferral contribution, until a deferral rate of 15% is reached. Employees who were automatically enrolled prior to July 1, 2017, have their deferrals increased by 1% of their eligible compensation annually, until a deferral rate of 10% is reached. Participants may elect to make before-tax contributions that may not exceed 75% of their annual compensation, as defined by the Plan. Participants aged 50 and above may make catch-up contributions. Employees may also make rollover contributions by which they transfer to the Plan all or a portion of the proceeds they receive from any other qualified plan. Participants direct the investment of their contributions and other plan activity to be allocated to their accounts among several options.

The Company may make a matching contribution to the Plan on an annual basis at the discretion of the Company's Board of Directors. Participants must be employed by the Company as of the Plan's year end date, or become disabled or deceased during the Plan year, to qualify for the employer matching contribution. The Company elected to make a matching contribution equal to 5% of each eligible participant's total contributions to the Plan, excluding any rollover and catch-up contributions, for the year ended December 31, 2025. The matching contributions totaled $176,956 and $173,947 for the years ended December 31, 2025 and 2024, respectively, and are included in employer contributions receivable in the statements of net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocation of the Company's discretionary matching contribution, and related investment earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully and immediately vested in their before-tax contributions, rollover contributions, and Company matching contributions. Certain participants merged into the Plan during 2023 vest in their discretionary profit sharing contribution accounts according to a three year cliff vesting schedule.

Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 (reduced for certain items) or 50% of their vested account balance. Each note must be for a minimum of $1,000 and participants are permitted to have only one loan outstanding at a time. The term of the note may not exceed five years, unless the note is used to acquire a principal residence, in which case the note may be repaid over a period of up to ten years. Principal and interest are paid ratably through payroll deductions. Each note bears interest at a fixed rate of prime plus 1% and is secured by the balance in the participant's account. Interest rates on notes receivable outstanding at December 31, 2025 are 4.25% to 9.50%.

During 2025, the Plan acquired participants through a business acquisition. As a result, existing participant loan balances associated with those individuals were transferred into the Plan. The transfer in the amount of $249,670 is presented on the statement of changes in net assets available for benefits.

Payment of Benefits

Upon termination of service due to death, disability, or upon attaining normal retirement age, as defined by the Plan, a participant may elect to receive a lump-sum amount equal to either a portion or the full value of the participant's vested interest in his or her account, or in installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Accounts of terminated employees whose balance does not exceed $7,000 must be distributed by the Plan. The Plan permits in-service withdrawals upon attainment of age 59½. The Plan is also permitted to issue certain distributions to the active military as defined by the Plan.

Forfeited Accounts

Forfeitures may be used to pay administrative expenses of the Plan if so directed by the Company. To the extent that forfeitures are not used to pay administrative expenses of the Plan, forfeitures shall be applied to reduce the contributions of the employer. At December 31, 2025 and 2024, the forfeiture account balance was $438 and $8,814, respectively. The Plan did not use any forfeitures to reduce either employer contributions or administrative expenses in 2025 and 2024.

Revenue Credit Account

The Plan's trust agreement with Fidelity Management Trust Company (Fidelity) provides for a participant revenue credit arrangement, whereby the trustee allocates quarterly deposits into the accounts of eligible participants who are invested in certain funds. Unallocated revenue credits at December 31, 2025 and 2024 are $32,963 and $20,303, respectively. During the years ended December 31, 2025 and 2024, the Plan received credits of approximately $35,800 and $23,200, respectively. Administrative expenses are presented net of revenue credits in the statements of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Subsequent Events

In preparing the accompanying financial statements, the Plan has evaluated all subsequent events through October 8, 2026, the date the financial statements were available to be issued.

Subsequent to year end, the Company acquired HB Workplaces, LLC effective January 14, 2026. The Plan was amended effective February 23, 2026 and as a result these participants were eligible to contribute to the Plan at that date.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in net asset value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Employer discretionary matching contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment advisory fees are charged to participants' accounts. Fees related to the administration of notes receivable and investment advisory fees are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Money Market and Mutual Funds

Money market and mutual funds are valued at the daily closing price as reported by the funds. Money market and mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts (CCTs)

Common collective trusts are valued at the net asset value (NAV) of units held. The NAV, as provided by the trustee of the CCTs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the CCTs will sell for an amount different than the reported NAV.

The Plan's investment in the Fidelity Stable Value Fund is composed primarily of fully benefit-responsive investment contracts. The CCT is valued at the net asset value (NAV), which is based on the fair value of the underlying investments less its liabilities. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. This investment is a direct filing entity. This investment was liquidated in 2025.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Money market and mutual funds	$ 76,110,284	$ -	$ -	$ 76,110,284
Investments, in the fair value hierarchy	$ 76,110,284	$ -	$ -	76,110,284
Investments at NAV				2,788,257
Total Investments, at fair value				$ 78,898,541

December 31, 2024

	Level 1	Level 2	Level 3	Total
Money market and mutual funds	$ 67,251,685	$ -	$ -	$ 67,251,685
Investments, in the fair value hierarchy	$ 67,251,685	$ -	$ -	67,251,685
Investments at NAV				4,218,690
Total Investments, at fair value				$ 71,470,375

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

5. Tax Status

The Plan adopted the Fidelity Basic Plan Document No. 17, a pre-approved plan for which the Internal Revenue Service (IRS) issued an advisory letter dated June 30, 2020, which states that the pre-approved plan is acceptable under IRC Section 401 for use by employers for the benefit of their employees. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan has been designed and operated in compliance with the applicable requirements of the IRC therefore no provision for income taxes has been included in the financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

6. Termination of the Plan

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a common collective trust managed by Fidelity Investments (FI). The trustee, Fidelity Management Trust Company, is an affiliate of FI and, therefore, these transactions qualify as party-in-interest transactions. Direct compensation paid by the Plan to Fidelity for recordkeeping, net of a revenue credit, resulted in net income to the Plan of $21,979 and $21,453 during the years ended December 31, 2025 and 2024, respectively.

The Company employs an investment advisor and broker-dealer that provides investment advice and performs certain services on behalf of the Company. The Plan paid direct compensation totaling $86,709 and $79,125 to the advisor and broker-dealer during the years ended December 31, 2025 and 2024, respectively.

The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500, Schedule H:
