INDEPENDENT AUDITORS' COMMUNICATION
ON INTERNAL CONTROLS

October 7, 2026

Board of Trustees
TWIN CITIES EYE CONSULTANTS 401(K) PLAN

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Twin Cities Eye Consultants 401(k) Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered Twin Cities Eye Consultants 401(k) Plan's system of internal control over financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Twin Cities Eye Consultants 401(k) Plan's internal control to be significant deficiencies:

Forfeitures

401(k) plans in general are bound by regulations provided by the Internal Revenue Service and the terms dictated within the Plan Document when accounting for forfeitures as they relate to participants accounts. The Plan is currently maintaining a suspense account of forfeitures without utilizing those forfeitures as dictated within the Plan Document. As of December 31, 2025, the forfeiture/suspense account balance was $62,463. The Internal Revenue Code does not allow Plan Administrators to place forfeited amounts into a plan suspense account allowing them to accumulate over several years. Forfeitures must be used no later than the end of the plan year following the plan year during which the forfeiture occurred. Typically, these funds are used to offset company contributions, reallocated to participant accounts, or for the purposes of paying administrative expenses. We recommend that management utilize, in accordance with the Plan Document, its forfeitures account as soon as possible. In future plan years, the Plan Administrator should implement a documented policy regarding the timing and usage of forfeitures as they relate to the Plan.

Deferral Elections for True-Up Compensation

We noted that the Plan Sponsor did not properly implement 401(k) deferral elections with respect to certain eligible true-up compensation paid during 2025. The participant(s) had deferral election in effect; however, no employee deferrals were withheld from the true-up payments, resulting in a missed deferral opportunity. We recommend that the Plan Sponsor strengthen its procedures to ensure that participant deferral elections are applied to all eligible compensation and that any special, bonus, or true-up payrolls are reviewed for proper treatment under the Plan. Management has indicated that the missed deferral opportunity will be corrected in accordance with applicable IRS correction procedures.

This communication is intended solely for the information and use of Board of Trustees, management, and other management personnel within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Thank you for the opportunity to provide our services to the Twin Cities Eye Consultants 401(k) Plan. We appreciate the assistance provided by Twin Cities Eye Consultants' employees during the course of our work.

Very truly yours,

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Twin Cities Eye Consultants 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Twin Cities Eye Consultants 401(k) Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024 and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Twin Cities Eye Consultants 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Twin Cities Eye Consultants 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

LB Carlson, LLP

TWIN CITIES EYE CONSULTANTS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 1 DESCRIPTION OF PLAN

The following description of the Twin Cities Eye Consultants 401(k) Plan (the Plan) is intended to provide general information only. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a pre-approved defined contribution 401(k) Profit Sharing Plan sponsored by Edina Eye Physician and Surgeons P.A. d.b.a. Twin Cities Eye Consultants (the Company). The Plan became effective on January 1, 1968. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all requirements of Sections 401(a) and 401(k) of the Internal Revenue Code (IRC).

Plan Administration

The Company is the Plan Sponsor and Plan Administrator. The Company has appointed Fidelity Management Trust Company (Trustee/Custodian) as asset custodian of the Plan. The Custodian pays the distributions and retirement benefits at the direction of the Plan Administrator and provides custodial and investment management services with respect to the net assets of the Plan. The Custodian also advises the Plan Administrator of compliance with ERISA and other matters related to the operation of the Plan.

Eligibility

Eligible employees, as defined by the Plan, which excludes employees covered by collective bargaining agreement, non-resident aliens and leased employees, must complete three months of service and reach the age of 21 to participate in the Plan. Employees may become participants in the Plan at the start of the month after satisfying the eligibility requirements.

Automatic Enrollment

The Plan has a feature called “Auto Enrollment”. This feature automatically enrolls eligible participants into the Plan at 4% of participant’s compensation, unless the participant makes a contrary election.

Participant Wage Deferrals

Participants may elect to contribute up to 100% or a specified dollar amount of their compensation to the Plan via wage deferrals subject to a calendar year dollar limit determined annually by the Internal Revenue Service (IRS). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may make two types of contributions to the Plan – a pre-tax 401(k) deferral or a Roth 401(k) deferral.

Participants may increase or decrease their contribution percentage to the Plan or stop making contributions at any time. Contributions in excess of IRS annual limitations are returned to participants when determined following each Plan year end.

Employer Profit Sharing Contributions

The Plan is a Safe-Harbor plan, as such, the Plan Sponsor has elected to make qualified nonelective contributions to participants equal to 3% of a participant’s compensation. The Company made qualified nonelective contributions of $390,779 and $400,189 for the Plan years ended December 31, 2025 and 2024, respectively.

NOTE 1 DESCRIPTION OF PLAN – Continued

Employer Profit Sharing Contributions – Continued
In addition, the Plan Sponsor may make discretionary profit-sharing contributions in an amount determined by management subject to Plan limitations under an allocation formula as set forth in the Plan. The employer discretionary profit sharing contributions were $452,577 and $433,603 for the Plan years ended December 31, 2025 and 2024, respectively.

To be eligible for the employer contributions, a participant must have completed one year of service with at least 1,000 hours and be employed on the last day of the Plan year unless termination is due to death, disability, or retirement.

Rollover Contributions
The Plan provides for participants to roll over contributions from other qualified retirement or profit-sharing plans.

Participant Accounts
Each participant's account is credited with the participant's wage deferrals, rollover contributions, allocations of the employer's contributions, if any, and allocation of plan investment earnings (losses) and charged with Plan withdrawals and an allocation of administrative expenses. The allocation of the employer's profit-sharing contributions, if any, is based on allocation groups and each participant's ratio of their annual pay to the total annual pay of all qualifying participants in the group. Allocations of fund earnings (losses) are based on the participant's account balances in each fund.

Participants direct the amount of wage deferrals and employer contributions into various investment options offered by the Plan. The Plan currently offers its participants 25 investment options.

Forfeited/Suspense Accounts
Forfeitures of nonvested amounts in terminated participants' accounts are used to reduce Plan administrative expenses or to reduce future employer obligations. Employer discretionary profit sharing contributions in excess of allowed amounts to participant accounts are transferred to a suspense account and are used to reduce future employer obligations.

At December 31, 2025 and 2024, the forfeited/suspense account balances totaled $62,463 and $50,891, respectively. During the years ended December 31, 2025 and 2024, the Plan did not use any of the forfeited/suspense account balances to fund employer contributions or pay administrative expenses of the Plan.

Notes Receivable from Participants
Participant loans are permitted in accordance with the Plan's written loan policy. Loans may not exceed the lesser of 50% of the participant's vested account balance or $50,000. Participants may be granted three loans during any one-year period but are limited to having two outstanding loans at any given time. Loans bear interest at a rate based on similar loans from commercial lending institutions determined by the loan administrator. Payments are made through payroll deductions, at least quarterly over the loan term, not to exceed five years unless such loan is for the purchase of a participant's primary residence.

NOTE 1 DESCRIPTION OF PLAN – Continued

Vesting

Participants are immediately 100% vested in their wage deferrals, rollovers, qualified nonelective contributions and the related earnings (losses). The following schedule determines vesting in the employer discretionary profit sharing contributions:

Years of Vesting	Percentage Vested
Less Than One Year	0%
One Year	25%
Two Years	50%
Three Years	75%
Four or More Years	100%

Payment of Benefits

Upon termination of employment, participants are entitled to their vested account balance. A participant with an account balance that exceeds $5,000 may elect to keep the remaining funds in the Plan, directly roll over the account balance into an IRA or savings account or receive the balance in cash. Participants with an account balance under $5,000 must either directly roll over the account balance into an IRA or savings account.

The Plan also allows for hardship distributions under which a participant can prematurely withdraw their contributions or the vested portion of their employer profit sharing contributions from their account, subject to a minimum of $500, if it is determined that the withdrawal is necessary to meet an immediate and heavy financial need.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

The financial statements and related notes are intended to conform with The Department of Labor's rules of Section 2520.103-8 and regulations for reporting and disclosures under The Employee Retirement Income Security Act of 1974. All information required to comply with these laws has been included herein and is in conformity with those laws.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. The realized gain or loss on sales of investments is determined based upon the average cost of investments sold. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividend income is recorded on the ex-dividend date. Interest is recorded as earned.

Notes Receivable from Participants and Allowance for Credit Losses

Notes receivable from participants are measured at amortized cost which includes their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The Plan estimates expected credit losses on notes receivable from participants based on historical experience, current conditions, and reasonable and supportable forecasts. The Plan utilizes an aging analysis to determine the allowance for credit losses, considering the length of time the receivables have been outstanding and the likelihood of collection. The Plan's credit quality indicators included the participant's employment status and repayment history. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

The estimate of expected credit losses reflects the Plan's assessment of future economic conditions and their potential impact on participants' ability to repay their loans. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Employee Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no participant contributions and earnings thereon returned to participants related to the Plan years ended December 31, 2025 and 2024.

Administrative Expenses

Personnel within the Company's organization perform various administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as Plan expenses.

The Plan incurred administrative expenses during the 2025 and 2024 Plan years consisting of custodian, recordkeeping, brokerage and other administrative fees to Fidelity Investments Institutional and Christensen Group Financial, LLC of $58,881 and $37,521, respectively, and investment advisory fees to Accredited Investors, Inc. of $100,365 and $95,649, respectively. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment advisory fees to Accredited Investors, Inc. are also charged directly to the participant’s account and are included in administrative expenses. Other investment advisory related expenses are included in net appreciation in fair value of investments.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Payment of Benefits
Benefits are recorded when paid.

Pending Accounting Pronouncements
From time to time new accounting pronouncements are issued by the FASB that are adopted by the Plan as of the specified effective date. If not discussed, the Plan believes that the impact of recently issued standards, which are not yet effective, will not have a material impact on the Plan's financial statements upon adoption.

NOTE 3 INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan has received certifications from the Trustee that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investment balances
- Interest and dividend income
- Net appreciation in fair value of investments
- Supplemental Schedule of Assets (Held at End of Year) **–** December 31, 2025
- Notes receivable from participant balances and interest income

The Plan's Independent Auditors have not audited this information contained in the financial statements and supplemental schedule as it has been certified by the Trustees for the applicable periods.

NOTE 4 FAIR VALUE MEASUREMENTS

The Fair Value Measurements topic of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 4 FAIR VALUE MEASUREMENTS – Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ◆ Quoted prices for similar assets or liabilities in active markets; ◆ Quoted prices for identical or similar assets or liabilities in inactive markets; ◆ Inputs other than quoted prices that are observable for the asset or liability; ◆ Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: The self-directed brokerage accounts primarily consist of mutual funds, common stocks and interest-bearing cash. Mutual funds and common stocks are stated at fair value, which is based on the readily determinable market price.

Collective Trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 FAIR VALUE MEASUREMENTS – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$16,104,359	$ -	$ -	$16,104,359
Self-Directed Brokerage Account	14,196,768	-	-	14,196,768
Collective Trusts at NAV	-	-	-	733,891
Investments at Fair Value	$30,301,127	$ -	$ -	$31,035,018

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$12,974,040	$ -	$ -	$12,974,040
Self-Directed Brokerage Account	12,033,490	-	-	12,033,490
Collective Trusts at NAV	-	-	-	832,340
Investments at Fair Value	$25,007,530	$ -	$ -	$25,839,870

Fair Value Measurement and Disclosure (Topic 820): *Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

Investment Type	Fair Value 2025	Fair Value 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust	$ 733,891	$ 832,340	N/A	Daily	None

The Plan Administrator determines the fair value measurement policies and procedures subject to oversight by the Plan's investment committee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted as necessary, based on current market conditions and other third-party information.

NOTE 5 FEDERAL INCOME TAX STATUS

FMR, LLC, the provider of the non-standardized pre-approved profit-sharing plan document adopted by the Plan has received an opinion letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan is relying on an opinion letter that the non-standardized pre-approved profit-sharing plan received from the Internal Revenue Service, that the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees.

NOTE 5 FEDERAL INCOME TAX STATUS – Continued

The non-standardized pre-approved profit-sharing plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan meets the requirements of Section 401(a) of the IRC and is exempt from federal income tax under Section 401(a) of the Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 PARTY-IN-INTEREST TRANSACTIONS

Certain investments in the Plan are managed by the Trustee or its affiliate, and, therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. The Trustee is not precluded under contract provisions or by ERISA, from executing investment transactions involving assets under the Trustee's control.

Certain fees incurred by the Plan for investment services are included in net appreciation in fair value of investments, as they are paid through revenue sharing and are charged directly to each participant's account, rather than a direct payment. In addition, as described in Note 2, the Plan made payments to various service providers which are party-in-interest transactions under ERISA.

NOTE 7 ABILITY TO TERMINATE THE PLAN

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions or terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is completely terminated, all amounts credited to the affected participants' accounts shall become 100% vested and shall not be subject to forfeiture. All unallocated amounts shall be allocated to the accounts of all participants in accordance with the provisions of the Plan document.

Upon such termination, the Plan Sponsor will direct the Trustee and Plan Administrator either to completely distribute all assets in the trust fund to the participants or continue the trust and distribute benefits in such a manner as though the Plan had not been terminated.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. These funds hold various securities including U.S. Government securities, corporate debt securities, and equities. Investments in general are exposed to various risk factors, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

On December 31, 2025, the Plan had investments totaling $3,718,178 that were concentrated in one fund. On December 31, 2024, the Plan had investments totaling $2,865,067 that were concentrated in one fund.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of Net Assets Available for Benefits as presented in the financial statements at December 31, 2025 and 2024 to Form 5500:

INDEPENDENT AUDITORS' COMMUNICATION TO THOSE CHARGED WITH GOVERNANCE

October 7, 2026

Board of Trustees
TWIN CITIES EYE CONSULTANTS 401(K) PLAN

We have audited the financial statements of Twin Cities Eye Consultants 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2025 and issued our report thereon dated October 7, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustees, which are banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated May 5, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices
Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Twin Cities Eye Consultants 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Investments are estimated at fair value as determined by the trustee based on quoted market prices. This estimate is sensitive due to the nature of the financial markets and the likelihood of changes occurring to the values of these investments.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of Employer Contributions in Note 1 to the financial statements. This disclosure is sensitive because of the discretionary nature of both the employer match and employer profit sharing. Decisions regarding both of these discretionary percentages should be adequately documented and included in the minutes of the employer.

The disclosure of Fair Value Measurements in Note 4 to the financial statements. This disclosure is sensitive because it describes the hierarchy of the fair value measurements used in the financial statements and the implied reliability of those measurements.

The disclosure of Risk and Related Uncertainties in Note 8 to the financial statements. This disclosure is sensitive because of the importance of the message it portrays. Due to the various risks involved in investing, it is reasonably possible that changes in the value of the investments will occur in the near term.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Board of Trustees and management of Twin Cities Eye Consultants 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

LB Carlson, LLP
