Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of Legacy Farmers Cooperative Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Legacy Farmers Cooperative Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Legacy Farmers Cooperative Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Legacy Farmers Cooperative Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Legacy Farmers Cooperative Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Legacy Farmers Cooperative Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedules Required by ERISA - Continued

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DESCRIPTION OF PLAN

The following brief description of Legacy Farmers Cooperative Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description.

General

The Plan is a defined contribution retirement plan sponsored by Legacy Farmers Cooperative (Plan Sponsor) for the benefit of its eligible employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's effective date was July 1, 1989 and it has been amended or restated at various times, most recently on September 1, 2021, to allow employees retained by Legacy in a business combination receive credit for their predecessor service towards the Plan's entry requirements and vesting schedule.

Eligibility

An employee shall be eligible to participate in the Plan upon completing one year of service and attainment of age 19. Entry dates into the Plan occur on January 1 and July 1 of each Plan year.

Contributions

To participate in the Plan, an eligible employee must enter into a contribution agreement with the employer authorizing the employer to deduct and withhold from such employee's compensation a specified amount, or percentage thereof, ranging from 1% to the percentage allowable by the Internal Revenue Code, and to contribute such amount to the employee's account in the Plan. Eligible employees can make pre-tax and after-tax (Roth) salary deferrals. Employer matching contributions expressed as a percent of qualified wages are as follows:

Employee Contributions	Employer Matching Contributions
0%	0%
1%	1%
2%	2%
3% and above	3%

The Plan Sponsor also makes non-elective contributions to the Plan in the amount of 3% of each eligible participant's qualified wages.

Vesting

All amounts contributed by the employee and the earnings thereon are immediately vested. The vesting schedule for employer matching contributions, based on number of years of service, is as follows:

1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

DESCRIPTION OF PLAN – Continued

Participant Accounts
Participant's accounts are credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participants' compensation or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by the Trustees.

Payment of Benefits
Lump-sum distribution is the only form of benefit payment under the Plan. A participant's account shall be payable to him or her, or in the event of death to a beneficiary, upon the earlier of disability, termination of employment or retirement date. Normal retirement date is upon attainment of age 65. Hardship withdrawals may be made for an immediate and heavy financial need of the participant as defined in the Plan agreement. Hardship withdrawals of Roth deferrals are not permitted under the Plan. The Plan also allows for in-service distributions to eligible participants.

Administrative Fees and Expenses
The Plan Sponsor absorbs a portion of the Trustee and administrator fees and expenses.

Notes Receivable from Participants
Notes receivable from participants are permitted under the Plan. The maximum amount available to a participant is the lesser of $50,000 or 50% of his or her vested account balance (less the participant's highest outstanding loan balance in the previous twelve months) even if all or a portion of this amount has been repaid. Three loans per participant are allowed at any one time with $1,000 being the minimum amount available for each loan. A participant must repay the loan within five years, unless the loan is being used to purchase a primary residence. Loans must be approved by the Plan Administrator.

Forfeited Accounts
Forfeitures of participant's non-vested accounts will be used to reduce administrative expenses and to offset future employer contributions. Accumulated forfeitures as of December 31, 2025 and 2024, amounted to $0. Forfeitures in the amount of $1,334 and $7,248 were used to offset employer contributions and administrative expenses during 2025 and 2024, respectively.

Termination of the Plan
Although it has not expressed any intention to do so, the Plan Sponsor may terminate or amend the Plan in whole or in part at any time. If such an event occurs, the participants become fully vested in their account balances.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements were prepared on the accrual basis of accounting. Following are the significant accounting policies adopted by the Plan and used in the preparation of these financial statements.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Investments
Investments are reported at fair value or its equivalent, using a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See “FAIR VALUE MEASUREMENTS” note for further discussion and disclosure related to fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized gain (loss) includes the Plan’s gains and losses on investments bought and sold as well as those investments held during the year.

Notes Receivable from Participants
Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Income from interest on these notes receivable for the years ended December 31, 2025 and 2024 was $25,954 and $23,316, respectively.

Contributions
Contributions are recorded as earned on the accrual basis when withheld from the participant's earnings and when due from the Plan Sponsor.

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainties
The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for plan benefits.

Use of Estimates
The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the plan administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

PARTY-IN-INTEREST TRANSACTIONS

BHM CPA Group serves as the Plan’s auditors. Principal Life Insurance Company serves as the Plan custodian. As a result, transactions with these entities qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

INCOME TAX STATUS

The Plan Sponsor adopted a prototype plan on which a favorable opinion letter relating only to the acceptability of the form of the Plan was obtained from the Internal Revenue Service on March 31, 2014. The Plan was restated September 1, 2021 and administrator and trustees are not aware of any provision, action or event that might affect the Plan's qualified status.

The Plan complies with Accounting Standards Codification (ASC) 740-10 related to uncertain tax positions. This standard prescribes a recognition threshold and a measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. The Plan Administrator is not aware of any tax positions taken by the Plan that they consider to be uncertain. Tax returns for the years ended 2022, 2023, and 2024 are still open and subject to examination by the Internal Revenue Service.

INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Principal Life Insurance Company acts as custodian and holds the Plan's investments and executes all investment transactions.

The following information was prepared and certified to as complete and accurate by the custodian and was utilized in the preparation of the Plan's financial statements as of December 31, 2025 and 2024, and for the years then ended. Certain adjustments have been made to the information, primarily to present the Plan's financial statements on the accrual basis and properly classify transactions.

	2025	2024
Information certified by Principal Life Insurance Co.		
Investments	$ 21,297,553	$ 19,115,368

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Differences between the audited financial statements and the Form 5500 are not significant and primarily relate to differing classifications.

REPORTABLE TRANSACTIONS

Plan assets are participant-directed, and thus, the schedule of reportable transactions is not required.

FAIR VALUE MEASUREMENTS

The Plan complies with ASC 820 *Fair Value Measurements and Disclosures* to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Fair values of certain assets and liabilities are determined based on the fair value hierarchy established in this standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1
Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2
Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3
Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan Administration believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds
Valued at the quoted market prices of shares held by the Plan at year end, as published on public exchanges.

Pooled separate accounts
Investments in pooled separate accounts are valued using the unadjusted net asset value (NAV) as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. Pooled separate accounts are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by Principal.

FAIR VALUE MEASUREMENTS - Continued

Pooled separate accounts - Continued
While the majority of the underlying asset values are based on quoted prices, NAV of the pooled separate accounts are not publicly quoted. The NAV is reported as of the financial statement date based on recent transaction prices. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement and have no unfunded commitments.

Common collective trust
Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner. The common collective trusts have a daily redemption frequency, a redemption notice period of one year and no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements Using:				
	Level 1	Level 2	Level 3	Funds at NAV (1)	Total
December 31, 2025					
Mutual funds	$ 17,482,056	$ -	$ -	$ -	$ 17,482,056
Pooled separate accounts	-	-	-	1,576,817	1,576,817
Common collective trust	-	-	-	2,166,007	2,166,007
Total investments at fair value	$ 17,482,056	$ -	$ -	$ 3,742,824	$ 21,224,880
December 31, 2024					
Mutual funds	$ 15,312,992	$ -	$ -	$ -	$ 15,312,992
Pooled separate accounts	-	-	-	1,401,321	1,401,321
Common collective trust	-	-	-	2,250,487	2,250,487
Total investments at fair value	$ 15,312,992	$ -	$ -	$ 3,651,808	$ 18,964,800

(1) Investments are measured at fair value using NAV as a practical expedient and are not classified within the fair value hierarchy. The fair value amounts permit reconciliation of investments in the fair value hierarchy table to amounts presented in the statements of net assets available for benefits.

SUBSEQUENT EVENTS

Subsequent events were evaluated through September 17, 2026, which is the date the financial statements were available to be issued.
