INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the 340B Technologies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the 340B Technologies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the 340B Technologies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that

are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 340B Technologies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 340B Technologies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 340B Technologies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of the 340B Technologies 401(k) Plan as of December 31, 2024, were audited by predecessor auditors, Torrillo & Associates, LLC which was acquired by LBMC, PC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 14, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the 340B Technologies 401(k) Plan (the "Plan") provides only general information. The Plan was originally effective January 1, 2015, and was most recently amended and restated effective February 1, 2025 (see Note 10). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of 340B Technologies, Inc. (the "Company"), except union employees, leased employees and non-resident aliens. Effective February 1, 2025, independent contractors are also excluded from participation in the Plan (see Note 10). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective February 1, 2025, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") became trustee and recordkeeper of the Plan at which point the Plan's assets were transferred from Capital Bank and Trust Company ("CB&T"), the former custodian of the Plan, to Principal (see Note 10). This change in providers initiated a "Black Out" period beginning January 29, 2025 and continued through February 16, 2025. During this period, participants' plan accounts were not available for investment fund exchanges and distribution requests. During the Black Out period, funds were transferred from CB&T to Principal and invested into new investment options selected by the Plan administrator that had similar investment approaches and objectives to the options that were previously available.

Eligibility

Employees are eligible to participate in the Plan's salary reduction arrangement, Company matching contributions, and Company nonelective contributions after attainment of age 21 and completion of one month of service. Prior to February 1, 2025, employees were eligible to participate in the Plan after two months of service (see Note 10). The employee enters the Plan immediately upon completion of the eligibility requirements.

Contributions

Each year, participants may contribute pre-tax compensation not to exceed limits imposed by the Internal Revenue Code ("IRC"), as defined in the Plan document. Participants may also make contributions designated as Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained ages of 60 to 63 before the end of the Plan year may elect to make additional catch-up contributions as permitted under the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 ("SECURE Act 2.0"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Effective February 1, 2025, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation (see Note 10).

The Plan provides for safe harbor matching contributions equal to 100% of the participant's deferrals not in excess of 3% of compensation plus 50% of the participant's deferrals exceeding 3% but less than 5% of compensation.

Prior to February 1, 2025, the Company could also make matching contributions in a discretionary amount equal to a uniform percentage of employee deferrals (see Note 10). No discretionary matching contributions were made to the Plan for the year ended December 31, 2025. Additionally, prior to February 1, 2025, the Company could make discretionary nonelective contributions (see Note 10). No discretionary nonelective contributions were made to the Plan for the year ended December 31, 2025.

Participants direct their contributions into various investment options offered by the Plan.

Participant Accounts
Each participant's account is credited with the participant's contributions, safe harbor matching contributions, discretionary matching contributions, if any, as well as allocations of discretionary nonelective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Each participant has a fully vested interest in their elective contributions, rollover contributions, and the safe harbor matching contributions, including actual earnings thereon. Vesting in the discretionary matching contributions and discretionary nonelective contributions occurs at a rate of 20% each year beginning after 2 years of service until the participant is fully vested after 6 years of service, as defined in the Plan document. A participant is fully vested upon death or disability while an employee.

Forfeited Amounts
As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $0 and $3,154, respectively. Forfeitures may be applied to payment of administrative expenses and/or to reduce employer contributions. During the year ended December 31, 2025, forfeitures of $0 were used to reduce employer contributions and $0 of forfeitures were used to pay administrative expenses of the Plan.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Loans bear interest at the prime rate plus 1% at the time of borrowing. Principal and interest are repaid through payroll deductions over a period of five years or less, except for loans made for the purchase of a primary residence, where the repayment period may be up to and including 15 years. Effective February 1, 2025, a participant may have up to two loans outstanding at any given time (see Note 10). Prior to February 1, 2025, a participant could have only one loan outstanding at any given time. Interest rates on notes receivable from participants ranged from 5.75% to 9.50% as of December 31, 2025.

Payment of Benefits
On termination of service due to death, disability, retirement (later of age 65 or five years of service) or otherwise, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In circumstances when a terminated participant has a vested account balance less than $7,000, the participant's vested account balance shall be distributed in a lump sum. In the event of a mandatory distribution greater than $1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator.

In-service withdrawals of all or a portion of a participant's vested account balance may be made by participants who have attained the age of 59-1/2. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time. Participants are also permitted to take hardship withdrawals from their accounts in certain cases of immediate and heavy financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available

for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis (see Note 5).

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit distribution is recorded, based upon the terms of the Plan document.

Contributions
Contributions from Plan participants, safe harbor matching contributions and discretionary matching contributions, if any, from the Company are recorded in the year in which the employee contributions are withheld from compensation. Discretionary nonelective contributions from the Company, if any, are recorded in the year in which the related participant compensation is earned.

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
All reasonable administrative expenses, including trustee, custodial and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature elected by that participant and are included in administrative expenses. Certain investment-related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by Qualified Institutions

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"), the trustee and recordkeeper of the Plan, held the Plan's investment assets and executed investment transactions as of December 31, 2025 and for the

period from February 3, 2025 to December 31, 2025. Capital Bank and Trust Company ("CB&T"), the former custodian of the Plan, held the Plan's investment assets and executed investment transactions for the period from January 1, 2025 to February 3, 2025. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Principal and CB&T, qualified institutions, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Information obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal, the trustee and recordkeeper of the Plan:

- Investments, at fair value, fully benefit-responsive investment contract, at contract value, and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2025.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025, as follows.

Net appreciation in fair value of investments	$	676,842
Interest and dividend income		176,292
Interest income on notes receivable from participants		8,749

- The information for all mutual funds (registered investment companies), pooled separate account, guaranteed interest contract, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2025, as shown in the ERISA-required supplemental schedules.

Information obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by CB&T, the former custodian of the Plan:

- Investments, at fair value, and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2024.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025, as follows.

Net appreciation in fair value of investments	$	182,206
Interest and dividend income		1,380
Interest income on notes receivable from participants		597

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Valued at the NAV or equivalent based on units of the pooled separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2025:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 6,421,863	$ 6,421,863	$ -	$ -
Pooled separate account (*)	1,222,201	-	-	-
Total	$ 7,644,064	$ 6,421,863	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2024:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 6,807,155	$ 6,807,155	$ -	$ -
Total	$ 6,807,155	$ 6,807,155	$ -	$ -

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2025 and 2024.

Investment Type	Fair Value December 31, 2025	Fair Value December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate account	$ 1,222,201	$ -	$ -	Daily	Daily

The Plan's investment options include a pooled separate account whose investment strategy is similar to fixed income style funds. The objective of the pooled separate account invested in fixed income is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. This pooled separate account is redeemable at net asset value under agreements with the underlying pooled separate account. However, it is possible that these redemption rights may be restricted by the pooled separate account in the future in accordance with underlying pooled separate account agreement. Due to the nature of the investment held by the separate account, changes in market conditions and the economic environment may significantly impact the net asset value of this investment, and consequently, the fair value of the Plan's interest in the pooled separate account. Furthermore, changes in the liquidity provisions of the pooled separate account may significantly impact the fair value of the Plan's interest in the pooled separate account.

5. Fully Benefit-Responsive Investment Contract

As of December 31, 2025 and 2024, the Plan holds a traditional investment contract in the amount of $1,287,026 and $0, respectively. More specifically, the Plan holds the Principal Guaranteed Option, a guaranteed general account backed group annuity contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus interest credited less participant withdrawals, and administrative expenses.

The Principal Guaranteed Option is a group fixed annuity contract and is backed by the general account of the Principal Life Insurance Company. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed as outlined in the group annuity contract. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.25%. The crediting rate is based on the "vintage" approach. Each "vintage" is a set of guaranteed interest balances which remain in effect throughout the duration of the contract.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events (including but not limited to termination of the contract, plan disqualification or plan termination) might limit the ability of the Plan to transact at contract value with the contract issuer. Additionally, the contract issuer may terminate the contract for causes, including but not limited to failure to maintain certain minimum amount of assets, plan disqualification or failure to comply with the terms of the contract. Upon occurrence of such an event, a market value adjustment or withdrawal restrictions may apply. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the group fixed annuity contract values for credit risk of the contract issuer or otherwise.

6. Tax Status

Effective February 1, 2025 (see Note 10), through the adoption of a Principal Financial Group Pre-Approved Document for Savings Plans, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable IRC requirements as of that date. Prior to the February 1, 2025 amendment and restatement of the Plan, the Plan had adopted a defined contribution pre-approved plan sponsored by CCH Incorporated, DBA ftwilliam.com. The IRS issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable IRC requirements as of that date.

Although the Plan has been amended since receiving the opinion letters, management of the Plan believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions for which they were not already vested and the trustee would distribute account balances as permitted by the Plan document.

8. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Related-Party and Party-In-Interest Transactions

Plan investments included mutual funds managed by American Funds, which is affiliated with Capital Group. Prior to February 1, 2025, Capital Bank and Trust Company was the custodian of the Plan, while Capital Group Retirement Plan Services was the recordkeeper of the Plan, both of which are also affiliated with Capital Group. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company provides trustee and recordkeeper services to the Plan. Additionally, certain Plan investments are shares of a pooled separate account and a fully benefit-responsive investment contract managed by Principal Life Insurance Company whose affiliates act as trustee and recordkeeper of the Plan. Therefore, transactions in these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Certain fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the investment management services, are

included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

During 2024 and 2022, the Company failed to remit to the Plan's custodian certain employee contributions totaling $826 and $339, respectively, within the period prescribed by the Department of Labor regulations. During 2026, the Company plans to make contributions to the affected participants' accounts to compensate the participants for potential lost income due to the 2024 and 2022 processing delays. The Company believes that these transactions do not affect the tax status of the Plan and is taking action prescribed by the regulations to remedy such errors.

10. Plan Amendments

Effective February 1, 2025, the Plan was amended and restated through the adoption of a Principal Financial Group Pre-Approved Document for Savings Plans. Changes to the Plan include:

- Excluding independent contractors from participating in the Plan;
- Updating the service requirement from two months to one month;
- Providing for an automatic enrollment provision whereby newly eligible participants are automatically enrolled into the Plan at a rate of 3%;
- Removing discretionary employer matching and discretionary nonelective contributions; and
- Permitting participants to have up to two loans outstanding at any given time.

11. Subsequent Events

Effective January 9, 2026, the Plan was amended and restated to grant predecessor service for employees of R1 RCM Holdco Inc. for service, entry, and vesting purposes.

The Plan has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued.
